

Give Me Liberty An American History Brief Fourth Edition

If you ally craving such a referred **give me liberty an american history brief fourth edition** ebook that will manage to pay for you worth, get the unquestionably best seller from us currently from several preferred authors. If you desire to funny books, lots of novels, tale, jokes, and more fictions collections are along with launched, from best seller to one of the most current released.

You may not be perplexed to enjoy every books collections give me liberty an american history brief fourth edition that we will utterly offer. It is not just about the costs. Its about what you compulsion currently. This give me liberty an american history brief fourth edition, as one of the most in action sellers here will very be in the midst of the best options to review.

Give Me Liberty! An American History - Eric Foner 2016-09-15

Give Me Liberty! is the #1 book in the U.S. history survey course because it works in the classroom. A single-author text by a leader in the field, Give Me Liberty! delivers an authoritative, accessible, concise, and integrated American history. Updated with powerful new scholarship on borderlands and the West, the Fifth Edition brings new interactive History Skills Tutorials and Norton InQuizitive for History, the award-winning adaptive quizzing tool.

Kindred - Octavia E. Butler 2004-02-01

From the New York Times bestselling author of Parable of the Sower and MacArthur "Genius" Grant, Nebula, and Hugo award winner The visionary time-travel classic whose Black female hero is pulled through time to face the horrors of American slavery and explores the impacts of racism, sexism, and white supremacy then and now. "I lost an arm on my last trip home. My left arm." Dana's torment begins when she suddenly vanishes on her 26th birthday from California, 1976, and is dragged through time to antebellum Maryland to rescue a boy named Rufus, heir to a slaveowner's plantation. She soon realizes the purpose of her summons to the past: protect Rufus to ensure his assault of her Black ancestor so that she may one day be born. As she endures the traumas of slavery and the soul-crushing normalization of savagery, Dana fights to keep her autonomy and return to the present. Blazing the trail for neo-slavery narratives like Colson Whitehead's The Underground Railroad and Ta-Nehisi Coates's The Water Dancer, Butler takes one of speculative fiction's oldest tropes and infuses it with lasting depth and power. Dana not only experiences the cruelties of slavery on her skin but also grimly learns to accept it as a condition of her own existence in the present. "Where stories about American slavery are often gratuitous, reducing its horror to explicit violence and brutality, Kindred is controlled and precise" (New York Times). "Reading Octavia Butler taught me to dream big, and I think it's absolutely necessary that everybody have that freedom and that willingness to dream." —N. K. Jemisin The series adaption from FX premieres December 13 on Hulu. Developed for television by writer/executive producer Branden Jacobs-Jenkins (Watchmen), executive producers also include Joe Weisberg and Joel Fields (The Americans, The Patient), and Darren Aronofsky (The Whale). Janicza Bravo (Zola) is director and an executive producer of the pilot. Kindred stars Mallori Johnson, Micah Stock, Ryan Kwanten, and Gayle Rankin.

A Libertarian Walks Into a Bear - Matthew Hongoltz-Hetling 2020-09-15

A tiny American town's plans for radical self-government overlooked one hairy detail: no one told the bears. Once upon a time, a group of libertarians got together and hatched the Free Town Project, a plan to take over an American town and completely eliminate its government. In 2004, they set their sights on Grafton, NH, a barely populated settlement with one paved road. When they descended on Grafton, public funding for pretty much everything shrank: the fire department, the library, the schoolhouse. State and federal laws became meek suggestions, scarcely heard in the town's thick wilderness. The anything-goes atmosphere soon caught the attention of Grafton's neighbors: the bears. Freedom-loving citizens ignored hunting laws and regulations on food disposal. They built a tent city in an effort to get off the grid. The bears smelled food and opportunity. *A Libertarian Walks Into a Bear* is the sometimes funny, sometimes terrifying tale of what happens when a government disappears into the woods. Complete with gunplay, adventure, and backstabbing politicians, this is the ultimate story of a quintessential American experiment -- to live free or die, perhaps from a bear.

