Discover how to: -Speak with greater confidence and accuracy -Effectively learn vocabulary and grammar -Use time on the internet and social media to learn a language - Read real books, websites and articles in a foreign language -Pass exams that certify your language skills

**How to Learn Any Language** - Barry Farber 1991

Tells how to learn a foreign language by using all available language tools, taking advantage of brief moments of free time, using a special vocabulary memory system, and reading publications and watching movies in the language one's learning

*A Frequency Dictionary of Arabic* - Tim Buckwalter 2014-07-16

First published in 2009. Routledge is an imprint of Taylor & Francis, an informa company.

Fluent Forever - Gabriel Wyner 2014-08-05

NATIONAL BESTSELLER • For anyone who wants to learn a foreign language, this is the method that will finally make the words stick. "A brilliant and thoroughly modern guide to learning new languages."—Gary Marcus, cognitive psychologist and author of the New York Times bestseller *Guitar Zero* At thirty years old, Gabriel Wyner speaks six languages fluently. He didn't learn them in school—who does? Rather, he learned them in the past few years, working on his own and practicing on the subway, using simple techniques and free online resources—and here he wants to show others what he's discovered. Starting with pronunciation, you'll learn how to rewire your ears and turn foreign sounds into familiar

sounds. You'll retrain your tongue to produce those sounds accurately, using tricks from opera singers and actors. Next, you'll begin to tackle words, and connect sounds and spellings to imagery rather than translations, which will enable you to think in a foreign language. And with the help of sophisticated spaced-repetition techniques, you'll be able to memorize hundreds of words a month in minutes every day. This is brain hacking at its most exciting, taking what we know about neuroscience and linguistics and using it to create the most efficient and enjoyable way to learn a foreign language in the spare minutes of your day.

Wheelock's Latin 7th Edition - Richard A. LaFleur 2011-06-07

For nearly sixty years, Wheelock's Latin has remained the opitmus liber of beginning Latin textbooks. When Professor Frederic M. Wheelock's Latin first appeared in 1956, the reviews extolled its thoroughness, organization, and conciseness; one reviewer predicted that the book "might well become the standard text" for introducing students to elementary Latin. Now, nearly six decades later, that prediction has certainly proved accurate. This new edition of Wheelock's Latin has all of the features, many of them improved and expanded, that have made it the bestselling single-volume beginning Latin textbook: 40 chapters with grammatical explanations and readings drawn from the works of Rome's major prose and verse writers; Self-tutorial exercises, each with an answer key, for independent study; An extensive English-Latin/Latin-English vocabulary section; A rich selection of original Latin readings—unlike other Latin textbooks, which contain primarily made-up texts; Etymological aids, maps, and dozens of images illustrating aspects of the classical culture and mythology presented in the chapter readings. Also included are expanded notes on the literary passages, comments on vocabulary, and translation tips; new comprehension and discussion questions; and new authentic classical Latin readings, including Roman graffiti, in every chapter.

*How to Learn Any Language* - Barry Farber 2002-08-01

Word Hero - Jay Heinrichs 2011-10-04

Yes, it's true: you can learn how to be a verbal

wizard! Ever hear someone utter an unforgettable phrase and feel yourself reacting with with...well, awe? Ever read a great quote and think I could never come up with anything that clever? Daunting as it may seem, there's nothing mystical about witcraft. Crafting memorable lines doesn't require DNA-encoded brilliance. What it does require is some knowledge of the tricks and techniques that make words stick. In *Word Hero*, Jay Heinrichs rescues the how-to of verbal artistry from cobwebbed textbooks and makes it entirely fresh— even a little mischievous. Fear not: on offer here are not dry, abstract ideas couched in academic jargon. Rather, Heinrichs takes you on an amusing – and amazingly helpful – tour of the mechanisms that make powerful language work. You'll learn how to slyly plant your words in people's heads and draw indelible verbal pictures by employing such tools as “crashing symbols,” “rapid repeaters,” “Russian Dolls” and even the powers of Mr. Potato Head. With those tools and others tucked in your utility belt, you might not immediately achieve “wordsmith immortality” but you will become a better speaker, writer, and raconteur...and long after people have forgotten everything else, they'll remember your priceless lines.

