50 Cars to Drive - Dennis Adler 2008-05-01

A gathering of votes from famous and prestigious drivers such as Carroll Shelby, Bob Bondurant, Sir Stirling Moss, Dan Gurney, and Jay Leno, this book reveals—for the first time—what the professionals list as the best of the best. This is a full-color book that will please anyone who's passionate about driving, even with more mundane transportation.

“There are cars,” says the author, “and then there are those greater than the sum of their parts.” The expert panel picked the top fifty, largely avoiding traditional choices they call simply “fundamental to automotive history.” This panel agreed that the Top Five list includes the 1957 Ferrari Testa Rossa, the 1913 Mercer Racabout, the 1932-37 Model SJ Dusenbergs, the 1955 Mercedes-Benz 300 SLR, and the Maserati Birdcage. Stunning full-color photos complement the passionate text from expert drivers in a book that will rev up the RPMs of many a man (and woman).

Shelby GT40 - Dave Friedman

Shelby Mustang Fifty Years - Colin Comer 2014-09-15

Celebrate America's premier performance car! From the original Shelby Mustang GT350 to today's 700-plus horsepower GT500, Carroll Shelby and Ford Motor Co. have defined high-performance with their Shelby Mustangs. Shelby built his Mustangs from 1965 until 1970, at a time when it seemed that the muscle car was a dying breed. Then an odd thing happened—people began to realize the classic nature of the car almost as soon as Shelby stopped building them and prices began to climb. By the end of the decade, the Shelby Mustang had become one of the first muscle cars to attain classic status, along with the price hike that went along with that recognition. Prices continued to rise into the next century; a 1967 Shelby Mustang GT500 fetched \$451,000 at auction in 2006, at which time production of new Shelby Mustangs began for the first time in 36 years. Since then prices have cooled a bit, but not nearly as much as they have for other muscle cars; Shelby Mustangs still occupy the top slot at most auctions and Shelby continues to build the popular modern versions of the Mustang today. Shelby Mustang: Fifty Years, lavishly illustrated with rare historic photography and modern color images, tells the story of these amazing cars, from the initial collaboration with Ford to today's record-setting high-tech muscle cars.

Linda Vaughn - Rob Kinnan 2016-10-14

Perhaps the most photographed personality in automotive and motorsports history, Linda Vaughn has entertained fans and has been a premier marketer of automotive goods for more than 55 years. From her first days as Miss Atlanta Raceway, coming of age while representing Hurst, through her annual appearances at America's top automotive and racing events, Linda continues to engage fans, drawing long lines whenever she makes an appearance. At her peak, Linda attended more than 100 events annually, year after year, and she still attends more than 25 events each year. The only entity that's probably seen as many events as Linda is Goodyear! For the first time ever, Linda Vaughn allows her fans a behind-the-scenes look at her career in motorsports and promotion through her personal photographic archive and other photos. Through captions, Linda tells the story of individual images recounting countless stories from her photographic memory, with no detail left unshared. She recounts events with racing personalities and automotive icons from George Hurst to Richard Petty to Mario Andretti to Don Garlits. Nobody is left out as Linda tells stories about the photos chronicling her career in Motorsports. Linda Vaughn: The First Lady of Motorsports is the most comprehensive gathering of imagery ever assembled on Linda Vaughn. Through her 50-plus years in Motorsports, Linda has lived it all, been

everywhere, and met everyone. Whether you are simply a fan of Linda or a collector of Linda Vaughn memorabilia, this will be the premier piece in your collection!

The Cobra Story - Carroll Shelby 1965

Carroll Shelby - Rinsey Mills 2014-03-15

The definitive record of the twentieth century's preeminent car builder and racer is now available in an updated paperback edition. It was motoring author Rinsey Mills' passion for AC cars and motorsports history that led to his first meeting with Carroll Shelby. His suggestion that they should collaborate in order to create an accurate record of Shelby's life and achievements at first was rebuffed but later taken up with enthusiasm. This authorized biography is the result. Carroll Shelby: The Authorized Biography was a long time in the making, as Mills left no stone unturned in his quest to produce the complete study of Shelby's remarkable life. He carried out extensive research and conducted numerous interviews, fully capturing the narrative of Carroll Shelby within and outside of the automotive racing world: his childhood in Texas, wartime tenure with the Army Air Force, and postwar entrepreneurship; his earliest race wins in 1952 and his legendary 1959 victory at the 24 Hours of Le Mans; his monumental release of the first Cobra and the formation of Shelby American in 1962; his historical partnership with Ford that would last for decades; all the way through to Shelby's personal hobbies, travels, and present-day legacy. Fascinating photographs from Shelby's personal collection complete a book whose original hardcover edition was published mere weeks before his passing, making Carroll Shelby: The Authorized Biography a magnificent and lasting tribute to one of the greatest automotive figures of the twentieth century.

