Roses - Philip Edinger 1998

A guide to more than 450 varieties of roses offers advice on selection, planting, watering,

fertilizing, and pruning

Florilegium Imperiale - H. Walter Lack 2006

This collection of exquisitely rendered flowers

presents one of the world's great collections of botanical illustrations. Francis I of Austria, the last monarch to rule over the Holy Roman Empire, was also obsessed with flowers. His Imperial Gardens, where he realized his passion for flowers, remain one of Vienna's most beloved treasures. In 1791, Francis I commissioned Matthias Schumtzer to paint portraits of every flower in the garden - a project that took more than three decades to complete. This collection features one hundred of the most outstanding of Schmutzer's watercolors. The flowers range from the exotic to the common. A text offers biographical information about Francis I, descriptions of the Imperial Gardens in the ruler's time, and photographs of how they appear today.

The Most Beautiful Flowers - Pierre Joseph Redouté 1991-09-01

The Trees of North America - 2017-05-09

A miniature volume of exquisite botanical

prints—the perfect gift for tree lovers. This Tiny Folio™ presents, in modern taxonomic order, all 277 of the hand-colored plates from François-André Michaux's classic North American Sylva, as well as the supplemental volumes by Thomas Nuttall. These masterworks of nineteenth-century botanical illustration—by such artists as Pierre-Joseph Redouté and Panrace Bessa—represent the leaves, fruit, and flowers of American trees with wonderful grace and clarity. Published in cooperation with the New York Botanical Garden, *The Trees of North America* includes a preface and introduction describing how Michaux and Nuttall's pioneering work came to be.

Enormous Smallness - Matthew Burgess 2015-04
An introduction to the life and work of the 20th-century American writer highlights key moments in his creative development, shares insights about his beliefs and introduces some of his signature poems.

[Flower Color Theory](#) - Michael Putnam

2021-02-08

Leading floral designers Putnam & Putnam are back - now with the ultimate flower-arrangement reference book The follow-up to Darroch and Michael Putnam's acclaimed bestselling debut, Flower Color Theory is the only guide that uses color theory as inspiration for flower arrangements. The book features 175 arrangements that show myriad ways to combine flowers of different hues, all built around color schemes including analogous, complementary, monochromatic, triadic, transitional, and accent colors. Flower Color Theory is both inspirational and a guide to creating lush, romantic, and effortlessly elegant creations of your own.

Redouté's Fabulous Flowers - Pierre-Joseph Redouté 2019-01-16

Pierre-Joseph Redouté (1759-1840) ranks among the most highly regarded botanical illustrators in history. Known as the "Raphael of Flowers" for his meticulously accurate watercolors of roses,

lilies, and other flowers, Redouté dominated botanical art from 1790 to 1830. The official court artist for Louis XVI and art tutor to Marie Antoinette, he survived the Terror and received the patronage of Napoleon's wife, Empress Josephine. Today the appreciation of Redouté's masterworks is no longer limited to aristocratic circles. Hailed by botanists for their scientific accuracy and by lovers of fine art for their peerless beauty, the artist's floral illustrations appear in reproductions in millions of homes around the world. This original compilation presents 80 exquisite renderings of his finest works, with each image accompanied by a brief caption. In addition to its value as a reference for artists, this lushly illustrated volume is a wonderful companion for nature lovers.

Botanical Shakespeare - Gerit Quealy 2017-04-11

A captivating, beautifully illustrated, one-of-a-kind color compendium of the flowers, fruits, herbs, trees, seeds, and grasses cited in the

works of the world's greatest playwright, William Shakespeare, accompanied by their companion quotes from all of his plays and poems. With a foreword by Dame Helen Mirren—the first foreword she has ever contributed. In this striking compilation, Shakespeare historian Gerit Quealy and respected Japanese artist Sumié Hasegawa combine their knowledge and skill in this first and only book that examines every plant that appears in the works of Shakespeare. Botanical Shakespeare opens with a brief look at the Bard's relationship to the plants mentioned in his works—a diversity that illuminates his knowledge of the science of botany, as well as the colloquy, revealing his unmatched skill for creating metaphorical connections and interweaving substantive philosophy. At the heart of the book are "portraits" of the over 170 flowers, fruits, grains, grasses, trees, herbs, seeds and vegetables that Shakespeare mentions in his plays and poems. Botanical Shakespeare

features a gorgeous color illustration of each, giving a "face" to the name, alongside the specific text in which it appears and the character(s) who utter the lines in which it is mentioned. This fascinating visual compendium also includes a dictionary describing each plant—such as Eglantine, a wild rose with a slight prickle, cherished for its singular scent, superior to any other rose; and the difference between apples and apple-john—along with indices listing the botanical by play/poem, by character, and genus for easy reference, ideal for gardeners and thoughtful birthday gift-giving. This breathtaking, incomparable collection of exquisite artwork and companion quotes offers unique depth and insight into Shakespeare and his timeless work through the unusual perspective of the plants themselves. [A Redouté Treasury](#) - Pierre Joseph Redouté 1986
A collection of detailed paintings by the world famous artist

Hawaiian Girl and Boy Paper Dolls - Yuko

Green 1997-05-01

2 dolls model 32 traditional costumes worn by a sticks dancer, tattooed chieftain, hula dancer, warrior, last ruling monarchs, and others.

Louvre - Martina Padberg 2020-10

With more than eight million visitors a year, the Louvre is the museum with the most visits in the world. Its extensive collection of paintings reflects the history of European art from the 13th to the early 19th century. With over 400 plates, detail images, and descriptions, this volume provides an overview of the Louvre's collection of paintings.

