Sociological Abstracts - 1998

CSA Sociological Abstracts abstracts and indexes the international literature in sociology and related disciplines in the social and behavioral sciences. The database provides abstracts of journal articles and citations to book reviews drawn from over 1,800+ serials publications, and also provides abstracts of books, book chapters, dissertations, and conference papers.

Eyes of the Rigel - Roy Jacobsen 2020-08-06

The third novel in a historical trilogy that began with the International Booker shortlisted *The Unseen* "Taken together, Jacobsen has given us an epic of Norway's experience of the first half of the 20th century that is subtle and moving" David Mills, Sunday Times "Jacobsen can make almost anything catch the light . . . One of Norway's greatest writers on the working class" Times Literary Supplement The journey had taken on its own momentum, it had become an autonomous, independent entity, she was searching for love, and was still happily unaware that truth is the first casualty of peace. The long war is over, and Ingrid Barroy leaves the island that bears her name to search for the father of her child. Alexander, the Russian captive who survived the sinking of prisoner ship the Rigel and found himself in Ingrid's arms, made an attempt to cross the mountains to Sweden. Ingrid will follow in his footsteps, carrying her babe in arms, the child's dark eyes the only proof that she ever knew him. Along the way, Ingrid's will encounter collaborators, partisans, refugees, deserters, slaves and sinners, in a country that still bears the scars of defeat and occupation. And before her journey's end she will be forced to ask herself how well she knows the man she is risking everything to find. Translated from the Norwegian by Don Bartlett and Don Shaw Don Bartlett is the acclaimed translator of books by Karl Ove Knausgård, Jo Nesbø and Per Petterson. Don Shaw, co-translator, is a teacher of Danish and author of the standard Danish-Thai/Thai-Danish dictionaries. With the support of the Creative Europe Programme of the European Union

Sociologists in Action - Kathleen Odell Korgen 2013-03-14

Brings the subject matter of sociology to life for students. Linking theory and practice, this textbook explores how sociological knowledge is used in the community to fight for social change and justice.

Our Social World - Jeanne H. Ballantine 2016-11-30

Inspire your students to develop their sociological imaginations in *Our Social World*. Focused on deep learning rather than memorization, this book encourages readers to analyze, evaluate, and apply information about the social world; to see the connection between the world and personal events from a new perspective; and to confront sociological issues on a day-to-day basis. Organized around the "Social World Model", a conceptual framework used across chapters to see the complex links between various micro- to macro-levels of the social system, students will develop the practice of using three levels of analysis, and to view sociology as an integrated whole, rather than a set of discrete subjects.

The Borders of Race - Melinda Mills 2020-03

Who is "multiracial"? And who decides? Addressing these two fundamental questions, Melinda Mills builds on the work of Heather Dalmage to explore the phenomenon-and consequences-of racial border patrolling by strangers, family members, friends, and even multiracial people themselves.

Our Social World - Dr Jeanne H Ballantine 2011-04-25

The Third Edition of *Our Social World: Introduction to Sociology* is truly a coherent textbook that inspires students to develop their sociological imaginations, to see the world and personal events from a new perspective, and to confront sociological issues on a day-to-day basis. Key Features: * Offers a strong global focus: A global perspective is integrated into each chapter to encourage students to think of global society as a logical extension of their own micro world. * Illustrates the practical side of sociology: Boxes highlight careers and volunteer opportunities for those with a background in sociology as well as policy issues that sociologists influence. * Encourages critical thinking: Provides various research strategies and illustrates concrete examples of the method being used to help students develop a more sophisticated epistemology. * Presents "The Social World Model" in each chapter: This visually-compelling organizing framework opens each chapter and helps students understand the interrelatedness of core concepts. New to the Third Edition: * Thirty new boxed features, including the innovative 'Engaging Sociology' and 'Applied Sociologists at Work' features * Three substantially reorganised chapters (2. Examining the Social World, 3. Society and Culture, and 13. Politics and Economics) * 315 entirely new references and 120 new photos.