*The Loom of Language* - Frederick Bodmer 1985  
Here is an informative introduction to language: its origins in the past, its growth through history, and its present use for communication between peoples. It is at the same time a history of language, a guide to foreign tongues, and a method for learning them. It shows, through basic vocabularies, family resemblances of languages -- Teutonic, Romance, Greek -- helpful tricks of translation, key combinations of roots and phonetic patterns. It presents by common-sense methods the most helpful approach to the mastery of many languages; it condenses vocabulary to a minimum of essential words; it simplifies grammar in an entirely new way; and it teaches a language as it is actually used in everyday life.

*50 Women Every Christian Should Know* - Michelle DeRusha 2014-09-09

Throughout history, countless women have boldly stepped out in faith and courage, leaving their indelible mark on those around them and on the kingdom of God. In lively prose Michelle

DeRusha tells their stories, bringing into focus fifty incredible heroines of the faith. From Catherine of Siena, Teresa of Avila, and Anne Hutchison to Susanna Wesley, Harriet Tubman, and Corrie ten Boom, women both famous and admirable live again under DeRusha's expert pen. These engaging narratives are a potent reminder to readers that we are not alone, the battles we face today are not new, and God is always with us in the midst of the struggle.

**Everyday Thai for Beginners** - Wiworn Kesavatana-Dohrs 2007

Everyday Thai for Beginners is a language textbook that lays the essential groundwork for mastering authentic spoken Thai. The textbook provides an introduction to the basics of communication using Central Thai vocabulary and idioms. Professor Wiworn Kesavatana-Dohrs has developed and perfected the methods and materials used in this volume over her many years of Thai language instruction at the University of Washington. The course book has proved effective in teaching university students, and it can be used more widely in a variety of teaching and learning contexts. Organized into a total of seven units and thirty thematic lessons, the book is designed to be used for a one-year study of Thai, taking a total of thirty weeks and 150 hours to complete. Basic Thai reading and writing ability is assumed from the outset in order to avoid using transliteration systems that hinder the mastery of correct pronunciation and intonation. Accompanying the book is an easy-to-use CD containing recordings of the vocabulary and drills in MP3 format.

*Fluent Forever* - Gabriel Wyner 2014-08-05  
NATIONAL BESTSELLER • For anyone who wants to learn a foreign language, this is the method that will finally make the words stick. “A brilliant and thoroughly modern guide to learning new languages.”—Gary Marcus, cognitive psychologist and author of the New York Times bestseller *Guitar Zero* At thirty years old, Gabriel Wyner speaks six languages fluently. ### **The Quick and Dirty Guide to Learning Languages Fast** - Mykel Hawke 2019-03-26

There are many reasons why you might need to learn a foreign language quickly—perhaps an unexpected business trip or a sudden travel opportunity. A. G. Hawke, a U.S. Army Green Beret, often travels to foreign countries on short notice and has been able to work intimately with officials who do not speak English. Frequently, he needs to be able to communicate in a foreign language in a matter of days or weeks. He tried all types of schools, classes, books, and tapes, but none delivered what he needed when he needed it. Subsequently, he developed his own method for learning languages. It proved so effective for him (he is certified by the military in seven languages) and his fellow Green Berets that he decided to share it with others who are struggling to learn a foreign language on the quick. The Quick and Dirty Guide to Learning Languages Fast is designed for people who have no time for learning complicated rules of grammar. Hawke promises that his method will help anyone become functional in any language in as little as seven days and proficient in thirty days. How? Because he has trimmed that fat for you, freeing your time for what's truly useful. Hawke provides a detailed day-by-day schedule, a hands-on workbook format, and secret tips to help you master the key elements of any new language. In true Special Forces style, this quick-and-dirty method contains no fluff; it's all action so you can quickly get into the action yourself. If your mission is to learn a foreign language, why not learn how from the very best?

**Complete Hindi** - An Snell 2015-06-01

This product is most effective when used in conjunction with the corresponding audio support. - You can purchase the book and double CD as a pack (ISBN: 9781444106831) - The double CD is also sold separately (ISBN: 9781444106930) (copy and paste the ISBN number into the search bar to find these products) Are you looking for a complete course in Hindi which takes you effortlessly from beginner to confident speaker? GRAMMAR TIPS Easy-to-follow building blocks to give you a clear understanding. USEFUL VOCABULARY Easy to find and learn, to build a solid foundation for speaking. DIALOGUES Read and listen to everyday dialogues to help you speak and understand fast. PRONUNCIATION Don't sound like a tourist! Perfect your pronunciation before you go. TEST YOURSELF Tests in the book and online to keep track of your progress. EXTEND YOUR KNOWLEDGE Extra online articles at: [www.teachyourself.com](http://www.teachyourself.com) to give you a richer understanding of the culture and history of Hindi speakers.

