Peppared with case studies, research, and decades of practical application, *Get to What Matters* offers you listening tools, a spectrum of powerful questions and further tips to enhance the journey. Make the most of your next important conversation.

Fundamentals of EU VAT Law - Frank Nellen 2020-08-19

Parties to cross-border disputes arising anywhere in the vast Portuguese-speaking world - a community of more than 230 million in a space that offers a wide array of investment opportunities across four continents - increasingly seek Portugal as their preferred seat of arbitration. A signatory to all relevant international conventions, Portugal has proven to be an 'arbitration-friendly' jurisdiction. This volume is the first and so far only book in English that provides a thorough, in-depth analysis of international arbitration law and practice in Portugal. Its contributing authors are among the most highly regarded legal names in the country, including scholars, arbitrators, and practitioners. The authors describe how international arbitration proceedings are conducted in Portugal, what cautions should be taken, and what procedural strategies may be suitable in particular cases. They provide insightful answers to questions such as the following: What matters can be submitted to arbitration under Portuguese law? What are the validity requirements for an arbitration agreement? How do the State courts interact with arbitration proceedings and what is the attitude of such courts toward international arbitration? What are the rules governing evidentiary matters in arbitration? How is an arbitration tribunal constituted? How are arbitrators appointed? How may they be challenged? How can an international arbitral award be recognized and enforced? How does the Portuguese legal system address the issue of damages and what specific damages are admitted? How are the costs of arbitration proceedings estimated and allocated? The book includes analyses of arbitration related to specific fields of the law, notably sports, administrative, tax, intellectual property rights (especially regarding reference and generic medicines), and corporate disputes. Each chapter provides, for the topics it addresses, an examination of the applicable laws, rules, arbitration practice, and views taken by arbitral tribunals and state courts as well as those of the most highly considered scholars. As a detailed examination of the legal framework and of all procedural steps of an arbitration in Portugal, from the drafting of an arbitration agreement to the enforcement of an award, this book constitutes an invaluable resource for parties involved in or considering an international arbitration in this country. The guidance that it seeks to provide in respect of any problem likely to arise in this context can be useful to arbitrators, judges, academics, and interested lawyers.

International Business Law: Cases and Materials - George D.

Cameron III 2015-08-09

INTERNATIONAL BUSINESS LAW: CASES AND MATERIALS is a timely

and useful book. Uncounted millions of "international" transactions occur daily, as goods and services are purchased across the national boundaries of some 200 political units. Capital flows from nation to nation, and so—to a lesser extent—do jobs, as companies seek more favorable locations for their business operations. The "rules" (laws) governing these exchanges quickly become complex, as persons (and governments) from different countries are involved. If problems arise in a cross-border relationship, whose rules apply? What forums are available to resolve disputes? Are there tax implications to the transaction? If so, where? These and similar questions need to be factored into the decision to "go overseas." Each of the six chapters in this book begins with a brief overview of the subject-matter, followed by short previews of the chosen case examples. The primary content of the chapters consists of some 120 court and arbitration decisions in real disputes, between real parties. The actual text of the decisions in these cases has been edited; some excerpts are quite brief, others are more substantial. Most "background" facts have been summarized by the author, but the edited-decision part of each case is quoted from the actual recorded text of the court or arbitrator who decided it. Clearly, a minute sample from tens of thousands of cases cannot provide comprehensive coverage of what all the world's legal rules are. Our objectives here are simply to indicate some of the major potential "flash points" of doing international business, to illustrate some of the significant differences in the applicable legal rules, and to provide an exposure to the language and process by which international business disputes are resolved. "Fore-warned is fore-armed." Being aware of these potential trouble spots, a sensible business manager will presumably consider them in making the decision to engage in cross-border transactions, and take appropriate steps to avoid or minimize potential adverse consequences. Chapter I of this book introduces International Law—its course of development and its two major sources (custom and treaties). Chapter II examines the use of national and international courts and arbitrators to resolve cross-border disputes. Chapter III provides basic coverage of the United Nations Convention on Contracts for the International Sale of Goods: when it applies, how the sale contract is formed, when risk of loss on the goods passes from Seller to Buyer, and what responsibilities the Seller has for the quality of the goods sold. Chapter IV looks at some of the legal questions that might arise in conducting cross-border commercial operations—employment issues, intellectual property issues, and investment issues. Chapter V considers potential questions regarding taxation of international activities, and the regulation of adverse environmental effects. Chapter VI reviews the efforts by national governments to apply their competition regulations to international business transactions, and the difficulties that private parties might have in attempting to enforce legal claims against governments and their agencies. While these are surely not the only legal issues that might arise in connection with international business, they do constitute a significant set of concerns of which managers need to be aware as they venture into the international "stream of commerce."

