Perfumes - Luca Turin

2010-08-06

'I've long wished perfumery to be taken seriously as an art, and for scent critics to be as fierce as opera critics, and for the wearers of certain "fragrances" to be hissed in public, while others are cheered. This year has brought

scent that she's ever loved and loathed. Together they make a fine and utterly persuasive argument for the unrecognised craft of perfume-making. Perfume writing has certainly never been this honest, compelling or downright entertaining.

People and Things from the Blount County, Alabama

News and News-Dispatch 1879 - 1889 - Robin Sterling 2013-07-19

The Blount County News was established by Lawrence H. Mathews in Blount Springs as the Blount Springs News in March of 1877. Mathews moved his paper to Blountsville the following October after the citizens of Blount County elected that town to remain the county seat. In 1887, Mathews' newspaper merged with the Blount County Dispatch to become the Blount County News-Dispatch. Mathews moved his paper for the last time in 1889 when Oneonta became the new county seat. Mathews died in 1896 but his paper continued until 1903 when it succumbed to the dominance of a new paper called the Southern Democrat. Microfilmed copies of the News and News-Dispatch were studied page by page and within these pages are found every mention of births, marriages, deaths, obituaries, and news important to the genealogy and history of Blount County. Hidden nuggets

of information of interest to the descendants of Blount County pioneers are found within the pages of this volume.

Perfume - Neil Chapman
2019-04-02

A beautifully made scent can encapsulate a particular

feeling, transport you to a very specific time in life with clarity, or remind you of a special loved one or friend. And just like wearing your favorite outfit or shoes, your favorite perfume can make you feel invincible. The question is, how do you find such a creation? With the number of new releases steadily increasing, it can be bewildering even attempting to find a perfume you like, let alone love. In *Perfume*, Neil Chapman guides readers through a world that can at times seem overwhelming. Fragrances of every variety are listed 'note by note' in clearly divided categories that will steer you in the direction of a perfume you not only like, but love and cherish as 'your' signature scent. Chapters explore popular notes (for example, vanilla, sandalwood, jasmine, rose, patchouli, chocolate) or a broader identifiable group (such as 'oceanics', 'green florals' or 'anti-perfume'), giving an insight into that particular category as well as a clear sense of the similarities

and differences between the scents described within it. Featuring over 700 scents, from vintage perfumes to department store classics, rarities and niche boutique fragrances, Perfume is a true portal into the beautiful world of perfume. The further you go on this journey, the more you will be amazed by how many beautiful creations do exist if you take the time to look.

Essence and Alchemy -

Mandy Aftel 2011-04-01

An artisan perfumer reveals a lost art and its mysterious, sensual history. For centuries, people have taken what seems to be an instinctive pleasure in rubbing scents into their skin. Perfume has helped them to pray, to heal, and to make love. And as long as there has been perfume, there have been perfumers, or rather the priests, shamans, and apothecaries who were their predecessors. Yet, in many ways, perfumery is a lost art,

its creative and sensual possibilities eclipsed by the synthetic ingredients of which contemporary perfumes are composed, which have none of the subtlety and complexity of essences derived from natural substances, nor their lush histories. Essence and Alchemy resurrects the social and metaphysical legacy that is entwined with the evolution of perfumery, from the dramas of the spice trade to the quests of the alchemists to whom today's perfumers owe a philosophical as well as a practical debt.

Mandy Aftel tracks scent through the boudoir and the bath and into the sanctums of worship, offering insights on the relationship of scent to sex, solitude, and the soul. Along the way, she imparts instruction in the art of perfume compositions, complete with recipes, guiding the reader in a process of transformation of materials that continues to follow the alchemical dictum *solve et coagula* (dissolve and combine) and is itself aesthetically and spiritually transforming.
