Encyclopedia of Business and Finance: J-Z - Burton S. Kaliski 2007

Contains over 315 alphabetically arranged articles that provide information about the major functional areas of business, covering accounting, economics, finance, information systems, law, management, and marketing, as well as organizations in business and government, and federal legislation.

Managing Business Ethics - Linda K. Trevino 2016-09-13

Revised edition of the authors' *Managing business ethics*, [2014]

Law and Ethics in the Business Environment - Terry Halbert

2014-02-01

Blending theory with real-life applications, the 8th Edition of *LAW AND ETHICS IN THE BUSINESS ENVIRONMENT* presents up-to-the-minute issues in business ethics, along with the latest in case law for an exciting and thought-provoking text. Rather than shying away from controversial topics, the text encourages lively classroom debate on everything from privacy and workers' rights to diversity and stereotyping. Its insightful cases, end-of-chapter questions, historical quotes, and chapter projects sharpen your critical thinking skills, while a wealth of interactive assignments like role plays, mock trials, roundtables, and negotiations prepare you for the ethical and legal dilemmas of the business world.

Business - Marianne Jennings 2003

Without a doubt, the connection between law and business ethics is made clear with *Business: Its Legal, Ethical and Global Environment*. Through an integration of examples and applications, users learn how to apply legal and ethical reasoning skills when making business decisions. No other book on the market better prepares tomorrow's managers for the legal, ethical, and global environment in which they will work. Jennings balances coverage of traditional legal and ethical topics with emerging trends in the business world, such as cyberlaw, international law, and alternate dispute resolution.

Encyclopedia of Business Ethics and Society - Robert W. Kolb 2008

This encyclopedia spans the relationships among business, ethics and society, with an emphasis on business ethics and the role of business in society.

The Ethics of Capitalism - Daniel Halliday 2020-05-13

Can capitalism have moral foundations? Though this question may seem strange in today's world of vast economic disparities and widespread poverty, discussions originating with the birth of capitalism add a critical perspective to the current debate on the efficacy and morality of capitalist economies. Authors Daniel Halliday and John Thrasher use this question to introduce classical political philosophy as a framework by which to evaluate the ethics of capitalism today. They revisit and reconstruct historical eighteenth- and nineteenth-century defenses of capitalism, as written by key proponents such as Adam Smith and John Stuart Mill. They ask what these early advocates of market order would say about contemporary economies, and argue for the importance of connecting these foundational defenses to discussions of economic systems and the roles they play in economic justice and injustice today. The textbook covers longstanding problems that are as old as the discussion of capitalism itself, such as wage inequality, global trade, and the connection between paid labor and human flourishing. It also addresses new challenges, such as climate change, the welfare state, and competitive consumption, and provides topical global case studies. Additionally, it includes study questions at the end of each chapter and an author-created companion website to help guide classroom discussion.

Crisis of Conscience - Tom Mueller 2020-09-29

"A call to arms and to action, for anyone with a conscience, anyone alarmed about the decline of our democracy." — New York Times—bestselling author Wendell Potter "Powerful...His extensively reported tales of individual whistleblowers and their often cruel fates are compelling...They reveal what it can mean to live in an age of fraud." — The Washington Post "Tom Mueller's authoritative and timely book reveals what drives a few brave souls to expose and denounce specific cases of corruption. He describes the structural decay that plagues many of our most powerful institutions, putting democracy itself in danger." —George Soros A David-and-Goliath story for our times: the riveting account of the heroes who are fighting a rising tide of wrongdoing by the powerful, and showing us the path forward. We live in a period of sweeping corruption -- and a golden age of whistleblowing. Over the past few decades, principled insiders who expose wrongdoing have gained unprecedented legal and social stature, emerging as the government's best weapon against corporate misconduct--and the citizenry's best defense against government gone bad. Whistleblowers force us to confront fundamental questions about the balance between free speech and state secrecy, and between individual morality and corporate power. In *Crisis of Conscience*, Tom Mueller traces the rise of whistleblowing through a series of riveting cases drawn from the worlds of healthcare and other businesses, Wall Street, and Washington. Drawing on in-depth interviews with more than two hundred whistleblowers and the trailblazing lawyers who arm them for battle--plus politicians, intelligence analysts, government watchdogs, cognitive scientists, and other experts--Mueller anatomizes what inspires some to speak out while the rest of us become complicit in our silence. Whistleblowers, we come to see, are the freethinking, outspoken citizens for whom our republic was conceived. And they are the models we must emulate if our democracy is to survive.

