IMC, The Next Generation - Don E. Schultz
2003-08-22

Strategies for binding customers to an organization--by determining the information they want and giving it to them In 1993, Don Schultz showed marketers how to coordinate their organizations' entire communications programs with the seminal Integrated Marketing Communications. In IMC--The Next Generation, Schultz offers a refined and updated approach to the IMC model, one that goes beyond the messages an organization chooses to send to encompass the information that the customer wishes to receive or have access to. IMC--The Next Generation shows marketers how to build sustainable competitive advantage and ROI by combining and coordinating all methods through which buyers and sellers come together.

Numerous cases and real-world examples reveal how to use today's IMC model to: Integrate internal and external communications programs Influence customers at every contact point Build long-term brand relationships

The SAGE Handbook of Advertising - Gerard J Tellis 2007-10-24

'In this era of 'snackable' content which satisfies only in the moment, it's great to have a comprehensive Advertising Handbook which one can consult repeatedly. The references are comprehensive and the Handbook opens up many key areas for practitioners' - Hamish Pringle, Director General, IPA 'Finally, a Handbook of Advertising that brings the field up-to-date. I am impressed with its comprehensive coverage of topics and the distinguished specialists who have shared their key findings with us' - Philip Kotler, Kellogg School of Management 'When trying to make sense of the mystifying world of advertising, academics and practitioners often seem to inhabit separate universes. Not in this Handbook. For once, the best brains from each side genuinely collude - with constructive results. Wise agencies will read it before their clients do' - Sir Martin Sorrell, CEO, WPP 'This mighty tome brings together a vast range of views of advertising based on deep experience and scholarship. For practitioners and academics alike, it will be a voyage of discovery and enlightenment' - Lord (Maurice) Saatchi, Chairman, M&C Saatchi 'This magnificent volume captures all we need to know about how advertising works and its context' - Baroness (Peta) Buscombe, Director General, Advertising Association, London Advertising is a field that has attracted a great deal of academic attention, but to date there has been no summarising of the state of the art of research. This far reaching and scholarly Handbook is edited by two highly respected and trusted thinkers in the field and includes contributions from leading academics based in both the UK and the USA. Tim Ambler and Gerald J Tellis archive their aim of setting advertising and the theory that underpins it in its historical and societal context, show-casing the most significant advertising research questions of our time and pointing readers in the direction of future avenues for fruitful investigation. The SAGE Handbook of Advertising would be a welcome addition to any marketing academics bookshelf.

Communicating Globally - Don E Schultz
2000-06-01

How can a company effectively communicate its message to customers and prospects all over the world? How can it ensure that its branding messages "travel"? Designed to help executives position and leverage marketing communication in the global arena and use it to their ongoing strategic advantage, *Communicating Globally* shows how to successfully strategize, select appropriate communication tactics, and then execute a global communication plan that encompasses all sources of communication, both internal and external. Based on the strong theoretical foundations of integrated marketing communication (IMC), *Communicating Globally* offers a practitioner's perspective on integrated global marketing communication (IGMC) in action through vignettes, four complete case studies of well-recognized multinational brands, and one study case. Praise for *Communicating Globally* "In the 21st century, the ability of ad agencies to provide worldwide, integrated marketing services for their clients will become essential. Only those marketers and agencies with the ability to brand products and services globally will thrive. *Communicating Globally* provides a roadmap on how to do it right." O. Butch Drake, president-CEO, American Association of Advertising Agencies "No one can provide a guaranteed formula for future success, but *Communicating Globally* comes awfully close. By combining an astute knowledge of the global marketplace, emerging trends and technologies, and good old common sense, Don Schultz and Philip Kitchen illuminate the path for successful brand building in the 21st century." Ed Faruolo, vice president, corporate marketing communications, CIGNA Corporation "Don Schultz has done it again! His unique and highly readable approach is a must for companies looking to market globally in the new century. *Communicating Globally* offers an important road map through the maze of global

marketing communications." James R. Gregory, CEO, Corporate Branding, LLC "This book is important because it brings the concept of integrated marketing communications (IMC) into full international focus for the first time. This focus is maintained throughout the whole structure and it makes the book a truly conceptual work. The case studies that illustrate the practical ramification of international IMC yield significant general as well as specific lessons." John Philip Jones, Syracuse University "The 1990's introduced integrated marketing-- understanding and communicating relevantly with customers by using information.