International Business Law and the Legal Environment - Larry A.

DiMatteo 2016-11-25

International Business Law and the Legal Environment provides business students with a strong understanding of the legal principles that govern doing business internationally. Not merely about compliance, this book emphasizes how to use the law to create value and competitive advantage. DiMatteo's transactional approach walks students through key business transactions—from import and export, contracts, and finance to countertrade, dispute resolution, licensing, and more—giving them both context and demonstrating real world application. This new edition also includes: New material on comparative contract and sales law & European private law; joint ventures and collaborative alliances. A

new part on foreign direct investment that includes a chapter on emerging markets. New chapters on privacy law, and on environmental concerns. Greater coverage of the World Trade Organization. "Case highlights" and court opinions that feature edited court transcripts which expose students to actual legal reasoning and an understanding of the underlying legal principles. These decisions are drawn from a broad range of countries, offering a truly international look at the subject. Students of business law and international business courses will find DiMatteo's clear writing style easy to follow. A companion web site includes an instructor's manual, PowerPoints, and other tools to provide additional support for students and instructors.

Contemporary Canadian Business Law - John A. Willes 2020

The Canada Income Tax Act: Enforcement, Collection, Prosecution: A Case Compilation, 6th Ed. - Lyndon Maither

An extensive case compilation of the principal ITA enforcement/collection provisions as before the latest provision renumbering after 2016. Quotes cases that are of historic significance or are merely illustrative. ...sorry folks, don't have the time to bring this up to date. Recommend starting at the Supreme Ct for juris. and meander down to lower cts.

International Legal Books in Print, 1990-1991: Subjects - Michael D. Chapman 1990

Cengage Advantage Books: Fundamentals of Business Law Today: Summarized Cases - Roger LeRoy Miller 2015-01-01

Packed with 2013 and 2014 cases, FUNDAMENTALS OF BUSINESS LAW TODAY: SUMMARIZED CASES, 10e covers core business law topics like contracts and sales in a concise paperback. Summarized cases integrated throughout the text illustrate key points of law without unnecessary detail. Intended for the one-term course focused primarily on contracts and sales, the text condenses the latest legal topics--including cyberlaw, health-care, financial reform, and more--for quick comprehension. An entire chapter is devoted to Internet Law, Social Media, and Privacy. Current, abbreviated, and affordable, FUNDAMENTALS OF BUSINESS LAW TODAY: SUMMARIZED CASES, 10e provides an easy-to-understand alternative to traditional Business Law texts. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Instructor's Manual to Accompany Contemporary Canadian Business Law : Principles and Cases - John A. Willes 1982

The Clarity Project - Liam Thompson 2017-05-11

A simple step by step easy to understand system for businesses who want to attract new clients faster using the internet and social media. The Clarity Project was written for businesses who are struggling to bring in new clients using their current websites or who are not sure where to start when it comes to marketing online. It's for business owners who want to find and attract new clients or customers, make more sales online and learn how to craft an effective marketing strategy that can transform a business and boost profits. Have you invested time and resources in your website, only to find it has failed to bring you regular sales? I see this a lot from the businesses I work with and this is why I wrote The Clarity Project. This easy to read and non technical step by step system for growing your business online will teach you: A simple but effective step-by-step strategy to gain clarity about your target market, develop your "killer headline" and create a marketing strategy that will attract new and profitable clients into your business Why the majority of businesses fail to explain their offering in a language that their potential clients understand and lose out on sales because of it, plus how you can easily fix this How to easily get up to 40% of your website visitors to leave you with their contact details instead of the usual 1% most business websites get How your business can make more sales by focusing on solving your client's most pressing problems and showing that you understand what they need How to effectively stand out from your competition by using the power of your story and personality in your marketing How to easily get more referrals and repeat business by forging and strengthening real life relationships with clients and potential clients The vital business numbers and statistics you must know before you even think about investing a single penny in paid advertising for your business How you can nearly always guarantee a positive return on your online marketing spend

Canadian Business Law - Tamra Alexander 2018-02

Legal Fundamentals for Canadian Business - Richard Yates

2015-03-10

This text gives business law instructors the flexibility to deal with all of the topics, to customize their course by supplementing it with additional material, and/or to concentrate on an area of specialization.

