As this access to history russia 1815 81, it ends up subconscious one of the favored ebook access to history russia 1815 81 collections that we have. This is why you remain in the best website to look the amazing books to have.

**A History of Modern Europe** - Albert S. Lindemann 2012-12-10

A History of Modern Europe surveys European history from the defeat of Napoleon to the twenty-first century, presenting major historical themes in an authoritative and compelling narrative. Concise, readable single volume covering Europe from the early nineteenth century through the early twenty-first century. Vigorous interpretation of events reflects a fresh, concise perspective on European history. Clear and thought-provoking treatment of major historical themes. Lively narrative reflects complexity of modern European history, but remains accessible to those unfamiliar with the field.

**Russia 1815-81** - Russell Sherman 1991

Russia in 1815 - Alexander I - Nicholas I - The emancipation of the serfs - The reforming Tsar - Reactions to reform - Russian foreign policy from Vienna to the Congress of Berlin.

**Napoleon and Russia** - Michael Adams 2014-04-09

Napoleon and Russia tells, for the first time, the full story of Napoleon and his crucial relationship with Russia, from the 1790s and Bonaparte's rise to power, through the period of Austerlitz, Tilsit and the Russian invasion, to the Emperor's fall and its aftermath. In doing so, it not only puts the critical events of 1812 in their proper context as part of an even greater tale - of peace as well as war, friendship as well as enmity - but also provides fresh insight into the Napoleonic period as a whole, questioning many of the assumptions about the era prevalent in the English-speaking world. The tale boasts a cast of fascinating characters to rival any novel: the rulers, Napoleon himself, Catherine the Great, 'Mad' Tsar Paul and the enigmatic Alexander I; generals such as Ney, Murat, Davout, Suvorov, Kutuzov and Barclay de Tolly; statesmen like Talleyrand, Caulaincourt, Czartoryski and Rumiantsev; and, of course, the ordinary soldiers who fought some of the most intriguing, bloody and important campaigns in history. This is an enthralling story of fundamental importance in the history of Europe and, indeed, the world.

**The Romanovs** - Simon Sebag Montefiore 2017-05-16

NEW YORK TIMES BESTSELLER • From the national bestselling author of *Stalin: An "epic history on the grandest scale"* (Financial Times) about the most successful dynasty of modern times, a family who created the world's greatest empire—and then lost it all. "An essential addition to the library of anyone interested in Russian history." —The New York Times Book Review The Romanovs ruled a sixth of the world's surface for three centuries. How did one family turn a war-ruined principality into the world's greatest empire? And how did they lose it all? This is the intimate story of twenty tsars and tsarinas, some touched by genius, some by madness, but all inspired by holy autocracy and imperial ambition. Simon Sebag Montefiore's gripping chronicle reveals their secret world of unlimited power and ruthless empire-building, overshadowed by palace conspiracy, family rivalries, sexual decadence, and wild extravagance. Drawing on new archival research, Montefiore delivers an enthralling epic of triumph and tragedy, love and murder, that is both a universal study of power and a portrait of empire that helps define Russia today.

**Russia, 1815-81** - Russell Sherman 2002

Ensure your students have access to the authoritative and in-depth content of this popular and trusted A Level History series. For over twenty years Access to History has been providing students with reliable, engaging and accessible content on a wide range of topics. Each title in the series provides comprehensive coverage of different history topics on current AS and A2 level history specifications, alongside exam-style practice questions and tips to help students achieve their best. The series: - Ensures students gain a good understanding of the AS and A2 level history topics through an engaging, in-depth and up-to-date narrative, presented in an accessible way. - Aids revision of the key A level history topics and themes through frequent summary diagrams - Gives support with assessment, both through the books providing exam-style questions and tips for AQA, Edexcel and OCR A level history specifications and through FREE model answers with supporting

commentary at Access to History online ([www.accesstohistory.co.uk](http://www.accesstohistory.co.uk))

Russia 1815-1881 Reaction and reform in nineteenth-century Russia is the focus for this second edition. Incorporating the latest historical interpretations, the book highlights the problems faced by those who endeavoured to modernise and restructure the Russian state, and examines why they were frequently characterised as repressors rather than reformers.

**Journal of the Society of Architectural Historians** - Society of Architectural Historians 1993

Includes special issues.

