Rhetoric Retold - Cheryl Glenn 1997

After explaining how and why women have been excluded from the rhetorical tradition from antiquity through the Renaissance, Cheryl Glenn provides the opportunity for Sappho, Aspasia, Diotima, Hortensia, Fulvia, Julian of Norwich, Margery Kempe, Margaret More Roper, Anne Askew, and Elizabeth I to speak with equal authority and as eloquently as Plato, Aristotle, Cicero, and Augustine. Her aim is nothing less than regendering and changing forever the history of rhetoric. To that end, Glenn locates women's contributions to and participation in the rhetorical tradition and writes them into an expanded, inclusive tradition. She regenders the tradition by designating those terms of identity that have promoted and supported men's control of public, persuasive discourse -- the culturally constructed social relations between, the appropriate roles for, and the subjective identities of women and men. Glenn is the first scholar to contextualize, analyze, and follow the migration of women's rhetorical accomplishments systematically. To locate these women, she follows the migration of the Western intellectual tradition from its inception in classical antiquity and its confrontation with and ultimate appropriation by evangelical Christianity to its force in the medieval Church and in Tudor arts and politics. Glenn sets the scope of her study from antiquity to the Renaissance for several reasons, not the least of which is that the Enlightenment saw the end of classical rhetoric as the dominant and most influential system of education and communication. Equally important, the Enlightenment brought about the demise of the one-sex model of humanity that centered on the telos of perfect maleness --with women and children being perceived as undeveloped men. Glenn expands the history of rhetoric by including the contributions of women. She is not writing a compensatory history or a history of rhetoric by women; she is integrating the rhetorical accomplishments of women into the context of the male-dominated and male-documented rhetorical tradition and, in the process, enriching that tradition.

Rhetorical Feminism and This Thing Called Hope - Cheryl Glenn 2018-09-04

Rhetoric and feminism have yet to coalesce into a singular recognizable field. In this book, author Cheryl Glenn advances the feminist rhetorical project by introducing a new theory of rhetorical feminism. Clarifying how feminist rhetorical practices have given rise to this innovative approach, *Rhetorical Feminism and This Thing Called Hope* equips the field with tools for a more expansive and productive dialogue. Glenn's rhetorical feminism offers an alternative to hegemonic rhetorical histories, theories, and practices articulated in Western culture. This alternative theory engages, addresses, and supports feminist rhetorical practices that include openness, authentic dialogue and deliberation, interrogation of the status quo, collaboration, respect, and progress. Rhetorical feminists establish greater representation and inclusivity of everyday rhetors, disidentification with traditional rhetorical practices, and greater appreciation for alternative means of delivery, including silence and listening. These tenets are supported by a cogent reconceptualization of the traditional rhetorical appeals, situating logos alongside dialogue and understanding, ethos alongside experience, and pathos alongside valued emotion. Threaded throughout the book are discussions of the key features of rhetorical feminism that can be used to negotiate cross-boundary mis/understandings, inform rhetorical theories, advance feminist rhetorical research methods and methodologies, and energize feminist practices within the university. Glenn discusses the power of rhetorical feminism when applied in classrooms, the specific ways it inspires and sustains mentoring, and the ways it supports administrators, especially directors of writing programs. Thus, the innovative theory of rhetorical feminism—a theory rich with tactics and potentially broad applications—opens up a new field of research, theory, and practice at the intersection of rhetoric and feminism.

Intersecting Film, Music, and Queerness - Jack Curtis Dubowsky 2016-04-08

Intersecting Film, Music, and Queerness uses musicology and queer theory to uncover meaning and message in canonical American cinema. This study considers how queer readings are reinforced or nuanced through analysis of musical score. Taking a broad approach to queerness that questions heteronormative and homonormative patriarchal structures, binary relationships, gender assumptions and anxieties, this book challenges existing interpretations of what is progressive and what is retrogressive in cinema. Examined films include *Bride of Frankenstein*, *Louisiana Story*, *Rudolph the Red-Nosed Reindeer*, *Blazing Saddles*, *Edward Scissorhands*, *Brokeback Mountain*, *Boys Don't Cry*, *Transamerica*, *Thelma & Louise*, *Go Fish* and *The Living End*, with special attention given to films that subvert or complicate genre. Music is analyzed with concern for composition, intertextual references, absolute musical structures, song lyrics, recording, arrangement, and performance issues. This multidisciplinary work, featuring groundbreaking research, analysis, and theory, offers new close readings and a model for future scholarship.

