[The Dominicans and the Making of Florentine Cultural Identity \(13th-14th centuries\) / I domenicani e la costruzione dell'identità culturale fiorentina \(XIII-XIV secolo\)](#) -

Johannes Bartuschat

2020-06-15

Florence, the celebrated city-republic, dominates the historiography of medieval Italy still today. The birth and

growth of the Mendicant Orders paralleled the rise of urban Europe. As attention to medieval cities has increased, so too the history of the Dominican Order has constituted a major field of study, since the Dominicans were at the forefront of the cultural and religious life of Medieval cities. The combination of these two traditions of studies precipitates a particularly

fruitful research field: the reciprocal influences and interactions between the activities of Dominican intellectuals and the making of Florentine cultural identity. The essays collected in this volume explore various facets of such an interaction. Without presuming to be exhaustive, these contributions restore the complexity of the relationship between the Dominicans and the city of Florence, as well as the communal society in the broadest sense of the term. A Companion to Observant Reform in the Late Middle Ages and Beyond - James Mixson 2015-06-02

The Observant reform of the religious orders remains one of the most important yet understudied religious movements of the later Middle Ages. This volume provides scholars with a current, synthetic introduction to the field, and suggests new avenues for future scholarship.

In Other Words - Mona Baker
2011-01-25

In Other Words is the definitive coursebook for anyone studying translation. Assuming no knowledge of foreign languages, it offers both a practical and theoretical guide to translation studies, and provides an important foundation for training professional translators. Drawing on modern linguistic theory, this best-selling text provides a solid base to inform and guide the many key decisions trainee translators have to make. Each chapter offers an explanation of key concepts, identifies potential sources of translation difficulties related to those concepts, and illustrates various strategies for resolving

these difficulties. Authentic examples of translated texts from a wide variety of languages are examined, and practical exercises and further reading are included at the end of each chapter. The second edition has been fully revised to reflect recent developments in the field and new features include: A new chapter that addresses issues of ethics and ideology, in response to increased pressures on translators and interpreters to demonstrate accountability and awareness of the social impact of their decisions. Examples and exercises from new genres such as audiovisual translation, scientific translation, oral interpreting, website translation, and news/media translation. New project-driven exercises designed to support MA dissertation work Updated references and further reading. A companion website featuring further examples and tasks Written by Mona Baker, a leading international figure in the field, this key text is the essential coursebook for any student of translation studies.

Jesuit Kaddish - James Bernauer, S.J. 2020-03-30

While much has been written about the Catholic Church and the Holocaust, little has been published about the hostile role of priests, in particular Jesuits, toward Jews and Judaism.

Jesuit Kaddish is a long overdue study that examines Jesuit hostility toward Judaism before the Shoah and the development of a new understanding of the Catholic Church's relation to Judaism that culminated with Vatican II's landmark decree *Nostra aetate*. James Bernauer undertakes a self-examination as a member of the Jesuit order and writes this story in the hopes that it will contribute to interreligious reconciliation. Jesuit Kaddish demonstrates the way Jesuit hostility operated, examining Jesuit moral theology's dualistic approach to sexuality and, in the case of Nazi Germany, the articulation of an unholy alliance between a sexualizing and a Judaizing of German culture. Bernauer then identifies an influential group

of Jesuits whose thought and action contributed to the developments in Catholic teaching about Judaism that eventually led to the watershed moment of *Nostra aetate*. This book concludes with a proposed statement of repentance from the Jesuits and an appendix presenting the fifteen Jesuits who have been honored as "Righteous Among the Nations" by Israel's Yad Vashem Holocaust Center. Jesuit Kaddish offers a crucial contribution to the fields of Catholicism and Nazism, Catholic-Jewish relations, Jesuit history, and the history of anti-Semitism in Europe.

The New Frontiers of Fashion Law - Rossella Esther Cerchia 2021-01-13

Fashion law encompasses a wide variety of issues that concern an article of clothing or a fashion accessory, starting from the moment they are designed and following them

Downloaded from

through distribution and marketing phases, all the way until they reach the end-user. Contract law, intellectual property, company law, tax law, international trade, and customs law are of fundamental importance in defining this new field of law that is gradually taking shape. This volume focuses on the new frontiers of fashion law, taking into account the various fields that have recently emerged as being of great interest for the entire fashion world: from sustainable fashion to wearable technologies, from new remedies to cultural appropriation to the regulation of model weight, from advertising law on the digital market to the impact of new technologies on product distribution. The purpose is to stimulate discussion on contemporary problems that have the potential to define new boundaries of fashion law, such as the impact of the heightened ethical sensitivity of consumers (who increasingly require effective solutions), that a comparative law

perspective renders more interesting. The volume seeks to sketch out the new legal fields in which the fashion industry is getting involved, identifying the new boundaries of fashion law that existing literature has not dealt with in a comprehensive manner. The History of English -

