Liberty or Equality - Erik von Kuehnelt-Leddihn 2007

Sometime in the 18th century, the word equality gained ground as a political ideal, but the idea was always vague. In this treatise, Erik von Kuehnelt-Leddihn argues that it reduced to one simple and very dangerous idea: equality of political power as embodied in democracy. He marshals the strongest possible case that democratic equality is the very basis not of liberty, as is commonly believed, but the total state. He uses national socialism as his prime example. He further argues the old notion of government by law is upheld in old monarchies, restrained by a noble elite. Aristocracy, not democracy, gave us liberty. On his side in this argument, he includes the whole of the old liberal tradition, and offers overwhelming evidence for his case. In our times, war and totalitarianism do indeed sail under the democratic flag. This book, capable of overturning most of what you thought you knew about political systems, was first published in

1952.

Bäder- und Brunnenlehre - Louis L.. Lehamnn 1877

Model Railroading with John Allen - Linn Hanson Westcott 1996

Tells the story of one of the world's best known HO railroads -- John Allen's spectacular Gorre & Daphetid Railroad, a line so wonderfully detailed that it took decades to build. Hundreds of photos and construction details explain the life and death of this magnificent layout.

The Copper Age Cemetery of Budakalász - Mária Bondár 2009

Grazer Morgenpost - 1879

Schwäbischer Merkur - 1869

Track Planning for Realistic Operation - John H. Armstrong 1998

Covers freight and passenger operations, route design, and contemporary railroading operations. The step-by-step design techniques and operation-oriented track plans also make it easy to create your own realistic model railroad.

Diesel Locomotives - Louis A. Marre 1995
Traces the history of diesel locomotives in North America from General Electric's unsuccessful trio of 1918 to the end of 1971.

Lok-Magazin - 2002

Grill Eats & Drinks - Chronicle Books 2015-04-14

A taste of the good life! This collection

showcases 20 special recipes, all with photographs, that will inspire food lovers to take the party outside. Selected from some of Chronicle Books' best-loved cookbooks, here are easy-peasy drinks (alcoholic and nonalcoholic), quick appetizers, simple salads and sides, and great-for-the-grill main dishes. Whether it's the South Seas Sangria, Corn with Chipotle Butter, or the Honey-Glazed Spareribs that beckon, everything tastes better out on the patio. And grilling will be all the more relaxing for the cook who has this just-right repertoire at hand.

Mason Steam Locomotives - Arthur W. Wallace 2004-04-04

William Mason's beautiful steam locomotives were considered the finest in form and function, the "Rolls Royces" of the day. More than 700 of these locomotives were built at the Taunton, Massachusetts factory beginning in 1853. After 50 years of research, Art Wallace brings the complete Mason locomotive story to light. In detailed text and nearly 200 photographs and illustrations, Mason's handiwork comes to life in this rich historical volume. From American Standard 4-4-0s to 4-6-0s and double-truck 0-6-6Ts and 2-8-6T's, Mason locomotives have captured the eye of railfans, engineers and historians for decades. Now you can read the fascinating story and see the products that made Mason famous.

Anthropogenic pressure in the Neolithic and the Bronze Age on the Central European lowlands - Iwona Hildebrandt-Radke 2011

British Rail Main Line Electric Locomotives - Colin J. Marsden 2001

Neue Augsburgische Zeitung - 1878

The Timeless Christian - Erik von Kuehnelt-Leddihn 1969

The Contemporary Diesel Spotter's Guide - Louis A. Marre 1995-07-01

How to identify diesel locomotives quickly and easily. Lists specifications, spotting features, photographs, and descriptions of North American locomotives manufactured since 1972. 8 1/4 x 5 1/2; 352 pgs.; 500 bandw photos; 5 illus.; softcover.

Kitbashing HO Model Railroad Structures - Art Curren 1994

Presents the many ways commercial building kits can be combined by kitbashing into unique customized structures. Includes tips and techniques for creating houses, sheds, factories, and businesses to make an outstanding layout. From Model Railroader magazine, By Art Curren. 8 1/4 x 10 3/4; 88 pgs.; 110 bandw and 18 color photos; 75 diagrams; softcover.

American Passenger Trains and Locomotives Illustrated - Mark Wegman 2008-11-17

A lavishly illustrated look at the glory years of travel by rail, with over 160 profiles, front and top views, and interior layouts depicting three dozen of the nation's most celebrated trains of the golden age.

West Virginia Logging Railroads - William E. Warden 1994

Chronicles the waning years of the logging industry and the equipment and operations of the railroads that served it. From the late 1800s through the 1950s, West Virginia was one of the nation's largest producers of lumber. This book covers the unique geared locomotives that moved that lumber including the Shay, Climax and Heisler, designed to traverse the sharp curves and uneven track of mountain railways. Includes information on special logging cars, cranes and other equipment.

Chard Walker's Cajon, Rail Passage to the Pacific - Chard L. Walker 2007-01-01

Deutsche Nationalbibliographie und Bibliographie der im Ausland erschienenen deutschsprachigen Veröffentlichungen - 2002

Walkaround Model Railroad Track Plans - Don Mitchell 1991

Presents 16 plans for a layout designed for easy access and operation. Includes photos, diagrams, and descriptions for use in any scale, size, or space.