**How to Write a Damn Good Mystery** - James N. Frey 2007-04-01

Edgar award nominee James N. Frey, author of

the internationally best-selling books on the craft of writing, *How to Write a Damn Good Novel*, *How to Write a Damn Good Novel II: Advanced Techniques*, and *The Key: How to Write Damn Good Fiction Using the Power of Myth*, has now written what is certain to become the standard "how to" book for mystery writing, *How to Write a Damn Good Mystery*. Frey urges writers to aim high—not to try to write a good-enough-to-get-published mystery, but a damn good mystery. A damn good mystery is first a dramatic novel, Frey insists—a dramatic novel with living, breathing characters—and he shows his readers how to create a living, breathing, believable character who will be clever and resourceful, willful and resolute, and will be what Frey calls "the author of the plot behind the plot." Frey then shows, in his well-known, entertaining, and accessible (and often humorous) style, how the characters—the entire ensemble, including the murderer, the detective, the authorities, the victims, the suspects, the witnesses and the bystanders—create a complete and coherent world. Exploring both the on-stage action and the behind-the-scenes intrigue, Frey shows prospective writers how to build a fleshed-out, believable, and logical world. He shows them exactly which parts of that world show up in the pages of a damn good mystery—and which parts are held back just long enough to keep the reader guessing. This is an indispensable step-by-step guide for anyone who's ever dreamed of writing a damn good mystery.

[Easy Spanish Step-By-Step](#) - Barbara Bregstein 2005-12-23

A proven grammar-based approach that gets you communicating in Spanish with confidence, right away *Easy Spanish Step by Step* proves that a solid grounding in grammar basics is the key to mastering a second language. Grammatical rules and concepts are clearly explained in order of importance, and more than 300 verbs and key terms are introduced on the basis of frequency. Numerous exercises and engaging readings help learners quickly build their Spanish speaking and comprehension prowess.

**Learn Hungarian** - Zoltán Bánhidi 1965

**Fluent For Free** - Maria Spantidi 2020-05-14  
Fluent For Free is a no-nonsense book written to

help anyone, at any age, learn any language without having to pay for it. It challenges everything you've been told about language learning. I used these methods to learn 7 languages in 7 years at no cost. This can be the last time you spend money on learning a new language...

**Fluent in 3 Months** - Benny Lewis 2014-03-11  
Benny Lewis, who speaks over ten languages—all self-taught—runs the largest language-learning blog in the world, *Fluent In 3 Months*. Lewis is a full-time "language hacker," someone who devotes all of his time to finding better, faster, and more efficient ways to learn languages. *Fluent in 3 Months: How Anyone at Any Age Can Learn to Speak Any Language from Anywhere in the World* is a new blueprint for fast language learning. Lewis argues that you don't need a great memory or "the language gene" to learn a language quickly, and debunks a number of long-held beliefs, such as adults not being as good of language learners as children.

**Polyglot: How I Learn Languages** - Kat—Lomb 2008-01-01

KAT LOMB (1909-2003) was one of the great polyglots of the 20th century. A translator and one of the first simultaneous interpreters in the world, Lomb worked in 16 languages for state and business concerns in her native Hungary. She achieved further fame by writing books on languages, interpreting, and polyglots. *Polyglot: How I Learn Languages*, first published in 1970, is a collection of anecdotes and reflections on language learning. Because Dr. Lomb learned her languages as an adult, after getting a PhD in chemistry, the methods she used will be of particular interest to adult learners who want to master a foreign language.

[American Sign Language for Beginners](#) - Rochelle Barlow 2020-07-28

His website is [www.shakethatbrain.com](http://www.shakethatbrain.com)

