The Cyclopaedia of Practical Quotations - Jehiel Keeler Hoyt 1894

Popular Culture in Ancient Rome - J. P. Toner 2013-04-25

The mass of the Roman people constituted well over 90% of the population. Much ancient history, however, has focused on the lives, politics and culture of the minority elite. This book helps redress the balance by focusing on the non-elite in the Roman world. It builds a vivid account of the everyday lives of the masses, including their social and family life, health, leisure and religious beliefs, and the ways in which their popular culture resisted the domination of the ruling elite. The book highlights previously under-considered aspects of popular culture of the period to give a fuller picture. It is the first book to take fully into account the level of mental health: given the physical and social environment that most people faced, their overall mental health mirrored their poor physical health. It also reveals fascinating details about the ways in which people solved problems, turning frequently to oracles for advice and guidance when confronted by difficulties. Our understanding of the non-elite world is further enriched through the depiction of sensory dimensions: Toner illustrates how attitudes to smell, touch, and noise all varied with social status and created conflict, and how the emperors tried to resolve these disputes as part of their regeneration of urban life. Popular Culture in Ancient Rome offers a rich and accessible introduction to the usefulness of the notion of popular culture in studying the ancient world and will be enjoyed by students and general readers alike.

Critical Discourse in Odia - Jatindra Kumar Nayak 2021-11-26

This volume forms a part of the Critical Discourses in South Asia series which deals with schools, movements and discursive practices in major South Asian languages. It offers crucial insights into the making of Odia literature and its critical tradition across a century. The book brings together English translation of major writings of influential figures dealing with literary criticism and theory, aesthetic and performative traditions and re-interpretations of primary concepts and categories in Odia. It presents 25 key texts in literary and cultural studies from late 19th century to early 21st century, translated by experts for the first time into English. These seminal essays explore complex interconnections between socio-historical events in the colonial and post-Independence period in Odisha and the language movement. They discuss themes such as the evolving idea of literature and criteria of critical evaluation; revision and expansion of the literary canon; the transition from orality to print; emergence of new reading practices resulting in shifts in aesthetic sensibility; dialectics of tradition and modernity; and the formation, consolidation and political consequences of a language-based identity. Comprehensive and authoritative, this volume offers an overview of the history of critical thought in Odia literature in South Asia. It will be essential for scholars and researchers of Odia language and literature, literary criticism, literary theory, comparative literature, Indian literature, cultural studies, art and aesthetics, performance studies, history,

sociology, regional studies and South Asian studies. It will also interest the Odia-speaking diaspora and those working on the intellectual history of Odisha and eastern India and conservation of language and culture.

The People's Illustrated Dictionary of the English Language - Noah Webster 1874

The Etymological Compendium - William Pulleyne 1840

Latin proverbs and quotations - Alfred Henderson 1869

Holy Bible - Zondervan Publishing House 2013-01-21

A reasonably priced, quality black hardcover pew and ministry Bible featuring a large 12-point font.

Greek Proverbs - D. S. Baker 1998

Faced with the ups and downs of life, love, and fortune, the ancient Greeks shrugged their shoulders and quoted—or created—an apt proverb. Aristotle, for example, observed, "Democracy is the worst form of despotism." Pindar instructed, "Praise old wine, but new poetry." These proverbs are as earthy, direct, sharp, and vivid today as when they were first uttered. The best of these nuggets of wisdom and observation have been collected in this attractive gift book, which is delightfully and humorously illustrated in a Grecian mode. Each proverb is provided in both Ancient and Modern Greek alongside its English translation.

A Collection of Proverbs, Bengali and Sanscrit - 1832

Selected Poems - Haldhar Nag 2020-08-22

"I have often wondered if Haldhar Nag graduated from a poetry school. Of course, that cannot be true, but my feeling arises from the abundance of figures of speech that appear in his poetry. Unknown to him, he sprinkles liberally the effects of alliteration, metaphors, internal rhyming, personification, onomatopoeia, and what have you in his usage. Ghensali (River Ghensali) is personification at its best, where the poet personifies a river in spate as a young lass in exuberance. And yes, he has come out with sonnets too. Read *Ati* (Too Much) to get a taste of Haldhar sonnet. The stanzas are spaced in 4, 4, 4, 2 lines, with a proper rhyme scheme. It leaves me in wonderment again - If he did not go to a poetry school, then did God plant all these literary usages in his head? For the sound effect, listen to *Chaetar Sakaal* (The Morning of March) - twelve stanzas replete with onomatopoeic works. Pity the translator who has to preserve the special effect in another language. I take recourse to the limitations of translation once again and state the obvious: Translations can never attain the beauty of the original. If we liken the original to an attractive painting, at best, the translation can be a replica or a photograph. A hallmark of Haldhar Nag's poetry is what I call the Haldhar twist. It is particularly prominent in his short poems. The poet takes an abrupt turn in the direction in the last stanza, not necessarily for summarizing or moralizing. The surprise turn in the final stanza, instead, leaves the readers with a 'wow' effect. Very many poems in this collection display the Haldhar twist - Our village Cremation Ground, A Cubit Taller, The Dove is my Teacher, and Old Banyan Tree, to name a few", writes the translator in his prefix. The collection has 60 poems.

Quotations from Chairman Mao Tsetung - Zedong Mao 1990

Seven Pillars of Wisdom - T.E. Lawrence 1935

T.E. Lawrence (1888 - 1935), known as "Lawrence of Arabia" was a British archaeologist, army officer, and writer. *Seven Pillars of Wisdom* is an autobiographical account of his participation in the Arab Revolt. The illustrations and maps are included in this version.

SPOKEN ENGLISH FOR ODIA SPEAKERS - V&S EDITORIAL BOARD 2015-01-09

In today's competitive world, Spoken English is considered as a passport for success in life. The craze for learning spoken English has led to the growth of coaching institutes all over the country. Much as they may profess and advertise, it is not really possible to learn any language in 30 days. A person who genuinely wants to learn the language needs to spend two to three hours every day for at least five or six months before he or she would feel confident to communicate in English. The prime objective of this book is to encourage students to learn English as a tool of communication and to enable them to understand the language thoroughly. The book basically takes off from the learner's point of view and guides them through cooperative learning methods in order to help master the effective communication skills in English. The book has been divided into four convenient units of Grammar, Pronunciation, Conversation and Vocabulary. Each chapter covers one main area of learning English - explained with examples. Carefully selected and graded exercises have also been included throughout the book to give readers ample practice and a complete understanding of the subject. In short, the book follows the modern functional approach to the study of English. So readers, it is definitely a one-stop solution for speaking English!

How Proverbs Mean - Neal R. Norrick 1985-01-01

TRENDS IN LINGUISTICS is a series of books that open new perspectives in our understanding of language. The series publishes state-of-the-art work on core areas of linguistics across theoretical frameworks as well as studies that provide new insights by building bridges to neighbouring fields such as neuroscience and cognitive science. TRENDS IN LINGUISTICS considers itself a forum for cutting-edge research based on solid empirical data on language in its various manifestations, including sign languages. It regards linguistic variation in its synchronic and diachronic dimensions as well as in its social contexts as important sources of insight for a better understanding of the design of linguistic systems and the ecology

and evolution of language. TRENDS IN LINGUISTICS publishes monographs and outstanding dissertations as well as edited volumes, which provide the opportunity to address controversial topics from different empirical and theoretical viewpoints. High quality standards are ensured through anonymous reviewing.
