**Astrological Transits** - April Elliott Kent  
2015-08-15

Your birth chart is a snapshot of the sky taken at the moment and place of your birth, one that reflects your character, personality, strengths, and challenges. But the moment after that picture was taken, the planets moved on--some quickly, some very slowly. Astrologers call the moving planets "transits," and by comparing their movements to your birth chart you can gain a complete view of how best to prepare for challenges, meet opportunities, and stay grounded in a constantly-changing world. In *Astrological Transits*, astrologer April Elliott Kent will guide you through the best ways to make the most of your birth chart. Learn how to make the most of good transits and harness and

transform the energy of "bad" ones. You'll also understand planetary cycles and anticipate your own transits. Finally, you'll know how to read planetary return charts, work with planetary retrogrades, and use eclipses to recognize major patterns and turning points in your life. If you are comfortable reading a birth chart, you are ready to move your chart into the future using transits. Instructions, tables, and worksheets will make tracking your transit cycles simple and exciting!

**Encyclopaedia of Psychological Astrology** - Charles E. O. Carter 2005-03

Subtitled, *An Encyclopaedia of Character & Disease*, Carter's classic book was the result of study of hundreds of horoscopes. Carter discovered that specific degrees of the zodiac produced specific results, including things like abscesses, goiter, poor vision, medical or musical ability, spinal curvature, asthma & much more. He also found astrological guidelines for traits such as boredom, love of animals, hay

fever, rambling speech, epilepsy & many more. Sometimes known as Carter's Little Green Book. Always surprising, sometimes witty, this is one of the great books of the 20th century. Charles E.O. Carter (1887 - 1968) was one of the outstanding British astrologers of the 20th century. He succeeded Alan Leo as head of Astrological Lodge at the Theosophical Society, a post he held from 1920 to 1952. He was editor of Astrology, The Astrologer's Quarterly, from 1926 to 1959. Carter's persistent genius reestablished astrology as a serious discipline in England, after two centuries of decline.

**Surya, the Sun God** - K. S. Charak 1999

On the cult of Sūrya (Hindu deity) and its astrological implications.

*Experiments & Experience with Astrology* - Stephen Arroyo 2020-10-13

In this eBook original, numerous practical as well as philosophical issues are explored. In an in-depth, wide-ranging interview appearing in book form for the first time, Stephen Arroyo

answers questions about his early years in astrology, how he came to write some of his classic works, and his views on various central issues in astrology's current practice and potential future development. In another chapter, he provides concise new observations and guidelines that provide more insightful ways of understanding many factors in both individual birth charts and chart comparisons. In the other sections of this book, he discusses what astrology can contribute to psychology, how to understand the Ascendant, and possible explanations of transits' powerful effects. And importantly, this is the only book currently available that describes and explores his unique theory of "subtones" as an incisive, psychologically revealing method of achieving greater depth in understanding any birth chart. In short, utilizing "subtones" is a method of synthesizing the major chart factors in any person's chart in a simple, quick way that people at any level of astrological knowledge can easily

learn and reliably use.

**Psychological Astrology** - Karen Hamaker-Zondag 1990-01-01

Examines the traditional wisdom of astrology in the light of Jungian psychology, revealing the horoscope as a picture of our psychic structure and a key to self-knowledge and personal growth. Beginning with an analysis of Jung's terminology, including archetypes, the collective unconscious, and the theory of synchronicity, the author explores the striking correspondence between Jung's theory of psychological types and the traditional astrological elements.

Practicing the Cosmic Science - Stephen Arroyo 1999

Presents a new formulation of traditional astrology that emphasizes its use as a therapeutic tool for self-understanding, and includes excerpts from interviews with the author.