**How to Learn Any Language in a Few Months While Enjoying Yourself** - Nate

Nicholson 2015-05-01

How to Learn a New Language in as Little as a Few Months - and Have a Boatload of Fun Doing It Let me make a prediction. I predict that many, many hundreds of people who will read this description will close this page in a few seconds. "Learn a new language in a few months? Are you out of your mind?" they'll say. "It's just too good to be true." And they will go back to their old language learning methods. You know which methods: toiling away at mind-numbing grammar exercises, learning words nobody uses, and, most importantly, never actually using your skills to communicate with another person. If you're still with me, I expect you to be different. You think there must be something better. After all, how could people master more than one foreign language in their lives if it usually takes a regular person several years just to learn the basics? The answer is simple - in one way or another, they follow the methods I share in *How to Learn Any Language in a Few Months While Enjoying Yourself*. They not only learn up to ten times faster than other people, they also have a lot of fun while doing it. *How to Learn Any Language in a Few Months While Enjoying Yourself* is for you if you want to learn: - without this one thing, you'll never learn a new language in just a few months. Learn what it is and how to apply it to your everyday life to practice your skills while doing your daily activities. - a completely free way to get native speakers to proofread your writings (and even explain to you all of your mistakes). This one site alone can dramatically improve your writing skills. - an extremely easy way to find a native speaker willing to help you learn her mother language. It's almost like having a private tutor. - the proper way to improve your listening skills while watching movies. Most people learning a foreign language do it the wrong way and it does nothing to improve their abilities. - how to achieve more with less when learning languages. You don't have to spend hours and hours cramming every single word and grammar rule. In fact, it works to your detriment. Learn what to do instead. - 9 common mistakes to avoid when learning languages. Reading this chapter alone can save you years of ineffective studies - especially mistake #3, so common among language learners. - a 5-step process to improve

your reading skills. You can make your learning process much more enjoyable and effective by choosing the right things to read. Learn what these things are. - a fun idea to learn how to write the way native speakers do. You too can learn the slang and phrases only native speakers use - and know the language better than many academic professors. - how to dramatically improve your language skills when traveling. While it isn't necessary to go abroad to learn a language, it's a powerful way to cram a lot of learning into just a few days. - 5 common challenges of language learners and how to deal with them. Learn how to get over the fear of communicating with native speakers. Discover how to find more time to learn and practice your skills. Read three tips on how to deal with discouragement. If you're ready to supercharge your progress and become fluent in a foreign language in as little as a few months, click the buy button. Why kill yourself doing things the old, non-effective way, if you could make the process much easier and enjoy it more, too? P.S. As a gift for buying my book, you'll get a resource list with my favorite language learning sites. Keywords: learn a language in 3 months, learn a foreign language, learn another language, learn any language, become fluent in any language, be fluent in 3 months, learning languages, learn languages, learn languages fast, language learning methods, learning a new language, learning a language, learning foreign languages, learning another language, how to learn a new language, how to learn a foreign language

**The Way of the Linguist** - Steve Kaufmann 2005-11

The Way of The Linguist, A language learning odyssey. It is now a cliché that the world is a smaller place. We think nothing of jumping on a plane to travel to another country or continent. The most exotic locations are now destinations for mass tourism. Small business people are dealing across frontiers and language barriers like never before. The Internet brings different languages and cultures to our finger-tips. English, the hybrid language of an island at the western extremity of Europe seems to have an unrivalled position as an international medium of communication. But historically periods of cultural and economic domination have never

lasted forever. Do we not lose something by relying on the wide spread use of English rather than discovering other languages and cultures? As citizens of this shrunken world, would we not be better off if we were able to speak a few languages other than our own? The answer is obviously yes. Certainly Steve Kaufmann thinks so, and in his busy life as a diplomat and businessman he managed to learn to speak nine languages fluently and observe first hand some of the dominant cultures of Europe and Asia. Why do not more people do the same? In his book *The Way of The Linguist, A language learning odyssey*, Steve offers some answers. Steve feels anyone can learn a language if they want to. He points out some of the obstacles that hold people back. Drawing on his adventures in Europe and Asia, as a student and businessman, he describes the rewards that come from knowing languages. He relates his evolution as a language learner, abroad and back in his native Canada and explains the kind of attitude that will enable others to achieve second language fluency. Many people have taken on the challenge of language learning but have been frustrated by their lack of success. This book offers detailed advice on the kind of study practices that will achieve language breakthroughs. Steve has developed a language learning system available online at: [www.thelinguist.com](http://www.thelinguist.com).