Communicating Globally now takes the same principles and adapts them to today's dynamic global marketplace. Even better, it is written in a style that makes it easy for a non-marketer to fully understand the importance of managing a brand." John R Wallis, vice president of marketing, Hyatt International Corporation

A Reader in Marketing Communications - Philip Kitchen 2020-08-26

Combining seminal papers on marketing communications with incisive commentary and overviews from the editors, case studies and student question and answer sections, this text provides a uniquely global perspective on this topical subject. It can be used as a supplement to textbooks on marketing communications, or as an excellent stand-alone text to give greater instruction and insight into key elements of the twenty-first century promotional mix. Providing a one-stop reference for all those studying marketing communications, this reader tackles the subject from an international perspective. Each chapter is introduced by one of the four editors, each editor being from a different core geographic area - the USA, the Pacific Rim, mainland Europe, and the UK. At the end of each paper questions are posed to test the student readers. Academically rigorous, this essential book contributed to by recognized experts will be a valuable reference for undergraduates and graduates of marketing, communications, business and management.

Marketing in the Round - Gini Dietrich
2012-04-24

Drive more value from all your marketing and communications channels--together! Demolish your silos and sync all your messaging, strategies, and tactics (really!). Optimize every medium and platform, from iPad and Facebook to TV and direct. This book is a must-read for every senior marketing, communications, and PR decision-maker. It's not about social media. Or new (or old) media. It's about results—and there's only one way to get results. You must finally bite the bullet, tear down your silos, and integrate all your marketing and communications. That's how you choose the best platforms and messages for each customer. That's how you make research and metrics work. That's how you overcome today's insane levels of complexity and clutter. You're thinking: Oh, that's all I need to do? "Just" integrate my whole organization? Are you nuts? No. We're not. It can be done. This book's authors have done it. They've shown others how to do it. And now they're going to show you. Step by step. Strategy. Tactics. Research. Metrics. Culture.

Social. Mobile. Direct. Broadcast. Print. All of it. With you, the marketing/communications decision-maker, right at the center...right where you belong! Even now, organizational silos prevent most companies from conversing coherently with customers, delivering the right targeted messages, and building real synergies across all their marketing and communications programs. Now, Gini Dietrich and Geoff Livingston show how to finally break down those silos, bridging traditional and newer disciplines to drive more value from all of them. You'll learn how to create a flexible marketing hub with integrated spokes including sales, PR, advertising, customer service, HR, social media, and the executive team. Then, you'll learn how to use your hub to speak cohesively with each customer through the tools and platforms that deliver the best results at the lowest cost. Dietrich and Livingston guide you through hands-on strategic planning, illustrating key points with real case studies and offering practical exercises for applying their principles. You'll learn how to perform baseline analyses of media from iPad apps to radio, optimize resource allocation, change culture to overcome siloed behavior, use measurement to clear away obstacles, and gain more value from every marketing investment you make. Pull it all together--finally! How to successfully integrate your tactics, tools, messages, and teams Better goals, better results: beyond "SMART" to "SMARTER" Specific, measurable, attainable, relevant, time-bound, evaluate, and reevaluate Better listening: stakeholders, customers, and research that works How to make sure you hear what really matters Four powerful ways to market in the round When to go direct, come from above, use the groundswell, or execute flanking maneuvers

Advertising and Promotion - George Edward Belch 2004

Marketing Communications - Lynne Eagle
2014-08-27

With the proliferation of digital and social media, there has never been a more dynamic time to engage with marketing communications - and never has the integration of marketing communications (marcoms) principles into a strategic marketing plan been more challenging. Even the best product in the world won't sell without the right reach to your potential customers and the right message to engage them. This textbook applies a uniquely practical approach to the topic so that, whilst a structured overview of planning, development, implementation and evaluation of marketing communications is in place, the detailed cases made available by the Institute for Practitioners in Advertising (IPA) show how actual challenges faced by professionals in the field were addressed. This book will help you to develop the skills you need to turn theory into the right integrated communication plan, in order to succeed in an increasingly competitive environment. Aided by a veritable wealth of pedagogical features, Marketing Communications will be essential reading for both students and professionals in marketing, communications and public relations. This textbook also benefits from a companion website which includes a comprehensive instructor's guide with PowerPoint slides, testbank questions and answer checklists.

The Evolution of Integrated Marketing

Communications - Don Schultz 2013-12-16

This book reviews, updates and enhances the basic concepts surrounding the academic theory and practice of Integrated Marketing Communication (IMC). Since the introduction of IMC in the late 1980s, the concept has spread around the world. In that expansion, many authors have written about IMC; practitioners have adopted and adapted the concept to fit their own market situations. Further, dramatic changes have occurred in the technologies used in marketing communications which consumers have accepted and employed in their consumption of marketers' messages and incentives. Thus, there have been dramatic changes in how IMC was initially envisioned and

how it has developed over time. This book identifies and discusses these changes, how they have occurred and what they mean going forward for all types of marketers around the world. Thus, IMC, and indeed integration of communications at all organisational levels is an essential in the 21st century organisations. This book was published as a special issue of the *Journal of Marketing Communications*.
