Mugabe and the White African - Ben Freeth 2011

Ben Freeth has an extraordinary story to tell. Like that of many white farmers, his family's land was 'reclaimed' by Mugabe's government for redistribution. But Ben's family fought back. Appealing to international law, they instigated a suit against Mugabe's government via the SADC (The Southern African Development Community). The case was deferred time and again while Mugabe's men pulled strings. But after Freeth and his parents-in-law were abducted and beaten within inches of death in 2008, the SADC deemed any further delay to be an obstruction of justice. The case was heard, and successful on all counts. But the story doesn't end there. In 2009 the family farm was burnt to the ground. The fight for justice in Zimbabwe is far from over - this book is for anyone who wants to see into the heart of one of today's hardest places, and how human dignity flourishes even in the most adverse circumstances.

Charles Darwin - Andrew Norman 2014-04-01
"This rich perspective is an excellent introduction to the breadth of Darwin's achievements"—from the biographer of Winston Churchill and Adolf Hitler (Publishers Weekly). Charles Darwin did not deliberately set out to be the "destroyer of mythical beliefs," some of which, in his early days as a young Christian, he had previously espoused. He was a modest man who liked to avoid controversy of any kind, yet paradoxically, he was to be the cause of the

greatest controversy in the history of science and religion. When Darwin embarked on the HMS Beagle in late December 1831, bound for the southern hemisphere, he could not have imagined that the experience would lead him to formulate a theory which would totally revolutionize the way in which we viewed the natural world. He did not come to his conclusions about the origin and evolution of all life on Earth quickly, though, for just as the living organisms to which his theory applied had evolved over millions of years, so his thinking evolved as his own life progressed. How did this thoughtful, methodical scientist come to have such an impact on his time—and on ours? These questions and more are what Andrew Norman seeks to answer in this biography of the author of *On the Origin of Species*.

Little Stones - Elizabeth Kuiper 2019-06-04
Hannah lives in Zimbabwe during the reign of Robert Mugabe; it's a country of petrol queues and power cuts, food shortages and government corruption. Yet Hannah is lucky. She can afford to go to school, has never had to skip a meal, and lives in a big house with her mum and their Shona housekeeper. Hannah is wealthy, she is healthy, and she is white. But money can't always keep you safe. As the political situation becomes increasingly unstable and tensions within Hannah's family escalate, her sheltered life is threatened. She is forced to question all that she's taken for granted, including where she belongs.

Glory - NoViolet Bulawayo 2022-03-08

2022 BOOKER PRIZE FINALIST “Manifoldly clever...brilliant... ‘Glory’ is its own vivid world, drawn from its own folklore. This is a satire with sharper teeth, angrier, and also very, very funny.” —Violet Kupersmith, The New York Times Book Review “Genius.”—#1 New York Times bestselling author Jason Reynolds From the award-winning author of the Booker-prize finalist *We Need New Names*, an exhilarating novel about the fall of an oppressive regime, and the chaos and opportunity that rise in its wake. NoViolet Bulawayo’s bold new novel follows the fall of the Old Horse, the long-serving leader of a fictional country, and the drama that follows for a rumbustious nation of animals on the path to true liberation. Inspired by the unexpected fall by coup in November 2017 of Robert G. Mugabe, Zimbabwe’s president of nearly four decades, *Glory* shows a country’s imploding, narrated by a chorus of animal voices that unveil the ruthlessness required to uphold the illusion of absolute power and the imagination and bulletproof optimism to overthrow it completely. By immersing readers in the daily lives of a population in upheaval, Bulawayo reveals the dazzling life force and irresistible wit that lie barely concealed beneath the surface of seemingly bleak circumstances. And at the center of this tumult is Destiny, a young goat who returns to Jidada to bear witness to revolution—and to recount the unofficial history and the potential legacy of the females who have quietly pulled the strings here. The animal kingdom—its connection to our primal responses and its resonance in the mythology, folktales, and fairy tales that define cultures the world over—unmasks the surreality of contemporary global politics to help us understand our world more clearly, even as Bulawayo plucks us right out of it. Although Zimbabwe is the immediate inspiration for this thrilling story, *Glory* was written in a time of global clamor, with resistance movements across the world challenging different forms of oppression. Thus it often feels like Bulawayo captures several

places in one blockbuster allegory, crystallizing a turning point in history with the texture and nuance that only the greatest fiction can.