**Horoscope Symbols** - Robert Hand 1981  
An examination of the fundamental principles of

astrology discusses the meanings of the various signs of the zodiac and the influence of the planets on human life

**Four Elements of the Wise** - Ivo Dominguez 2021-06-01

An in-depth exploration of the elements, their lore, history, correspondences, and use in spellwork and ritual. The four elements are the pillars that uphold the manifest world and anchor spirit to matter. They are associated with a wide range of spiritual entities, from small elementals to divine beings. This book explores the consciousness of the elements, which provides a system of understanding that supports most of the magic of the West and paganism. The use of the elements in a wide range of systems and practices will be examined. Much has been written about the four elements already; this book offers new teachings for newcomers and long-time practitioners alike. Each of the four elements is explored in depth, including how they interact and change as they

rise on the planes. Practical applications for working with the elements are also woven throughout the book. The book concludes with the union of the elements that is more than just becoming Spirit, but the completion of their Great Work.

**Use Your Planets Wisely** - Jennifer Freed  
2020-01-07

Embark on a journey of self-discovery and archetypal transformation with psychological astrology. Your cosmic DNA is written in the skies—and when you explore the celestial threads that weave together your unique tapestry, you discover a map to your greatest potential in this lifetime. Written by popular astrologer and depth psychologist Jennifer Freed, PhD, *Use Your Planets Wisely* is an innovative and transformative guide to personal evolution through astrology. Bridging the archetypal nature of the birth chart with an understanding of psychological growth, Freed helps us see the many parts of ourselves with

new clarity—both the parts we love and the parts we try to hide—and then work with each part as we come into greater alignment with our most joyful and impactful lives. *Use Your Planets Wisely* is written with the complete beginner in mind, though even experienced readers will find value as Freed expertly demystifies elements of astrology that are often either overlooked or overly complicated. First, an insightful integration of astrology and psychology helps us identify the primitive, adaptive, and evolving expressions of the star signs within our charts. Then, through reflection questions and activities, we learn to celebrate the places we already shine and grow into our potential to thrive and serve where we've been stuck. This book is your invitation to embark on a journey to greater connection, joy, and purpose with the archetypal guidance of the stars.

**The Practice and Profession of Astrology** -  
Stephen Arroyo 1984

**Cosmic Karma** - Marguerite Manning 2007

Water and Fire - Darby Costello 2019-01-22

In this first of two volumes on the astrological elements, Darby Costello examines the water and fire archetypes through their expressions in myth, alchemy, philosophy and psychology, and then through the water signs and water houses in the horoscope.

**Astrology & Relationships** - David Pond 2001

Most of what is published about astrological relationships covers the same ground. We've all read that Libra gets along well with Leo, Aries is bound to clash with Capricorn, Pisces and Scorpio are natural lovers, and so on. It all sounds like a pretty well worn formula, but there's one problem-- people are not that simple,

and neither are relationships! Astrology & Relationships takes a much more satisfying path, showing how astrology can help you improve all of your relationships. It addresses the complexities of real relationships by revealing the essential nature, needs, strengths, and challenges of every combination. Then it takes the unique step of offering exercises that will help you manifest the true potential that exists between each of the signs. This book emerged from actual experiences between a practicing professional astrologer and the thousands of people he has worked with. The ideas and exercises included within have been tried, tested, and refined so that they can be integrated into daily living. The program presented in this book has been proven to work-- not just in theory, but in real life.

*The Weiser Concise Guide to Practical Astrology*

- Priscilla Costello 2008-05-01

In *The Weiser Concise Guide to Practical Astrology*, Priscilla Costello introduces the

reader to the basic principles of modern astrology and unveils the secrets of this elegantly developed language of symbols. Costello shares with the reader both the philosophical and esoteric world view of astrology, while exploring the meanings of signs, planets, houses, and aspects on many levels, as well as its connection to psychology, religion and spirituality, and related esoteric studies. The Weiser Concise Guide to Practical Astrology serves as both a primer for the new student of astrology and a handy reference for the more seasoned practitioner. As complete as it is concise, this course of study delves deeply into the history and true spirit of astrology, making it accessible to all.