The Americanization of the World - William Thomas Stead 1902

White Freedom - Tyler Stovall 2021-01-19

The racist legacy behind the Western idea of freedom The era of the Enlightenment, which gave rise to our modern conceptions of freedom and democracy, was also the height of the trans-Atlantic slave trade. America, a nation founded on the principle of liberty, is also a nation built on African slavery, Native American genocide, and systematic racial discrimination. *White Freedom* traces the complex relationship between freedom and race from the eighteenth century to today, revealing how being free has meant being white. Tyler Stovall explores the intertwined histories of racism and freedom in France and the United States, the two leading nations that have claimed liberty as the heart of their national identities. He explores how French and American thinkers defined freedom in racial terms and conceived of liberty as an aspect and privilege of whiteness. He discusses how the Statue of Liberty—a gift from France to the United States and perhaps the most famous symbol of freedom on Earth—promised both freedom and whiteness to European immigrants. Taking readers from the Age of Revolution to today, Stovall challenges the notion that racism is somehow a paradox or contradiction within the democratic tradition, demonstrating how white identity is intrinsic to Western ideas about liberty. Throughout the history of modern Western liberal democracy, freedom has long been white freedom. A major work of scholarship that is certain to draw a wide readership and transform contemporary debates, *White Freedom* provides vital new perspectives on the inherent racism behind our most cherished beliefs about freedom, liberty, and human rights.

Give Me Liberty!: An American History (Brief Fourth Edition) (Vol. One Volume) - Eric Foner 2014-02-14

The leading text in a brief, full-color edition. Clear, concise, integrated, and up-to-date, Give Me Liberty! is a proven success with teachers and students. Eric Foner pulls the pieces of the past together into a cohesive picture, using the theme of freedom throughout. The Brief Fourth Edition is streamlined and coherent, and features stronger coverage of American religion, a bright four-color design, and a reinforced pedagogical program aimed at fostering effective reading and study skills.

Give Me Liberty!: An American History (Brief Fourth Edition) - Eric Foner 2014-02-07

Eric Foner pulls the pieces of the past together into a cohesive picture, using the theme of freedom throughout. The Brief Fourth Edition is streamlined and coherent, and features stronger coverage of American religion, a bright four-color design, and a reinforced pedagogical program aimed at fostering effective reading and study skills.

Gateway to Freedom: The Hidden History of the Underground Railroad - Eric Foner 2015-01-19

The dramatic story of fugitive slaves and the antislavery activists who defied the law to help them reach freedom. More than any other scholar, Eric Foner has influenced our understanding of America's history. Now, making brilliant use of extraordinary evidence, the Pulitzer Prize-winning historian once again reconfigures the national saga of American slavery and freedom. A deeply entrenched institution, slavery lived on legally and commercially even in the northern states that had abolished it after the American Revolution. Slaves could be found in the streets of New York well after abolition, traveling with owners doing business with the city's major banks, merchants, and manufacturers. New York was also home to the North's largest free black community, making it a magnet for fugitive slaves seeking refuge. Slave catchers

and gangs of kidnappers roamed the city, seizing free blacks, often children, and sending them south to slavery. To protect fugitives and fight kidnappings, the city's free blacks worked with white abolitionists to organize the New York Vigilance Committee in 1835. In the 1840s vigilance committees proliferated throughout the North and began collaborating to dispatch fugitive slaves from the upper South, Washington, and Baltimore, through Philadelphia and New York, to Albany, Syracuse, and Canada. These networks of antislavery resistance, centered on New York City, became known as the underground railroad. Forced to operate in secrecy by hostile laws, courts, and politicians, the city's underground-railroad agents helped more than 3,000 fugitive slaves reach freedom between 1830 and 1860. Until now, their stories have remained largely unknown, their significance little understood. Building on fresh evidence—including a detailed record of slave escapes secretly kept by Sydney Howard Gay, one of the key organizers in New York—Foner elevates the underground railroad from folklore to sweeping history. The story is inspiring—full of memorable characters making their first appearance on the historical stage—and significant—the controversy over fugitive slaves inflamed the sectional crisis of the 1850s. It eventually took a civil war to destroy American slavery, but here at last is the story of the courageous effort to fight slavery by "practical abolition," person by person, family by family.

