If On A Winter's Night A Traveler - Italo Calvino 2012-12-11

These seemingly disparate characters gradually realize their connections to each other just as they realize that something is not quite right about their world. And it seems as though the answers might lie with Hawthorne Abendsen, a mysterious and reclusive author whose bestselling novel describes a world in which the

US won the War... The Man in the High Castle is Dick at his best, giving readers a harrowing vision of the world that almost was. "The single most resonant and carefully imagined book of Dick's career." —New York Times
Vaclav and Lena - Haley Tanner 2011-05-17
Set in New York's Russian émigré community, Vaclav & Lena is a timeless love story from a stunningly gifted young

novelist. Vaclav and Lena, both the children of Russian émigrés, are at the same time from radically different worlds. While Vaclav's burgeoning love of performing magic is indulged by hard-working parents pursuing the American dream, troubled orphan Lena is caught in a domestic situation no child should suffer through. Taken in as one of her own by Vaclav's big-hearted mother, Lena might finally be able to blossom; in the naive young magician's eyes, she is destined to be his "faithful assistant"...but after a horrific discovery, the two are ripped apart without even a goodbye. Years later, they meet again. But will their past once more conspire to keep them apart?

Mossy Trotter - Elizabeth

Taylor 2015-04-02

'It's always a treat to read Elizabeth Taylor. Mossy Trotter is a real gem. A delightfully mischievous boy living in those long-ago halcyon days when children played out all day, roaming commons, scavenging on rubbish tips and stamping in newly-laid tar' JACQUELINE

WILSON 'We - that is, Herbert and I - want you, Mossy, to be our page-boy,' Miss Silkin said, staring hard at Mossy again, as if she were trying to imagine him dressed up, and with his hair combed. Mossy went very red, and nearly choked on a piece of cake, and Selwyn laughed, and went on laughing, as if he had just heard the funniest joke of all his life. They both knew what being a page-boy meant. One of the boys at school - one of the very youngest ones - had had to be one, wearing velvet trousers and a frilled blouse.' When Mossy moves to the country, life is full of delights - trees to climb, woods to explore and, best of all, the marvellous dump to rummage through. But every now and then his happiness is disturbed - chiefly by his mother's meddling friend, Miss Silkin. And a dreaded event casts a shadow over even the sunniest of days - being a page-boy at her wedding. In her only children's book, Elizabeth Taylor perfectly captures the temptations, confusion and

terrors of a mischievous boy,
and just how illogical,
frustrating and inconsistent
adults are!

The Descent - Jeff Long
1999-11-12

We are not alone. Some call them devils or demons. But they are real. They are down there. And they are waiting for us to find them. In a cave in the Himalayas, a guide discovers a self-mutilated body with a warning: Satan exists. In the Kalahari Desert, a nun unearths evidence of a proto-human species and a deity called Older-than-Old. In Bosnia, something has been feeding upon the dead in a mass grave. So begins mankind's most shocking realization: the underworld is a vast geological labyrinth populated by another race of beings. With all of Hell's precious resources and territories to be won, a global race ensues. Nations, armies, religions, and industries rush to colonize and exploit the subterranean frontier. A scientific expedition is launched westward to explore

beneath the Pacific Ocean floor, both to catalog the riches there and to learn how life could develop in the sunless abyss. But in the dark underground, as humanity falls away from them, the scientists and mercenaries find themselves prey not only to the savage creatures, but also to their own treachery, mutiny, and greed. One thing is certain: Miles inside the earth, evil is very much alive.

Noah Barleywater Runs Away -
John Boyne 2011-05-10

Eight-year-old Noah's problems seem easier to deal with if he doesn't think about them. So he runs away, taking an untrodden path through the forest. Before long, he comes across a shop. But this is no ordinary shop: it's a toyshop, full of the most amazing toys, and brimming with the most wonderful magic. And here Noah meets a very unusual toymaker. The toymaker has a story to tell, and it's a story of adventure and wonder and broken promises. He takes Noah on a journey. A journey that will change his life.

Iqbal - Francesco D'Adamo
2010-05-11

When young Iqbal is sold into slavery at a carpet factory, his arrival changes everything for the other overworked and abused children there. It is Iqbal who explains to them that despite their master's promises, he plans on keeping them as his slaves indefinitely. But it is also Iqbal who inspires the other children to look to a future free from toil...and is brave enough to show them how to get there. This moving fictionalized account of the real Iqbal Masih is told through the voice of Fatima, a young Pakistani girl whose life is changed by Iqbal's courage.

