Knockoff: The Deadly Trade in Counterfeit Goods - Tim Phillips 2007-03-03

In this compelling account, Knockoff exposes the truth behind the fakes and uncovers the shocking consequences of dealing in counterfeit goods. Travelling across the globe, Tim Phillips shows that counterfeiting isn't a victimless crime; it is an illegal global industry undermining the world's economies. Based on interviews with victims, investigators and the people who sell counterfeits, Knockoff reveals the link between what we see as "innocent" fakes and organized crime. Phillips describes in detail how the counterfeiters' criminal network costs jobs, cripples developing countries, breeds corruption and violence, and kills thousands of people every year. He shows that by turning a blind eye to the problem, we become accomplices to theft, extortion and murder.

Counterfeit Gods - Timothy Keller 2010-09-16

The issue of idolatry has been with the human race for thousands of years; the subtle temptation is always to take what is good and turn it into the ultimate good, elevating it above all other things in the search for security and meaning. In this timely and challenging book, New York pastor Timothy Keller looks at the

issue of idolatry throughout the Bible -- from the worship of actual idols in the Old Testament, to the idolatry of money by the rich young ruler when he was challenged by Jesus to give up all his wealth. Using classic stories from the Bible Keller cuts through our dependence on the glittering false idols of money, sex and power to uncover the path towards trust in the real ultimate -- God. Today's idols may look different from those of the Old Testament, but Keller argues that they are no less damaging. Culturally transforming as well as biblically based, COUNTERFEIT GODS is a powerful look at the temptation to worship what can only disappoint, and is a vital message in today's current climate of financial and social difficulty.

Flim-Flam Man - Jennifer Vogel 2010-06-15

Major motion picture Flag Day starring Sean Penn and his daughter Dylan Penn is based on this father-daughter story of a charming criminal—told by the daughter who loved him. One frosty winter morning in 1995, Jennifer Vogel opened the newspaper and read that her father had gone on the run. John Vogel, fifty-two, had been arrested for single-handedly counterfeiting nearly \$20 million in U.S. currency—the fourth-largest sum ever seized by federal agents—and then released pending trial. Though Jennifer hadn't spoken to her father in more than four years, the police suspected he might turn up at her Minneapolis apartment. She examined the shadows outside her building, thought she spotted him at the grocery store and the bus stop. He had simply vanished. Framed around the six months her father eluded authorities, Jennifer's memoir documents the police chase—stakeouts, lie detector tests, even a segment on Unsolved Mysteries—and vividly chronicles her tumultuous childhood while examining her father's legacy. A lifelong criminal who robbed banks, burned down buildings, scammed investors, and even plotted murder, John Vogel was also a hapless dreamer who wrote a novel, baked lemon meringue pies, and took his ten-year-old daughter to see Rocky in an empty theater on Christmas Eve. When it came time to pass his counterfeit bills, he spent them at Wal-Mart for political reasons. Culling from memories, photo albums, public documents, and interviews with the handful of people who knew the real John Vogel, this is an intimate and intensely moving psychological portrait of a charismatic, larger-than-life figure—as told by the daughter who nearly followed in his footsteps.

An Unspeakable Crime - Elaine Marie Alphin 2014-08-01

Was an innocent man wrongly accused of murder? On April 26, 1913, thirteen-year-old Mary Phagan planned to meet friends at a parade in Atlanta, Georgia. But first she stopped at the pencil factory where she worked to pick up her paycheck. Mary never left the building alive. A black watchman found Mary's body brutally beaten and raped. Police arrested the watchman, but they weren't satisfied that he was the killer. Then they paid a visit to Leo Frank, the factory's superintendent, who was both a northerner and a Jew. Spurred on by the media frenzy and prejudices of the time, the detectives made Frank their prime suspect, one whose conviction would soothe the city's anger over the death of a young white girl. The prosecution of Leo Frank was front-page news for two years, and Frank's lynching is still one of the most

controversial incidents of the twentieth century. It marks a turning point in the history of racial and religious hatred in America, leading directly to the founding of the Anti-Defamation League and to the rebirth of the modern Ku Klux Klan. Relying on primary source documents and painstaking research, award-winning novelist Elaine Alphin tells the true story of justice undone in America.

The Art of Making Money - Jason Kersten 2009-06-11

Read Jason Kersten's posts on the Penguin Blog. The true story of a brilliant counterfeiter who "made" millions, outwitted the Secret Service, and was finally undone when he went in search of the one thing his forged money couldn't buy him: family. Art Williams spent his boyhood in a comfortable middle-class existence in 1970s Chicago, but his idyll was shattered when, in short order, his father abandoned the family, his bipolar mother lost her wits, and Williams found himself living in one of Chicago's worst housing projects. He took to crime almost immediately, starting with petty theft before graduating to robbing drug dealers. Eventually a man nicknamed "DaVinci" taught him the centuries-old art of counterfeiting. After a stint in jail, Williams emerged to discover that the Treasury Department had issued the most secure hundred-dollar bill ever created: the 1996 New Note. Williams spent months trying to defeat various security features before arriving at a bill so perfect that even law enforcement had difficulty distinguishing

it from the real thing. Williams went on to print millions in counterfeit bills, selling them to criminal organizations and using them to fund cross-country spending sprees. Still unsatisfied, he went off in search of his long-lost father, setting in motion a chain of betrayals that would be his undoing. In *The Art of Making Money*, journalist Jason Kersten details how Williams painstakingly defeated the anti-forging features of the New Note, how Williams and his partner-in-crime wife converted fake bills into legitimate tender at shopping malls all over America, and how they stayed one step ahead of the Secret Service until trusting the wrong person brought them all down. A compulsively readable story of how having it all is never enough, *The Art of Making Money* is a stirring portrait of the rise and inevitable fall of a modern-day criminal mastermind. Laptop from Hell - Miranda Devine 2021-11-30

As seen on Tucker Carlson Tonight! USA Today and Wall Street Journal Bestseller! The inside story of the laptop that exposed the president's dirtiest secret. When a drug-addled Hunter Biden abandoned his waterlogged computer at a Mac repair shop in Delaware in the spring of 2019, just six days before his father announced his candidacy for the United States presidency, it became the ticking time bomb in the shadows of Joe Biden's campaign. The dirty secrets contained in Hunter's laptop almost derailed his father's presidential campaign and ignited one of the greatest media coverups in American history. This is the unvarnished story of what's really inside the laptop and what China knows about the Bidens, by the New York Post journalist who brought it into the open. It exposes the coordinated censorship operation by Big Tech, the media establishment, and former intelligence operatives to stifle the New York Post's coverage, in a chilling exercise of raw political power three weeks before the 2020 election. A treasure trove of corporate documents, emails, text messages, photographs, and voice recordings, spanning a decade, the laptop provided the first evidence that President Joe Biden was involved in his son's ventures in China, Ukraine, and beyond, despite his repeated denials. This intimate insight into Hunter's dissolute lifestyle shows he was incapable of holding down a job, let alone being paid tens of millions of dollars in high-powered international business deals by foreign interests, unless he had something else of value to sell—which of course he did. He was the son of the vice president who would go on to become the leader of the free world.