Mergers, Acquisitions, and Corporate Restructurings - Patrick A. Gaughan 2017-11-27

The essential M&A primer, updated with the latest research and statistics *Mergers, Acquisitions, and Corporate Restructurings* provides a comprehensive look at the field's growth and development, and places M&As in realistic context amidst changing trends, legislation, and global perspectives. All-inclusive coverage merges expert discussion with extensive graphs, research, and case studies to show how M&As can be used successfully, how each form works, and how they are governed by the laws of major countries. Strategies and motives are carefully analyzed alongside legalities each step of the way, and specific techniques are dissected to provide deep insight into real-world operations. This new seventh edition has been revised to improve clarity and approachability, and features the latest research and data to provide the most accurate assessment of the current M&A landscape. Ancillary materials include PowerPoint slides, a sample syllabus, and a test bank to facilitate training and streamline comprehension. As the global economy slows, merger and acquisition activity is expected to increase. This book provides an M&A primer for business executives and financial managers seeking a deeper understanding of how corporate restructuring can work for their companies. Understand the many forms of M&As, and the laws that govern them Learn the offensive and defensive techniques used during hostile acquisitions Delve into the strategies and motives that inspire M&As Access the latest data, research, and case studies on private equity, ethics, corporate governance, and more From large megadeals to various forms of downsizing, a full range of restructuring practices are currently being used to revitalize and supercharge companies around the world. *Mergers, Acquisitions, and Corporate Restructurings* is an essential resource for executives needing to quickly get up to date to plan their own company's next moves.

The SAGE Handbook of Strategic Supply Management - Christine Harland 2013-01-23

Electronic Inspection Copy available to instructors here The Handbook is the first substantive, multidisciplinary academic work to make coherent analysis of supply systems from the perspective of purchasing and supply, operations management, logistics, supply chain management, service management, industrial or relationship marketing, and inter-organisation networks. Selected by a team of leading international scholars, chapters examine key issues in the context of globalization and the move towards co-operative interorganisation network working. Expert contributors examine supply at different systems levels and differentiate between supply policy, strategy, management and operations. Organised into themed parts, the insightful introduction

provides the framework for the Handbook that is divided into themed parts; it positions empirical research in the current academic context and highlights possible directions for future exploration. The Handbook will be the touchstone of any researcher interested in broadening and deepening their understanding of supply systems.

Forthcoming Books - Rose Army 1999

Business Ethics - Patrick O'Sullivan 2012

A series of high-profile events in recent years have highlighted the growing need to cover ethical issues in international business and raise awareness of the responsibilities that need to be integrated into all levels and all subjects. Utilising the knowledge from a wide selection of expert contributors and illuminated by a case study for each chapter, this comprehensive volume makes a compelling case for business ethics to become an integrated consideration across the business disciplines, rather than an afterthought in the curriculum.

The Ethics of Management - LaRue Tone Hosmer 2011

The Ethics of Management: A Multidisciplinary Approach combines economic outcomes, legal requirements, and ethical principles to provide an explicit three-part framework to analyze problems faced by today's businesses.

Designing Ethical Workplaces - Donald D. Dunn 2016-05-26

Executive leaders need a framework with which to evaluate current and to create new corporate ethical management systems in their organizations. This book offers such a framework, called the Moldable Model®, a system of consistent components that give leaders a framework and a guide to build an organization-specific corporate ethical management system (CEMS). This book teaches how to design ethical workplaces utilizing the role modeling, context, and accountability components. In a step-by-step process, the author guides the reader through the research-based components with definitions, theory, explanations, and the practical application of those components through suggested organizational activities. Readers can expect to develop ethical tools and a complete corporate ethical management system for implementation into their specific organizations. In just a few hours, a busy executive can have the knowledge and tools to design an ethical workplace that creates satisfied and committed employees who increase organizational productivity and competitive advantage.