Access to History: Britain 1783-1885 - Benjamin Armstrong 2020-06-22

Exam board: AQA; Pearson Edexcel; OCR Level: AS/A-level Subject: History First teaching: September 2015 First exams: Summer 2016 (AS); Summer 2017 (A-level) Put your trust in the textbook series that has given thousands of A-level History students deeper knowledge and better grades for over 30 years. **Historical Abstracts** - Eric H. Boehm 1998

**Enduring Controversies in Military History: Critical Analyses and Context [2 volumes]** - Spencer C. Tucker 2017-09-21

This provocative examination of major controversies in military history enables readers to learn how scholars approach controversial topics and provides a model for students in the study and discussion of other historical events. • Provides compelling examinations of major controversies in military history from the time of the ancient world to the modern day • Enables readers to see how historians address such topics and understand how their process could be applied to other topics or research areas • Offers a bibliography specific to each topic to give students looking to do further research a wealth of options

Missionary Register - 1845

The Pursuit of Power - Richard J. Evans 2016-09-01

ECONOMIST BOOKS OF THE YEAR 2016 'A scintillating, encyclopaedic history, rich in detail from the arcane to the familiar... a veritable tour de force' Richard Overby, New Statesman 'Transnational history at its finest ... .. social, political and cultural themes swirl together in one great canvas of immense detail and beauty' Gerard DeGroot, The Times 'Dazzlingly erudite and entertaining' Dominic Sandbrook, The Sunday Times A masterpiece which brings to life an extraordinarily turbulent and dramatic era of revolutionary change. The Pursuit of Power draws on a lifetime of thinking about nineteenth-century Europe to create an extraordinarily rich, surprising and entertaining panorama of a continent undergoing drastic transformation. The book aims to reignite the sense of wonder that permeated this remarkable era, as rulers and ruled navigated overwhelming cultural, political and technological changes. It was a time where what was seen as modern with amazing speed appeared old-fashioned, where huge cities sprang up in a generation,

new European countries were created and where, for the first time, humans could communicate almost instantly over thousands of miles. In the period bounded by the Battle of Waterloo and the outbreak of World War I, Europe dominated the rest of the world as never before or since: this book breaks new ground by showing how the continent shaped, and was shaped by, its interactions with other parts of the globe. Richard Evans explores fully the revolutions, empire-building and wars that marked the nineteenth century, but the book is about so much more, whether it is illness, serfdom, religion or philosophy. *The Pursuit of Power* is a work by a historian at the height of his powers: essential for anyone trying to understand Europe, then or now.

**An Introduction to Nineteenth-century European History, 1815-1914** - Alan Farmer 2001

This title assesses the key areas of nineteenth-century European history in an accessible and progressive way. The author examines the key political, economic and social developments in Italy, Germany, France, Russia and Austria-Hungary. Issues and events such as the 1848 Revolutions, Italian and German Unification and the origins of the First World War are analysed and explained through an up-to-date narrative and carefully structured activities. The Access to History Context series covers core periods of European and American history. Each book covers a period of at least one hundred years, charting the key political, social, economic, religious and cultural themes and issues of that time. All texts include activities with comprehensive advice on tackling essay questions.

*America, History and Life* - 1990

Article abstracts and citations of reviews and dissertations covering the United States and Canada.

*An Economic History of Russia* - James Mavor 1914

*The Napoleonic Wars 1803-1815* - David Gates 2011-06-08

Known collectively as the 'Great War', for over a decade the Napoleonic Wars engulfed not only a whole continent but also the overseas possessions of the leading European states. A war of unprecedented scale and intensity, it was in many ways a product of change that acted as a catalyst for upheaval and reform across much of Europe, with aspects of its legacy lingering to this very day. There is a mass of literature on Napoleon and his times, yet there are only a handful of scholarly works that seek to cover the Napoleonic Wars in their entirety, and fewer still that place the conflict in any broader framework. This study redresses the balance. Drawing on recent findings and applying a 'total' history approach, it explores the causes and effects of the conflict, and places it in the context of the evolution of modern warfare. It reappraises the most significant and controversial military ventures, including the war at sea and Napoleon's campaigns of 1805-9. The study gives an insight into the factors that shaped the war, setting the struggle in its wider economic, cultural, political and intellectual dimensions.

*British Book News* - 1991

*The Cambridge History of Russia: Volume 2, Imperial Russia, 1689-1917* - Research Professor Dominic Lieven 2006-08-17

A definitive new history of Russia from early Rus' to the collapse of the Soviet Union

**Compact History of the World** - Geoffrey Parker 2001

Using dynamic full-color mapping and lucid texts, this small-format atlas brings the story of humanity within everyone's reach, covering all the major developments in the human story.