Ford Mustang 2015 - John Clor 2015-09-15

In Ford Mustang 2015, author John M. Clor tells the inside story of the creation of the latest generation of Ford's favorite muscle car and offers a completely unrestricted view of the design and production process.

Carroll Shelby - Art Evans 2016-09-15

Art Evans was a sports car racer in the 1950s on the West Coast who raced against, and became close friends with, Carroll Shelby. Their intense competition on the track became a lifelong friendship off the track. He and Shelby collaborated on many business projects over the years, including books, marketing projects, projects for the Shelby Foundation, and so on. In his later years, Shelby loved the books about his cars and similar topics, but his eyesight was failing to the point where he had difficulty reading, and really preferred the books that were heavy with photos. It was from that realization that Shelby and Evans decided to work on one last book together. They both combed through the Shelby archives and selected Shelby's favorite images from his racing career. That is almost the entirety of this book. It is packed with photos selected by Shelby himself, and the captions are quotes from Shelby's commentary on the action in the photo, as well as his memories. Unfortunately, Carroll Shelby passed away before the book was fully completed, but Evans, following Shelby's instructions, carried this final project through to completion. Filled with images that have never been seen in print, as well as images not published since the 1950s and 1960s, this final work from Shelby is a personally curated collection by the legend himself. If you are a sports car racing fan, Ford fan, Shelby fan, or any combination of the three, this book is a perfect addition to your automotive library.

Snake Bit: Inside Carroll Shelby's Controversial Series 1 Sports Car - Eric Davison

What Carroll Shelby wanted was a 2,400-pound sports car sheathed in carbon fiber that was the fastest road car in the world. What he got was quite a different matter! The Series 1 was one of the most highly anticipated sports cars in living memory. It was a magazine cover story

seven times and countless more articles were written about it. The car was eventually produced early in 2000-but it reached its owners well behind schedule, at a higher price, and in smaller numbers than first projected. The story of the Shelby Series 1 "is about everything that could possibly go wrong and then did." It's a drama of gigantic and aspiring egos, petty prerogatives, awesome talent, bureaucratic bungling, and brilliant engineering. Of the many cars Shelby created over his career, none was as controversial as the Series 1. Snake Bit - an apt description of what happened to anyone and everyone involved in the project - is required and captivating reading for the thousands of Carroll Shelby fans throughout the world.

Shelby and AC Cobra - Brian Laban 2015-08-31

In the new edition of this classic text, Brian Laban brings the story of the AC Cobra up to date. In the early 1960s, a flamboyant Texan, Carroll Shelby, dreamed of a special kind of sports car, a marriage of European style with lusty, affordable American V8 power. He took his dream forward and he persuaded British sports car specialist AC Cars to build his car, and US industry giant the Ford Motor Co to fund it. Its name also came to him in a dream - Cobra. The original production of the Cobra lasted just five years and encompassed barely a thousand cars built within the original framework. But it was only the beginning of a story that is still very much alive, encompassing 'continuations', spin-offs, and a massive worldwide replica industry. Shelby and AC Cobra details the man behind the cars, the story of their development and engineering, racing pedigree and owning and driving these powerful, iconic cars today. Fully illustrated with 250 archive colour photographs.

1001 Steve McQueen Facts: The Rides, Roles and Realities of the King of Cool - Tyler Greenblatt 2020-04-15

Discover new and unheard-of facts about Hollywood's coolest car guy: Steve McQueen! Steve McQueen touched the world through his larger-than-life onscreen persona portraying characters that were flawed and realistic. He played his roles to perfection due to his own imperfections and the bitter realism of his early life. As he once said, he had seemingly lived an entire lifetime before his 18th birthday, all of which shines through in his signature blue-eyed icy stares. His legacy on film was cemented with Bullitt and Le Man--the first made him an international superstar while the latter nearly bankrupted and killed him. Today, they're among his most popular films. He held nothing back on screen or in life, and today he is remembered and revered not only for his acting but for his racing prowess and the world-class automobile and motorcycle collection he amassed in a relatively short amount of time. Vehicles once owned, driven, or raced by "the King of Cool" habitually sell for double or triple what their provenance-lacking counterparts do. Ask any 25-year-old car or motorcycle nut born more than a decade after his death who Steve McQueen is, and they'll immediately recognize the collector and racer but make no mention of the actor. Author Tyler Greenblatt has waded through the plethora of information available to compile 1,001 of the most interesting Steve McQueen facts in this cumulative volume that is sure to keep fans of the actor, racer, and collector enthralled for hours.

