*A Book-lover's Holidays in the Open* - Theodore Roosevelt 1916

A Book-Lover's Holidays in the Open is a classic literary work by Teddy Roosevelt which describes the US president's adventures in the great American outdoors. The man should have youth and strength who seeks adventure in the wide, waste spaces of the earth, in the marshes, and among the vast mountain masses, in the northern forests, amid the steaming jungles of the tropics, or on the deserts of sand or of snow. He must long greatly for the lonely winds that blow across the wilderness, and for sunrise and sunset over the rim of the empty world. His heart must thrill for the saddle and not for the hearthstone. He must be helmsman and chief, the cragsman, the rifleman, the boat steerer. He must be the wielder of axe and of paddle, the rider of fiery horses, the master of the craft that leaps through white water. His eye must be true and quick, his hand steady and strong. His heart must never fail nor his head grow bewildered, whether he face brute and human foes, or the frowning strength of hostile nature, or the awful fear that grips those who are lost in trackless lands.

This information has been kept in Top Secret government files since the 1940s. His audiences hear the truth unfold as he writes about the assassination of John F. Kennedy, the war on drugs, the Secret Government and UFOs. Bill is a lucid, rational and powerful speaker who intent is to inform and to empower his audience. Standing room only is normal. All Bill's predictions were on record well before the events occurred. Bill is not a psychic. His information comes from Top Secret documents that he read while with the Intelligence Briefing Team and from over 17 years of thorough research. "Bill Cooper is the world's leading expert on UFOs." -- Billy Goodman, KVEG, Las Vegas. "The onlt man in America who has all the pieces to the puzzle that has troubled so many for so long." -- Anthony Hilder, Radio Free America "William Cooper may be one of America's greatest heros, and this story may be the biggest story in the history of the world." -- Mills Crenshaw, KTALK, Salt Lake City. "Like it or not, everything is changing. The result will be the most wonderful experience in the history of man or the most horrible enslavement that you can imagine. **Atlantic Fury** - Hammond Innes 2016-11-15  
Two brothers fight to save a group of soldiers on a rocky island in the Hebrides in this haunting adventure by an "exceptional" thriller master (TheGuardian). The island of Laerg towers over the North Atlantic, a forbidding black rock with cliffs impossible to climb, its farthest heights wreathed in fog. It's an inhospitable place, whose last residents were forcibly evacuated in the 1930s, but Donald Ross, the artist son of an islander, has spent his life imagining its rugged beauty. When he finally comes home, however, the isle of his dreams may become his tomb. Donald is searching for his brother, Iain, believed lost at sea many years ago. He finds him living under an assumed identity at the British army outpost that now dominates Laerg. The weather soon turns sour, and the moment to evacuate draws near, but Iain delays. He's seeking something on the rocky cliffs, and to find it he will sacrifice his sanity, his men, and his soul. Based on the Hebridean island of Hirta, Laerg is a truly unique creation—a place so real, so tantalizing, so utterly dangerous that readers

will feel they have traveled there, to feel the salt wind at their backs and the bloody sand beneath their feet.

[Close to Shore](#) - Michael Capuzzo 2002-06-25  
Combining rich historical detail and a harrowing, pulse-pounding narrative, Close to Shore brilliantly re-creates the summer of 1916, when a rogue Great White shark attacked swimmers along the New Jersey shore, triggering mass hysteria and launching the most extensive shark hunt in history. In July 1916 a lone Great White left its usual deep-ocean habitat and headed in the direction of the New Jersey shoreline. There, near the towns of Beach Haven and Spring Lake--and, incredibly, a farming community eleven miles inland--the most ferocious and unpredictable of predators began a deadly rampage: the first shark attacks on swimmers in U.S. history. Capuzzo interweaves a vivid portrait of the era and meticulously drawn characters with chilling accounts of the shark's five attacks and the frenzied hunt that ensued. From the unnerving inevitability of the first attack on the esteemed son of a prosperous Philadelphia physician to the spine-tingling moment when a farm boy swimming in Matawan Creek feels the sandpaper-like skin of the passing shark, Close to Shore is an undeniably gripping saga. Heightening the drama are stories of the resulting panic in the citizenry, press and politicians, and of colorful personalities such as Herman Oelrichs, a flamboyant millionaire who made a bet that a shark was no match for a man (and set out to prove it); Museum of Natural History ichthyologist John Treadwell Nichols, faced with the challenge of stopping a mythic sea creature about which little was known; and, most memorable, the rogue Great White itself moving through a world that couldn't conceive of either its destructive power or its moral right to destroy. Scrupulously researched and superbly written, Close to Shore brings to life a breathtaking, pivotal moment in American history. Masterfully written and suffused with fascinating period detail and insights into the science and behavior of sharks, Close to Shore recounts a breathtaking, pivotal moment in American history with startling immediacy.