**Identity Meets Nationality** - Helen Lauer 2011

Questions about how social conditioning and historical circumstances influence assumptions about who we are and how others perceive who we are have attracted wide ranging discussion across the disciplines in the arts, humanities and allied sciences. Simultaneously, since the Independence period, scholars have deliberated over the varied implications of new states emerging throughout Africa. The peer-reviewed selected papers for this anthology represent a cross section of the diverse perspectives reflecting research and cross-disciplinary collaborations undertaken by members of the University of Ghana faculty and graduate students working in archaeology, literary criticism of African as well as English and Russian literatures, economics, history, cognitive psychology, linguistics, dance, music, philosophy, sociology, and the study of religions.

*Random House Compact Atlas of World History* - Geoffrey Parker 1999  
Combines the visual detail of an atlas with a comprehensive narrative of world history from ancient times to the present

*Young Stalin* - Simon Sebag Montefiore 2009-12-09

This revelatory account unveils how Stalin became Stalin, examining his

shadowy journey from obscurity to power—from master historian Simon Sebag Montefiore. Based on ten years of research, *Young Stalin*—companion to the prizewinning *Stalin: The Court of the Red Tsar*—is a brilliant prehistory of the USSR, a chronicle of the Revolution, and an intimate biography. Montefiore tells the story of a charismatic, darkly turbulent boy born into poverty, scarred by his upbringing but possessed of unusual talents. Admired as a romantic poet and trained as a priest, he found his true mission as a murderous revolutionary. Here is the dramatic story of his friendships and hatreds, his many love affairs, his complicated relationship with the Tsarist secret police, and how he became the merciless politician who shaped the Soviet Empire in his own brutal image. Described by *The New York Times* as "a meticulously researched, authoritative biography," *Young Stalin* is essential reading for anyone interested in Russian history. Winner of the Costa Book Award for Biography *A Christian Science Monitor* and *Seattle Times* Best Book of the Year

*The British National Bibliography* - Arthur James Wells 2002

*Blücher and the Uprising of Prussia Against Napoleon, 1806-1815* - Ernest Flagg Henderson 1911

*A Conspiracy of the Carbonari* - L. Mühlbach 2019-12-16

"A Conspiracy of the Carbonari" by L. Mühlbach (translated by Mary J. Safford). Published by Good Press. Good Press publishes a wide range of titles that encompasses every genre. From well-known classics & literary fiction and non-fiction to forgotten—or yet undiscovered gems—of world literature, we issue the books that need to be read. Each Good Press edition has been meticulously edited and formatted to boost readability for all e-readers and devices. Our goal is to produce eBooks that are user-friendly and accessible to everyone in a high-quality digital format.

**History of Europe (from 1789 to 1815). 12 vols. [and] Index vol** - sir Archibald Alison (1st bart.) 1854

*The World* - Richard Haass 2021-05-11

*The New York Times* Bestseller "A superb introduction to the world and global issues. Richard Haass has written something that is brief, readable, and yet comprehensive—marked throughout by his trademark intelligence and common sense." —Fareed Zakaria An invaluable primer from Richard Haass, president of the Council on Foreign Relations, that will help anyone, expert and non-expert alike, navigate a time in which many of our biggest challenges come from the world beyond our borders. We live in a global era, in which what happens thousands of miles away often affects our lives. Although the United States is bordered by two oceans, those oceans are not moats. And the so-called Vegas rule—what happens there stays there—does not apply. Globalization can be both good and bad, but it is not something that individuals or countries can opt out of. The choice we face is how to respond. *The World* focuses on history, what makes each region of the world tick, the many challenges globalization presents, and the most influential countries, events, and ideas, to provide readers with the background they need to make sense of this complicated and interconnected world.

**Strange Parallels: Volume 2, Mainland Mirrors: Europe, Japan, China, South Asia, and the Islands** - Victor Lieberman 2003

Blending fine-grained case studies with overarching theory, this book seeks to rethink 1,000 years of Eurasian history.

