**Uncle Tom's Cabin** - Harriet Beecher Stowe 2009-01-01

It is the best known book about American slavery, and was so incendiary upon its first publication in 1852 that it actually ignited the social flames that led to Civil War less than a decade later. What began as a series of sketches for the Cincinnati abolitionist newspaper The National Era scandalized the North, was banned in the South, and ultimately became the bestselling novel of the 19th century. Today, controversy over this melodramatic tale of the dignified slave Tom, the brutal plantation owner Simon Legree, and Stowe's other vividly drawn characters continues, as modern scholars debate the work's newly appreciated feminist undertones and others decry it as the source of enduring stereotypes about African Americans. As one of the most influential books in U.S. history, it deserves to be read by all students of literature and of the American story. American abolitionist and author HARRIET BEECHER STOWE (1811-1896) was born in Connecticut, daughter of a Congregationalist minister and sister to abolitionist theologian Henry Ward Beecher. She wrote more than two dozen books, both fiction and nonfiction.

Later that day, Phileas goes to the Reform Club as usual, where he gets into an argument with his whist partners who debate whether one can travel all around the world in eighty days. He bets a fortune to prove that he can accomplish the feat, being unaware that a look-alike has recently robbed a bank.

**Bettyville** - George Hodgman 2015-03-10

NEW YORK TIMES BESTSELLER FINALIST FOR THE NATIONAL BOOK CRITICS CIRCLE AWARD "A beautifully crafted memoir, rich with humor and wisdom." —Will Schwalbe, author of *The End of Your Life Book Club* "The idea of a cultured gay man leaving New York City to care for his aging mother in Paris, Missouri, is already funny, and George Hodgman reaps that humor with great charm. But then he plunges deep, examining the warm yet fraught relationship between mother and son with profound insight and understanding." —Alison Bechdel, author of *Fun Home* When George Hodgman leaves Manhattan for his hometown of Paris, Missouri, he finds himself—an unlikely caretaker and near-lethal cook—in a head-on collision with his aging mother, Betty, a woman of wit and will. Will George lure her into assisted living? When hell freezes over. He can't bring himself to force her from the home both treasure—the place where his father's voice lingers, the scene of shared jokes, skirmishes, and, behind the dusty antiques, a rarely acknowledged conflict: Betty, who speaks her mind but cannot quite reveal her heart, has never really accepted the fact that her son is gay. As these two unforgettable characters try to bring their different worlds together, Hodgman reveals the challenges of Betty's life and his own struggle for self-respect, moving readers from their small town—crumbling but still colorful—to the star-studded corridors of Vanity Fair. Evocative of *The End of Your Life Book Club* and *The Tender Bar*, Hodgman's New York Times bestselling debut is both an indelible portrait of a family and an exquisitely told tale of a prodigal son's return.

Instead, *Hurrah for Gin* shares beautifully honest anecdotes and illustrations from the parenting front line that demonstrate it is perfectly possible to love your children with the whole of your heart while finding them incredibly irritating at the same time. From pregnancy to starting school, *Hurrah for Gin* takes you through the exciting, frustrating, infuriating, and wonderful whirlwind of parenthood, offering solidarity and a friendly hug after a tough day. With an introduction by Paul Gilroy, author of *There Ain't No Black in the Union Jack*.

She dies before she can draw her first breath. On that same cold and snowy night, Ursula Todd is born, lets out a lusty wail, and embarks upon a life that will be, to say the least, unusual. For as she grows, she also dies, repeatedly, in a variety of ways, while the young century marches on towards its second cataclysmic world war. Does Ursula's apparently infinite number of lives give her the power to save the world from its inevitable destiny? And if she can -- will she? Darkly comic, startlingly poignant, and utterly original -- this is Kate Atkinson at her absolute best.

**The Mushroom at the End of the World** - Anna Lowenhaupt Tsing 2017-09-19

What a rare mushroom can teach us about sustaining life on a fragile planet *Matsutake* is the most valuable mushroom in the world—and a weed that grows in human-disturbed forests across the northern hemisphere. Through its ability to nurture trees, *matsutake* helps forests to grow in daunting places. It is also an edible delicacy in Japan, where it sometimes commands astronomical prices. In all its contradictions, *matsutake* offers insights into areas far beyond just mushrooms and addresses a crucial question: what manages to live in the ruins we have made? A tale of diversity within our damaged landscapes, *The Mushroom at the End of the World* follows one of the strangest commodity chains of our times to explore the unexpected corners of capitalism. Here, we witness the varied and peculiar worlds of *matsutake* commerce: the worlds of Japanese gourmets, capitalist traders, Hmong jungle fighters, industrial forests, Yi Chinese goat herders, Finnish nature guides, and more. These companions also lead us into fungal ecologies and forest histories to better understand the promise of cohabitation in a time of massive human destruction. By investigating one of the world's most sought-after fungi, *The Mushroom at the End of the World* presents an original examination into the relation between capitalist destruction and collaborative survival within multispecies landscapes, the prerequisite for continuing life on earth.

