What turned them into icons in their field has to do with their individual lifestyles, as well as with the historical, social, and aesthetic upheavals in Europe after 1945, which each artist reflected upon in his oeuvre. The Fondation Beyeler has ambitiously undertaken a juxtaposition of the two artists in a large, upcoming exhibition in 2018. In a fascinating way, the meeting of the two artists' work here is like a dialogue about space and time, in which it is possible to recognize each man's art in the work of the other. The show's companion catalogue continues to intensify and carry on this conversation in words and pictures.00Exhibition: Fondation Beyeler, Riehen/Basel, Switzerland (25.04. - 02.09.2018).0.

A History of Cinema Without Names - Diego Cavallotti 2016-01-01

The Village Indian - 'Abbās Khidr 2013

Part Odyssey of the Persian Gulf and part 1001 Nights in Europe, this debut novel is drawn from the author's experiences as a political prisoner and years as a refugee. Our hero Rasul Hamid describes the eight different ways that he fled

his home in Iraq and the eight different ways he has failed to find himself a new way home. From Iraq via Northern Africa through Europe and back again, Abbas Khider deftly blends the tragic with the comic, and the grotesque with the ordinary, in order to tell the story of suffering the real and brutal dangers of life as a refugee--and to remember the haunting faces of those who did not survive the journey. This is a stunning piece of storytelling, a novel of unusual scope that brings to life the endless cycle of illegal entry and deportation that defines life for a vulnerable population living on the margins of legitimate society. Translated by Donal McLaughlin, *The Village Indian* provides what every good translation should: a literary looking glass between two cultures, between two places, between East and West.

Europe and Capitalism - Diego Fusaro 2015-05-31

The current European Union is too often presented as the perfect realisation of a Europe of the people and freedom. The present essay overturns the common way to understand this reality. A triumph of capitalism, which has now become absolute, the creation of the European Union has in fact proceeded to destabilise the hegemony of the political. It has paved the road to an irresistible cycle of privatisations and cuts to public spending, to forced precarisation of labour and to an ever-more sharp reduction of social rights, inflicting economic violence upon the subaltern and the most economically deprived. For this reason, the only way to re-imagine the future, to vindicate the people and work, and to continue the struggle that was Marx's and Gramsci's, is to move from a radical critique of finance and the Euro.

Creating and Digitizing Language Corpora - J. Beal 2007-07-12

A range of electronic corpora has become accessible via the WWW and CD-ROM. This coincides with improvements in standards governing the collecting, encoding and archiving of such data. This book develops similar standards for enriching and preserving 'unconventional' data: the fragmentary texts and voices left to us as accidents of history.