**Slavic Scriptures** - Henry R. Cooper 2003

'Slavic Scriptures' traces the development of the Church Slavonic Version of the Christian Bible, a version still in active use today by the Russian Orthodox Church and considered authoritative by other Slavic Orthodox churches as well, from the very earliest translations by missionaries to the Slavs in the ninth century, through to the Slavic Bible controversies of the late twentieth century. It focusses particular attention on the work of the Byzantine saints Cyril and Methodius, the continuation of their initiatives in medieval Bulgaria, and the completion of their efforts in medieval and Enlightenment Russia. It provides basic information on Christian scriptures in general, and an extensive bibliography of works in a variety of languages, including English, which treat Church Slavonic Bible matters. The text of the study is aimed at a general readership interested in biblical issues as a whole, and particularly among the Slavs, while the apparatus explores scholarly ramifications and controversies of concern to those specializing in Slavic and biblical studies.

*What Hath God Wrought* - Daniel Walker Howe 2007-10-29

*The Oxford History of the United States* is by far the most respected multi-volume history of our nation. In this Pulitzer prize-winning,

critically acclaimed addition to the series, historian Daniel Walker Howe illuminates the period from the battle of New Orleans to the end of the Mexican-American War, an era when the United States expanded to the Pacific and won control over the richest part of the North American continent. A panoramic narrative, *What Hath God Wrought* portrays revolutionary improvements in transportation and communications that accelerated the extension of the American empire. Railroads, canals, newspapers, and the telegraph dramatically lowered travel times and spurred the spread of information. These innovations prompted the emergence of mass political parties and stimulated America's economic development from an overwhelmingly rural country to a diversified economy in which commerce and industry took their place alongside agriculture. In his story, the author weaves together political and military events with social, economic, and cultural history. Howe examines the rise of Andrew Jackson and his Democratic party, but contends that John Quincy Adams and other Whigs--advocates of public education and economic integration, defenders of the rights of Indians, women, and African-Americans--were the true prophets of America's future. In addition, Howe reveals the power of religion to shape many aspects of American life during this period, including slavery and antislavery, women's rights and other reform movements, politics, education, and literature. Howe's story of American expansion culminates in the bitterly controversial but brilliantly executed war waged against Mexico to gain California and Texas for the United States. Winner of the New-York Historical Society American History Book Prize Finalist, 2007 National Book Critics Circle Award for Nonfiction *The Oxford History of the United States* The Oxford History of the United States is the most respected multi-volume history of our nation. The series includes three Pulitzer Prize winners, a New York Times bestseller, and winners of the Bancroft and Parkman Prizes. The Atlantic Monthly has praised it as "the most distinguished series in American historical scholarship," a series that "synthesizes a generation's worth of historical inquiry and knowledge into one literally state-of-the-art book." Conceived under the general editorship of C. Vann Woodward and Richard Hofstadter, and now under the editorship of David M. Kennedy, this renowned series blends social, political, economic, cultural, diplomatic, and military history into coherent and vividly written narrative.

*History of Europe* - Sir Archibald Alison 1848

*The Sleepwalkers* - Christopher Clark 2013-03-19

One of The New York Times Book Review's 10 Best Books of the Year Winner of the Los Angeles Times Book Prize (History) *The Sleepwalkers: How Europe Went to War in 1914* is historian Christopher Clark's riveting account of the explosive beginnings of World War I. Drawing on new scholarship, Clark offers a fresh look at World War I, focusing not on the battles and atrocities of the war itself, but on the complex events and relationships that led a group of well-meaning leaders into brutal conflict. Clark traces the paths to war in a minute-by-minute, action-packed narrative that cuts between the key decision centers in Vienna, Berlin, St. Petersburg, Paris, London, and Belgrade, and examines the decades of history that informed the events of 1914 and details the mutual misunderstandings and unintended signals that drove the crisis forward in a few short weeks. Meticulously researched and masterfully written, Christopher Clark's *The Sleepwalkers* is a dramatic and authoritative chronicle of Europe's descent into a war that tore the world apart.

*Napoleon's Invasion of Russia* - George Nafziger 2009-05-06

"An impressive source book on the conflict, high on information and data."—Journal of the Society for Army Historical Research September 7, 1812, is by itself one of the most cataclysmic days in the history of war: 74,000 casualties at the Battle of Borodino. And this was well before the invention of weapons of mass destruction like machine guns or breech-loading rifles. In this detailed study of one of the most fascinating military campaigns in history, George Nafziger includes a clear exposition on the power structure in Europe at the time leading up to Napoleon's fateful decision to attempt what turned out to be impossible: the conquest of Russia. Also featured are complete orders of battle and detailed descriptions of the opposing forces.