Sociologists in Action on Inequalities - Shelley K. White 2014-05-30

Sociologists in Action on Inequalities: Race, Class, Gender, and Sexuality, by Shelley K. White, Jonathan M. White, and Kathleen Korgen, is a brief anthology of original readings that are perfect for Race and Ethnicity; Race, Class, and Gender; Introduction to Sociology; Social Problems; Social Inequality; Senior Capstone and other courses taught through the central lens of diversity. Like its companion *Sociologists in Action* volume, on social change and social justice, this collection brings together dozens of accounts of sociologists who are using their sociology to make a positive impact on society. Each of the 30 selections describe, through firsthand experience, how sociology can be used to address enduring problems of prejudice and discrimination based on race, nationality, class, gender, and sexuality. Discussion questions and suggested readings and resources at the end of every chapter will provide students with opportunities to delve further into the topics covered and help create full and nuanced discussions, grounded in the "real world" work of public and applied sociologists.

Occupy - Noam Chomsky 2012

With urgency and clarity, Noam Chomsky speaks with the movement as it transitions from occupying tent camps to occupying the national conscience

Freud Upside Down - Badia Sahar Ahad 2010-10-07

This thought-provoking cultural history explores how psychoanalytic theories shaped the works of important African American literary figures. Badia Sahar Ahad details how Nella Larsen, Richard Wright, Jean Toomer, Ralph Ellison, Adrienne Kennedy, and Danzy Senna employed psychoanalytic terms and conceptual models to challenge notions of race and racism in twentieth-century America. *Freud Upside Down* explores the relationship between these authors and intellectuals and the psychoanalytic movement emerging in the United States over the course of the twentieth century. Examining how psychoanalysis has functioned as a cultural phenomenon within African American literary intellectual communities since the

1920s, Ahad lays out the historiography of the intersections between African American literature and psychoanalysis and considers the creative approaches of African American writers to psychological thought in their work and their personal lives.

The Cambridge Handbook of Sociology - Kathleen Odell Korgen 2020-03-26

Whether a student, an instructor, a researcher, or just someone interested in understanding the roots of sociology and our social world, *The Cambridge Handbook of Sociology, Volume 1* is for you. This first volume of the Handbook focuses on core areas of sociology, such as theory, methods, culture, socialization, social structure, inequality, diversity, social institutions, social problems, deviant behavior, locality, geography, the environment, and social change. It also explains how sociology developed in different parts of the world, providing readers with a perspective on how sociology became the global discipline it is today. Each essay includes a discussion of how the respective subfield contributes to the overall discipline and to society. Written by some of the most respected scholars, teachers, and public sociologists in the world, the essays are highly readable and authoritative.

Our Social World + The Engaged Sociologist Bundle - Jeanne H. Ballantine 2007-06-15

Order this DISCOUNTED BUNDLE, and your students save! *Our Social World: Introduction to Sociology* introduces the discipline of sociology to the contemporary student and provides an integrated, comprehensible framework from which to view the world. In each chapter, authors Jeanne H. Ballantine and Keith A. Roberts provide an organizing theme that is not exclusively tied to one theoretical paradigm to help students see relationships between topics. *Our Social World* presents the perspective of students living in the larger global world. Key Features Offers a strong global focus: A global perspective is integrated into each chapter to encourage students to think of global society as a logical extension of their own micro world. Illustrates the practical side of sociology: Boxes highlight careers and volunteer opportunities for those with a background in sociology as well as policy issues that sociologists influence. Encourages critical thinking: This book provides various research strategies and illustrates concrete examples of the method being used to help students develop a more sophisticated epistemology. Presents "The Social World Model" in each chapter: This organizing framework helps students understand the interrelatedness of core concepts. Accompanied by High Quality Ancillaries Instructor's Resources on CD-ROM are available to all adopters. IRCDs are available for qualified instructors only. To request an IRCD for this book please contact Customer Care at 1.800.818.7243 (6 am – 5 pm Pacific Time) or by emailing info@sagepub.com with course name and enrollment and your university mailing address to expedite the process. Student study site at www.pineforge.com/ballantinestudy This study site includes e-Flashcards to reinforce key concepts, self-quizzes, web exercises, NPR's This American Life radio segments, and more. Free online access to the 21st Century Sociology: A Reference Handbook to adopters of *Our Social World*: Plus guides to using that Handbook in conjunction with *Our Social World* in the classroom - preview them by clicking here! Choose OUR SOCIAL WORLD and a portion of royalties automatically go towards the new SAGE Pine Forge Award! SAGE and Pine Forge Press have developed an Awards Fund in partnership with the American Sociological Association, participating authors, and regional sociological societies to defray costs for graduate students and untenured faculty (by amounts of \$1000 each) who wish to attend the ASA's annual pre-conference on Preparing Future Faculty. Intended Audience: This is an ideal text for undergraduate courses in introductory sociology such as *Introduction to Sociology* and *Principles of Sociology*. *The Engaged Sociologist: Connecting the Classroom to the Community* brings the "public sociology" movement into the classroom, as it teaches students to use the tools of sociology to become effective participants in our democratic society. Through exercises and projects, authors Kathleen Korgen and Jonathan M. White encourage students to practice the application of these tools in order to get both hands-on training in sociology and experience with civic engagement in their communities. Key Features Connects the classroom to the community: Chapters relate the key topics covered in *Introduction to Sociology* and *Social Problems* courses to civic engagement exercises. Provides fun, interesting, and easy ways to learn the tools of sociology: Each chapter contains both hands-on data collection exercises (e.g. surveys, interviews, observations), and library-based research. Offers a global perspective: Each chapter contains at least one international example on the subject area, connecting students to the global, as well as local and national communities. Illustrates how students can influence society: An "Engaged Sociologist" section highlights a