Raymond Carver - Carol Sklenicka 2009-11-24
The first biography of America's best-known short story writer of the late twentieth century. The London Times called Raymond Carver "the American Chekhov." The beloved, mischievous, but more modest short-story writer and poet thought of himself as "a lucky man" whose renunciation of alcohol allowed him to live

"ten years longer than I or anyone expected." In that last decade, Carver became the leading figure in a resurgence of the short story. Readers embraced his precise, sad, often funny and poignant tales of ordinary people and their troubles: poverty, drunkenness, embittered marriages, difficulties brought on by neglect rather than intent. Since Carver died in 1988 at age fifty, his legacy has been mythologized by admirers and tainted by controversy over a zealous editor's shaping of his first two story collections. Carol Sklenicka penetrates the myths and controversies. Her decade-long search of archives across the United States and her extensive interviews with Carver's relatives, friends, and colleagues have enabled her to write the definitive story of the iconic literary figure. Laced with the voices of people who knew Carver intimately, her biography offers a fresh appreciation of his work and an unbiased, vivid portrait of the writer.

Three Days and a Life - Pierre

Lemaitre 2017-11-07

In 1999, in the small provincial town of Beauval, France, twelve-year-old Antoine Courtin accidentally kills a young neighbor boy in the woods near his home.

Panicked, he conceals the body and to his relief--and ongoing shame--he is never suspected of any connection to the child's disappearance. But the boy's death continues to haunt him, shaping his life in unseen ways. More than a decade later, Antoine is living in Paris, now a young doctor with a fiancée and a promising future. On a rare trip home to the town he hates and fears, Antoine thoughtlessly sleeps with a beautiful young woman from his past. She shows up pregnant at his doorstep in Paris a few months later, insisting that they marry. Meanwhile, the newly discovered body of Antoine's childhood victim means that the case has been reopened, and all of his old fears rush back. With the gravitational pull of his hometown strengthening its grip, Antoine

may finally be forced to confront his past. Is he prepared to do what he must to keep his darkest secrets buried?

Partecipazione creativa dei lavoratori nella 'fabbrica intelligente' - Alberto Cipriani
2018-07-31

Come potrà configurarsi il lavoro in futuro? Quali nuove realtà e valori emergeranno in seguito alle trasformazioni della Quarta Rivoluzione industriale? Quanto la partecipazione dei lavoratori risulterà decisiva per il successo delle organizzazioni? Il libro propone esperienze concrete di partecipazione 'creativa' di lavoratori e manager all'interno di aziende impegnate a sviluppare un'organizzazione intelligente. Nella prima parte del libro parlano operai, impiegati o dirigenti che possono avere anche ruoli negoziali in ordine alla contrattazione sindacale, ma che sono soprattutto impegnati affinché tutto

funzioni, offrendo opportunità in grado di rigenerare i processi e valorizzare i lavoratori. Nella seconda parte sono contenute riflessioni e proposte su come le esperienze di partecipazione possono sollecitare il mondo accademico, le relazioni sindacali, le politiche e il sistema legislativo ad approfondire e tener conto dei nuovi bisogni del lavoro, al fine di costruire un circolo virtuoso che supporti imprese e lavoratori, direzione e partecipazione nelle sfide complesse poste dall'innovazione e dal mondo competitivo della produzione.

The Hatter's Ghosts -

Georges Simenon 2022-09-01
A masterful tale of murder and intrigue in a small French town, from the celebrated author of the Maigret series. Not only had the rain in the dark streets, with a halo around each light and reflections on the ground, always given him a certain thrill, it also made it easier for him to move around. It has been raining for twenty days in

La Rochelle - ever since the first murder. Since then, five more bodies have been found. In the cafes, over card games, a quiet terror of the killer in their midst spreads through the little town. But unknown to anyone, Kachoudas, a poor, timid tailor, has discovered, quite by accident, who the murderer is. As a twisted cat and mouse game begins, Simenon's chilling novel takes us into the darkness of the criminal mind. 'Dark, disturbing ... Simenon discovered something fundamental about the soul'

The Book of Disquiet -

Fernando Pessoa 2010-12-09
Sitting at his desk, Bernardo Soares imagined himself free forever of Rua dos Douradores, of his boss Vasques, of Moreira the book-keeper, of all the other employees, the errand boy, the post boy, even the cat. But if he left them all tomorrow

and discarded the suit of clothes he wears, what else would he do? Because he would have to do something. And what suit would he wear? Because he would have to wear another suit. A self-deprecating reflection on the sheer distance between the loftiness of his feelings and the humdrum reality of his life, *The Book of Disquiet* is a classic of existentialist literature.