Give Me Liberty! - Eric Foner 2013-10-08

The leading text, in a compact, value edition.

Give Me Liberty! - Eric Foner 2012

The leading United States History survey text, now available in a brief, full-color edition.

Sacred Liberty - Steven Waldman 2019-05-07

Sacred Liberty offers a dramatic, sweeping survey of how America built a unique model of religious freedom, perhaps the nation's "greatest invention." Steven Waldman, the bestselling author of *Founding Faith*, shows how early ideas about religious liberty were tested and refined amidst the brutal persecution of Catholics, Baptists, Mormons, Quakers, African slaves, Native Americans, Muslims, Jews and Jehovah's Witnesses. American leaders drove religious freedom forward—figures like James Madison, George Washington, the World War II presidents (Roosevelt, Truman, and Eisenhower) and even George W. Bush. But the biggest heroes were the regular Americans – people like Mary Dyer, Marie Barnett and W.D. Mohammed -- who risked their lives or reputations by demanding to practice their faiths freely. Just as the documentary *Eyes on the Prize* captured the rich drama of the civil rights movement, *Sacred Liberty* brings to life the remarkable story of how America became one of the few nations in world history that has religious freedom, diversity and high levels of piety at the same time. Finally, *Sacred Liberty* provides a roadmap for how, in the face of modern threats to religious freedom, this great achievement can be preserved.

Forever Free - Eric Foner 2013-06-26

From one of our most distinguished historians, a new examination of the vitally important years of Emancipation and Reconstruction during and immediately following the Civil War—a necessary reconsideration that emphasizes the era's political and cultural meaning for today's America. In *Forever Free*, Eric Foner overturns numerous assumptions growing out of the traditional understanding of the period, which is based almost exclusively on white sources and shaped by (often unconscious) racism. He presents the period as a time of determination, especially on the part of recently emancipated black Americans, to put into effect the principles of equal rights and citizenship for all. Drawing on a wide range of long-neglected documents, he places a new emphasis on the centrality of the black experience to an understanding of the era. We see African Americans as active agents in overthrowing slavery, in helping win the Civil War, and—even more actively—in shaping Reconstruction and creating a legacy long obscured and misunderstood. Foner makes clear how, by war's end, freed slaves in the South built on networks of church and family in order to exercise their right of suffrage as well as gain access to education, land, and employment. He shows us that the birth of the Ku Klux Klan and renewed acts of racial violence were retaliation for the progress made by blacks soon after the war. He refutes lingering misconceptions about Reconstruction, including the attribution of its ills to corrupt African American politicians and "carpetbaggers," and connects it to the movements for civil rights and racial justice. Joshua Brown's illustrated commentary on the era's graphic art and photographs complements the narrative. He offers a

unique portrait of how Americans envisioned their world and time. *Forever Free* is an essential contribution to our understanding of the events that fundamentally reshaped American life after the Civil War—a persuasive reading of history that transforms our sense of the era from a time of failure and despair to a threshold of hope and achievement.

The American Yawp - Joseph L. Locke 2019-01-22

"I too am not a bit tamed—I too am untranslatable / I sound my barbaric yawp over the roofs of the world."—Walt Whitman, "Song of Myself," *Leaves of Grass* The American Yawp is a free, online, collaboratively built American history textbook. Over 300 historians joined together to create the book they wanted for their own students—an accessible, synthetic narrative that reflects the best of recent historical scholarship and provides a jumping-off point for discussions in the U.S. history classroom and beyond. Long before Whitman and long after, Americans have sung something collectively amid the deafening roar of their many individual voices. The Yawp highlights the dynamism and conflict inherent in the history of the United States, while also looking for the common threads that help us make sense of the past. Without losing sight of politics and power, The American Yawp incorporates transnational perspectives, integrates diverse voices, recovers narratives of resistance, and explores the complex process of cultural creation. It looks for America in crowded slave cabins, bustling markets, congested tenements, and marbled halls. It navigates between maternity wards, prisons, streets, bars, and boardrooms. The fully peer-reviewed edition of The American Yawp will be available in two print volumes designed for the U.S. history survey. Volume I begins with the indigenous people who called the Americas home before chronicling the collision of Native Americans, Europeans, and Africans. The American Yawp traces the development of colonial society in the context of the larger Atlantic World and investigates the origins and ruptures of slavery, the American Revolution, and the new nation's development and rebirth through the Civil War and Reconstruction. Rather than asserting a fixed narrative of American progress, The American Yawp gives students a starting point for asking their own questions about how the past informs the problems and opportunities that we confront today.