sociologist or sociology student working on an issue presented in the chapter. Entices students to become more active, effective citizens: The book suggests specific actions students can take in their community such as throwing a fundraiser, participating in "actions" via the web, organizing a forum on campus, etc. Additional Resources For Professors: Sample chapters on Culture; Family and the Economy; and Race and Ethnicity A sample syllabus for using this text in an Intro to Sociology course; Interested in chapter-by-chapter test banks? Contact your sales rep at textsales@sagepub.com or by calling 1-866-434-2577.

Verification of adoption of this text required to receive test bank. For Students: Research guidelines Links to websites and peer-reviewed articles related to the topics covered in each of the chapters, Exercises linked to Research and Ethics (Chapter 3) and other exercises; A survey, scoring sheet, interview guidelines, and more for Chapter 12, Resources for Civic-Engagement Organizations, Job and Volunteer Opportunities, and more Intended Audience: This is an excellent, low-cost supplemental as well as an effective brief stand-alone core text for a variety of undergraduate courses in Introductory Sociology such as *Principles of Sociology*, *Social Problems*, *Applied Sociology*, and more.

The Engaged Sociologist - Kathleen Odell Korgen 2014-10-08

This fully updated edition of *The Engaged Sociologist* carries the public sociology movement into the classroom while at the same time providing an engaging overview of the entire field. It demonstrates how to think sociologically, to develop a sociological eye and to use sociological tools to become effective participants in a democratic society.

Sociology in Action - Kathleen Odell Korgen 2019-11-21

Wake up your introductory sociology classes! *Sociology in Action* helps your students learn sociology by doing sociology. *Sociology in Action* by Kathleen Odell Korgen and Maxine P. Atkinson will inspire your students to do sociology through real-world activities designed to increase learning, retention, and engagement with course material. Packed with new activities and thought-provoking questions to help explain key concepts, the Second Edition of this innovative bestselling text immerses students in an active learning experience that emphasizes hands-on work, application, and learning by example. Each chapter has been updated to reflect recent societal changes including: the causes for and ramifications of the 2016 election; the latest issues facing the LGBT community, people of color, immigrants and refugees, and the shrinking middle class; and student loan debt. The comprehensive Activity Guide that accompanies the text provides everything you need to assign, carry out, and assess the activities that will best engage your students, fit the format of your course, and meet your course goals. Also available as a digital option (courseware). Contact your rep to learn more about *Sociology in Action, Second Edition - Vantage Digital Option*.

Book Review Index - 2004

Every 3rd issue is a quarterly cumulation.