[Miskeen](#) - Judy Andrekson 2009-06-05  
Miskeen was born in obscurity on a Russian

farm, sold to a traveling circus, and earned a reputation performing in small towns in the 1980s. He was schooled first as a liberty (riderless) horse and then as a “dancing” (dressage) performer. Dancing was what he did best, and he was often observed trotting on the spot whenever he heard music. He matured into a magnificent, highly trained and valuable animal. But then tragedy struck. Confined in his stall after an exhausting day of performances in unbearable heat, Miskeen was spotted by a boy. The boy took up a training whip and beat the horse mercilessly until, in panic, Miskeen struck out. The boy was bitten severely, and, in retribution, Miskeen was ordered to have all his teeth pulled so that he could never “turn vicious” again. Suddenly the magnificent animal was disabled, humiliated, unable to eat, and totally worthless to those who had prized him. Miskeen would have died, had he not been rehabilitated by a young British woman named Vicky Malia. He recovered, eventually rewarding his new owner with private dance performances. It seemed he still had an ear for music and a memory of grander days. Miskeen is dancing still.

**Great Commanders [Illustrated Edition]** - Dr. Christopher Gabel 2014-08-15

Includes 3 maps and 7 illustrations The command of military forces in combat is unlike any other field of human endeavor. If war is the ultimate form of human competition, then the commander is the ultimate competitor. The commander operates in an environment of chance, uncertainty, and chaos, in which the stakes are, quite literally, life and death. He or she contends against an adversary who is using every means, fair or foul, to foil his plans and bring about his defeat. The commander is ultimately responsible for every variable that factors into military success or failure—training, logistics, morale, equipment, planning, and execution. The commander reaps the lion’s share of plaudits in victory, but also must accept the blame in defeat, warranted or not. Very often the line that separates fame and ignominy is slender indeed. It is not difficult to identify “great” commanders, though the overwhelming majority of generals who win battles are never considered “great.” Something more than a favorable ratio of wins to losses is needed to

establish greatness...The truly great commander is generally considered to be one who attains the unexpected or the unprecedented; one who stands above his contemporaries through his skill on the battlefield, or through the sheer magnitude of his accomplishments. ...The commanders selected were masters of warfare in their particular time and environment. Each capitalized upon the social, political, economic, and technological conditions of his day to forge successful military forces and win significant and noteworthy victories that profoundly altered the world in which he lived.—Dr Christopher R. Gabel. The Great Commanders covered by this volume are Alexander the Great, Genghis Khan, Napoleon, John J. Pershing, Erwin Rommel and Curtis E. LeMay

The Ghost Horse - Joe Layden 2013-05-07

In The Ghost Horse, Joe Layden tells the inspiring true tale of a one-eyed, club-footed thoroughbred racehorse and a journeyman trainer, Tim Snyder, who scraped together every penny he had to purchase the broken and unwanted filly. Snyder helped the horse overcome its deficiencies, eventually naming her in part after his deceased wife, Lisa, the great and only love of his life—a bright and sweet-tempered woman whose gentle demeanor seemed eerily reflected in the horse. The trainer (and now owner) was by nature a crusty and combative sort, the yin to his wife's yang, a racetrack lifer not easily moved by new-age mysticism or sentiment. And yet in those final days back in 2003, when Lisa Snyder lay in bed, her body ravaged by cancer, she reassured her family with a weak smile. "It's okay," she'd say. "I'll see you again. I'm coming back as a horse." Tim Snyder did not then believe in reincarnation. But he acknowledged the strangeness of this journey, the series of coincidences that brought them together, and the undeniable similarities between the horse and his late wife. And so did those who knew the couple well, and who could now only marvel at the story of the filly, Lisa's Booby Trap, and the

down-on-his-luck trainer who apparently had been given a new lease on life. *The Ghost Horse* is a powerful horseracing story of underdogs and second chances.