America: A Narrative History - Shi, David E. 2019-07-01

America is the leading narrative history because students love to read it. Additional coverage of immigration enhances the timeliness of the narrative. New Chapter Opener videos, History Skills Tutorials, and Norton's adaptive learning tool, InQuizitive, help students develop history skills, engage with the reading, and come to class prepared. What hasn't changed? Our unmatched affordability. Choose from Full, Brief (15% shorter), or The Essential Learning Edition—featuring fewer chapters and additional pedagogy.

Give Me Liberty! - Eric Foner 2017-01-20

The leading text in the U.S. survey course.

Give Me Liberty! - Eric Foner 2014-06-01

The leading college-level American history textbook, now available in an Advanced Placement* edition.

Give Me Liberty! - Eric Foner 2017-07-01

The leading text in the U.S. survey course.

The Significance of the Frontier in American History - Frederick Jackson Turner 2008-08-07

This hugely influential work marked a turning point in US history and culture, arguing that the nation's expansion into the Great West was directly linked to its unique spirit: a rugged individualism forged at the juncture between civilization and wilderness, which – for better or worse – lies at the heart of American identity today. Throughout history, some books have changed the world. They have transformed the way we see ourselves – and each other. They have inspired debate, dissent, war and revolution. They have enlightened, outraged, provoked and comforted. They have enriched lives – and destroyed them. Now Penguin brings you the works of the great thinkers, pioneers, radicals and visionaries whose ideas shook civilization and helped make us who we are.

Voices of Freedom - Eric Foner 2005

Edited by Eric Foner and coordinated with each chapter of the text, this companion to *Give Me Liberty!* includes primary-source documents touching on the theme of American freedom. The freedom theme is explored in the words of well-known historical figures and ordinary Americans. Each document is

accompanied by an introductory headnote and study questions.

Liberty Is Sweet - Woody Holton 2021-10-19

A “deeply researched and bracing retelling” (Annette Gordon-Reed, Pulitzer Prize-winning historian) of the American Revolution, showing how the Founders were influenced by overlooked Americans—women, Native Americans, African Americans, and religious dissenters. Using more than a thousand eyewitness records, *Liberty Is Sweet* is a “spirited account” (Gordon S. Wood, Pulitzer Prize-winning author of *The Radicalism of the American Revolution*) that explores countless connections between the Patriots of 1776 and other Americans whose passion for freedom often brought them into conflict with the Founding Fathers. “It is all one story,” prizewinning historian Woody Holton writes. Holton describes the origins and crucial battles of the Revolution from Lexington and Concord to the British surrender at Yorktown, always focusing on marginalized Americans—enslaved Africans and African Americans, Native Americans, women, and dissenters—and on overlooked factors such as weather, North America’s unique geography, chance, misperception, attempts to manipulate public opinion, and (most of all) disease. Thousands of enslaved Americans exploited the chaos of war to obtain their own freedom, while others were given away as enlistment bounties to whites. Women provided material support for the troops, sewing clothes for soldiers and in some cases taking part in the fighting. Both sides courted native people and mimicked their tactics. *Liberty Is Sweet* is a “must-read book for understanding the founding of our nation” (Walter Isaacson, author of *Benjamin Franklin*), from its origins on the frontiers and in the Atlantic ports to the creation of the Constitution. Offering surprises at every turn—for example, Holton makes a convincing case that Britain never had a chance of winning the war—this majestic history revivifies a story we thought we already knew.