Figures of the Future - Michael Rodríguez-Muñiz 2021-07-06

An in-depth look at how U.S. Latino advocacy groups are using ethnoracial demographic projections to bring about political change in the present For years, newspaper headlines, partisan speeches, academic research, and even comedy routines have communicated that the United States is undergoing a profound demographic transformation—one that will purportedly change the "face" of the country in a matter of decades. But the so-called browning of America, sociologist Michael Rodríguez-Muñiz contends, has less to do with the complexion of growing populations than with past and present struggles shaping how demographic trends are popularly imagined and experienced. Offering an original and timely window into these struggles, *Figures of the Future* explores the population politics of national Latino civil rights groups. Based on eight years of ethnographic and qualitative research, spanning both the Obama and Trump administrations, this book investigates how several of the most prominent of these organizations—including UnidosUS (formerly NCLR), the League of United Latin American Citizens, and Voto Latino—have mobilized demographic data about the Latino population in dogged pursuit of political recognition and influence. In census promotions, get-out-the-vote campaigns, and policy advocacy, this knowledge has been infused with meaning, variously serving as future-oriented sources of inspiration, emblems for identification, and weapons for contestation. At the same time, Rodríguez-Muñiz considers why these political actors have struggled to translate this demographic growth into tangible political gain and how

concerns about white backlash have affected how they forecast demographic futures. Figures of the Future looks closely at the politics surrounding ethnoracial demographic changes and their rising influence in U.S. public debate and discourse.

American Ethnicity - Adalberto Aguirre 1995

Recognizing Race and Ethnicity, Student Economy Edition - Kathleen Fitzgerald 2019-07-05

To better reflect the current state of research in the sociology of race/ethnicity, this book places significant emphasis on white privilege, the social construction of race, and theoretical perspectives for understanding race and ethnicity.

Culture Moves - Thomas R. Rochon 2018-06-05

Some periods in history are marked by stability in cultural values; at other times, values undergo rapid change. How and why do cultural transformations, such as those affecting race and gender relations, take place? How does one value win acceptance in society when there are conflicting values competing for attention? In *Culture Moves*, Thomas Rochon addresses this complex process and develops a theory to explain both how values originate and how they spread. In particular, he analyzes the crucial role that small communities of critical thinkers play in developing new ideas and inspiring their dissemination through larger social movements. Rochon develops this theory by drawing from such sources as survey research, content analysis of the mass media, and historical accounts. He focuses mainly on contemporary issues in the United States--such as feminism, civil rights, and environmentalism--but also discusses cases ranging from the French Revolution to the abolition of slavery. He explores the cultural niches--typically universities and research institutes--where new ideas and values evolve and then traces how these ideas play out in society through movements that may have little formal structure. Attention in the media, he argues, is often a deciding move in the contest over public opinion. This book will fundamentally revise how we understand the process of social change and what the prospects are for particular culture moves in the future.

iMarcha! - Amalia Pallares 2010

movement. The result is a timely volume likely to provoke debate and advance the national conversation about immigration in innovative ways. Contributors are Frances R. Aparicio, Jose Antonio, Arellano, Xochitl Bada, David Bleeden, Ralph Cintron, Stephen P. Davis, Leon Fink, Nilda Flores-Gonzalez, Caroline Gottschalk-Druschke, Elena R. Gutierrez, Juan R. Martinez, Sonia Oliva, Irma M. Olmedo, Amalia Pallares, Jose Perales-Ramos, Leonard G. Ramirez, Michael Rodriguez Muniz, and R. Stephen Warner. --Book Jacket.

Social Problems - Maxine P. Atkinson 2019-12-04

The authors are proud sponsors of the 2020 SAGE Keith Roberts Teaching Innovations Award—enabling graduate students and early career faculty to attend the annual ASA pre-conference teaching and learning workshop. Wake up your social problems classes! *Social Problems: Sociology in Action* helps your students learn sociology by doing sociology. *Social Problems: Sociology in Action* will inspire your students to do sociology through real-world activities designed to increase learning, retention, and engagement with course material. Inspired by the best-selling introductory sociology text, *Sociology in Action*, this innovative new book immerses students in an active learning experience that emphasizes hands-on work, application, and learning by example as they grapple with the causes and consequences of social problems as well as possible solutions. Each chapter explains key concepts and theories in social problems and pairs that foundational coverage with a series of carefully developed learning activities and thought-provoking questions. The comprehensive Activity Guide that accompanies the text provides everything you need to assign, carry out, and assess the activities that will best engage your students, fit the format of your course, and meet your course goals. In Every Tongue - Diane Tobin 2005

In Every Tongue explodes the myth of a single authentic Judaism and shines a bright light on the thousands of ethnically and racially diverse Jews in the United States who live full and rich Jewish lives. This book imagines a vibrant and daring future for the Jewish people: becoming who they have always been.