**The Four Elements of the Wise** - Ivo Dominguez Jr. 2021

"The Four Elements are the pillars that uphold the manifest world and anchor spirit to matter. They are associated with a wide range of spiritual entities from small elementals to divine

beings. The Elements provide a system of understanding that undergirds most of the magic of the West and Paganism. This book explores each of the Elements in depth, then shows how they interact and change as they rise on the planes. Practical applications for working with the Elements are also woven throughout the book"--

**Mapping the Psyche** - Clare Martin 2005-08-01

*Earth and Air* - Darby Costello 2018-08-06

This is the second of two volumes of transcribed lectures Darby Costello presented for the CPA in which she shared a dynamic and imaginative exploration of the four astrological elements. Poetic and comprehensive, this volume is a must-have introduction to the elements. Part One: Earth. Discover the nature and meaning of the earth element beginning with the importance of the earth rituals of archaic cultures. Next, explore the meaning of planetary placements in the three earthy signs, and the

qualities of the planetary rulers of those signs. The complexity and subtlety of earth is further revealed through an analysis of the chart of Teilhard de Chardin, the remarkable Christian mystic and scientist who integrated two apparently disparate yet intimately connected dimensions of earth which form the great paradox of this element - its rationality and respect for facts, and its profound sense of the magic and transpersonal mystery inherent in the heart of material reality. Part Two: Air. The air element is often mistakenly thought to be "merely" rational. In this seminar Darby takes us on an expansive flight into the upper regions of the mind, exploring first the meaning and nature of air, and then examining planetary placements in the three airy signs and the attributes and mythology of the airy planetary rulers - which, according to traditional astrology, each govern both an earthy and an airy sign. The fluid and effervescent spirit of air is further revealed through the chart of the great poet W. B. Yeats,

whose vision, fertility of ideas, and love of beauty in form and idea portray the essential nature of this most elusive of the astrological elements.

The Astrology of Fate - Liz Greene 1985-01-15  
Combining an understanding of astrological symbolism and the psychological processes involved in the pursuit of individuality, the author shares insights about how the concept of fate evolves. Through myths, fairy tales, and zodiacal signs, she shows us this mythological journey.

*Saturn* - Liz Greene 2021-12-01

This classic astrology text, revered by beginners and professional astrologers alike, is now available in a Weiser Classics edition. "The most important single contribution of twentieth-century astrology is that astrology is not a map of one's fixed destiny but is a potential map of the unfolding of the authentic, higher self."  
—Robert Hand, from the foreword *Saturn's* darker persona is recognized universally in myth

and fairytale. In this classic astrology text, renowned astrologer and Jungian analyst Liz Greene offers a fresh perspective on how to handle the influence of this much-maligned astrological symbol. In Saturn, Greene shows us how the frustrating experiences connected to this planet can be turned into opportunities for greater insight and meaning in our lives. Saturn, she says, symbolizes a psychic process—one that allows us to utilize the experience of pain for self-discovery and a more fulfilling and complete life. Greene retraces Saturn's character through sign, house, aspect, and synastry in a brilliant analysis that reveals his other face: that of the initiator who, for the price of our honesty with ourselves, offers us greater consciousness, self-understanding, and, eventually, freedom.

**Psychstrology** - Stacy Dicker 2019-11-04  
Psychology is all about relationships, with ourselves and others. Astrology provides a code to learn the raw materials that we are made of so we can better understand the dynamics

unfolding in our lives and relationships. Psychstrology, or psychological astrology, can help us cultivate more compassion and feel more connected to one another.

*Astrology* - Isabel M. Hickey 1992

Barriers and Boundaries - Liz Greene 2002-08-01

This book explores the characteristics we use to defend ourselves against conflict and suffering. In the CPA seminar format, Liz Greene uses the experiences and questions of the audience to discuss the mechanisms brought into play and their basis in the birthchart.