Essentials of Business Law - Jeffrey F. Beatty 2021-03-16

Discover the business law book you'll actually enjoy reading. Time after time, readers like you have commented that this is the most interesting introduction to law they've ever read. Beatty/Samuelson/Abril's ESSENTIALS OF BUSINESS LAW, 7E is packed with current examples and real scenarios that bring law to life, whether you are a business learner or practicing professional. This reader-friendly presentation uses conversational writing to explain complex topics in easy-to-understand language. The authors draw from their law practices to offer memorable real stories that illustrate how legal concepts apply to everyday business practice. This edition also emphasizes today's digital landscape with new information on privacy and intellectual property. An updated ethics chapter offers a practical approach, using the latest research to explain why people make unethical decisions. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

The Canadian Journal of Law and Jurisprudence - 1990

The Importance and Value of Proper Bible Study - Reuben Archer Torrey 1921

International Business Law and the Legal Environment - Larry A. DiMatteo 2021-01-29

The fourth edition of International Business Law and the Legal Environment: A Transactional Approach gives business and law students a clear understanding of the legal principles that govern international business. This book goes beyond compliance by emphasizing how to use the law to create value and competitive advantage. DiMatteo's transactional approach walks students through key business transactions—from import and export, contracts, and finance to countertrade, dispute resolution, licensing, and more—giving them both context and providing real-world applications. More concise than previous editions, this new edition also features: • Added coverage of new technologies, such as smart contracts, digital platforms, and blockchain technology • Discussion of businesses and sustainability, climate change, and creating a circular economy • Greater focus on UNIDROIT Principles and a review of INCOTERMS 2020 • Expansion of common carrier coverage to include CMI trucking and CMR railway conventions • International perspective and use of a variety of national and international law materials • Great coverage of EU substantive law Upper-level undergraduate and postgraduate students of business law and international business will appreciate DiMatteo's lucid writing style, and professionals will find this book to be a comprehensive resource. Online resources include an instructor's manual, PowerPoint slides, test bank, and other tools to provide additional support for students and instructors.

Business Organizations - Robert Yalden 2018

Business Organizations: Practice, Theory and Emerging Challenges, 2nd Edition is more than just a comprehensive update to Business Organizations: Principles, Policies, and Practice. It provides a detailed discussion of the fundamentals that shape this area of law, and reviews important debates surrounding the nature of business organizations and the role they play in Canadian society. Through this approach, this casebook aims to enhance the reader's understanding of business organizations, and the ways in which legal and policy decisions impact how they function. In addition to substantial revisions and updates, this edition features entirely new material. Most notably, the text now includes chapters that engage emerging issues related to Indigenous peoples, which in part act as a response to the calls to action from the Final Report of the Truth and Reconciliation Commission of Canada. This edition also features a new chapter on social enterprises and the increased momentum of social entrepreneurship. Drawing on the perspectives of leading Canadian business scholars and commentators, this text is designed to be an accessible classroom and research resource. It is a must-have addition to the faculty, firm, or private library of anyone interested in the various dimensions of the law of business organizations.