A Current Bibliography on African Affairs - 2008

Dinner With Mugabe - Heidi Holland 2012-09-24

This penetrating, timely portrait of Robert Mugabe is the psychobiography of a man whose once-brilliant career has ruined Zimbabwe and cast shame on the African continent. Heidi Holland's tireless investigation begins with her having dinner with Mugabe, the freedom fighter, and ends in a searching interview with Zimbabwe's president more than 30 years later. The author charts Mugabe's gradual self-destruction, and uncovers the complicity of some of the most respectable international players in the Zimbabwe tragedy. Probing the mystery of Africa's loyalty to one of its worst dictators, Holland explores the contradictions that cloud the life of the man who had embodied a continent's promise.

I Am a Girl from Africa - Elizabeth Nyamayaro 2021-04-20

A “profound and soul-nourishing memoir” (Oprah Daily) from an African girl whose near-death experience sparked a lifelong dedication to humanitarian work that helps bring change across the world. When severe drought hit her village in Zimbabwe, Elizabeth Nyamayaro, then only eight, had no idea that this moment of utter devastation would come to define her life’s purpose. Unable to move from hunger and malnourishment, she encountered a United Nations aid worker who gave her a bowl of warm porridge and saved her life—a transformative moment that inspired Elizabeth to dedicate herself to giving back to her community, her continent, and the world. In the decades that have followed, Elizabeth has been instrumental in creating change and uplifting the lives of others: by fighting global inequalities, advancing social justice for vulnerable communities, and challenging the status quo to accelerate women’s rights around the world. She has served as a senior advisor at the United Nations, where she launched HeForShe, one of the world’s largest global solidarity movements for gender equality. In *I Am a Girl from Africa*, she charts this “journey of perseverance”

(Entertainment Weekly) from her small village of Goromonzi to Harare, Zimbabwe; London; New York; and beyond, always grounded by the African concept of ubuntu—"I am because we are"—taught to her by her beloved grandmother. This "victorious" (The New York Times Book Review) memoir brings to vivid life one extraordinary woman's story of persevering through incredible odds and finding her true calling—while delivering an important message of hope, empowerment, community support, and interdependence.

The Amazing Story of Lise Meitner - Andrew Norman 2021-07-07

The book describes how Lisa Meitner, of Jewish heritage, found herself working as a physicist at the Kaiser Wilhelm Institute in Berlin when the Nazis came to power in 1933; how she was hounded out of the country and forced to relocate to Sweden; how German chemists Otto Hahn and Fritz Strassman continued with the project - on the effect of bombarding uranium (the heaviest known element at the time) with neutrons, a project which Lise herself had initiated, being the intellectual leader of the group. It describes how Hahn and Strassmann, with whom she kept in touch, came up with some extraordinary results which they were at a loss to explain; how Lise, and her nephew Otto Frisch, who was also a physicist, confirmed what they had achieved - the 'splitting of the atom', no less, and provided them with a theoretical explanation for it. This laid the foundation for nuclear power, medical-scanning technology, radiotherapy, electronics, and of course, the

atomic bomb - the creation of which filled Lise with horror. It describes the crucial part that Lise played in our understanding of the world of atoms, and how deliberate and strenuous attempts were made to deny her contribution; to belittle her achievements, and to write her out of the history books, even though Albert Einstein said she was even 'more talented than Marie Curie herself'. The author is fortunate and honoured to have been granted several interviews with Lise's nephew Philip Meitner - himself a refugee from the Nazis - who with his wife Anne, provided much valuable information and many photographs.