All of the residents of the Frampton Private Hotel in Hampstead knew that Euphemia Pongleton was in the habit of walking one stop closer to the center of London to save a penny's fare on the Underground. But they hardly expected to hear that she was found on the stairs at Belsize Park, strangled to death with her terrier's leash on her way to a dental appointment. Her death sends shock waves through the boardinghouse. Betty Watson and Cissie Fain are all agog. Mrs. Daymer regards the murder as fodder for her latest psychological thriller. The landlady, Mrs. Bliss, frets about how she'll get dinner done with the maid, Nellie, crying her eyes out because the police have detained her boyfriend, Bob Thurlow. Gerry Plasher is in a tizzy because the question of whether his fiancée, Beryl Sanders, will or won't inherit her aunt's fortune depends on what vindictive Euphemia wrote in the latest version of her will. Meanwhile, Basil Pongleton, the other claimant to the family fortune, tells the police a cock and bull story about traveling to Hampstead from his own boardinghouse in Tavistock Square when he was actually in Belsize Park at the time of his aunt's death. He's so rattled by his own blunder that he seeks advice from Joseph Slocum, another Frampton tenant whom young Basil regards as a man of the world. All the while, Mr. Blend sits at his table in the living room, cutting his newspaper placidly into strips. How this band of halfwits will solve a murder will surprise, and perhaps amuse, readers of this Golden Age classic.

On the darkest of sleep-deprived days, when the baby would not settle and she was irritable and the house was a disaster-zone, she wanted to read about someone who felt the same. Someone who would reassure her that she wasn't a total failure. But she found nothing of the sort. She decided then and there that she would write something herself. She would document parenthood as she found it. Not how she wanted to find it or how she wanted other people to think that she found it. But how it was. Warts and all. Thus, her blog was born. Now with thousands of followers, "The Unmumsy Mum" blog covers everything from "baby-wearing incompetence" to "second child shortcuts." Full of candor, humor, and charm, this book—a #1 Sunday Times bestseller—shows us that we can read every parenting manual under the sun, but still have no bloody clue—and not having a clue is just fine. **Who Gets In and Why** - Jeffrey Selingo 2020-09-15

A NEW YORK TIMES NOTABLE BOOK OF 2020 From award-winning higher education journalist and New York Times bestselling author Jeffrey Selingo comes a revealing look from inside the admissions office—one that identifies surprising strategies that will aid in the college search. Getting into a top-ranked college has never seemed more impossible, with acceptance rates at some elite universities dipping into the single digits. In Who Gets In and Why, journalist and higher education expert Jeffrey Selingo dispels entrenched notions of how to compete and win at the admissions game, and reveals that teenagers and

parents have much to gain by broadening their notion of what qualifies as a “good college.” Hint: it’s not all about the sticker on the car window. Selingo, who was embedded in three different admissions offices—a selective private university, a leading liberal arts college, and a flagship public campus—closely observed gatekeepers as they made their often agonizing and sometimes life-changing decisions. He also followed select students and their parents, and he traveled around the country meeting with high school counselors, marketers, behind-the-scenes consultants, and college rankers. While many have long believed that admissions is merit-based, rewarding the best students, *Who Gets In and Why* presents a more complicated truth, showing that “who gets in” is frequently more about the college’s agenda than the applicant. In a world where thousands of equally qualified students vie for a fixed number of spots at elite institutions, admissions officers often make split-second decisions based on a variety of factors—like diversity, money, and, ultimately, whether a student will enroll if accepted. One of the most insightful books ever about “getting in” and what higher education has become, *Who Gets In and Why* not only provides an usually intimate look at how admissions decisions get made, but guides prospective students on how to honestly assess their strengths and match with the schools that will best serve their interests.

The greatest novel of the Mexican Revolution, in a brilliant new translation by an award-winning translator *The Underdogs* is the first great novel about the first great revolution of the twentieth century. Courageous and charismatic, he earns a generalship in Pancho Villa’s army, only to become discouraged with the cause after it becomes hopelessly factionalized. At once a spare, moving depiction of the limits of political idealism, an authentic representation of Mexico’s peasant life, and a timeless portrait of revolution, *The Underdogs* is an iconic novel of the Latin American experience and a powerful novel about the disillusionment of war.