Business Ethics: Case Studies and Selected Readings - Marianne M. Jennings 2014-01-31

Packed with real-life examples of business decisions gone awry, the 8th Edition of *BUSINESS ETHICS: CASE STUDIES AND SELECTED READINGS* explores the complex issues of business ethics from the leaders' perspectives. This best-selling text offers a rare collection of readings which examines the business decision-making processes of many types of leaders, while revealing some of the common factors that push them over ethical lines they might not otherwise cross. A combination of short and long cases, readings, hypothetical situations, and current ethical dilemmas, *BUSINESS ETHICS: CASE STUDIES AND SELECTED READINGS* provides a stimulating and thorough basis for evaluating business ethics, and encourages stronger values in future business leaders. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Health Policy: Application for Nurses and Other Healthcare

Professionals - Dr. Demetrius J. Porche 2021-12-01

Health Policy: Application for Nurses and Other Health Care Professionals, Third Edition provides an overview of the policy making process within a variety of settings including academia, clinical practice, communities, and various health care systems.

Business Ethics - Denis Collins 2021-11-22

Business Ethics teaches students how to create organizations of high integrity and superior performance. Author Denis Collins and new co-author Patricia Kanashiro walk readers through designing ethical organizations using an Ethical Systems Model that outlines best practices for hiring, training, making ethical decisions, and fostering trust. The substantially revised Third Edition integrates the most current research findings; includes three new chapters on corporate governance and stakeholder relationships, global sustainability, and global corporate citizenship; and explores timely topics through new case studies on the opioid crisis, the #MeToo movement, climate change, and business responses to the COVID-19 pandemic. Sales Force Management - Mark W. Johnston 2016-04-14

In this latest edition of *Sales Force Management*, Mark Johnston and Greg Marshall continue to build on the tradition of excellence established by Churchill, Ford, and Walker, increasing the book's reputation globally as the leading textbook in the field. The authors have strengthened the focus on managing the modern tools of selling, such as customer relationship management (CRM), social media and technology-enabled selling, and sales analytics. It's a contemporary classic, fully updated for modern sales management practice. Pedagogical features include: Engaging breakout questions designed to spark lively discussion Leadership challenge assignments and mini-cases to help students understand and apply the principles they have learned in the classroom Leadership, Innovation, and Technology boxes that simulate real-world challenges faced by salespeople and their managers New Ethical Moment boxes in each chapter put students on the firing line of making ethical choices in sales Role Plays that enable students to learn by doing A selection of comprehensive sales management cases on the companion website A companion website features an instructor's manual, PowerPoints, and other tools to provide additional support for students and instructors.

Business and Professional Ethics - Leonard J. Brooks 2020-03-09

In the wake of ethical scandals and close ethical scrutiny throughout business and the accounting professional today, Brooks/Dunn's *BUSINESS & PROFESSIONAL ETHICS, 9E* provides the ethical insights and strategies you need for corporate and professional success. Learn why ethical behavior is so important and how to recognize potential pitfalls that involve much more than memorizing rules. You master the skills to develop a corporate culture of integrity that maintains stakeholder support and enables directors and auditors to complete their jobs. You also learn how to use ethical strategies to make decisions, as this edition examines the latest information on governance scandals, legal liability and professional accounting and auditing issues. More than 130 cases and readings highlight new and classic cases of fraud, bankruptcy and unprofessional practices to help you better understand appropriate codes of conduct and sound ethical reasoning while strengthening your persuasive and leadership skills for success.

Business Ethics: Case Studies and Selected Readings - Marianne M. Jennings 2011-01-01

The best-selling text of its kind on the market, *BUSINESS ETHICS: CASE STUDIES AND SELECTED READINGS, 7th Edition* gets behind the decision-making process of business leaders today to illustrate why good leaders often make questionable decisions. This fascinating collection exposes common themes in less-than-ethical decision making, and shows why leaders make ethical compromises in business that they would not make in their personal lives. A combination of short and long cases, readings, hypothetical situations, and current ethical dilemmas, *BUSINESS ETHICS: CASE STUDIES AND SELECTED READINGS* provides students with a stimulating and thorough basis for evaluating business ethics, and encourages stronger values in future business leaders. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Business Ethics - John William Dienhart 1998

This reference handbook explores the role of ethics in business. An introduction defines business ethics and describes the tools of business ethics. Readers will also find biographical sketches, a detailed examination of the major issues, ethical codes, a directory of business organizations and associations, and a selection of print and nonprint resources, including websites. A table of cases and statutes and a glossary complete a volume that will be an indispensable, one-stop resource for business professionals, librarians, and anyone interested in the study of ethics.

