And these complex and sophisticated designs, produced by two of the most famous stereogram creators in the world, are state of the art. They're simply among the most beautiful and amazing available today, combining different types of effects in a single

The results are worth it?and once you've learned the technique, a whole world of art and spectacle will be yours.

*Hidden Treasure* - Violet Oaklander 2006

Hidden Treasure is a follow up to Oaklander's first book, *Windows To Our Children*. Most of the books available in working with this population are written from a traditional 'play therapy' point of view. The Gestalt Therapy-based approach provides a more effective method for psychotherapeutic work with children of all ages. The focus is on the relationship between the therapist and client, rather than observation and interpretation. It is a vigorous, dynamic approach. Violet Oaklander uses a wide variety of creative, expressive and projective techniques in her work, and each chapter reflects and exemplifies the use of this work in the service of therapy. The approach is applicable to a wide variety of ages, as well as individual, family and group settings. The book will interest child and adolescent psychotherapists, psychologists, social workers, counselors, interns, school personnel as well as graduate-level students. Parents may also find it helpful, as well as adults who are interested in the child within.

*Hidden Treasures* - Harriet Baskas 2013-10-01

While there are more than 15,000 museums in our country, visitors get to see only about five percent of any institution's collections. Most museums simply don't have room to display everything they've got. However, there are a wide variety of surprising and intriguing reasons that, for example, the Smithsonian Institution doesn't display its collection of condoms, Florida's Lightner Museum locks up all but one of its shrunken heads, and a world-class stash of Japanese erotica (shunga) art was kept in the Honolulu Museum of Art's storage until only recently. Each item or collection included in this volume is described and placed in context with stories and interviews that explore the historical, social, cultural, political, environmental, or other circumstances that led to keeping that object or group of objects out of public view--the ultimate museum buff's voyeuristic experience. Color photographs of the artifacts are included.

Hidden Treasures - Kit-Ying Chan 2019-11-07

Hidden Treasures is the true story of a young woman whose brief visit to Nanning, Guangxi, China in 1992 sparked the beginning of nearly two decades of work with abandoned babies in China. At age 29, Kit Ying Chan was sent to the Nanning state orphanage to conduct a needs assessment in response to alarming reports about the poor conditions in the local state orphanages as they struggled to cope with the widespread infant abandonment crisis that resulted from the country's one-child policy. What Kit Ying witnessed in that first visit was something she couldn't unseen or turn away from, calling her to leave her life in Hong Kong and move into the Nanning state orphanage. This book follows her remarkable journey from the first baby she picked up and nurtured back to health, to facilitating the first intercountry adoptions in Guangxi, to founding and leading Mother's Love, a home for abandoned babies, to modeling best practices and training child care workers in state orphanages across China, to the final closure of Mother's Love in 2011. Drawing from Kit Ying's own personal story, interviews with those involved with Mother's Love, and research on the infant abandonment crisis of the 1990s, it documents the deep and palpable scars left by this massive disaster on everyday Chinese citizens and the stories of transformation of the individuals who responded to the need. It is also a personal letter from Kit Ying to the 1,500+ young people who were adopted from Mother's Love and an accounting of this critical part of

their history and identity. Hidden Treasures is the story of what happens when we choose to open our hearts to the call for help from one human to another. Kit Ying Chan is the Director of Services at Mother's Choice, overseeing the organization's services for children, youth, and families. After graduating from the University of Guelph with a Bachelor of Arts in Psychology and Sociology, Kit Ying was hired as the first social worker at Mother's Choice in 1988. In 1992, she began her work with China's state orphanages, in response to the widespread baby abandonment during that time. In 1995, she founded "Guangxi-Hong Kong Mother's Love Orphanage", the first joint venture between Hong Kong and China, where she pioneered a professional model for residential child care services, introducing foster care and specialized care for children with special needs. Kit Ying returned to Hong Kong in 2011 and continues to pioneer in this field as she leads the team to provide life transforming services for clients of Mother's Choice.