**Language Is Music** - Susanna Zaraysky 2009  
Language is Music focuses on making learning foreign languages fun, easy and affordable for anyone with a desire to communicate effectively with people around the world. By applying over 100 simple tips to things you already do, such as listening to music or surfing the Web, you can experience the joy of "fluency" in any language without having to study abroad or spend money on private tutors. In *Language is Music*, Susanna Zaraysky masterfully shares her listening methods so that anyone can have fun learning any language. With over 100 tips and 100 free or low-cost Internet resources, you will learn how to use daily activities, such as watching T.V. or listening to music; conversation partners; and attendance at cultural events to become a masterful speaker of any tongue. "Learning foreign languages is like learning to sing a song or play music," says self-made linguist Susanna

Zaraysky and author of Language is Music. Zaraysky has what you might call "an ear" for languages, having used music to successfully learn English, Russian, French, Spanish, Italian, Portuguese, and Serbo-Croatian-all with excellent accents. Advance Praise for Language is Music "I love it! I think it will help people who want to learn, and those who are curious about additional language learning. Many people want to learn a language but are frightened, or disappointed by the courses they have taken. Reading Language is Music will encourage them to try again, on their own and with friendly supporters." -Dr. Elba Maldonado-Colon, Professor Department of Elementary Education Bilingual Program, San Jose State University

LET IT JUST ROLL OFF YOUR TONGUE. With lyrical insight and solid experience, Susanna Zaraysky, author of Language is Music, provides easy steps for learning a language. Gone are the boring, disconnected strategies that most of us remember from school. You've never learned a language this quickly and easily. Zaraysky's methods embody fun, connection, rhythm, and above all...music. -Suzanne Lettrick, M.Ed Educator and Founder of The Global Education and Action Network "Forget dictionaries and phrase books . . . Susanna Zaraysky's easy-to-use guide to language learning is indispensable for any serious language learner wanting to become fluent--not just conversationally proficient--in another language. Language is Music will teach you how to make language acquisition a part of your daily life, and to recreate the kind of total-immersion environment necessary for fluency. Highly recommended reading for aspiring polyglots. Pick up this book and you too will be all ears!" -Justin Liang, Japanese, Mandarin, Cantonese, Marshallese, intermediate Spanish

Back in France, I spent many years learning "academic" English in school. But I progressed much faster when I forced myself to listen to the BBC or not look at the subtitles when watching an American movie. I wish I had Susanna's book with me then. It's full of creative ideas and practical tips that are indispensable complements to the traditional methods of learning foreign languages -- and it's coming from someone you can trust, she speaks so many of them! -Philippe Levy, French native speaker

This book is great. It showed me another aspect

and a new approach of learning a language. I will put the book to good use. As a foreign English speaker, I spent many years at school learning English and did not make much progress. A lot of the tips that I read in this book, I learned them with time. However if I had read this book earlier, it would have made my life much easier and I would have saved so much time. I am going to apply the tips in Language is Music into learning a third language: Spanish. This time, I am sure I will make huge progress much faster. Not only is Language is Music useful in acquiring a foreign language, but the resources and websites in the book are valuable for someone who wants to travel abroad. -Fabien Hsu, French native speaker

**The Five Love Languages** - Gary Chapman  
2016-06-30

Whether your relationship is flourishing or failing, Dr. Gary Chapman's proven approach to showing and receiving love will help you experience deeper and richer levels of intimacy with your partner starting today.

[Singing in Czech](#) - Timothy Cheek 2014-12-11  
Timothy Cheek's revised edition of *Singing in Czech: A Guide to Czech Lyric Diction and Vocal Repertoire*, with its accompanying audio accessible online, builds on the original pioneering work of 2001 that set "a new and very welcome high standard for teaching lyric diction," according to *Notes: The Journal of the Music Library Association*. It offers users updated information, important clarifications, and expanded repertoire in a more accessible, easier to use format. *Singing in Czech* is divided into two parts. Using IPA, the first part takes the reader systematically through each sound of the Czech language, enhanced by recordings of native Czech opera singers. Chapters cover the Czech vowels, consonants, rules of assimilation, approaches to singing double consonants, stress and length, Moravian dialect, and an introduction to singing in Slovak. Fine points of formal pronunciation have been clarified in this revised edition. In the second part, Cheek offers a thorough overview of Czech art song, expanded from the first edition. Texts to major song literature and opera excerpts by Smetana,

Dvořák, Janáček, Martinů, and Haas, with timings, editions, word-for-word translations, idiomatic translations, and IPA transcriptions follow. In this revision, Cheek has included additional cycles by Dvořák and Martinů, and two new chapters on Czech female composers Vítězslava Kaprálová and Sylvie Bodorová. This revised edition of *Singing in Czech* is useful for all those who are interested and engaged in the performance of the rich Czech vocal repertoire.