Ethics is a Daily Deal - Leslie E Sekerka 2015-12-11

"Are you an ethical person?" Regardless of your answer, a follow-up probe might be: "How do you know?" Your personal values reflect your beliefs, what you care about. These values, if they really matter to you, are activated by and through your everyday decisions. How do you ensure that your values, those that reflect your best ethical self, are actually demonstrated in the choices you make on a daily basis? Sometimes what we say we value does not match our actual behavior. Being ethical requires the ability to discern and navigate competing values, continually striving to attain both personal and organizational goals with moral strength. This necessitates the development of skills that support personal governance and your moral competency. To be ethical, building moral strength needs to become a focus of your daily life, which calls for making a deliberate effort to apply the values you say you hold. In reading this book you will see how awareness of your thoughts and emotions—along with specific moral competencies—can influence your desire to do the right thing and bolster your ability to exercise moral strength at work. Drawing insight from the latest research in management, business ethics, organizational behavior, and psychology, each chapter is intended to help adult learners examine, leverage, and continue to develop their best ethical selves in organizational life.

Uneconomic Economics and the Crisis of the Model World - M. Watson 2014-01-17

What has gone wrong with economics? Economists now routinely devise highly sophisticated abstract models that score top marks for theoretical rigour but are clearly divorced from observable activities in the current economy. This creates an 'uneconomic economics', where models explain relationships in blackboard rather than real-life markets.

Health Policy - Demetrius J. Porche 2017-12-22

Health Policy: Application for Nurses and Other Healthcare Professionals, Second Edition provides an overview of the policy making process within a variety of settings including academia, clinical practice, communities, and various health care systems.

Cumulated Index to the Books - 1999

Business Ethics in Biblical Perspective - Michael E. Cafferky 2015-08-19

Michael Cafferky sets a new standard in the field of business ethics with this comprehensive textbook from a Christian perspective. Using twelve biblical themes to evaluate contemporary ethical approaches and concerns, he covers consumer behavior, management, accounting, marketing, corporate responsibility and more.

Criminological Theories - Ronald L. Akers 2013-07-04

In *Criminological Theories*, the noted criminologist Ronald Akers provides thorough description, discussion, and appraisal of the leading theories of crime/delinquent behavior and law/criminal justice - the origin and history of each theory and its contemporary developments and adherents. Akers offers a clear explanation of each theory (the central concepts and hypotheses of each theory as well as critical criteria for evaluating each theory in terms of its empirical validity). Researchers and librarians, as well as general readers, will find this book a very useful tool and will applaud its clear and understandable exposition of abstract concepts.

Business Ethics - Marianne Jennings 2012-01-01

Packed with real-life examples of business decisions gone awry, the book explores the complex issues of business ethics from the leaders' perspectives. This best-selling text offers a rare collection of readings which examines the business decision-making processes of many types of leaders, while revealing some of the common factors that push them over ethical lines they might not otherwise cross.

Spotify Teardown - Maria Eriksson 2019-02-19

An innovative investigation of the inner workings of Spotify that traces the transformation of audio files into streamed experience. Spotify provides a streaming service that has been welcomed as disrupting the world of music. Yet such disruption always comes at a price. *Spotify Teardown* contests the tired claim that digital culture thrives on disruption. Borrowing the notion of "teardown" from reverse-engineering processes, in this book a team of five researchers have playfully disassembled Spotify's product and the way it is commonly understood. Spotify has been hailed as the solution to illicit downloading, but it began as a partly illicit enterprise that grew out of the Swedish file-sharing community. Spotify was originally praised as an innovative digital platform but increasingly resembles a media company in need of regulation, raising questions about the ways in which such cultural content as songs, books, and films are now typically made available

online. Spotify Teardown combines interviews, participant observations, and other analyses of Spotify's "front end" with experimental, covert investigations of its "back end." The authors engaged in a series of interventions, which include establishing a record label for research purposes, intercepting network traffic with packet sniffers, and web-scraping corporate materials. The authors' innovative digital methods earned them a stern letter from Spotify accusing them of violating its terms of use; the company later threatened their research funding. Thus, the book itself became an intervention into the ethics and legal frameworks of corporate behavior.