**The Cultural Cold War** - Frances Stonor Saunders 2013-11-05

During the Cold War, freedom of expression was vaunted as liberal democracy’s most cherished possession—but such freedom was put in service of a hidden agenda. In *The Cultural Cold War*, Frances Stonor Saunders reveals the extraordinary efforts of a secret campaign in which some of the most vocal exponents of intellectual freedom in the West were working for or subsidized by the CIA—whether they knew it or not. Called “the most comprehensive account yet of the [CIA’s] activities between 1947 and 1967” by the New York Times, the book presents shocking evidence of the CIA’s undercover program of cultural interventions in Western Europe and at home, drawing together declassified documents and exclusive interviews to expose the CIA’s astonishing campaign to deploy the likes of Hannah Arendt, Isaiah Berlin, Leonard Bernstein, Robert Lowell, George Orwell, and Jackson Pollock as weapons in the Cold War. Translated into ten languages, this classic work—now with a new preface by the author—is “a real contribution to popular understanding of the postwar period” (*The Wall Street Journal*), and its story of covert cultural efforts to win hearts and minds continues to be relevant today.

*Torture Garden* - Octave Mirbeau 2020-09-28

One evening some friends were gathered at the home of one of our most celebrated writers. Having dined sumptuously, they were discussing murder—apropos of what, I no longer remember probably apropos of nothing. Only men were present: moralists, poets, philosophers and

doctors—thus everyone could speak freely, according to his whim, his hobby or his idiosyncrasies, without fear of suddenly seeing that expression of horror and fear which the least startling idea traces upon the horrified face of a notary. I—say notary, much as I might have said lawyer or porter, not disdainfully, of course, but in order to define the average French mind. With a calmness of spirit as perfect as though he were expressing an opinion upon the merits of the cigar he was smoking, a member of the Academy of Moral and Political Sciences said: “Really—I honestly believe that murder is the greatest human preoccupation, and that all our acts stem from it... “ We awaited the pronouncement of an involved theory, but he remained silent. “Absolutely!” said a Darwinian scientist, “and, my friend, you are voicing one of those eternal truths such as the legendary Monsieur de La Palisse discovered every day: since murder is the very bedrock of our social institutions, and consequently the most imperious necessity of civilized life. If it no longer existed, there would be no governments of any kind, by virtue of the admirable fact that crime in general and murder in particular are not only their excuse, but their only reason for being. We should then live in complete anarchy, which is inconceivable. So, instead of seeking to eliminate murder, it is imperative that it be cultivated with intelligence and perseverance. I know no better culture medium than law.” Someone protested. “Here, here!” asked the savant, “aren't we alone, and speaking frankly?” “Please!” said the host, “let us profit thoroughly by the only occasion when we are free to express our personal ideas, for both I, in my books, and you in your turn, may present only lies to the public.” The scientist settled himself once more among the cushions of his armchair, stretched his legs, which were numb from being crossed too long and, his head thrown back, his arms hanging and his stomach soothed by good digestion, puffed smoke—rings at the ceiling: “Besides,” he continued, “murder is largely self—propagating. Actually, it is not the result of this or that passion, nor is it a pathological form of degeneracy. It is a vital instinct which is in us all—which is in all organized beings and dominates them, just as the genetic instinct. And most of the time it is especially true that these two instincts fuse so well, and are so totally interchangeable, that in some way or other they form a single and identical instinct, so that we no longer may tell which of the two urges us to give life, and which to take it—which is murder, and which love. I have been the confidant of an honorable assassin who killed women, not to rob them, but to ravish them. His trick was to manage things so that his sexual climax coincided exactly with the death—spasm of the woman: 'At those moments,' he told me, 'I imagined I was a God, creating a world!’”

*The Struggle for the Streets of Berlin* - Molly Loberg 2018-03-29

Who owns the street? Interwar Berliners faced this question with great hope yet devastating consequences. In Germany, the First World War and 1918 Revolution transformed the city streets into the most important media for politics and commerce. There, partisans and entrepreneurs fought for the attention of crowds with posters, illuminated advertisements, parades, traffic jams, and violence. The Nazi Party relied on how people already experienced the city to stage aggressive political theater, including the April Boycott and Kristallnacht. Observers in Germany and abroad looked to Berlin's streets to predict the future. They saw dazzling window displays that radiated optimism. They also witnessed crime waves, antisemitic rioting, and failed policing that pointed toward societal collapse. Recognizing the power of urban space, officials pursued increasingly radical policies to 'revitalize' the city, culminating in Albert Speer's plan to eradicate the heart of Berlin and build Germania.