Give Me Liberty - Russell Freedman 2008-09-18

Describes the events leading up to the Declaration of Independence as well as the personalities and politics behind its framing. By the author of the Newbery Honor book, *The Wright Brothers: How They Invented the Airplane*. Reprint.

Liberty and Coercion - Gary Gerstle 2017-10-24

How the conflict between federal and state power has shaped American history American governance is burdened by a paradox. On the one hand, Americans don't want "big government" meddling in their lives; on the other hand, they have repeatedly enlisted governmental help to impose their views regarding marriage, abortion, religion, and schooling on their neighbors. These contradictory stances on the role of public power have paralyzed policymaking and generated rancorous disputes about government’s legitimate scope. How did we reach this political impasse? Historian Gary Gerstle, looking at two hundred years of U.S. history, argues that the roots of the current crisis lie in two contrasting theories of power that the Framers inscribed in the Constitution. One theory shaped the federal government, setting limits on its power in order to protect personal liberty. Another theory molded the states, authorizing them to go to extraordinary lengths, even to the point of violating individual rights, to advance the "good and welfare of the commonwealth." The Framers believed these theories could coexist comfortably, but conflict between the two has largely defined American history. Gerstle shows how national political leaders improvised brilliantly to stretch the power of the federal government beyond where it was meant to go—but at the cost of giving private interests and state governments too much sway over public policy. The states could be innovative, too. More impressive was their staying power. Only in the 1960s did the federal government, impelled by the Cold War and civil rights movement, definitively assert its primacy. But as the power of the central state expanded, its constitutional authority did not keep pace. Conservatives rebelled, making the battle over government’s proper dominion the defining issue of our time. From the Revolution to the Tea Party, and the Bill of Rights to the national security state, *Liberty and Coercion* is a revelatory account of the making and unmaking of government in America.

America, Empire of Liberty: A New History of the United States -

Give Me Liberty - Richard Brookhiser 2019-11-05

An award-winning historian recounts the history of American liberty through the stories of thirteen essential documents Nationalism is inevitable: It supplies feelings of belonging, identity, and recognition. It

binds us to our neighbors and tells us who we are. But increasingly -- from the United States to India, from Russia to Burma -- nationalism is being invoked for unworthy ends: to disdain minorities or to support despots. As a result, nationalism has become to many a dirty word. In *Give Me Liberty*, award-winning historian and biographer Richard Brookhiser offers up a truer and more inspiring story of American nationalism as it has evolved over four hundred years. He examines America's history through thirteen documents that made the United States a new country in a new world: a free country. We are what we are because of them; we stay true to what we are by staying true to them. Americans have always sought liberty, asked for it, fought for it; every victory has been the fulfillment of old hopes and promises. This is our nationalism, and we should be proud of it.

Empire for Liberty - Richard H. Immerman 2012-08

Tells the story of the men throughout American history who used the rhetoric of liberty to further imperial ambitions, and argues that the quest for empire has guided the nation's architects from the very beginning--and continues to do so today. By the author of *The CIA in Guatemala*.

The Limits of Liberty - Dr Mari C Jones 1983

A history of America between the years 1607 and 1980.

Give Me Liberty - L. M. Elliott 2009-04-14

An exciting novel for tweens that captures the dawn of the American Revolution. Life is tough for thirteen-year-old Nathaniel Dunn, an indentured servant in colonial Virginia. Then in a twist of luck, he meets Basil, a kind schoolmaster, and an arrangement is struck lending Nathaniel's labor to a Williamsburg carriage maker. Basil introduces Nathaniel to music, books, and philosophies that open his mind to new attitudes about equality. The year is 1775, and as colonists voice their rage over England's taxation, Patrick Henry's words "give me liberty, or give me death" become the sounding call for action. Should Nathaniel and Basil join the fight? What is the meaning of "liberty" in a country reliant on indentured servants and slaves? Nathaniel must face the puzzling choices a dawning nation lays before him. “Filled with action, well-drawn characters, and a sympathetic understanding of many points of view.” —ALA Booklist

Give Me Liberty! - Eric Foner 2017

Give Me Liberty! - Eric Foner 2019-12-13

The leading U.S. history textbook, with a new focus on "Who is an American?"