Writing Down the Bones -

Natalie Goldberg 2016-02-02

For more than thirty years Natalie Goldberg has been challenging and cheering on writers with her books and workshops. In her groundbreaking first book, she brings together Zen meditation and writing in a new way. Writing practice, as she calls it, is no different from other forms of Zen practice—"it is backed by two thousand years of studying the mind." This thirtieth-anniversary edition includes new forewords by Julia Cameron and Bill Addison. It also includes a new preface in which Goldberg reflects on the enduring quality of the

teachings here. She writes, "What have I learned about writing over these thirty years? I've written fourteen books, and it's the practice here in *Bones* that is the foundation, sustaining and building my writing voice, that keeps me honest, teaches me how to endure the hard times and how to drop below discursive thinking, to taste the real meat of our minds and the life around us."

The Experience of Pain - Carlo Emilio Gadda 2017-10-26

'The seething cauldron of life, the infinite stratification of reality, the inextricable tangle of knowledge are what Gadda wants to depict' Italo Calvino At the height of Fascist rule in Italy and following the death of his mother, Carlo Emilio Gadda began work on his first novel, *The Experience of Pain*. This portrait of a highly educated young man whose anger and frustration frequently erupt in ferocious outbursts directed towards his ageing mother is a powerful critique of the society of his time and the deep wounds inflicted on his

generation. Set in a fictional South American country, *The Experience of Pain* is at once richly imaginative and intensely personal: the perfect introduction to Gadda's innovative style and literary virtuosity. Translated by Richard Dixon

Ethics of Writing - Carlo Sini
2010-07-02

First English translation of Sini's important work on the influence of writing and the alphabet on Western rationality.

Man, Play, and Games - Roger Caillois 2001

According to Roger Caillois, play is an occasion of pure waste. In spite of this - or because of it - play constitutes an essential element of human social and spiritual development. In this study, the author defines play as a free and voluntary activity that occurs in a pure space, isolated

and protected from the rest of life.

Briefing for a Descent Into Hell - Doris Lessing

2009-07-14

In this ambitious novel of madness and release, shortlisted for the Booker Prize, Doris Lessing imagines the fantastical "inner-space" life of an amnesiac. Charles Watkins, a Professor of Classics at Cambridge University, has suffered a breakdown, confined to a mental hospital as his friends and doctors attempt to bring him back to reality. But Watkins has embarked on a tremendous psychological adventure that takes him from a spinning raft in the Atlantic to a ruined stone city on a tropical island to an outer-space journey through singing planets. As he travels in his mind through memory and the farther reaches of imagination, his doctors try to subdue him with ever more powerful drugs in a competition for his soul. In this provocative novel, Lessing takes us on a harrowing voyage into the rarely glimpsed

territory of the inner mind.

I nostri valori, rivisti -

Michael Gorman 2018-10-22

I nostri valori, rivisti è la rilettura profonda, a quindici anni dalla prima edizione, di un'opera - I nostri valori - che tanto ha influito nella discussione sul presente e sul futuro della biblioteca e dei bibliotecari. I valori professionali proposti sono: la capacità di gestione, il servizio, la libertà intellettuale, la razionalità, l'alfabetismo e l'apprendimento, l'equità d'accesso alla conoscenza e all'informazione, la privacy, la democrazia e, rispetto alla prima edizione, Michael Gorman aggiunge il bene superiore. Un'assiologia della biblioteca, dunque, e, ancor più, una difesa del valore della biblioteca, ma anche un trattato sull'advocacy della biblioteca e dei bibliotecari, di un sistema e di una professione che devono evolversi continuamente per ribadire e consolidare la propria centralità nel contesto sociale e culturale.

Between the Lines - Jessica

Morrell 2006-04-25

Effective storytelling stems from many elements, the most crucial of which are unseen or blended in so unobtrusively that they are difficult to spot and analyze. Still, they are necessary to the wholeness and coherence of a story—to create a work that lingers and resonates in the reader's imagination. In *Between the Lines*, author and writing instructor Jessica Page Morrell shows you how to craft a unified and layered novel or short story by mastering subtle storytelling techniques, such as: Using emotional bombshells, surprises, and interruptions to intensify cliffhangers Enlarging your story world through the use of layered subplots Building suspense one scene at a time to maximize the emotional payoff Anchoring your premise to your protagonist's character arc Transitioning into and out of flashbacks without interrupting the mood of your story Detailed instruction combined with examples from well-known authors turn

seemingly complex topics like subtext, revelations, misdirection, and balance into comprehensible techniques that will elevate your writing to the next level.