Dictionary of World Biography - Barry Jones 2019-05-10

Jones, Barry Owen (1932-). Australian politician, writer and lawyer, born in Geelong. Educated at Melbourne University, he was a public servant, high school teacher, television and radio performer, university lecturer and lawyer before serving as a Labor MP in the Victorian Parliament 1972-77 and the Australian House of Representatives 1977-98. He took a leading role in reviving the Australian film industry, abolishing the death penalty in Australia, and was the first politician to raise public awareness of global warming, the 'post-industrial' society, the IT revolution, biotechnology, the rise of 'the Third Age' and the need to preserve Antarctica as a wilderness. In the Hawke Government, he was Minister for Science 1983-90, Prices and Consumer Affairs 1987, Small Business 1987-90 and Customs 1988-90. He became a member of the Executive Board of UNESCO, Paris 1991-95 and National President of the Australian Labor Party 1992-2000, 2005-06. He was Deputy Chairman of the Constitutional Convention 1998. His books include *Decades of Decision 1860-* (1965), *Joseph II* (1968), *Age of Apocalypse* (1975), and he edited *The Penalty is Death* (1968). *Sleepers, Wake!: Technology and the Future of Work* was published by Oxford University Press in 1982, became a bestseller and has been translated into Chinese, Japanese, Korean, Swedish and braille. The fourth edition was published in 1995. *Knowledge Courage Leadership*, a collection of speeches and essays, appeared in 2016. He received a DSc for his services to science in 1988 and a DLitt in 1993 for his work on information theory. Elected

Becoming Zimbabwe. A History from the Pre-colonial Period to 2008 - Brian Raftopoulos 2009-09-15

Becoming Zimbabwe is the first comprehensive history of Zimbabwe, spanning the years from 850 to 2008. In 1997, the then Secretary General of the Zimbabwe Congress of Trade Unions, Morgan Tsvangirai, expressed the need for a 'more open and critical process of writing history in Zimbabwe. ...The history of a nation-in-the-making should not be reduced to a selective heroic tradition, but should be a tolerant and continuing process of questioning and re-examination.' *Becoming Zimbabwe* tracks the idea of national belonging and citizenship and explores the nature of state rule, the changing contours of the political economy, and the regional and international dimensions of the country's history. In their Introduction, Brian Raftopoulos and Alois Mlambo enlarge on these themes, and Gerald Mazarire's opening chapter sets the pre-colonial background. Sabelo Ndlovu tracks the history up to WW11, and Alois Mlambo reviews developments in the settler economy and the emergence of nationalism leading to UDI in 1965. The politics and economics of the UDI period, and the subsequent war of liberation, are covered by Joesph Mtisi, Munyaradzi Nyakudya and Teresa Barnes. After independence in 1980, Zimbabwe enjoyed a period of buoyancy and hope. James Muzondidya's chapter details the transition 'from buoyancy to crisis', and Brian Raftopoulos concludes the book with an analysis of the decade-long crisis and the global political agreement which followed.

The 20th Century Go-N - Frank N. Magill
2014-03-05

Each volume of the *Dictionary of World Biography* contains 250 entries on the lives of the individuals who shaped their times and left their mark on world history. This is not a who's who. Instead, each entry provides an in-depth essay on the life and career of the individual concerned. Essays commence with a quick reference section that provides basic facts on the individual's life and achievements. The extended biography places the life and works of the individual within an historical context, and the summary at the end of each essay provides a synopsis of the individual's place in history. All entries conclude with a fully annotated bibliography.

Robert Mugabe - Sue Onslow 2018-03-05

Zimbabwe's President Robert Mugabe sharply divides opinion and embodies the contradictions of his country's history and political culture. As a symbol of African liberation and a stalwart opponent of white rule, he was respected and revered by many. This heroic status contrasted sharply, in the eyes of his rivals and victims, with repeated cycles of gross human rights violations. Mugabe presided over the destruction of a vibrant society, capital flight, and mass emigration precipitated by the policies of his government, resulting in his demonic image in Western media. This timely biography addresses the coup, led by some of Mugabe's closest associates, that forced his resignation after thirty-seven years in power. Sue Onslow and Martin Plaut explain Mugabe's formative experiences as a child and young man; his role as an admired Afro-nationalist leader in the struggle against white settler rule; and his evolution into a political manipulator and survivalist. They also address the emergence of political opposition to his leadership and the uneasy period of coalition government. Ultimately, they reveal the complexity of the man who stamped his personality on Zimbabwe's first four decades of independence.