These Truths: A History of the United States - Jill Lepore 2018-09-18

New York Times Bestseller In the most ambitious one-volume American history in decades, award-winning historian and New Yorker writer Jill Lepore offers a magisterial account of the origins and rise of a divided nation, an urgently needed reckoning with the beauty and tragedy of American history. Written in elegiac prose, Lepore’s groundbreaking investigation places truth itself—a devotion to facts, proof, and evidence—at the center of the nation’s history. The American experiment rests on three ideas—“these truths,” Jefferson called them—political equality, natural rights, and the sovereignty of the people. And it rests, too, on a fearless dedication to inquiry, Lepore argues, because self-government depends on it. But has the nation, and democracy itself, delivered on that promise? *These Truths* tells this uniquely American story, beginning in 1492, asking whether the course of events over more than five centuries has proven the nation’s truths, or belied them. To answer that question, Lepore traces the intertwined histories of American politics, law, journalism, and technology, from the colonial town meeting to the nineteenth-century party machine, from talk radio to twenty-first-century Internet polls, from Magna Carta to the Patriot Act, from the printing press to Facebook News. Along the way, Lepore’s sovereign chronicle is filled with arresting sketches of both well-known and lesser-known Americans, from a parade of presidents and a rogues’ gallery of political mischief makers to the intrepid leaders of protest movements, including Frederick Douglass, the famed abolitionist orator; William Jennings Bryan, the three-time presidential candidate and ultimately tragic populist; Pauli Murray, the visionary civil rights strategist; and Phyllis Schlafly, the uncredited architect of modern conservatism. Americans are descended from slaves and slave owners, from conquerors and the conquered, from immigrants and from people who have fought to end immigration. "A nation born in contradiction will fight forever over the meaning of its history," Lepore writes, but engaging in that struggle by studying the past is part of the work of citizenship. "The past is an

inheritance, a gift and a burden," These Truths observes. "It can't be shirked. There's nothing for it but to get to know it."

[Empire of Liberty](#) - Anthony Bogues 2010

An original and stimulating critique of American empire

[The Road to Serfdom](#) - 2015-12-26

"Over Two Million Copies Sold" The Road to Serfdom By Friedrich A. Hayek Condensed Edition The Road to Serfdom is a book written by the Austrian-born economist and philosopher Friedrich von Hayek (1899-1992) between 1940-1943, in which he "[warns] of the danger of tyranny that inevitably results from government control of economic decision-making through central planning." He further argues that the abandonment of individualism and classical liberalism inevitably leads to a loss of freedom, the creation of an oppressive society, the tyranny of a dictator, and the serfdom of the individual. Significantly, Hayek challenged the general view among British academics that fascism (and National Socialism) was a capitalist reaction against socialism. He argued that fascism, National Socialism and socialism had common roots in central economic planning and empowering the state over the individual. Since its publication in 1944, The Road to Serfdom has been an influential and popular exposition of market libertarianism. It has sold over two million copies. The Road to Serfdom was to be the popular edition of the second volume of Hayek's treatise entitled "The Abuse and Decline of Reason," and the title was inspired by the writings of the 19th century French classical liberal thinker Alexis de Tocqueville on the "road to servitude." The book was first published in Britain by Routledge in March 1944, during World War II, and was quite popular, leading Hayek to call it "that unobtainable book," also due in part to wartime paper rationing. It was published in the United States by the University of Chicago Press in September 1944 and achieved great popularity. At the arrangement of editor Max Eastman, the American magazine Reader's Digest published an abridged version in April 1945, enabling The Road to Serfdom to reach a wider popular audience beyond academics. The Road to Serfdom has had a significant impact on twentieth-century conservative and libertarian economic and political discourse, and is often cited today by commentators.