Aschaffener Zeitung - 1874

Inn-Zeitung. (red. von A. R. Schullern) - A R von Schullern 1864

The Iron Sherpa - Terry Martin 2006
Terry Martin, the author of 'Halfway to Heaven: Darjeeling and its Remarkable Railway', once again takes a look at the history of the Darjeeling Himalayan Railway.
Oberfränkische Zeitung und Bayreuther Anzeiger - 1874

The Bronze Age in Barbarian Europe - Jacques Briard 1979

"For a long period, any art or cultural feature alien to the Hellenic or Roman world was held in contempt and the epithet "barbarian" thus acquired a pejorative meaning. The first reactions against this view appeared in the nineteenth century, when scholars began to acknowledge the existence of ancient civilizations which had had no writing. The present study shows the way of life of those Europeans living in the Metal Ages, describing their social and religious customs and setting out to understand, through the material objects they have left us, the way their minds worked and their beliefs evolved. Professor Briard describes the most typical groups, delineating, in particular, scenes of everyday life using the results gleaned from the most striking excavations and extant monuments"--Jacket.

Black Banners - Erik von Kuehnelt-Leddihn 1954

Verhandlungen des Kurhessischen Landtages - Hessen-Kassel Landtag 1866

Urgroßherz - Thomas Bachmann 2015-02-24
Frühes 20. Jahrhundert: Nach turbulenten Ereignissen in früher Kindheit entwickelt sich Meline unter dem prägenden Einfluss ihres Großvaters Otto zu einer wissbegierigen jungen Frau, der sich vielfältige Möglichkeiten der Weiterentwicklung eröffnen könnten. Die Zeichen der Zeit scheinen für Meline zu sprechen, denn die Universität in Gießen, die sich in erreichbarer Nähe zu ihrem Heimatort befindet, hat kurz zuvor ihre Pforten erstmals für Frauen geöffnet. Im Zielkonflikt zwischen geistiger Selbstverwirklichung seiner Enkelin und den dörflichen Konventionen fällt Otto eine gewichtige Entscheidung: Er macht sich auf die Suche nach einem passenden Mann für Meline und findet nach längerem Suchen Wilhelm, der

ihm selbst in vielen Dingen sehr zu ähneln scheint. Der Tatsache der arrangierten Heirat zum Trotz erkeimt zwischen Meline und Wilhelm eine zarte Pflanze der Liebe. Doch noch vor der Hochzeit trennt der Erste Weltkrieg die beiden. Der zeitliche Aufschub bringt Meline zum Nachdenken. Ist die Ehe mit Wilhelm tatsächlich das Richtige für sie? Wird Wilhelm von der Front zurückkehren? Wird die noch junge Beziehung den Krieg unbeschadet überstehen? Kurz vor der geplanten Heirat erscheint unerwartet ein Mann in Melines Leben, der ihr intellektuell ebenbürtig ist und sie mit spielerischer Leichtigkeit für sich zu gewinnen scheint. Gelingt es ihr, mit den traditionellen Konventionen zu brechen, um ein neues Leben zu beginnen?

Neolithic Culture in Greece - G. Papathanasopoulos 1996

Unterfränkische Zeitung und Schweinfurter Anzeiger - 1883

The Bronze Age in Europe - J. M. Coles 2014-10-30

This book provides an account of the development of European culture and society during the Bronze Age, the time span between c. 2000 and 700 BC. It was a period of remarkable innovation, seen for instance in the development and growth of metallurgy as a major industry, the spread of trading contacts, the origins of urbanism and the beginnings of social stratification. The study is divided chronologically into two, the earlier and later Bronze Age, giving a clear picture of the nature of the radical changes which occurred in the period as a whole. The geographical area covered, from the Atlantic shores across Europe into the Soviet Union and from northern Scandinavia to the Mediterranean, is too vast to be taken as one unit, and has been broken down into five regions; each is discussed in terms of settlement form, burial practices, ritual and religious sites, material culture, economic and social background, and trading patterns. The book describes and develops common themes that link together the different areas and cultural groups, rather than taking the typographical approach often adopted by Bronze Age specialists, and uses the results of

radiocarbon dating to establish an objective chronology for the period. The text is generously illustrated and fully documented with radiocarbon dating tables and extensive bibliography. Our understanding of Bronze Age Europe is still increasing, but no other book of this scope had been written before this, in 1979. It is a major study of its time of interest to anyone looking beyond popular accounts of the day.

Fundamentals of Magnetism - Mathias

Getzlaff 2007-09-20

The first part of this state-of-the-art book conveys the fundamentals of magnetism for atoms and bulk-like solid-state systems, providing a basis for understanding new phenomena which exclusively occur in low-dimensional systems as the giant magneto resistance. This wide field is discussed in the second part. Suitable for graduate students in physical and materials sciences, the book includes numerous examples, exercises, and references.