Directory of Members - American Sociological Association 1995

Environmental Justice in the Anthropocene - Stacia Ryder 2021-06-10

Through various international case studies presented by both practitioners and scholars, *Environmental Justice in the Anthropocene* explores how an environmental justice approach is necessary for reflections on inequality in the Anthropocene and for forging societal transitions toward a more just and sustainable future. Environmental justice is a central component of sustainability politics during the Anthropocene – the current geological age in which human activity is the dominant influence on climate and the environment. Every aspect of sustainability politics requires a close analysis of equity implications, including problematizing the notion that humans as a collective are equally responsible for ushering in this new epoch. Environmental justice provides us with the tools to critically investigate the drivers and characteristics of this era and the debates over the inequitable outcomes of the Anthropocene for historically marginalized peoples. The contributors to this volume focus on a critical approach to power and issues of environmental injustice across time, space, and context, drawing from twelve national contexts: Austria, Bangladesh, Chile, China, India, Nicaragua, Hungary, Mexico, Brazil, Sweden, Tanzania, and the United States. Beyond highlighting injustices, the volume highlights forward-facing efforts at building just transitions, with a goal of identifying practical steps to connect theory and movement and envision an environmentally and ecologically just future. This interdisciplinary work will be of great interest to students, scholars, and practitioners focused on conservation, environmental politics and governance, environmental and earth sciences, environmental sociology, environment and planning, environmental justice, and global sustainability and governance. It will also be of interest to social and environmental justice advocates and activists.

Social Inequality - Louise Warwick-Booth 2013-08-13

"What makes this book stand out for me is that, as well as being theoretically informed and clearly written, its structure lends itself unmistakably to teaching... If our aim is to teach truly engaged students, it should be our job to provide truly engaging materials. This is what you will find with this particular book. It will help to inform your disciplinary teaching of social inequality across the social sciences and it will provide a solid basis for your seminar work with students." - Helen Jones, Higher Education Academy "Warwick-Booth has provided a highly readable introductory text that will be accessible to everyone interested in this area of study, and I highly recommend it for those embarking on studies of social inequality." - LSE Review of Books What is the state of social inequality today? How can you situate yourself in the debates? This is an essential book that not only introduces you to the key areas, definitions and debates within the field, but also gives you the opportunity to reflect upon the roots of inequality and to critically analyse power relations today. With international examples and a clear interdisciplinary approach throughout, the book encourages you to look at social inequality as a complex social phenomenon that needs to be understood in a global context. This book: Looks at social divisions across societies Explores global processes and changes that are affecting inequalities Discusses social inequality in relation to class, gender and race Examines current social policy approaches to explore how these relate to inequality Reflects upon the potential solutions to inequalities This engaging and accessible introduction to social inequality is an invaluable resource for students across the social sciences. Louise Warwick-Booth is Senior Lecturer in Health Policy at Leeds Metropolitan University, UK.

American Book Publishing Record - 2003

From Black to Biracial - Kathleen Odell Korgen 1998

Examining the racial self-definition of black/white biracial Americans, this sociological study delves into the current and historical relationship between biracial Americans and the racial structure of the United States.

Social Problems - Maxine P. Atkinson 2019-12-04

Wake up your social problems classes! Social Problems: Sociology in Action helps your students learn sociology by doing sociology. Social Problems will inspire your students to do sociology through real-world activities designed to increase learning, retention, and engagement with course material.

The Engaged Sociologist - Kathleen Odell Korgen 2014-09-23

This fully updated edition of *The Engaged Sociologist* by Kathleen Odell Korgen carries the public sociology movement into the classroom, while at the same time providing an engaging overview of the entire field. It demonstrates how to think sociologically, to develop a sociological eye, and to use sociological tools to become effective participants in a democratic society. Perfect as a supplement for an introductory course, or as a main text for any course that has public sociology at its roots, this inspiring book will serve as a guidebook to any student who is passionate about applying sociological concepts to the world around them.