The Floral Art of Pierre-Joseph Redouté -

Pierre Joseph Redouté 2002

Pierre-Joseph Redoute (1759-1840) is the best known botanical artist of any era. Described as the "Rembrandt" and the "Raphael" of flowers by 19th-century writers, Redoute brought the

tradition to its apogee. This text accompanies the first ever exhibition of his work in the USA held in July 2002.

Cathedrals of the World - Graziella Leyla

Ciaga 2012-04

A survey of the world's cathedrals features structures of particular historic, aesthetic, and architectural significance, including such buildings as St. Mark's Basilica in Venice, Richard Meier's Jubilee Church in Rome, and Notre Dame.

Floriography - Jessica Roux 2020-09-15

A charming, gorgeously illustrated botanical encyclopedia for your favorite romantic, local witch, bride-to-be, or green-thumbed friend. Floriography is a full-color guide to the historical uses and secret meanings behind an impressive array of flowers and herbs. The book explores the coded significances associated with various blooms, from flowers for a lover to flowers for an enemy. The language of flowers was historically used as a means of secret communication. It

soared in popularity during the 19th century, especially in Victorian England and the U.S., when proper etiquette discouraged open displays of emotion. Mysterious and playful, the language of flowers has roots in everything from the characteristics of the plant to its presence in folklore and history. Researched and illustrated by popular artist Jessica Roux, this book makes a stunning display piece, conversation-starter, or thoughtful gift.

The Language of Flowers - Gregory C. Aaron
1991

An elegant gift book which elaborates on the traditional meanings of flowers, *The Language of Flowers* is illustrated by history's most famous botanical artist. 25 full-color illustrations.

Roses - Pierre Joseph Redoute 2011-08-30

This gorgeous keepsake showcases the skillful artwork of two men who dedicated their lives to botanical illustration, the Belgian Pierre-Joseph Redouté (1759-1840) and his English contemporary, James Sowerby (1757-1822). The

beautiful rose plates featured within are original reproductions of drawings which came to life in England's Kew Gardens, the Gardens of Versailles, and at the Chateau de Malmaison, the residence of Napoleon's first wife. Each plate is artfully reproduced from the extraordinarily images found in Redouté's *Les Roses* (1817-21) and Sowerby's *English Botany* (1780-1814). A comprehensive index at the back of the book uses the artists' original language to describe the intricacies of the rose colors, their velvety textures, and their intoxicating scents. To bring this lovely book into the 21st century, the paperback format and low price make this rare and significant volume accessible and affordable. A DVD is also included with images of the roses to be used by readers at their discretion.

Redoute Roses - Pierre-Joseph Redoute
2000-01-01

Completing each picture will help improve artistic skills, and the collection makes a perfect gift for bird- and

nature-lovers of all ages.

Alexander Von Humboldt and the Botanical Exploration of the Americas - H. Walter Lack 2009

When Alexander von Humboldt published the results of the expedition he had undertaken to Latin America between 1799 and 1804 he devoted more pages and plates to botany than to all of the other sciences combined. This research was the joint effort of three outstanding figures: Alexander von Humboldt, Aimé Bonpland and Carl Sigismund Kunth, whose names will forever be associated with botanical exploration. This book considers the scale of the contribution Humboldt, Bonpland and Kunth made to recording the diversity of the plant kingdom and forges links between the published account and the corresponding source material. A selection of eighty-two plates illustrates the diversity and beauty of the plants that the botanists discovered and studied in tropical America. [Coloring Flowers](#) - Arcturus Publishing

2014-07-01

A delightful coloring-in book for adults, featuring beautiful natural history illustrations from the well-known botanical classic *Choice of the Most Beautiful Flowers* (1827) by Pierre-Joseph Redouté (1759-1840), known as the Raphael of flowers.

Pavlov's Dog - Adam Hart-Davis 2015

Vintage Roses - Jane Eastoe 2016-10-01

The focus of this book is on the classic, ageless, and enduring flowers, which we have dubbed Vintage roses. This user-friendly term encompasses both the true Old roses and the best of the Modern roses. All Vintage roses have one thing in common; they are garden-friendly roses that celebrate the style and grace of the old. Vintage roses can be overblown, multi-petalled or deliciously simple, and this sumptuous tome is a love letter to these beautiful blooms. Unearth the hands-on know-how and history of the world's favourite flower. This book will appeal to the armchair gardener, gardening novice and seasoned expert alike. At the heart of the book are over 60 specially selected specimens - including those that have

the best visual appearance, the most fragrant perfume, are easy to grow and produce beautiful flowers for cutting. The book covers not just original varieties such as Rosa Mundi (with its beautifully variegated stripes of deep pink and white), but also the wonderful new varieties that have been developed over the last 20 years. The no-fuss notes on pruning and care and the straightforward advice that accompanies each variety completely dispel the myth that roses are difficult or time-consuming to grow - proving that you can just as easily grow roses in a pot on your front steps as you can in a large country garden. Covering the best rambling, climbing and shrub roses, from bourbon to tea and floribunda to polyantha, you'll be sure to find your new favourite variety. Plus, tips and tricks on arranging your cut roses makes it even easier to enjoy these fabulous flowers at home. With contemporary commentary on each bloom, easy-to-follow advice and glorious photography, this book will appeal to everyone who appreciates

the classic beauty of the vintage rose.