The Long and Faraway Gone - Lou Berney 2015-02-10

WINNER OF THE EDGAR AWARD, THE MACAVITY AWARD, THE ANTHONY AWARD, AND THE BARRY AWARD FOR BEST PAPERBACK ORIGINAL NOMINATED FOR THE 2015 LA TIMES BOOK PRIZE With the compelling narrative tension and psychological complexity of the works of Laura Lippman, Dennis Lehane, Kate Atkinson, and Michael Connelly, Edgar Award-nominee Lou Berney's *The Long and Faraway Gone* is a smart, fiercely compassionate crime story that explores the mysteries of memory and the impact of violence on survivors—and the lengths they will go to find the painful truth of the events that scarred their lives. In the summer of 1986, two tragedies rocked Oklahoma City. Six movie-theater employees were killed in an armed robbery, while one inexplicably survived. Then, a teenage girl vanished from the annual State Fair.

Neither crime was ever solved. Twenty-five years later, the reverberations of those unsolved cases quietly echo through survivors' lives. A private investigator in Vegas, Wyatt's latest inquiry takes him back to a past he's tried to escape—and drags him deeper into the harrowing mystery of the movie house robbery that left six of his friends dead. Like Wyatt, Julianna struggles with the past—with the day her beautiful older sister Genevieve disappeared. When Julianna discovers that one of the original suspects has resurfaced, she'll stop at nothing to find answers. As Wyatt's case becomes more complicated and dangerous, and Julianna seeks answers from a ghost, their obsessive quests not only stir memories of youth and first love, but also begin to illuminate dark secrets of the past. But will their shared passion and obsession heal them, or push them closer to the edge? Even if they find the truth, will it help them understand what happened, that long and faraway gone summer? Will it set them free—or ultimately destroy them?

St. Martin's Handbook - Andrea A. Lunsford 2005-11-09

Silence and Listening as Rhetorical Arts - Cheryl Glenn 2011-01-05

In *Silence and Listening as Rhetorical Arts*, editors Cheryl Glenn and Krista Ratcliffe bring together seventeen essays by new and established scholars that demonstrate the value and importance of silence and listening to the study and practice of rhetoric. Building on the editors' groundbreaking research, which respects the power of the spoken word while challenging the marginalized status of silence and listening, this volume makes a strong case for placing these overlooked concepts, and their intersections, at the forefront of rhetorical arts within rhetoric and composition studies. Divided into three parts—History, Theory and Criticism, and Praxes—this book reimagines traditional histories and theories of rhetoric and incorporates contemporary interests, such as race, gender, and cross-cultural concerns, into scholarly conversations about rhetorical history, theory, criticism, and praxes. For the editors and the other contributors to this volume, silence is not simply the absence of sound and listening is not a passive act. When used strategically and with purpose—together and separately—silence and listening are powerful rhetorical devices integral to effective communication. The essays cover a wide range of subjects, including women rhetors from ancient Greece and medieval and Renaissance Europe; African philosophy and African American rhetoric; contemporary antiwar protests in the United States; activist conflict resolution in Israel and Palestine; and feminist and second-language pedagogies. Taken together, the essays in this volume advance the argument that silence and listening are as important to rhetoric and composition studies as the more traditionally emphasized arts of reading, writing, and speaking and are particularly effective for theorizing, historicizing, analyzing, and teaching. An extremely valuable resource for instructors and students in rhetoric, composition, and communication studies, *Silence and Listening as Rhetorical Arts* will also have applications beyond academia, helping individuals, cultural groups, and nations more productively discern and implement appropriate actions when all parties agree to engage in rhetorical situations that include not only respectful speaking, reading, and writing but also productive silence and rhetorical listening.