The Cambridge Handbook of Sociology: Volume 2 - Kathleen Odell Korgen 2017-08-11

Whether a student, an instructor, a researcher, or just someone interested in understanding the roots of sociology and our social world, *The Cambridge Handbook of Sociology, Volume 2* is for you. This second volume of the Handbook covers specialties within sociology and interdisciplinary studies that relate to sociology. It includes perspectives on race, class, feminist theories, special topics (e.g. the sociology of nonhuman animals, quality of life/social indicators research, the sociology of risk, the sociology of disaster, the sociology of mental health, sociobiology, the sociology of science and technology, the sociology of violence, environmental justice, and the sociology of food), the sociology of the self, the sociology of the life course, culture and behavior, sociology's impact on society, and related fields (e.g. criminology, criminal justice studies, social work, social psychology, sociology of translation and translation studies, and women and gender studies). Each essay includes a discussion of how the respective subfield contributes to the overall discipline and to society. Written by some of the most respected scholars, teachers, and public sociologists in the world, the essays are highly readable and authoritative.

America, History and Life - 1999

Provides historical coverage of the United States and Canada from prehistory to the present. Includes information abstracted from over 2,000 journals published worldwide.

Sociology: A Very Short Introduction - Steve Bruce 2018-09-20

Drawing on studies of social class, crime and deviance, education, work in bureaucracies and changes in religious and political organizations, this Very Short Introduction explores the tension between the individual's place in society and society's role in shaping the individual, and demonstrates the value of sociology for understanding the modern world. In this new edition Steve Bruce discusses the continuing arguments for social egalitarianism, considering issues such as gay marriage, women in combat roles, and the 2010 Equality Act to debunk contemporary arguments against parity. As gender divisions are increasingly questioned he looks ahead to the likely consequences of this for society. Delving into the theory of sociology, Bruce also argues that the habit of dividing sociology into apparently competing 'sects' is misleading, and shows how a new understanding of the disciplinary background of many of the most famous theorists, which shows that much social theory is actually philosophy or literary theory, will prove useful to today's sociologists. ABOUT THE SERIES: The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area. These pocket-sized books are the perfect way to get ahead in a new subject quickly. Our expert authors combine facts, analysis, perspective, new ideas, and enthusiasm to make interesting and challenging topics highly readable.

Obama and the Biracial Factor - Andrew Jolivette 2012-02

Since 2008 there has been a flowering of books, films, and articles about the role of race in the election of the first person of color to the White House. Surprisingly, none of these works has delved into the multifaceted meanings of Barack Obama's biracial background. The first book to explore the role of Obama's mixed-race identity in his path to the presidency, *Obama and the Biracial Factor* also offers a broad but penetrating view of the importance of race and multiraciality in the ongoing development of

American politics at home and abroad. In a series of timely essays, an esteemed group of contributors brings biracial identity to the forefront of our understanding of the Obama administration's policies on race. In laying out new frameworks for thinking about multiraciality in a globalized context, these innovative essays challenge us to contemplate the crucial differences between striving for a "postracist" rather than a "postracial" society. Drawing from a wide array of disciplines—from political science and public policy to sociology and ethnic studies—Obama and the Biracial Factor provides novel insights into issues such as equity, social justice, and political reform.

Sociologists in Action - Kathleen Odell Korgen 2013-03-14

The only text to provide real-life examples of how practicing sociologists use sociology to work toward social change and social justice! Providing vivid examples of how sociologists are using sociological tools to make a positive impact on our society, this one-of-a-kind book helps students better understand how their study of sociology can be put to good use in today's world. Each of the 14 chapters, closely aligned with key topics in sociology courses, is filled with stories from practicing sociologists that help students better understand how their sociology studies can be applied and provides answers to the question, "...but what can I do with a sociology degree?" Discussion questions and suggested additional readings and resources at the end of each chapter give students the opportunity to delve further into the topics covered and carry out full and nuanced discussions, grounded in the "real world" work of public sociologists. Contributor to the SAGE Teaching Innovations and Professional Development Award Find out more at www.sagepub.com/sociologyaward

American Doctoral Dissertations - 1997

Racially Mixed People in America - Maria P. P. Root 1992-02-03

Although America has been experiencing a biracial baby boom for the last 25 years, there has been a dearth of information about how racially mixed people identify and view themselves as well as relate to one another. *Racially Mixed People in America* bridges this gap and offers a comprehensive look at all the issues involved in doing research with mixed race people, all in the context of America's multiracial past and present.