[Thank You for My Service](#) - Mat Best 2019-08-20

**NEW YORK TIMES BESTSELLER** • The unapologetic, laugh-your-ass-off military memoir both vets and civilians have been waiting for, from a five-tour Army Ranger turned YouTube phenomenon and zealous advocate for veterans. Members of the military's special operations branches share a closely guarded secret: They love their jobs. They relish the opportunity to fight. They are thankful for it, even, and hopeful that maybe, possibly, they'll also get to kill a bunch of bad guys while they're at it. You don't necessarily need to thank them for their service—the pleasure is all theirs. In this hilarious and personal memoir, readers ride shotgun alongside former Army Ranger and private military contractor and current social media phenomenon Mat Best, into the action and its aftermath, both abroad and at home. From surviving a skin infection in the swampy armpit of America (aka Columbus, Georgia) to kicking down doors on the outskirts of Ramadi, from blowing up a truck full of enemy combatants to witnessing the effects of a suicide bombing right in front of your face, *Thank You for My Service* gives readers who love America and love the good guys fresh insight into what it's really like inside the minds of the men and women on the front lines. It's also a sobering yet steadying glimpse at life for veterans after the fighting stops, when the enemy becomes self-doubt or despair and you begin to wonder why anyone should be thanking you for anything, least of all your service. How do you keep going when something you love turns you into somebody you hate? For veterans and their friends and families, *Thank You for My Service* will offer comfort, in the form of a million laughs, and counsel, as a blueprint for what to do after the war ends and the real fight begins. And for civilians, this is the insider account of military life you won't find anywhere else, told with equal amounts of heart and balls. It's *Deadpool* meets *Captain America*, except one went to business school and one went to therapy, and it's anyone's guess which is which. *Lone Survivor* - Marcus Luttrell 2014

In June 2005 four US Navy SEALs left their base in Afghanistan for the Pakistani border. Their mission was to capture or kill a notorious al-Qaeda leader known to be ensconced in a Taliban stronghold surrounded by a small but heavily armed force. Less than twenty-four hours later, only one of those Navy SEALs was alive. This is the story of team leader Marcus Luttrell, the sole survivor of Operation Redwing. Blasted unconscious by a rocket grenade, blown over a cliff, but still armed and still breathing, Luttrell endured four desperate days fighting the al-Qaeda assassins sent to kill him, before finding unlikely sanctuary with a Pashtun tribe who risked everything to protect him from the circling Taliban killers.

**Brigadier** - Judy Andrekson 2009-05-08

The true story of a gentle hero who won hearts and affection for his commitment to “serve and

protect.” A big boy right from the start, Brig was a Belgian draft cross, or grade horse, with just the right temperament to earn his place on the Mounted Unit of the Toronto Police Department. Brigadier was a golden chestnut with four white socks, and his size alone was imposing. But that wasn’t why Sergeant Graham Acott chose this horse above all the others with such certainty. The animal’s large, intelligent, and gentle eyes were what struck him. This was a horse, and a partner, perfectly suited to the job for which he’d been bred. Brigadier never let Graham or anyone else down for a moment, and his years of service with the force were happy ones. When, on that last night, he turned into the path of an oncoming car and took the full force of its impact, he did what he was trained to do and he did it with the heart of a gentle hero. Thousands wept and were outraged by the senseless cruelty that ended Brig’s life. For his selfless act, Brigadier received full honors, a police funeral, and tributes from around the world. But his days of willing service, the smiles he brought, and his gift of companionship are what he will always be remembered for.

**Getting the message through: A Branch History of the U.S. Army Signal Corps -**

Rebecca Robbins Raines 1996

Getting the Message Through, the companion volume to Rebecca Robbins Raines' Signal Corps, traces the evolution of the corps from the appointment of the first signal officer on the eve of the Civil War, through its stages of growth and change, to its service in Operation DESERT SHIELD/DESERT STORM. Raines highlights not only the increasingly specialized nature of warfare and the rise of sophisticated communications technology, but also such diverse missions as weather reporting and military aviation. Information dominance in the form of superior communications is considered to be sine qua non to modern warfare. As Raines ably shows, the Signal Corps--once considered by some Army officers to be of little or no military value--and the communications it provides have become integral to all aspects of military operations on modern digitized battlefields. The volume is an invaluable reference source for anyone interested in the institutional history of the branch.