Chart Interpretation Handbook - Stephen Arroyo 1989

Thousands of readers worldwide have found personal meaning in Arroyo's bestselling books. Here, he shows how to develop reliable, in-depth interpretations for any birth chart.

**Getting to the Heart of Your Chart** - Frank C. Clifford 2012-04

and researching thousands of horoscopes, astrologer Clifford offers a methodical Oway inO to understanding the essential areas and dynamics of any horoscope.

Person-to-Person Astrology - Stephen Arroyo  
2007-10-09

Using a new language of energy based on the ancient “four elements” and in harmony with that used by the more advanced healing arts, renowned author Stephen Arroyo here explores how astrology as a language of energy can be astoundingly accurate and useful in illuminating individuals’ energy exchange in all close relationships. The preface, author’s note, introduction, and early chapters of Person-to-Person Astrology lay the groundwork for serious consideration of astrology as a significant discipline. The following chapters detail the influence of the four elements—Fire, Earth, Water, Air—on the 12 signs, with a particular emphasis on the rising sign (Ascendant). The author shows readers how to experiment by

comparing birth charts, and explains, through detailed descriptions, people’s psychological motivations and needs based on the positions of their Moon, Venus, and Mars. Appendices include astrological definitions, keywords, and sign tables that allow readers quick access to the basics. Written in the author’s trademark clear, accessible style, Person-to-Person Astrology presents a new approach to finding fulfillment in any kind of relationship.

**The Missing Element** - Debra Silverman  
2016-03-01

Everyone longs to be understood in their essence. In "The Missing Element", author Debra Silverman describes human nature in a compassionate and succinct way, and offers ways for us to get to know ourselves in depth with the wisdom of archetypes. The information in this book stands on the shoulders of our elders, who understood the four directions, the four elements, the four noble truths. Whatever pain you experience is specific to your

personality type, based on the four elements. The 'missing element' is twofold: it refers to the Observer inside you - the part of you that can stand outside of judgment and see yourself with a more wise and compassionate approach - much like our elders did. And it also refers to the elements that make up your personality and more specifically, to the element which is your weakest. Your issues will repeat themselves again and again until you can see yourself and others from the compassionate vantage point that unites all of us. You will understand that your life and all its stories were designed by your soul to get your attention right now. It is inviting you to seek the wisdom of the ages to help you grow... that's why you found this book at this moment in time!

The Luminaries - Liz Greene 1992-01-01

"The lectures in this volume form the first part of a week-long seminar called The Inner Planets, which was given in Zurich in June, 1990"--  
Intro.

Elemental Witchcraft - Heron Michelle

2021-12-08

Elemental Witchcraft shares a wholly unique esoteric approach to developing partnerships with elemental allies and deities and ultimately merging with the Divine Mind. Author Heron Michelle provides dozens of rituals, meditations, spells, and journal reflections as you explore the principles of Hermeticism and the magick of the four classical elements—earth, air, fire, and water. On this journey, you will discover how the chakras and the magickal pentacle correspond to the five bodies: mental, emotional, will, physical, and spiritual. You will also explore how the astrological cycles and the wheel of the year relate to the elements and the witch's tools as well as to the paths of power, truth, sovereignty, and completion. Opening the elemental gateways and developing relationship with the goddesses and gods can be profoundly transformative work—this book guides you through this subtle path as you learn to balance

the magickal elements and construct your own astral temples at the crossroads of the Self.

**Jung on Astrology** - C. G. Jung 2017-09-05

Jung on Astrology brings together C. G. Jung's thoughts on astrology in a single volume for the first time, significantly adding to our understanding of Jung's work. Jung's Collected Works, seminars, and letters contain numerous discussions of this ancient divinatory system, and Jung himself used astrological horoscopes as a diagnostic tool in his analytic practice.