'Mixed Race' Studies - Jayne O. Ifekwunigwe 2015-03-24

Mixed race studies is one of the fastest growing, as well as one of the most important and controversial areas in the field of race and ethnic relations. Bringing together pioneering and controversial scholarship from both the social and the biological sciences, as well as the humanities, this reader charts the evolution of debates on 'race' and 'mixed race' from the nineteenth to the twenty-first century. The book is divided into three main sections: tracing the origins: miscegenation, moral degeneracy and genetics mapping contemporary and foundational discourses: 'mixed race', identities politics, and celebration debating definitions: multiraciality, census categories and critiques. This collection adds a new dimension to the growing body of literature on the topic and provides a comprehensive history of the origins and directions of 'mixed race' research as an intellectual movement. For students of anthropology, race and ethnicity, it is an invaluable resource for examining the complexities and paradoxes of 'racial' thinking across space, time and disciplines.

Fire in the Crucible - John Briggs 2000-11-01

What makes a genius different? Is a genius born or made? In this exploration of creativity, the author reveals that there is no special trait of genius. Rather than being gifted above ordinary people, a genius will give expression to subtle nuisances, and perceptions that others ignore.

The Engaged Sociologist - Kathleen Odell Korgen 2014-09-23

This fully updated edition of *The Engaged Sociologist* by Kathleen Odell Korgen carries the public sociology movement into the classroom, while at the same time providing an engaging overview of the entire field. It demonstrates how to think sociologically, to develop a sociological eye, and to use sociological tools to become effective participants in a democratic society. Perfect as a supplement for an introductory course, or as a main text for any course that has public sociology at its roots, this inspiring book will serve as a guidebook to any student who is passionate about applying sociological concepts to the world around them.

Against Schooling - Stanley Aronowitz 2015-12-03

In *Against Schooling*, Stanley Aronowitz passionately raises an alarm about the current state of education in our country. Discipline and control over students, Aronowitz argues, are now the primary criteria of success, and genuine learning is sacrificed to a new educational militarism. In an age where school districts have imposed testing, teachers must teach to test, and both teacher and student are robbed of their autonomy and creativity. The crisis extends to higher education, where all but a few elite institutions are becoming increasingly narrowly focused and vocational in their teaching. With education lacking opportunity for self-reflection on broad social and historical dynamics, *Against Schooling* asks "How will society be able to solve its most pressing problems?" Aronowitz proposes innovative approaches to get schools back on track.

Race, Gender, Sexuality, and Social Class - Susan J. Ferguson 2015-07-16

An eye-opening exploration of how social statuses intersect to shape our identities and produce inequalities. In this fully edited and streamlined *Race, Gender, Sexuality, and Social Class: Dimensions of Inequality and Identity*, Second Edition, Susan Ferguson has carefully selected readings that open readers' eyes to the ways that social statuses shape our experiences and impact our life chances. The anthology

represents many of the leading voices in the field and reflects the many approaches used by scholars and researchers to understand this important and evolving subject. The anthology is organized around broad topics (Identity, Power and Privilege, Social Institutions, etc.), rather than categories of difference (Race, Gender, Class, Sexuality) to underscore this fundamental insight: race, class, gender, and sexuality do not exist in isolation; they often intersect with one another to produce social inequalities and form the bases of our identities in society. Nine readings are new to this edition: Michael Polgar—on Jewish assimilation and culture in the U.S. Katherine Franke—on the 1940 Supreme Court case, *Suneri v. Cassagne*, concerning racial identity Carla Pfeffer—on transgender identity Michelle Alexander—on the New Jim Crow Richard Lachmann—on the decline of the U.S. as an economic and political power Abby Ferber—on privilege and "oppression blindness" Amada Hess—Why Women Aren't Welcome on the Internet Iris Marion Young—Five Faces of Oppression Ellis Cose—Rage of the Privileged "The choice of readings in *Race, Gender, Sexuality, and Social Class: Dimensions of Inequality and Identity* is better than my current text in terms of inequality and steps of closing the gaps." - Dr. Deden Rukmana, Savannah State University "I really like how *Race, Gender, Sexuality, and Social Class: Dimensions of Inequality and Identity* deals with underlying concepts rather than difference by x, y, or z." - Ana Villalobos, Brandeis University