*Hidden Treasures* - Robin Bertram 2018-08-07

**Hidden Treasures** - Leslie Householder 2005-06

Casual and conversational, Hidden Treasures presents the Universal Laws of Abundance from a spiritual perspective. These ideas are astonishing; and you'll feel empowered as they comfort, encourage, and enlighten you on your journey to financial deliverance, even prosperity. While the author learned these principles in a secular arena through more than a decade of study and successful application, she now hopes to bring the principles to God-fearing people everywhere. How often have we been promised, "Ask and ye shall receive?" The problem is we don't really believe it. Why? Because, so often it just doesn't happen. So how does one develop the kind of faith required to see miracles in his/her financial life? "There is a law, irrevocably decreed in heaven before the foundations of this world, upon which all blessings are predicated—and when we obtain any blessing from God, it is by obedience to that law upon which it is predicated" (Doctrine and Covenants 130:20-21). So if you've ever wondered: "If the 'righteous shall prosper,' why am I so broke?" or, "Do I 'set my heart upon riches,' or just resign myself to the smothering prison of debt and the stain of poor credit?" ...then this book is for you. The answers to these questions (and many

more) are the very answers which led Leslie and her husband to finally escape their own financial bondage, AND develop a closer relationship with God through the process. While the author is a member of the Church of Jesus Christ of Latter-day Saints, the ideas and applications of scriptures are solely her own and do not necessarily represent the beliefs or doctrines of any particular denomination. In a compelling way, she brings hope to individuals in strained relationships, mothers who want to come home from work, and fathers who want to spend more time with their family. Hidden Treasures brilliantly delivers a profound message of hope for all who believe there is a God.

The Secret - Sean Kelly & Ted Mann & Byron Preiss 2014-03-18

The tale begins over three-hundred years ago, when the Fair People—the goblins, fairies, dragons, and other fabled and fantastic creatures of a dozen lands—fled the Old World for the New, seeking haven from the ways of Man. With them came their precious jewels: diamonds, rubies, emeralds, pearls... But then the Fair People vanished, taking with them their twelve fabulous treasures. And they remained hidden until now... Across North America, these twelve treasures, over ten-thousand dollars in precious jewels in 1982 dollars, are buried. The key to finding each can be found within the twelve full-color paintings and verses of THE SECRET. Are you smart enough? THE SECRET: A TREASURE HUNT was published in 1982. The year before publication, the author and publisher Byron Preiss had traveled to 12 locations in the continental U.S. (and possibly Canada) to secretly bury a dozen ceramic casques. Each casque contained a small key that could be redeemed for one of 12 jewels Preiss kept in a safe deposit box in New York. The key to finding the casques was to match one of 12 paintings to one of 12 poetic verses, solve the resulting riddle, and start digging. Since 1982, only two of the 12 casques have been recovered. The first was located in Grant Park, Chicago, in 1984 by a group of students. The second was unearthed in 2004 in Cleveland by two members of the Quest4Treasure forum.

*Hidden Treasures in the Book of Job (Reasons to Believe)* - Hugh Ross

2011-10-01

Arguably the oldest book in the Bible, the book of Job has a surprising amount to say about some of the newest scientific discoveries and controversies. Far from a book that is just about suffering, Job is filled with rich insight into both ancient and modern questions about the formation of the world the difference between animals and humans cosmology dinosaurs and the fossil record how to care for creation and more With careful consideration and exegesis, internationally known astrophysicist and Christian apologist Hugh Ross adds yet another compelling argument to the case for the veracity of the biblical commentary on the history of the universe, Earth, life, and humanity.

Hidden Treasures in the Book of Job shows that the Bible is an accurate predictor of scientific discoveries and a trustworthy source of scientific information, and that both the book of Scripture and the book of nature are consistent both internally and externally.

**Hidden Treasures of the Spirit** - Andrea Davis 2008-12

This book can be viewed as a study of prayer and The Names of God, as well as, used as a devotional guide into a more intimate relationship with Our Creator and Lord. It is a book to be experienced, not just read. You will begin by seeing how Genesis 22 is actually a guideline to HOW and WHEN to LISTEN for His Voice. Continuing with the theme of relationship with Him, we look into many of the passages that state "Lord" or "God," while the original Names called out "Creator," "Master," "Provider," and so much more. Each section ends with a prayer, thus

leading you into reflections and thoughts of your own concerning what you have just read. Andrea Davis has a Master's Degree in Education and currently teaches at an alternative high school in Illinois. Nancy Radtke, who resides in Arizona and Illinois, has a degree in Occupational Therapy and is now a professional artist. Both authors are co-founders of In His Presence Prayer Ministries. IHPPM is a teaching ministry that seeks to help believers experience a deeper desire for The Presence of Their Heavenly Father, as well as, a more intimate relationship with Him.