[Polyglot Notes](#) - Yuriy Ivantsiv 2020-05-09

The practical manual clearly describes how to build your learning, how to develop your memory, why you forget how to develop your language skills to automatism, how to create a language environment for yourself, what a cultural shock is, and how to overcome it. As well as many other topical issues that people face when learning a language. Each person throughout his or her life has to deal with different cultures and languages one way or another. Knowledge of language greatly facilitates the interaction of a person with another type of culture, improves social status, provides career growth, provides great opportunities for self-expression and dissemination of ideas, opens up prospects for

modern education, improves financial situation, contributes to the achievement of your goals and objectives. However, in the process of learning many people necessarily face difficulties, which they lack experience and necessary knowledge to overcome. This practical manual will become a desktop assistant for a large audience: for those who want to or are already learning a foreign language, do it alone or with a teacher, individually, in a group or educational institution (school, college, university, academy). The workshop will help to structure and organize your individual language learning process and will give you the opportunity to independently determine the methodology of learning a language that will be interesting and not burdensome. The title of the manual reflects its content: current issues and possible solutions. The material is presented in a concise and concrete manner. The methods presented in the book can be immediately applied in language practice. Each person can choose the method that is interesting and most adapted to him or her, as well as suitable to his or her pace and lifestyle, so that language learning becomes a natural and exciting process.

**English Grammar for Students of French** - Jacqueline Morton 1997

*Guitar Zero* - Gary Marcus 2012-01-19

On the eve of his 40th birthday, Gary Marcus, a renowned scientist with no discernible musical talent, learns to play the guitar and investigates how anyone—of any age—can become musical. Do you have to be born musical to become musical? Do you have to start at the age of six? Using the tools of his day job as a cognitive psychologist, Gary Marcus becomes his own guinea pig as he takes up the guitar. In a powerful and incisive look at how both children and adults become musical, *Guitar Zero* traces Marcus's journey, what he learned, and how anyone else can learn, too. A groundbreaking peek into the origins of music in the human brain, this musical journey is also an empowering tale of the mind's enduring plasticity. Marcus investigates the most effective ways to train body and brain to learn to play an instrument, in a quest that takes him from Suzuki classes to guitar gods. From deliberate and efficient practicing techniques to finding the

right music teacher, Marcus translates his own experience—as well as reflections from world-renowned musicians—into practical advice for anyone hoping to become musical, or to learn a new skill. *Guitar Zero* debunks the popular theory of an innate musical instinct while simultaneously challenging the idea that talent is only a myth. While standing the science of music on its head, Marcus brings new insight into humankind's most basic question: what counts as a life well lived? Does one have to become the next Jimi Hendrix to make a passionate pursuit worthwhile, or can the journey itself bring the brain lasting satisfaction? For all those who have ever set out to play an instrument—or wish that they could—*Guitar Zero* is an inspiring and fascinating look at the pursuit of music, the mechanics of the mind, and the surprising rewards that come from following one's dreams.

[The Happy Medium](#) - Kim Russo 2016-05-24  
The world-famous medium and star of Lifetime Movie Network's #1 rated show *The Haunting Of . . .* tells her story, shares some astonishing, never-before-revealed details of her celebrity readings, and teaches you how to harness your own energy and access the world beyond our own. When she was nine years old, Kim Russo discovered she had an amazing gift—she could communicate with the dead. Deeply skeptical, she denied her talent for years. But as she gradually reconciled her ability with her religious beliefs, Kim embraced who she is—and ultimately accepted her soul's mission as a voice for the spirit world. Known as the “Happy Medium” for her authenticity, warmth, and her honest, positive readings, Kim has helped people from all walks of life to connect with those who have passed on. Now, this world-renowned medium demystifies the world of the dead for everyone. The key to understanding, she contends, is energy, which cannot be destroyed. *The Happy Medium* interweaves experiences from Kim's life with some of the best, most astounding behind-the-scenes stories of her celebrity readings from episodes of her Lifetime show, *The Haunting Of . . .* In addition, she gives you the tools to access the energy that is all around us, including the experiments and lessons she uses in many of her sold-out appearances and courses around the world.

Following her mantra, “Let them lead you,” Kim shows you how to let the world of the dead guide you to greater understanding of life's biggest questions.