Law for Business and Personal Use - John E. Adamson 2011-01-11

Explore the foundations of business law as well as the application of legal concepts to everyday life. LAW FOR BUSINESS AND PERSONAL USE, 19E, combines strong content and interactive technology with consistent,

proven instruction to maintain student interest and support active learning. Coverage includes contracts, criminal law, environmental law, family law, and consumer protection. With more than 1,000 cases, *LAW FOR BUSINESS AND PERSONAL USE, 19E*, offers plenty of opportunities for case analysis and research. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Corporate Bravery - Darrin Murriner 2015-10-01

American culture has become a culture of fear. Parenting methods and advertising messages scream for safety. Terrorism's threat and the government's response both tell us to take cover. And, of course, social media's unending streams perpetually magnify it all. In this societal context, our business cultures, too, have become cultures of fear. Mistrust is rising between management and co-workers, all seeking to protect personal interests. Advisors push us toward fear-based caution, not opportunity-seeking strategy. External influences -- from the media to regulators to competition -- focus us on avoiding risks rather than moving boldly ahead. *Corporate Bravery* is a book about freeing your business from being a culture of fear. It starts by considering fear's impact on decision-making. Then, it explores eight ways that fear can harm culture. Finally, through a three-step process, it shows how to foster a culture that supports engaged employees, provides opportunities for measured risk-taking and innovation, and rewards the brave leadership that drives business success.

Foundations of Corporate Law - Roberta Romano 2010

The most comprehensive and interdisciplinary anthology of corporate law material available, this reader reflects the enormous changes that have occurred in business organization and legal scholarship since the hostile takeover was introduced in the 1980s. The second edition has both completely revised and expanded the material covered in the first edition. New and revised topics include capital markets, agency theory, behavioral economics, state competition for corporate charters, boards of directors, shareholder voting rights, executive compensation, activist investors, takeovers, securities regulation and comparative corporate governance.

Essentials of Business Law - Anthony Liuzzo 2021

"The new, eleventh edition of the Essentials of Business Law program is a practical, concise, and broad-based introduction to the vibrant field of business law. While continuing to offer all of the features that have made the ten prior editions successful, this new edition includes a chapter on the areas of law affected by social media, updated content, and enhanced support materials. Both the traditional areas of law, such as contracts and property, and the emerging areas of law, such as e-commerce and environmental, are covered in short, informative chapters written to capture the essence of each topic. The objective of the text throughout its coverage is ease-of-use, ease of teaching, ease of assessment, and ease of understanding. It has been developed for those seeking a more fundamental overview of the concepts and principles that are vital to the understanding of business law"--

Commercial Lending Law - Brian D. Hulse 2017-06-01

Updated and expanded in a two-volume set, this compilation is a valuable resource for lawyers negotiating or reviewing commercial lending laws outside their own jurisdiction. With contributions from experts across the country, this practical guide outlines all aspects of commercial lending laws in all 50 states and Canada. Designed to save lawyers countless hours of research time by including the relevant information in a complete, two-volume set.

Fundamentals of International Business Transactions. - Ronald Brand 2000-08-30

Fundamentals of Business (black and White) - Stephen J. Skripak 2016-07-29

(Black & White version) *Fundamentals of Business* was created for Virginia Tech's MGT 1104 Foundations of Business through a collaboration between the Pamplin College of Business and Virginia Tech Libraries. This book is freely available at:

<http://hdl.handle.net/10919/70961> It is licensed with a Creative Commons-NonCommercial ShareAlike 3.0 license.

Fundamentals of Canadian Business Law - John A. Willes 2008-01

The key words for this text are: "clear, concise and relevant". Most students taking this course are not going to be lawyers and therefore the emphasis is on a strong business orientation. Key features and competitive advantages include additional core topics such as risk management, negligence, and intellectual property. Case material has also been integrated into each chapter to illustrate the key topics and is

presented in summary format as well as in hypothetical examples. Numerous features within the text demonstrate business law to students in a real world context. This text will assist and guide the entrepreneurial student who is aiming to start a business and needs the legal knowledge to avoid pitfalls.

Fundamentals of Franchising - Joseph J. Fittante (Jr.) 2016-12-01
Written specifically to help lawyers and non-lawyers brush up on franchise law, this respected publication - now in its fourth edition - is charged with useful definitions, practical tips, and expert advice from experienced franchise law practitioners. This practical guide examines franchise law from a wide-range of experiences and viewpoints. Each chapter is written by two experienced practitioners to provide a well-rounded guide to the fundamentals of franchise law and key issues in the practice, including trademark law; structuring the franchise relationship; disclosure issues; registration; franchise relationship laws; antitrust law; counseling franchisees; and more.