Stephan Gramley 2012-03-15

The History of English: An Introduction provides a chronological analysis of the linguistic, social, and cultural development of the English language from before its establishment in Britain around the year 450 to the present. Each chapter represents a new stage in the development of the language from Old English through Middle English to Modern Global English, all illustrated with a rich and diverse selection of primary texts showing changes in language resulting from contact, conquest and domination, and the expansion of English around the world. The History of English goes beyond the usual focus on English in the UK and the USA to include the wider global

course of the language during and following the Early Modern English period. This perspective therefore also includes a historical review of English in its pidgin and creole varieties and as a native and/or second language in the Caribbean, Africa, Asia, and Australasia. Designed to be user-friendly, The History of English contains: chapter introductions and conclusions to assist study over 80 textual examples demonstrating linguistic change, accompanied by translations and/or glosses where appropriate study questions on the social, cultural and linguistic background of the chapter topics further reading from key texts to extend or deepen the focus nearly 100 supporting figures, tables, and maps to illuminate the text 16-pages of colour plates depicting exemplary texts, relevant artefacts, and examples of language usage, including Germanic runes, the opening page of Beowulf, the New England Primer, and the Treaty of Waitangi. The companion

Religious Narratives in Italian Literature after the Second Vatican Council -

Jenny Ponzio 2019-03-18

This book presents a semiotic
study of the re-elaboration of
Christian narratives and values
in a corpus of Italian novels
published after the Second
Vatican Council (1960s). It
tackles the complex set of ideas
expressed by Italian writers
about the biblical narration of
human origins and traditional
religious language and ritual,
the perceived clash between
the immanent and
transcendent nature and role of
the Church, and the
problematic notion of sanctity
emerging from contemporary
narrative.

Socialism of Fools - Michele Battini 2016-04-05
In *Socialism of Fools*, Michele Battini focuses on the critical moment during the Enlightenment in which anti-Jewish stereotypes morphed into a sophisticated, modern social anti-Semitism. He recovers the potent anti-Jewish, anticapitalist propaganda that cemented the idea of a Jewish conspiracy in

the European mind and connects it to the atrocities that characterized the Jewish experience in the nineteenth and twentieth centuries. Beginning in the eighteenth century, counter-Enlightenment intellectuals and intransigent Catholic writers singled out Jews for conspiring to exploit self-sustaining markets and the liberal state. These ideas spread among socialist and labor movements in the nineteenth century and intensified during the Long Depression of the 1870s. Anti-Jewish anticapitalism then migrated to the Habsburg Empire with the Christian Social Party; to Germany with the Anti-Semitic Leagues; to France with the nationalist movements; and to Italy, where Revolutionary Syndicalists made anti-Jewish anticapitalism the basis of an alliance with the nationalists. Exemplified best in the Protocols of the Elders of Zion, the infamous document that "leaked" Jewish plans to conquer the world, the Jewish-

conspiracy myth inverts reality and creates a perverse relationship to historical and judicial truth. Isolating the intellectual roots of this phenomenon and its contemporary resonances, Battini shows us why, so many decades after the Holocaust, Jewish people continue to be a powerful political target.

I Francescani e la politica - Alessandro Musco 2007

Challenging the Mafia

Mystique - Rino Coluccello
2016-04-29

The Sicilian Mafia, or Cosa Nostra, is one of the most intriguing criminal phenomena in the world. It is an unparalleled organised criminal grouping that over almost two centuries has been able not only to successfully permeate licit and illicit economy, politics and civil society, but also to influence and exercise authoritative power over both the underworld and the upper-world. This criminal phenomenon has been a captivating conundrum for

scholars of different disciplines who have tried to explain with various paradigms the reasons behind the emergence and consolidation of the mafia. Challenging the Mafia Mystique provides an analysis of the changes the Sicilian mafia has undergone, from legitimisation to denunciation. Rino Coluccello highlights how, from the very emergence of the organised criminal groups in Sicily, a culture existed that was protective and tolerant of the mafia. He argues that the various conceptualisations of the mafia that dominated the public and scientific debate in the nineteenth and more than half of the twentieth century created a mystique, which legitimised the mafia and contributed to their success. This book will be of great interest to scholars and students of organised crime, Italian politics and Italian literature.