Shelby Mustang GT350 - Chuck Cantwell 2017-08

The last Shelby Cobra - Chris Theodore 2021-09-15

Carroll Shelby, legendary driving ace, race team owner, and designer of Shelby Cobra, Daytona, and Mustang GT350 classics is revered by automotive enthusiasts, yet little has been written about the last quarter century of Carroll Shelby's life. During that time Chris Theodore, VP at Chrysler and Ford, developed a close personal friendship with Carroll. The Last Shelby Cobra chronicles the development of the many vehicles they worked on together (Viper, Ford GT, Shelby Cobra Concept, Shelby GR1, Shelby GT500 and others). It is an insider's story about how Shelby came back to the Ford family, and the intrigue behind the five-year journey to get a Shelby badge on a Ford Production Vehicle. The author provides fresh insight and new stories into Shelby's larger-than-life personality, energy, interests and the many unpublished projects Carroll was involved with, up to his passing. Finally, the book describes their unfinished project, the Super Snake II Cobra, and the serendipitous circumstances that allowed to the author to acquire 'Daisy,' the last Shelby Cobra. To his many fans, Carroll Shelby was truly 'the most

interesting man in the world.'

Shelby American Up Close and Behind the Scenes - Dave Friedman 2017-08-01

Shelby American Up Close and Behind the Scenes brings you closer to the action than ever before with Shelby himself as he creates his iconic speed machines. Prepare for a ride like none other. In 1962 retired racing great Carroll Shelby was looking for his next big move. He'd started a racing school at Riverside Raceway in California, but he really wanted to build his own sports and racing car. He found a promising platform in the British AC Ace, and set about stuffing an American V-8 between the AC's dainty fenders. Thus was born the Shelby Cobra. Shelby set up shop in Venice, California, later in 1962, marking the beginning of the classic Cobra era. It was a near supernatural combination of brilliant designers and wrenches, ever-faster cars, championship-winning teams and drivers, and sheer chutzpah. The Venice shop spawned the 289 Cobra, Daytona Coupe, 427 Cobra, Mustang GT350, Sunbeam Tiger, and more. Eventually the Venice facility could not handle the work, especially when Ford tapped Shelby to create a high-performance version of its new and wildly successful Mustang. Moving to a larger facility and the closer relationship with Ford seemed to diminish the fast and loose nature of the original enterprise. Some of the mojo was lost. Shelby American Up Close and Behind the Scenes takes the reader inside the Venice shop in the critical 1962-1965 period. Author/photographer Dave Friedman was Shelby's official shooter, and he documented everything from Cobra construction to paddock wrenching to race wins. Shelby American Up Close and Behind the Scenes is an insider's look via Friedman's documentary photography and first-person stories from Shelby's key players. It's a must-have review of this critical period in both Shelby's history and the history of American racing.

Inside Shelby American - John Morton 2013-11-18

In the late 1950s, a young John Morton was transfixed with sports car racing. His dreams of competition eventually led him to enroll, in 1962, in the Shelby School of High Performance Driving. In a bold moment after the last class, Morton asked Carroll Shelby if he might come to work for the newly formed Shelby American. The answer was "Yes, here's a broom." Thus ended Morton's college career and began his long racing career. Over the next three years, Morton would be a firsthand witness to the evolution of one of the most iconic sports car builders and racing teams of the 1960s. Inside Shelby American is his personal account of a company overflowing with talent, from designer Pete Brock to fabricator extraordinaire Phil Remington to drivers like Dan Gurney, Ken Miles, Bob Bondurant, and Phil Hill. The cars were equally captivating: AC Cobra, Mustang GT350, Ford GT, Daytona Coupe. In this book, Morton's story is intertwined with the memories of other Shelby staffers of the period, revealing through historic photography and an untold perspective the rousing story of America's most legendary racer

and car builder.