Applied Business Ethics: A Skills-Based Approach - Dean Bredeson 2012-07-25

More than a general ethics text, APPLIED BUSINESS ETHICS: A SKILLS-BASED APPROACH applies practical ethical situations to real-world business settings and decisions. The text's thought-provoking scenarios read like a Hollywood screenplay, with up-to-the-minute issues that draw students into discussions and encourage debate. Written by an award-winning business ethics instructor, APPLIED BUSINESS ETHICS has been field-tested by students and faculty across the U.S. with a goal of improving the classroom experience, and making business ethics fun for everyone. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Ethics and Finance - John Hendry 2013-11-07

Ethics and Finance: An Introduction provides a comprehensive and accessible introduction to the ethical issues raised by modern finance. Drawing carefully on ethical theory and with frequent use of case studies, it includes an analysis of the global financial system and its regulation and control, as well as a detailed analysis of the financial crisis. Chapters on specific areas of finance practice cover all the major financial scandals of recent times, from mis-selling to market manipulation and from insider trading to bankers' bonuses, as well as much more positive developments. From micro finance to derivatives trading, the book provides a careful and balanced treatment designed to help finance students and practitioners approach this sensitive topic in a thoughtful and constructive way. No prior knowledge of ethics or finance is required, and the book will be invaluable to students, finance teachers, practitioners and regulators.

Business Ethics Now - Andrew Ghillyer 2012

This book provides assistance to employees by taking a journey through the challenging world of business ethics

Honorable in Business - Annetta Gibson 2019-01-14

How can one be a Christian in the world of business, not just on the weekend? How can one be honorable in business? Through the integration of the Christian worldview and business ethics, this book provides Christians with a mental framework with which to answer these important questions. Beginning with Genesis as the foundation for the Christian's worldview and the Ten Commandments as the outline for the Christian's ethical obligations, the authors develop principles upon which ethical choices can be made, even when working in a primarily non-Christian-oriented business environment. The book is designed to be

helpful both to those beginning their career in business and those already employed in business who struggle with how to engage in today's business environment while maintaining their commitment to God's vision for life to be both meaningful and honorable. Topics of business ethics such as employee rights, discrimination, technology and privacy, insider trading and accounting fraud, and the special challenges of working internationally are covered. The added value this book brings to these discussions lies in its serious consideration of the Christian worldview as foundational to ethical decision-making in everyday areas of business.

The Moral Case for Profit Maximization - Robert White 2020-04-01

The Moral Case for Profit Maximization argues that profit maximization is moral when businessmen seek to maximize profit by creating goods or services that are of objective value. Traditionally, profit maximization has been defended on economic grounds. Profit, economists argue, incentivizes businessmen to produce goods and services. In this view, businessmen do not need to be virtuous as long as they deliver the goods. It challenges the traditional defense of profit maximization, arguing that profit maximization is morally ambitious because it requires businessmen to form normative abstractions and to cultivate a virtuous character. In so doing, the author also challenges the moral basis of corporate social responsibility. Proponents of CSR argue that businessmen can do good while doing well. This book argues that businessmen already do good by maximizing profit, drawing upon the histories of the wheel, the refrigerator, and the shipping container, as well as the biographies of J. P. Morgan, John D. Rockefeller, and Thomas Edison to demonstrate the role of values in the creation of material goods and the role of the virtues in value creation. The author challenges readers to rethink the relationship between profit, value, and virtue.

Just Business - Alec Hill 2017-12-15

In this third edition of a popular textbook on business ethics, Alec Hill carefully explores the foundational Christian concepts of holiness, justice, and love, showing how some common responses to business ethics fall short of a fully Christian mindset. Updated throughout, this edition includes a new chapter on international business and uses penetrating case studies to clothe principles in concrete business situations.

Business: Its Legal, Ethical, and Global Environment - Marianne M. Jennings 2016-12-05

Comprehensive and practical, BUSINESS: ITS LEGAL, ETHICAL, AND GLOBAL ENVIRONMENT, 11E emphasizes real-world applications and encourages critical-thinking skills. While exploring the intersection of law, business strategy, and ethics, readers apply the book's concepts to more than 200 real-world situations and a wealth of learning features. The approach is designed to further heighten readers' own sense of morality. BUSINESS: ITS LEGAL, ETHICAL, AND GLOBAL ENVIRONMENT, 11E effectively illustrates how law and ethics apply to issues in the workplace and serves as an excellent resource for future business managers. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.
