The Things They Carried - Tim O'Brien 2009-10-13
A classic work of American

literature that has not stopped changing minds and lives since it burst onto the literary scene, *The Things They Carried* is a ground-breaking meditation on war, memory, imagination, and the redemptive power of storytelling. *The Things They Carried* depicts the men of Alpha Company: Jimmy Cross, Henry Dobbins, Rat Kiley, Mitchell Sanders, Norman Bowker, Kiowa, and the character Tim O'Brien, who

has survived his tour in Vietnam to become a father and writer at the age of forty-three. Taught everywhere—from high school classrooms to graduate seminars in creative writing—it has become required reading for any American and continues to challenge readers in their perceptions of fact and fiction, war and peace, courage and fear and longing. *The Things They Carried* won France's prestigious Prix du Meilleur Livre Etranger and the Chicago Tribune Heartland Prize; it was also a finalist for the Pulitzer Prize and the National Book Critics Circle Award.

Remyth - Adam D Martinez 2021-09-26

Remyth is a baptism and an exorcism. It's Hip-Hop and

Punk. It's high art meeting low art at the church altar. It's a Works Cited page meeting with a ruthless remix culture unwilling to claim ownership and more than willing to take what it needs to make meaning. Remyth is a concept that is indebted to remix culture and self-preservation. The spirit of this book is a ritual in form and content, aiming to make sense of a life filled with social media, distrust, anxiety, depression, pop culture, and longing for the feelings that relics of the past can create. This collection of poetry joins various poetic styles (such as prose, rhizomes, futurist, and free verse) to highlight the psychic and corporeal effects of being a multicultural 20-something navigating identity post-heartbreak and in the nascent stages of coming to terms with childhood traumas.

Urban Legends - Ngaire E.

Genge 2010-06-09

Urban Legends is a remarkably complete collection of the modern myths that make the rounds in offices, college dorms, and every other place where people tell the stories that spring from our deepest fears and fascinations. Every culture has its folktales including ours. Except, instead of involving gods and goddesses or princes and princesses, ours involve "some guy my sister's best friend knows" or "someone who woke up in a motel room." They happened, supposedly, to real people, usually recently, in a particular place. And they touch the most sensitive nerves of our psyches with ironic twists, gross-out shocks, and moral lessons learned the hard way. From the classic tale "The Mexican Pet" in which the "dog" turns out to be no Chihuahua to the more unappetizing story of condoms as fast-food burger garnish, from surgically skilled kidney thieves to sexual experiments that end in the emergency

room, Urban Legends relates more 300 of the most enticing, macabre, and unforgettable tales. Expertly told, they are arranged in such chapters as "Crazy Little Thang Called Sex," "Oh, Scare Me," "Campus Capers," "Corporate Convolutions," and "So Much For Comfort Food."

Fascinating, chilling, and occasionally repulsive, Urban Legends has all your favorites and hundreds more.

Todd Anton 2013-11-15

Noah: Man of Resolve - Tim Chaffey 2017-07-01

IMMERSE YOURSELF IN THE WONDERS OF THE EARLY EARTH! Packed with action, adventure, and heartbreak, the second installment of the Remnant Trilogy continues the imaginative and respectful look at the life of this hero of the faith as God shapes him into the man who eventually saves humanity's future. As wickedness increases across the land, Noah and his loved ones endure painful

consequences of a world bent on evil. King Lamech expands his rule through deception and force, but does his kindness toward Noah hint that things may change? Noah and Emzara explore their world and their eyes are opened anew to the creative genius of the Most High, yet mankind's wretchedness threatens to upend their peaceful corner of the world. While tracking down the perpetrator of a malicious crime, they are tested by tragedy and must decide if they will sacrifice everything for truth and justice. After years of serving God, Noah reaches a crisis of faith due to his mounting frustrations with the proliferation of sin and the apparent silence from the Creator. Thrust into a series of perilous situations, Noah's deepest convictions are challenged. His response will direct his course and change the world forever. More than just a novel, *Noah: Man of Resolve* features non-fiction sections in the back of the book that provide answers to popular questions about the

time in which Noah lived and explain where certain characters and events from the book can be seen at the Ark Encounter in Williamstown, Kentucky.

Old-Earth Creationism on Trail

- Tim Chaffey 2008-07-01

"Twenty-somethings once faithfully attended church. What made them stop? While most said they still believe that the Bible is God's Word, they also said that the idea that the earth is millions of years old was one thing that caused them to doubt the bible? The crumbling foundation of the church takes a devastating toll

on future generations.

Therefore, churches must reclaim the historical truth found in Genesis and apply the Bible's authority to every area of life." -Ken Ham, President Answers in Genesis As the modern Church struggles to find a place of relevancy for a new generation that already has massive demands on its time and attention, more and more young people raised in the Church are leaving it - failing to find the answers to their questions of faith and life, beset with doubts raised by issues that the Church chooses not to address. Opting to skirt the controversy of Genesis as literal history, the biblical authority of the Holy Word is called into question and reduced to a collection of mere stories. More popularly considered an issue for schools or in the public realm, the conflicting views on the age of the earth also remain a pivotal issue within the Church - as it has for over two centuries. Was the Creation week literally six days? Does science really point to an old earth? Does the issue

really matter for Christians?
Should this issue even be
discussed within the Church?