Fundamentals of Franchising, Canada - Peter Snell 2019-06-07

"Updated and expanded to reflect the significant increase in Canadian provinces with franchise laws, this deskbook provides the practical tips, useful definitions and the expert advice you need to counsel clients who intend to expand into the Canadian marketplace."--Provided by publisher.

Principles of Microeconomics 2e - Steven A. Greenlaw 2017-09-15

Business Law I Essentials - MIRANDE. DE ASSIS VALBRUNE (RENEE. CARDELL, SUZANNE.) 2019-09-27

A less-expensive grayscale paperback version is available. Search for ISBN 9781680923018. *Business Law I Essentials* is a brief introductory textbook designed to meet the scope and sequence requirements of courses on Business Law or the Legal Environment of Business. The concepts are presented in a streamlined manner, and cover the key concepts necessary to establish a strong foundation in the subject. The textbook follows a traditional approach to the study of business law. Each chapter contains learning objectives, explanatory narrative and concepts, references for further reading, and end-of-chapter questions. *Business Law I Essentials* may need to be supplemented with additional content, cases, or related materials, and is offered as a foundational resource that focuses on the baseline concepts, issues, and approaches.

The Cumulative Book Index - 1996

A world list of books in the English language.

Knightingale - Stephanie Laws 2012-09-14

Evil has plagued this world since the dawn of creation seeking to gain control. One family was given supernatural abilities with the sole purpose of protecting the things in this world that evil must never take possession of. Samantha Nelson knew she was cursed. She didn't know that her unnatural ability of forcing the truth out of people was just the beginning of her curse until her family is murdered in a horrific home explosion. Six months later she finds herself face to face with a Knight Protector and her life is turned into utter chaos. When David received his assignment on his twentieth birthday he was told that his destiny would be entwined with a woman soon to be born and that his aging would be halted. Since the moment Samantha was born, David protected her from her enemies. As every Knight before him, he does so in the shadows. But David must face the facts that something even deadlier than her enemies is occurring. No matter how much he denies it, he is falling in love with her. When her enemies begin to discover ways around his protection and murder her family he is forced to make a decision of what is more important to him; his family or his assignment. All it takes is one warning sign of danger to convince him that he simply cannot live without Samantha and he takes a leap that will change their lives forever. Their

only chance of survival is to discover what Samantha's destiny is and the journey leads them straight to the heart of the Knight family where they discover evil has infiltrated and it is up to them to stop the evil before it destroys the family and gains control of the very thing that God created the family to protect.

Principles of Administrative Law - David Jones 2020

Fundamentals of Canadian Income Tax - Vern Krishna

Law Books in Print: Title index - Nicholas Triffin 1994

Newsletter - Canadian Association of Law Libraries - Canadian Association of Law Libraries 1986

Law Books in Print: Subjects - Nicholas Triffin 1987

Business Law - Robert W. Emerson 2016-01-04

Titles in Barron's Business Review series are widely used as classroom supplements to college textbooks and often serve as a main textbook in business brush-up programs. Business Law focuses on the importance of legal theory in the everyday business world, explaining such subjects as

tort responsibility, government regulations, contracts, environmental law, product liability, consumer protection, and international law, among many other topics. Also discussed in detail are the legal aspects of partnerships, franchises, and corporations, as well as special topics that include business crimes, property as a legal concept, intellectual property, and similar pertinent topics. A study aid labeled Key Terms appears at the beginning of each chapter, and You Should Remember summaries are strategically interspersed throughout the text.

Civil Liability for Bunker Oil Pollution Damage - Dan Malika Gunasekera 2010

This book deals with the liability conventions brought into existence by the International Maritime Organization and concentrates on the newly adopted instrument dealing with bunker oil pollution as an area of great concern for every stakeholder involved in shipping business. The work covers a wide spectrum ranging from the Convention itself to its scope of application, liable and aggrieved parties, jurisdiction, requirements of liability and admissibility of claims, defences and exoneration from liability. It addresses many areas of interest and of importance to international and national legal advisors, lawyers, law students and anyone interested in the relevant field such as shipowners, charterers, shipbrokers, ship personnel and associated contractors and sub-contractors.
