**The Teaching of Mathematics, General Mathematics and Arithmetic in Public Secondary and High Schools for Whites in South Africa** - A. J. Van Rooy 1965

*Setting Performance Standards* - Gregory J. Cizek 2012-03-22

Setting standards of performance is a ubiquitous task in education licensure, certification, and credentialing. It is found in elementary schooling, the professions, commercial applications, and governmental and private organizations. It is one of the most complex, controversial, and vexing issues facing specialists and policy makers today. This second edition solidifies Setting Performance Standards as

the only book providing a comprehensive profile of both the issues and the "how-to" methods that define this thorny field. Four chapters have been removed; 11 chapters have been added; 2 chapters have major revisions; and all chapters have been updated. Comprehensive - Part I provides a conceptual overview of standard setting and its overarching issues; Part II provides practical (how-to) information on the newest standard setting methods; Part III provides information and advice on persistent and potential challenges in standard setting. Practical - Part II (the heart of the book) reviews 16 of the newest standard setting methods, far more than any other book. Expertise - Most of the well-known authors from the 1st edition return, with authors of equal stature contributing new chapters.

Research in Education - 1973