Sports Car Market magazine - April 2008 -

The Carroll Shelby Story - Carroll Shelby 2019-11-15

Hear from racing legend, Carroll Shelby, in his own words in his exciting memoir. Carroll Shelby wasn't born to run. He was born to race—some of the fastest cars ever to tear up a speedway. The exciting new feature film Ford v Ferrari--starring Matt Damon as Shelby and Christian Bale as fellow racer Ken Miles--immortalizes the small-town Texas boy who won the notorious Le Mans 24-hour endurance challenge, and changed the face of auto racing with the Shelby Cobra. But there's much more to his high-velocity, history-making story. A wizard behind the wheel, he was also a visionary designer of speed machines that ruled the racetrack and the road. While his GT40s racked up victories in the world's most prestigious professional racing showdowns, his masterpiece, the Ford Cobra, gave Europe's formidable Ferrari an American--style run for its money. If you've got a need for speed, strap in next to the man who put his foot down on the pedal, kept his eyes on the prize, and never looked back.

Ken Miles: The Shelby American Years - David Friedman 2021-05-25

Ken Miles is one of the most famous sports car racers in history, and his time at Shelby American was the pinnacle of his career. Ride shotgun with Ken Miles through the twists and turns of Sebring, Laguna Seca, Riverside, and Le Mans as seen through the lens of Shelby American photographer Dave Friedman! The hiring of Ken Miles by Carroll Shelby in February 1963 initiated arguably the greatest pairing of driver/owner partnerships in the history of motorsports. Not only did Shelby hire Competition Manager Ken Miles as an accomplished road racer but also Miles brought professionalism, innovation, and a keen attribute of being able to surround himself with budding, talented individuals. The list of race cars that Ken piloted at Shelby American is nearly unrivaled: the Shelby 289 Cobra, 390 Cobra, 427 Cobra, King Cobra, Shelby Daytona, Mustang GT350R, and Ford GT. Ken dominated the 1964 United States Road Racing Championship (USRRC) racing season by winning 8 of 10 races to secure the Manufacturers' Championship. However, it was at Le Mans where Ken Miles became a worldwide household name. The robbery that was the 1966 24 Hours of Le Mans is laid out in excruciatingly accurate detail as Ford royalty Carroll Shelby, Carroll Smith, Homer Perry, Leo Beebe, Charlie Agapiou, Bob Negstad, Carroll Smith, and Peter Miles recall the race and the tragedy that followed two months later. Recapture Ken Miles's career as told by esteemed Shelby American photographer Dave Friedman in this firsthand account titled Ken Miles: The Shelby American Years!

Daytona Cobra Coupes - Peter Brock 1995-12-01

Peter Brock spins the tale of the DAYTONA COBRA COUPES as only one of its original designers could. Detailing the personal rivalries & ambitions that resulted in a drive to beat the Europeans & their mighty Ferraris in GT road racing, this book tells the story of Carroll Shelby's band of hotrodders & their battle to win the 1965 World Championship, the first such title in history to be won by an American team in American cars. "We were just a bunch of hell-raisin', hard-drinkin' renegades tryin' to make somethin' happen" says Carroll Shelby in his foreword to the book. Happen it did & captured in striking action photography by Dave Friedman, the triumphs & struggles unfold in breathtaking sequence as they occurred. From spectator photos & his own private collection taken as official team photographer, Dave contributed over 500 black & white & 100 color photos. This is the story of the dedication, creativity & chemistry of the men who built & drove competitive race cars. It is the story of science & politics & perseverance. It is THE story of the Daytona Cobra Coupes. Order from Stauffer Publishing, P.O. Box 99, Blue Mounds, WI 53517. Phone (800) 328-2683. FAX (608) 437-4530. \$100.

World War II Veterans in Motorsports - Art Evans 2019-07-01

"This generation of Americans has a rendezvous with destiny," said

President Franklin D. Roosevelt of the young Americans who grew up during the deprivation of the Great Depression and later served during World War II. The 23 described in this book went on from military service to make their mark in auto racing, particularly in the sports car scene of the 1950s and 1960s. Ken Miles and Vasek Polak were not Americans during the war but later went on to become citizens. Carroll Shelby was not only a great driver but also created cars that are still manufactured. John Von Neumann and Vasek Polak were instrumental in helping to establish Porsche as a marque in the U.S. John Fitch, Ed Hugus, Chuck Daigh, Bill Stroppe, Max Balchowsky, Jay Chamberlain, Jim Peterson and Paul Newman were heroes in the war before succeeding in businesses and motorsports.
