IMPORTANT: watercolor and marker pages have  
black-backed pages to minimize bleed-through.  
The paper in this book (depending on where it

was printed) is fairly tough, but obviously thinner than watercolor paper. Colors can look splotchy until completely dry. We recommend using a sheet of card stock or plastic to help protect the pages underneath from colors bleeding through as well as potential rub-through of pencil pigments while swatching. You can make PERSONAL COPIES of the charts you plan to use onto your favorite paper or card stock if the paper in this book feels too thin for your needs, or, if you just want to put those pages of the charts you are using into a ring binder for safe keeping. You can also deconstruct this book for ease of use, so feel free to take it apart, keep the pages you are using in one binder, and store the rest in case you need them later. Many office supply stores (and FedEx service centers) will remove the spine and even spiral-bind or punch holes in the book for you for a small fee. If you choose to do it yourself, I have a step-by-step tutorial using another book (Creative Companion Book Binding

DIY) on my blog at [rubycharmcolors.com](http://rubycharmcolors.com). Or keep it as is--the choice is yours! It is meant to be a book that grows along with you and your artistic needs! Happy color swatching!

**Waking Up** - Sam Harris 2014-09-09  
For the millions of Americans who want spirituality without religion, Sam Harris's latest New York Times bestseller is a guide to meditation as a rational practice informed by neuroscience and psychology. From Sam Harris, neuroscientist and author of numerous New York Times bestselling books, *Waking Up* is for the twenty percent of Americans who follow no religion but who suspect that important truths can be found in the experiences of such figures as Jesus, the Buddha, Lao Tzu, Rumi, and the

other saints and sages of history. Throughout this book, Harris argues that there is more to understanding reality than science and secular culture generally allow, and that how we pay attention to the present moment largely determines the quality of our lives. *Waking Up* is part memoir and part exploration of the scientific underpinnings of spirituality. No other book marries contemplative wisdom and modern science in this way, and no author other than Sam Harris—a scientist, philosopher, and famous skeptic—could write it.

With over 180 illustrations, this book is part personal memoir and sometimes just a randomly fun romp through the sillier bits

### **Watercolour Workshop** - Ann Blockley

2018-03-01

An inspirational and practical art manual, packed with step-by-step projects. Artist Ann Blockley is renowned for her innovative approach to watercolour painting. Her highly anticipated new book provides a series of workshops demonstrating how to push the boundaries of watercolour, using key techniques to develop your own work and take your paintings to the next level. Ann's easy-to-follow, step-by-step projects demonstrate how some of her most dramatic paintings are created. She describes in detail some of the key techniques used and how you can experiment with alternative methods to create your own interpretations. Finally, her beautiful and inspirational artworks demonstrate how

different interpretations of a subject might take an unexpected or unusual direction, and how to make the most of these opportunities. The book moves, with progressively challenging projects, from loose wildflower meadows, textured woodland and rustic rambling walls to atmospheric or semi-abstract landscape corners, all rendered in Ann's adventurous signature style. Loose, expressive mark-making and unusual techniques include combining water-based paint and ink with granulation medium for dramatic texture, drawing with twigs, using gesso and collage to create unique effects; manipulating paint with materials such as plastic wrap (clingfilm); developing printed marks made using found materials. Following the huge demand for more practical guidance in experimental painting, the book provides plenty of techniques and instruction. Ann's personal commentary also gives a unique insight into the mind of the artist - ways of looking at your subject, how to explore and experiment - to

unlock the potential of your watercolour painting.

A paperback reissue Hazel Soan's classic practical art book. Hazel Soan is a well-known and popular artist and an enthusiastic and inspirational teacher. In *The Essence of Watercolour* Hazel shows how wonderfully versatile and beguiling the medium of watercolour is and how to get the most out of it. watercolour is not such an unforgiving medium after all: accidents and mistakes can be disguised, overridden and corrected. *The Essence of Watercolour* is a culmination of many years of Hazel's teaching and demonstrating, in which she offers inspirational insights into the secrets of watercolour painting and encourages artists to take their art to the next level.

**Watercolor Lesson Plan and Record Book** -  
Teacher Created Resources Staff 2018

[That's What She Said](#) - Kimothy Joy 2018-04-03  
An artist and activist committed to the empowerment of women and girls has created a gorgeous illustrated volume, blending watercolor and short biography to showcase the contributions of more than fifty influential female leaders whose words and actions are a

passionate call to arms. Distraught by the results of the 2016 election and the realization that the nation was not ready for its first female president, Kimothy Joy found herself poring over the biographies of brave women throughout history—those who persisted in the face of daunting circumstances—to learn from their experiences. Turning to art, Joy channeled her feelings to the canvas, bringing these strong women to life in bold watercolor portraits surrounded by inspirational hand-lettered quotes. With each creation, Joy found catharsis and hope. She shared her watercolors with her online community and encouraged everyone to raise their own voices and recharge for the battles ahead. Now, in this beautiful gift book,

Joy has gathered her stunning illustrations and quotes and paired them with surprising, illuminating biographies of her subjects to inspire women of all ages, races, and backgrounds. That's What She Said honors a powerful and diverse group of over fifty women—from Maya Angelou, Gloria Steinem, and Virginia Woolf to Sojourner Truth, Malala Yousafzai, and Ruth Bader Ginsburg—role models whose words and insights remind us that we must never give up the fight for a more just and equitable society. Reclaiming the derogatory cultural barb "that's what she said," this stunning book celebrates strong female leadership throughout history and empowers current and future generations to find their voices and inspire change in their communities.