Understood in terms of his own psychology as a symbolic representation of the archetypes of the collective unconscious, Jung found in astrology a wealth of spiritual and psychological meaning and suggested it represents the "sum of all the psychological knowledge of antiquity." The selections and editorial introductions by Safron Rossi and Keiron Le Grice address topics that were of critical importance to Jung—such as the archetypal symbolism in astrology, the precession of the equinoxes and astrological

ages, astrology as a form of synchronicity and acausal correspondence, the qualitative nature of time, and the experience of astrological fate—allowing readers to assess astrology's place within the larger corpus of Jung's work and its value as a source of symbolic meaning for our time. The book will be of great interest to analytical psychologists, Jungian psychotherapists and academics and students of depth psychology, Jungian and post-Jungian studies, as well as to astrologers and therapists of other orientations, especially transpersonal.

[You Were Born for This](#) - Chani Nicholas

2020-01-07

NEW YORK TIMES BESTSELLER From beloved astrologer Chani Nicholas comes an essential guide for radical self-acceptance. Your weekly horoscope is merely one crumb of astrology's cake. In her first book *You Were Born For This*, Chani shows how your birth chart—a snapshot of the sky at the moment you took your first breath—reveals your unique talents, challenges,

and opportunities. Fortified with this knowledge, you can live out the life you were born to. Marrying the historic traditions of astrology with a modern approach, *You Were Born for This* explains the key components of your birth chart in an easy to use, choose your own adventure style. With journal prompts, reflection questions, and affirmations personal to your astrological makeup, this book guides you along the path your chart has laid out for you. Chani makes the wisdom of your birth chart accessible with three foundational keys: The First Key: Your Sun (Your Life's Purpose) The Second Key: Your Moon (Your Physical and Emotional Needs) The Third Key: Your Ascendant and Its Ruler (Your Motivation for Life and the Steersperson of Your Ship) Astrology is not therapy, but it is therapeutic. In a world in which we are taught to look outside of ourselves for validation, *You Were Born for This* brings us inward to commit to ourselves and our life's purpose.

**Astrology, Karma & Transformation -**

Stephen Arroyo 2011-11-26

This widely praised and internationally acclaimed classic on the spiritual aspects of astrology, a continual best-seller since publication, has now been translated into more than 20 languages, including Chinese, Turkish, Russian, Serbian, & Romanian. It has been enthusiastically reviewed by *Library Journal*, *Isabel Hickey*, *CAO Times*, and dozens of others. Often ranked as "my favorite astrology book" in surveys, it is now, as it has always been, a profound book far ahead of its time that speaks to readers personally in a life-changing way.

**Astrology, Psychology & the Four Elements -**  
Stephen Arroyo 2013-03-25

A modern classic and international best-seller that revolutionized modern understanding of astrology, this book is truly a pioneering work that established a new science of astrological psychology. It clearly presents a language of energy that enables astrology to be reliably used by those in the helping professions as well as by

the general public. As Library Journal stated, "Transcending the boundaries of separate disciplines, this work represents a major distillation of astrological principles."

**Astrology, Psychology and the Four Elements** - Stephen Arroyo 2012-01-01

This recognized classic of modern astrology is truly a pioneering book. It established a new science of astrological psychology. It presents a language of energy that has enabled astrology to be widely and reliably used in the helping professions as well as by the general public. As Library Journal stated, "Transcending the boundaries of separate disciplines, this work represents a major distillation of astrological principles." This book relates astrology to modern psychology and explains the use of astrology as a practical method of understanding one's atonement to universal forces. It clearly shows how to approach astrology with a real understanding of the energies involved. Part 1 of the book explains how astrology can be the most

valuable psychological tool for understanding oneself and others. Analyzing the scientific, philosophical, and intuitive dimensions of astrology, it is oriented toward the layman with no astrological knowledge, astrology students and professionals, and those engaged in any form of the counseling arts. Part II deals specifically with the interpretation and practical application of astrological factors based on the actual energies involved (air, fire, water & earth). It presents a dynamic application of astrological knowledge that clarifies and illuminates traditional techniques and meanings by placing them in the perspective of understanding the vital energies inherent in all life processes.