**Dictionary Days** - Ilan Stavans 2005

The whole of *The Catcher in the Rye* is in the Oxford English Dictionary, waiting to be unscrambled, and so are all the novels of our past, present, and immediate future en·thu·si·ast  
Function: noun : a person filled with enthusiasm  
: as a: one who is ardently attached to a cause, object, or pursuit b: one who tends to become ardently absorbed in an interest  
A dictionary, despite its heroic effort to pin down language, is destined for failure the moment a single word is printed; language, with its eternal mutations, is forever uncontainable. In *Dictionary Days*, award-winning essayist Ilan Stavans explores our very human need to “seize upon the meaning of a word.” Owner of hundreds of dictionaries, he follows a fascinating, zigzagging history of lexicography across many languages, including English, French, Spanish, German, Arabic, Hebrew, Latin, and Cyrillic. Throughout his journey, Stavans spots strange meaning inconsistencies, uncovers unusual origins, and shares extraordinary and often hilarious anecdotes. With a dazzling knowledge of dictionaries through the ages, matched by a lively wit, Stavans reaches far beyond the margin of the page and pays a worthy tribute to a discipline that is at once inspiring and maddening. “For dictionaries are oracles: nothing is outside them—except the impossible.”

[How to Learn a Foreign Language: A Practical Guide with Tips and Resources](#) - Jeff Blum  
2021-09-25

Learning a language can be a daunting process. Should you self-study? Take a course? Buy a software program? Hire a private tutor? What kinds of learning systems are available and which might be right for you? How about the myriad online resources available? And, very importantly, where should you begin? Oh, by the way, how long will all this effort take anyway? You will find the answers to these questions in this short but thorough guide to learning a foreign language. Author Jeff Blum has taught English and studied four languages (Japanese, Spanish, Portuguese and Thai), but he still struggles just as anyone must when learning a

language. Jeff did extensive research on all aspects of language learning in an effort to improve his own efforts and he has carefully curated that research into this guide to help you with your efforts as well. In the book you will find: 1. A look at the systems and techniques advocated by various language learning experts and sites. 2. A consideration of personal factors in learning a language (motivation, personality, goals, etc.). 3. A discussion of the 8 language learning blocks with recommended resources for tackling each. 4. An overview of the most popular language learning products on the market (Duolingo, Rosetta Stone, Pimsleur, etc.). 5. A comprehensive set of resources to aid you with whatever approach to study you pursue. Whether you are young or old, beginner or advanced, studying your first foreign language or your fifth, there is something for you in this book. If you are a language teacher, this book might help you better understand what your students are up against while giving you ideas and extra resources to aid your teaching efforts.

*Becoming Fluent* - Richard Roberts 2017-02-03

Forget everything you've heard about adult language learning: evidence from cognitive science and psychology prove we can learn foreign languages just as easily as children. An eye-opening study on how adult learners can draw upon skills and knowledge honed over a lifetime to master a foreign language. Adults who want to learn a foreign language are often discouraged because they believe they cannot acquire a language as easily as children. Once they begin to learn a language, adults may be further discouraged when they find the methods used to teach children don't seem to work for them. What is an adult language learner to do? In this book, Richard Roberts and Roger Kreuz draw on insights from psychology and cognitive science to show that adults can master a foreign language if they bring to bear the skills and knowledge they have honed over a lifetime. Adults shouldn't try to learn as children do; they should learn like adults. Roberts and Kreuz report evidence that adults can learn new languages even more easily than children. Children appear to have only two advantages over adults in learning a language: they acquire

a native accent more easily, and they do not suffer from self-defeating anxiety about learning a language. Adults, on the other hand, have the greater advantages—gained from experience—of an understanding of their own mental processes and knowing how to use language to do things. Adults have an especially advantageous grasp of pragmatics, the social use of language, and Roberts and Kreuz show how to leverage this metalinguistic ability in learning a new language. Learning a language takes effort. But if adult learners apply the tools acquired over a lifetime, it can be enjoyable and rewarding.

**The Third Ear** - Chris Lonsdale 2006

You Can Learn Any Language -- Are you hesitating to learn a new language because you've heard it's difficult? Or are you trying right now but finding it harder than you imagined? What if you could become fluent in a new language in a very short period of time -- just months, or maybe even weeks? You can learn any new language quickly and easily. It doesn't require pain or frustration. It can be fun, exciting and enlightening. Of course, to have this experience you do need to know a few things. You need to find and use your hidden talent -- something we call the Third Ear. The Third Ear takes you step by step along a path to think about language learning in totally new ways. Ways that help you realise you already know how to learn any language. You just needed to be reminded.