As our story opens, a horrific family tragedy sets sixteen-year-old Jacob journeying to a remote island off the coast of Wales, where he discovers the crumbling ruins of Miss Peregrine's Home for Peculiar Children. As Jacob explores its abandoned bedrooms and hallways, it becomes clear that the children were more than just peculiar. They may have been dangerous. They may have been quarantined on a deserted island for good reason. And somehow—impossible though it seems—they may still be alive. A spine-

tingling fantasy illustrated with haunting vintage photography, *Miss Peregrine's Home for Peculiar Children* will delight adults, teens, and anyone who relishes an adventure in the shadows. "A tense, moving, and wondrously strange first novel. The photographs and text work together brilliantly to create an unforgettable story."—John Green, New York Times best-selling author of *The Fault in Our Stars* "With its X-Men: First Class-meets-time-travel story line, David Lynchian imagery, and rich, eerie detail, it's no wonder *Miss Peregrine's Home for Peculiar Children* has been snapped up by Twentieth Century Fox. B+"—*Entertainment Weekly* "'Peculiar' doesn't even begin to cover it. Riggs' chilling, wondrous novel is already headed to the movies."—*People* "You'll love it if you want a good thriller for the summer. It's a mystery, and you'll race to solve it before Jacob figures it out for himself."—*Seventeen*

Little Squire - Judy Andrekson 2009-05-08

*Little Squire* was born in an Irish meadow on an early spring day. The colt was beautifully formed with strong, straight legs and a pretty head. But due to his small size, it was unlikely he would be more than a nice child's riding pony. By the following spring, the yearling was separated from his mother and turned out to pasture with the other weanlings. *Little Squire* wasn't happy to be away from his dam so he charged the high stone wall and cleared it easily. *Little Squire* had just shown an astonishing side of himself that would eventually bring him greatness. Over time, the young horse traded hands, crossed an ocean, and ended up on the American show-jumping circuit. That was when he met another diminutive Irish immigrant, Mickey Walsh. The two were inseparable until, at Mickey's request, *Little Squire* was retired at the top of his game, and while he was still sound. He went out in a blaze of glory, though, ending his last performance with Mickey by jumping a six-foot-two fence — rider-less — in front of a packed arena. During the war-torn 30s, *Little Squire* had given people something to cheer about.

American Sniper - Chris Kyle 2012-01-03

The #1 New York Times bestselling memoir of U.S. Navy Seal Chris Kyle, and the source for Clint Eastwood's blockbuster, Academy-Award nominated movie. "An amazingly detailed

account of fighting in Iraq--a humanizing, brave story that's extremely readable." — PATRICIA CORNWELL, *New York Times Book Review* "Jaw-dropping...Undeniably riveting." —RICHARD ROEPER, *Chicago Sun-Times* From 1999 to 2009, U.S. Navy SEAL Chris Kyle recorded the most career sniper kills in United States military history. His fellow American warriors, whom he protected with deadly precision from rooftops and stealth positions during the Iraq War, called him "The Legend"; meanwhile, the enemy feared him so much they named him al-Shaitan ("the devil") and placed a bounty on his head. Kyle, who was tragically killed in 2013, writes honestly about the pain of war—including the deaths of two close SEAL teammates—and in moving first-person passages throughout, his wife, Taya, speaks openly about the strains of war on their family, as well as on Chris. Gripping and unforgettable, Kyle's masterful account of his extraordinary battlefield experiences ranks as one of the great war memoirs of all time.

American Pharoah - Shelley Fraser Mickle 2017-03-28

Shelley Mickle tells the story of the beloved horse, *American Pharoah*, from birth to his historic achievement of becoming the twelfth Triple Crown winner. He was an unlikely winner with a misspelled name, a chewed-off tail, and a horse who had to wear earplugs when he raced. When *American Pharoah* won the American Triple Crown and the Breeders' Cup Classic in 2015 he became the first horse to win the "Grand Slam" of American horse racing, by winning all four races. His story captured American's imagination, and this inspired account will also feature the handlers who saw his promise: owner, Ahmed Zayat of Zayat Stables, trainer Bob Baffert, and jockey Victor Espinoza.--

*JB Andrew* - Judy Andrekson 2009-05-08

He was born, wild and free, in the vast mountainous scrublands of Nevada. Until he was a year old, no human hand touched him, though he knew something of the danger people

represented to the herd. But one fateful day, the herd was chased by a huge black creature in the sky, and the yearling was separated from his mother. In blind panic he ran, but he could not outdistance the terrifying, whirling thing above him, or the humans on horseback that surrounded him. Before long, JB Andrew would come to the attention of many. He was big, leggy, and awkward, but he had a long, graceful stride and was chosen for an inmate prison program where he would be trained and made ready for adoption. JB, short for Jail Bird, had a special quality that forced people to take notice. Before his retirement years later, he would win hearts and trophies in the elite competitive dressage ring by becoming the first and only wild mustang to attain success in the sport. He paved the way for people to dream, believe, and succeed and in doing so, JB became one of the greatest ambassadors for wild mustangs the breed has ever known. Third in the True Horse Stories series, JB Andrew: Mustang Magic is as warm as it is inspiring.
