*The Dictionary of Obscure Sorrows* - John Koenig 2021-11-16

NEW YORK TIMES BESTSELLER “It’s undeniably thrilling to find words for our strangest feelings...Koenig casts light into lonely corners of human experience...An enchanting book. “ —The Washington Post A truly original book in every sense of the word, *The Dictionary of Obscure Sorrows* poetically defines emotions that we all feel but don’t have the words to express—until now. Have you ever wondered about the lives of each person you pass on the street, realizing that everyone is the main character in their own story, each living a life as vivid and complex as your own? That feeling has a name: “sonder.” Or maybe you’ve watched a

thunderstorm roll in and felt a primal hunger for disaster, hoping it would shake up your life. That's called "lachesism." Or you were looking through old photos and felt a pang of nostalgia for a time you've never actually experienced. That's "anemoia." If you've never heard of these terms before, that's because they didn't exist until John Koenig set out to fill the gaps in our language of emotion. The Dictionary of Obscure Sorrows "creates beautiful new words that we need but do not yet have," says John Green, bestselling author of *The Fault in Our Stars*. By turns poignant, relatable, and mind-bending, the definitions include whimsical etymologies drawn from languages around the world, interspersed with otherworldly collages and lyrical essays that explore forgotten corners of the human condition—from "astrophe," the longing to explore beyond the planet Earth, to "zenosyne," the sense that time keeps getting faster. The Dictionary of Obscure Sorrows is for anyone who enjoys a shift in perspective, pondering the ineffable feelings that make up our lives. With a gorgeous package and beautiful illustrations throughout, this is the perfect gift for creatives, word nerds, and human beings everywhere.

**Reference Books Bulletin, 1983-1984** - American Library Association. Reference Books Bulletin Editorial Board 1985

**Early Japanese Coins** - David Hartill 2011-10 [16:19:22] Jadles (Jamie): Early Japanese Coins is an up-to-date catalogue of pre-Meiji copper, gold and silver coins. As well as official issues, the often decorative provincial issues are covered. A selection of the intriguing Japanese amulets known as E-sen is also included. It replaces Munro and other western works. It is designed to be used both by advanced collectors who have some knowledge of characters, and beginners who will find the layout easy to follow and will quickly gain a knowledge of this coinage. It draws on historical, as well as the latest western and Japanese numismatic sources, and describes the circumstances under which many of the coins were issued and used. Guides to the Japanese language are given, and maps and lists of era names and rulers add to the background information. There is a description of how the coins were made, illustrated from a

contemporary document. A Finding Guide is provided for the difficult Kanei Tsuho series, which will enable these coins to be readily attributed from the differences in their calligraphy. A rarity guide, linked to an approximate value, is provided for each coin. The author has been studying and collecting Far Eastern coins for over fifty years, and has also written the prize winning *Cast Chinese Coins*, and the definitive *Qing Cash*.