Writing and Society - Florian Coulmas 2013-02-07

How does writing relate to speech? What impact does it have on social organisation and development? How do unwritten languages differ from those that have a written form and tradition? This book is a general account of the place of writing in society. Drawing on contemporary and historical examples, from clay tablets to touchscreen displays, the book explores the functions of writing and written language, analysing its consequences for language, society, economy and politics. It examines the social causes of illiteracy, demonstrating that institutions of central importance to modern society are built upon writing and written texts, and are characterised by specific forms of communication. It explores the social dimensions of

spelling and writing reform, as well as of digital literacy, a new mode of expression and communication posing novel challenges to the student of language in society.

Questo non è un libro sul COVID - Maria Concetta Distefano 2021-06-03

Libere interpretazioni ironiche e divertenti di un momento buio della nostra esistenza, un viaggio semiserio tra illustrazioni, storie, filastrocche, cronache, racconti, recensioni di film, glossario. di Maria Concetta Distefano, Doriana Bruni, Caterina Pagliasso, Giuliana Milia L'anno appena trascorso e quello da poco iniziato entreranno, molto probabilmente, nei libri di Storia. In ogni caso non saranno da considerare anni normali. Abbiamo tutti dovuto portare, e ancora portiamo, un pesante fardello di conseguenze legate alla pandemia. Ma non è di questo che tratta il volume. Le

illustrazioni, le storie, le filastrocche, le cronache semiserie, i racconti, le recensioni di film, il glossario semiserio sono libere interpretazioni ironiche e divertenti di un momento buio. L'intento è quello di intrattenere chi legge e fornire piccoli spunti di riflessione, ma sempre in punta di sorriso.

Greek Medical Papyri -

Nicola Reggiani 2019-09-23

The volume collects papers presented at the International Conference "Greek Medical Papyri - Text, Context, Hypertext" held at the University of Parma on November 2-4, 2016, as the final event of the ERC project DIGMEDTEXT, aimed primarily at creating an online textual database of the Greek papyri dealing with medicine. The contributions, authored by outstanding papyrologists and historians of the ancient medicine, deal with a variety of topics focused on the papyrological evidence of ancient medical texts and contexts. The first part, devoted to "medical texts",

contains some new reflections on important sources such as the Anonymus Londinensis and the Hippocratic corpus, as well as on specific themes like the pharmacological vocabulary, the official medical reports, the medical care in the Roman army. The second part collects papers about the "doctors' context", providing highlights from broader viewpoints like the analysis of the writing supports, the study of the ostraka from the Eastern Desert, the evidence of inscriptions and philosophical texts. The third part is entirely focused on the DIGMEDTEXT project itself: the team members present some relevant key issues raised by the digitisation of the medical papyri.

The Liars' Gospel -

Naomi Alderman 2013-03-12

An award-winning writer reimagines the life of Jesus, from the points of view of four people closest to him before his death. This is the story of Yehoshuah, who wandered Roman-occupied Judea giving sermons and healing the sick.

Now, a year after his death, four people tell their stories. His mother grieves, his friend Iehuda loses his faith, the High Priest of the Temple tries to keep the peace, and a rebel named Bar-Avo strives to bring that peace tumbling down. It was a time of political power plays and brutal tyranny. Men and women took to the streets to protest. Dictators put them down with iron force. In the midst of it all, one inconsequential preacher died. And either something miraculous happened, or someone lied. Viscerally powerful in its depictions of the period -- massacres and riots, animal sacrifice and human betrayal -- *The Liars' Gospel* makes the oldest story entirely new.

Devil Red - Joe R. Lansdale
2017-01-12

Meet Hap and Leonard, the unlikely detective duo now on screen in the highly praised series starring James Purefoy, Michael K. Williams and Christina Hendricks. If there's one thing Hap Collins and Leonard Pine like, it's trouble -

and they especially like getting paid to find it. So when their friend and sometime boss Marvin Harmon asks the boys to look into a cold-case double homicide, they're happy to oblige. It turns out that both victims were set to inherit some serious money, and one of them ran with an honest-to-goodness vampire cult. The more closely Hap and Leonard look over the crime scene photos, the more trouble they see. The image of a red devil's head is painted on a tree. A little research turns up a slew of murders with that same fiendish signature. And if things aren't weird enough, Leonard has taken to wearing a deerstalker cap... Will this be the case that finally sends Hap over the edge?