Give Me Liberty! - Eric Foner 2007-09

Adopted at over 600 universities, colleges, and schools across the country, Eric Foner's Give Me Liberty! is making a difference in the American history survey course.

A Short History of the United States - Robert V. Remini 2009-10-06

In A Short History of the United States, National Book Award winner Robert V. Remini offers a much-needed, concise history of our country. This accessible and lively volume contains the essential facts about the discovery, settlement, growth, and development of the American nation and its institutions, including the arrival and migration of Native Americans, the founding of a republic under the Constitution, the emergence of the United States as a world power, the outbreak of terrorism here and abroad, the Obama presidency, and everything in between.

A House Divided - Eric Foner 1991

Assesses the impact of the Civil War

[Who Owns History?](#) - Eric Foner 2003-04-16

A thought-provoking new book from one of America's finest historians "History," wrote James Baldwin,

"does not refer merely, or even principally, to the past. On the contrary, the great force of history comes from the fact that we carry it within us, are unconsciously controlled by it in many ways, and history is literally present in all that we do." Rarely has Baldwin's insight been more forcefully confirmed than during the past few decades. History has become a matter of public controversy, as Americans clash over such things as museum presentations, the flying of the Confederate flag, or reparations for slavery. So whose history is being written? Who owns it? In *Who Owns History?*, Eric Foner proposes his answer to these and other questions about the historian's relationship to the world of the past and future. He reconsiders his own earlier ideas and those of the pathbreaking Richard Hofstadter. He also examines international changes during the past two decades--globalization, the collapse of the Soviet Union, the end of apartheid in South Africa--and their effects on historical consciousness. He concludes with considerations of the enduring, but often misunderstood, legacies of slavery, the Civil War, and Reconstruction. This is a provocative, even controversial, study of the reasons we care about history--or should.

U.S. History - P. Scott Corbett 2017-12-19

Published by OpenStax College, U.S. History covers the breadth of the chronological history of the United States and also provides the necessary depth to ensure the course is manageable for instructors and students alike. U.S. History is designed to meet the scope and sequence requirements of most courses. The authors introduce key forces and major developments that together form the American experience, with particular attention paid to considering issues of race, class and gender. The text provides a balanced approach to U.S. history, considering the people, events and ideas that have shaped the United States from both the top down (politics, economics, diplomacy) and bottom up (eyewitness accounts, lived experience).

[At the Threshold of Liberty](#) - Tamika Y. Nunley 2021-01-29

The capital city of a nation founded on the premise of liberty, nineteenth-century Washington, D.C., was both an entrepot of urban slavery and the target of abolitionist ferment. The growing slave trade and the enactment of Black codes placed the city's Black women within the rigid confines of a social hierarchy ordered by race and gender. *At the Threshold of Liberty* reveals how these women--enslaved, fugitive, and free--imagined new identities and lives beyond the oppressive restrictions intended to prevent them from ever experiencing liberty, self-respect, and power. Consulting newspapers, government documents, letters, abolitionist records, legislation, and memoirs, Tamika Y. Nunley traces how Black women navigated social and legal proscriptions to develop their own ideas about liberty as they escaped from slavery, initiated freedom suits, created entrepreneurial economies, pursued education, and participated in political work. In telling these stories, Nunley places Black women at the vanguard of the history of Washington, D.C., and the momentous transformations of nineteenth-century America.

Give Me Liberty! An American History - Eric Foner 2017-05-01

Give Me Liberty! is the #1 book in the U.S. history survey course because it works in the classroom. A single-author text by a leader in the field, Give Me Liberty! delivers an authoritative, accessible, concise, and integrated American history. Updated with powerful new scholarship on borderlands and the West, the Fifth Edition brings new interactive History Skills Tutorials and Norton InQuizitive for History, the award-winning adaptive quizzing tool. The best-selling Seagull Edition is also available in full color for the first time.

A Discourse Concerning Western Planting - Richard Hakluyt 1877