**Saturn In Transit** - Erin Sullivan 2002-04  
ABOUT THE BOOK: Saturn, god of the saturnine disposition, is popularly associated with doom and gloom. But Saturn in Transit reveals the planet's useful and developmental influence in our lives. Saturn assists the modern hero and

heroine, during its

Fingerprints of the Gods - Graham Hancock  
2012-09-19

Could the story of mankind be far older than we have previously believed? Using tools as varied as archaeo-astronomy, geology, and computer analysis of ancient myths, Graham Hancock presents a compelling case to suggest that it is. "A fancy piece of historical sleuthing . . . intriguing and entertaining and sturdy enough to give a long pause for thought."—Kirkus Reviews In *Fingerprints of the Gods*, Hancock embarks on a worldwide quest to put together all the pieces of the vast and fascinating jigsaw of mankind's hidden past. In ancient monuments as far apart as Egypt's Great Sphinx, the strange Andean ruins of Tihuanaco, and Mexico's awe-inspiring Temples of the Sun and Moon, he reveals not only the clear fingerprints of an as-

yet-unidentified civilization of remote antiquity, but also startling evidence of its vast sophistication, technological advancement, and evolved scientific knowledge. A record-breaking number one bestseller in Britain, *Fingerprints of the Gods* contains the makings of an intellectual revolution, a dramatic and irreversible change in the way that we understand our past—and so our future. And *Fingerprints of God* tells us something more. As we recover the truth about prehistory, and discover the real meaning of ancient myths and monuments, it becomes apparent that a warning has been handed down to us, a warning of terrible cataclysm that afflicts the Earth in great cycles at irregular intervals of time—a cataclysm that may be about to recur. "Readers will hugely enjoy their quest in these pages of inspired storytelling."—The Times (UK)

**Exploring Jupiter** - Stephen Arroyo 1996  
This book is the very essence of Jupiter. From its apt title, to its generous use of many famous

chart examples, to Arroyo's trademark insight and wisdom on every page, "Exploring Jupiter" is positively a winner! The presentation of the astrology is clear, practical and intelligent, making it a must for both newer students and more experienced practising astrologers. Unlike the majority of modern astrologers, Arroyo refers to Jupiter's ancient rulership of Pisces as being significant, and the book is written with this in mind. Otherwise much of the book is built on the usual "cookbook" approach: Jupiter through the signs, Jupiter through the houses (arranged by element), Jupiter aspects in the birth chart and so on. As always with Stephen Arroyo, it is the clarity and profound depth of these guidelines for interpretation that is so striking. The chapter on transits involving Jupiter is particularly good, building on ideas he has expressed in earlier writings.

*Signs of the Times* - Robert Fitzgerald

2005-10-01

The Signs of the Times is a fascinating account

of how time and history follow an astrological structure. This structure consists of astrological ages that are chronicled from before the Age of Cancer, and the invention of agriculture around the world, to the present end of the Age of Pisces, and the much-prophesied Apocalyptic end of the world. Within this pattern an end-time cycle emerges that explains the Apocalyptic energies that we see around us today. Astrology also promises, in the coming Age of Aquarius, a new golden age and gives us indications of what needs to be done to survive this end-time. Robert FitzGerald is an artist, photographer, and theoretical astrologer. For more than 25 years, he has been pushing the boundaries of astrology into theories of religion, mythology, mathematics, genetics, geology and physics. [Name of your book] reveals a revolutionary vision of history based on the ancient cycles of astrology. His vision of life on this planet promises to change the way humanity looks at history and at the world around us. He grew up

in California and now lives and works at Maharishi University of Management in Fairfield, Iowa, a community dedicated to

expanding our knowledge of the world by combining spiritual knowledge with the scientific.

*Astro-Psychology* - Karen Hamaker-Zondag 1980