**The Decline and Fall of the Habsburg Empire, 1815-1918** - Alan Sked 2015-12-14

A new and revised edition of Alan Sked's groundbreaking book which examines how the Habsburg Empire survived the revolutionary turmoil of 1848. 'The Year of Revolutions', saw the whole of Europe convulsed in turmoil and revolt. Yet the Habsburg Empire survived. As state after

state succumbed to the violent winds of change that were sweeping the continent. How did the Habsburg Empire survive? How was the army able to hold together while the rest of the empire collapsed in civil war, and how was it able to seize the political initiative In this new edition, Alan Sked reflects on the changed understanding of the period which resulted from the first appearance of this book, and widens the discussion to look at the Habsburg Empire alongside the decline of the Russian and German Empires, arguing that it is possible to understand their decline from a broad European perspective, as opposed to the overly narrow focus of recent explanations. Alan Sked makes us look at familiar events with new eyes in this radical, vigorously written classic which is essential reading for anyone interested in the history of nineteenth-century Europe.

**Cyclopedia of Classified Dates** - Charles Eugene Little 1900

**Europe, 1890-1945** - Stephen J. Lee 2020-10-12

*Europe, 1890-1945* is a new approach to teaching and learning early twentieth century European history at A level. It meets the needs of teachers and students studying for today's revised AS and A2 exams. In a unique style, *Europe, 1890-1945* focuses on the key topics within the period. Each topic is then comprehensively explored to provide background information, essay writing advice and examples, source work, and historical skills exercises. From 1890 to 1945, the key topics featured include: \* the origins and impact of the First World War \* the Russian Revolution and the rise of Stalin \* the Weimar Republic and the rise of Hitler \* Mussolini and Fascist Italy \* Stalin and the Soviet Union, 1928-41.

*A Little History of the World* - E. H. Gombrich 2014-10-01

E. H. Gombrich's *Little History of the World*, though written in 1935, has become one of the treasures of historical writing since its first publication in English in 2005. The Yale edition alone has now sold over half a million copies, and the book is available worldwide in almost thirty languages. Gombrich was of course the best-known art historian of his time, and his text suggests illustrations on every page. This illustrated edition of the *Little History* brings together the pellucid humanity of his narrative with the images that may well have been in his mind's eye as he wrote the book. The two hundred illustrations—most of them in full color—are not simple embellishments, though they are beautiful. They emerge from the text, enrich the author's intention, and deepen the pleasure of reading this remarkable work. For this edition the text is reset in a spacious format, flowing around illustrations that range from paintings to line drawings, emblems, motifs, and symbols. The book incorporates freshly drawn maps, a revised preface, and a new index. Blending high-grade design, fine paper, and classic binding, this is both a sumptuous gift book and an enhanced edition of a timeless account of human history.

**The Rise and Fall of the Communist Revolution** - Warren H. Carroll 1995

This magisterial study of international Communism presents the whole mighty drama of global socialism and Marxism: from its pre-Bolshevik origins through the establishment of a Communist empire over one third the world population to the shattering defeat of the Soviet state in 1991. A landmark work of history, exhaustively documented and narrated in a compelling style.

*War and British Society 1688-1815* - H. V. Bowen 1998-03-28

This 1998 book discusses the considerable influence of war on the development of Britain's society and economy in the 'long eighteenth century'.

*The Catholic Church and Russia* - Dennis J. Dunn 2017-05-15

This unique account of Russia's encounter with Catholicism from the medieval period to the present provides fascinating insights into Catholic-Russian relations. Dennis Dunn analyzes religious politics in the former USSR and in Russia, particularly in areas where relations between the state-backed Orthodox establishment and the Catholic Church have renewed debates about civil rights, religious freedom and Russian national identity under Vladimir Putin's regime. Discussing issues such as the role of Pope John Paul II in helping to bring down the Iron Curtain, Dunn argues provocatively that Catholic-Russian relations are a microcosm of Western-Russian relations and sheds new light on the historical strain between Russia and the West. Showing how Russia's adoption of a secular ideology - a vain attempt to surpass the West - alienated the Russian government not only from the Catholic Church but also from its own Orthodox foundation, this book discusses how Russia sealed its fate while precipitating the Cold War with the West. Students and general readers interested in Russian history, Western-Russian

relations, Catholicism, and comparative religion more broadly, will find this an invaluable and accessible account of an important and

understudied subject.

*Major Peace Treaties of Modern History: 1648-1967 - 2002*