Fiammiferino svedese - Elda Lettieri 2021-04-01

“Questo libro rende omaggio alla vita di Folco Celati, un uomo capace di affrontare la prova più dura della vita - la malattia - con coraggio, saggezza e caparbia. Con la sua esperienza è riuscito a ispirare chi lo ha incontrato e

chi ha condiviso con lui un pezzo di strada. In queste pagine gli autori cercano di farlo rivivere: marito e padre devoto, figlio premuroso, amico fedele, appassionato del suo lavoro di Vigile del Fuoco. In ogni ruolo da lui ricoperto, ha fatto emergere umanità e forza d'animo infinite."

Love's Book of Answers -

Carol Bolt 2002-10-08

Bolt's book draws on the ancient wisdom of bibliomancy--the art of foretelling the future using books--to help those enraptured or demolished by love. Created by the bestselling author of the original Book of Answers, this seductive divination tool provides answers to any yes/no question about romantic life.

Job and the Excess of Evil -

Philippe Nemo 1998

In this seminal and provocative work, Nemo returns to the Old Testament and the Book of Job to examine a variety of themes, including personal suffering, the problem of evil and the phenomenology of anxiety. A book filled with biblical insights and remarkable

conclusions.

A World of Your Own - Laura Carlin 2014-09-15

A beautiful picture book for children 4+ taking the reader on a journey through Laura Carlin's own colorful and imaginative visual world.

Reply to a Letter from Helga - Bergsveinn Birgisson 2013-01-01

"Bjarni has long held on to a letter from former lover Helga, with whom he shared an illicit, impassioned love. Her letter invited him to leave his wife and his farm and pursue prosperity in the city, where World War II had brought an influx of American marines and opportunities for work. But he chose not to reply. Years later, as he reflects on a long and simple life among the sheep in the Icelandic hillsides, he finally finds himself ready to explain why"--P. [4] of cover.

The Chosen Ones - Steve Sem-Sandberg 2016-08-02

The Am Spiegelgrund clinic, in glittering Vienna, masqueraded as a well-intentioned reform school for wayward boys and girls and a home for

chronically ill children. The reality, however, was very different: in the wake of Germany's annexation of Austria on the eve of World War II, its doctors, nurses, and teachers created a monstrous parody of the institution's benign-sounding brief. The Nazi regime's euthanasia program would come to determine the fate of many of the clinic's inhabitants. Through the eyes of a child inmate, Adrian Ziegler, and a nurse, Anna Katschenka, Steve Sem-Sandberg, the author of the award-winning *The Emperor of Lies*, explores the very meaning of survival. An absorbing, emotionally overwhelming novel, rich in incident and character, *The Chosen Ones* is obliquely illuminated by the author's sharp sense of the absurd. Passionately serious, meticulously researched, and deeply profound, this extraordinary and dramatic novel bears witness to oppression and injustice, and offers invaluable and necessary insight into an intolerable

chapter in Austria's past.

Cognizione e realtà - Fortunato Tito Arecchi 2018-11-02
Cognizione implica percezione e giudizio. La percezione consiste nell'interpretare uno stimolo sensoriale: è un processo comune a tutti gli animali con cervello e si può descrivere come una inferenza di Bayes in cui l'algoritmo interpretativo è immagazzinato nella memoria a lungo termine. Il giudizio riguarda, invece, il confronto fra due percezioni codificate in un linguaggio, in cui la precedente viene ripresentata dalla memoria a breve termine e confrontata con la successiva. L'operazione - chiamata Bayes inverso - non presuppone un algoritmo, ma ne costruisce uno nuovo

attraverso il confronto. Nel libro si mostra come i salti algoritmici legati a operazioni linguistiche catturino aspetti della realtà non raggiungibili attraverso catene di inferenze di Bayes guidate dallo stesso algoritmo. Oggi sperimentiamo i successi dell'Intelligenza Artificiale (AI), la quale, però,

opera per Bayes diretto, velocizza le catene ricorsive, ma non ricorre a salti algoritmici; pertanto, non contribuisce al linguaggio umano.

Corso di scrittura creativa. La grammatica dell'anima -
Arsenio Siani 2020