When a Crocodile Eats the Sun - Peter Godwin 2008-04-10

After his father's heart attack in 1984, Peter Godwin began a series of pilgrimages back to Zimbabwe, the land of his birth, from Manhattan, where he now lives. On these frequent visits to check on his elderly parents, he bore witness to Zimbabwe's dramatic spiral downwards into the jaws of violent chaos, presided over by an increasingly enraged dictator. And yet long after their comfortable lifestyle had been shattered and millions were fleeing, his parents refuse to leave, steadfast in their allegiance to the failed state that has been their adopted home for 50 years. Then Godwin discovered a shocking family secret that helped explain their loyalty. Africa was his father's sanctuary from another identity, another world. *When a Crocodile Eats the Sun* is a stirring memoir of the disintegration of a family set against the collapse of a country. But it is also a vivid portrait of the profound strength of the human spirit and the enduring power of love.

Thabo Mbeki and the Battle for the Soul of the ANC - William Mervin Gumede 2013-02-07

As a spokesman for a country, a continent and the developing world, Thabo Mbeki played a crucial role in world politics, but to many people he remained an enigma throughout his presidency. Is this simply because he was a secretive man, or were there complicated political factors at play? Who was the real Mbeki? In this book, multiple-award-winning journalist William Mervin Gumede chronicles Mbeki's spectacular rise to dominate Africa's oldest liberation movement. He explores the complex position that Mbeki occupied - following in Nelson Mandela's footsteps, holding together an alliance with deep ideological differences, and ruling an intensely divided country. Revealing the political and personal tensions behind the scenes, Gumede explains how Mbeki sought to mould the ANC into his image through tight control, and exposes the

intrigues behind the battle for succession.

Covering Mbeki's attempts to modernise the economy and kick-start an African Renaissance, and investigating his controversial stance on issues from AIDS to Zimbabwe, the book offers invaluable insights into the arcane machinations behind political decisions that touch the lives of millions every day.

Shadows Along the Zambezi - Diana M. Hawkins 2012-10-26

In 2008, Zimbabwe is a particularly dangerous place. Corruption, violence, rape, murder, and inhuman levels of greed and brutality ruled the land as lawless gangs of murderers battled for power. Pieter van Rooyen, a commercial farmer turned environmentalist, has felt the terror firsthand. Seven years earlier, his family was brutally murdered and his farm seized during Zimbabwe's violent land-distribution scheme. The experience changed his life and priorities; now he has dedicated his life to honoring life. He joins forces with Jessica Brennan, an American wildlife biologist, to protect Zimbabwe's most threatened treasures, the elephants, which are being slaughtered by poachers and corrupt government officials alike under the guise of conservation. Jessica is conducting a scientific study of Zimbabwe's elephants, studying herds that roam the eastern Zambezi Valley. There, she witnesses many of the daily threats they face, including habitat encroachment, floods, droughts, government mismanagement of wildlife areas, and slaughter by illegal ivory hunters. Jessica and Piet are joined by his former neighbor, Angus McLaren, another dispossessed farmer who narrowly escaped with his life when his farm was stolen by the so-called veterans of the independence war. Together, the trio wins over the local National Park Service chief, Hector Kaminjolo, and professional hunter Blair Nisbet, who step in to champion their cause. Despite the terror and sadness that surrounds them, Jessica and Pieter are reminded of the best of human nature as they discover love. Against a backdrop of kidnappings, murders, and international intrigue, a healing love story emerges, proving that love truly can conquer all. *Dictionary of African Biography* - Emmanuel Kwaku Akyeampong 2012-02-02
From the Pharaohs to Fanon, *Dictionary of African Biography* provides a comprehensive

overview of the lives of the men and women who shaped Africa's history. Unprecedented in scale, DAB covers the whole continent from Tunisia to South Africa, from Sierra Leone to Somalia. It also encompasses the full scope of history from Queen Hatsheput of Egypt (1490-1468 BC) and Hannibal, the military commander and strategist of Carthage (243-183 BC), to Kwame Nkrumah of Ghana (1909-1972), Miriam Makeba and Nelson Mandela of South Africa (1918 -).

This Mournable Body - Tsitsi Dangarembga
2018-08-07

A searing novel about the obstacles facing women in Zimbabwe, by one of the country's most notable authors. Anxious about her prospects after leaving a stagnant job, Tambudzai finds herself living in a run-down youth hostel in downtown Harare. For reasons that include her grim financial prospects and her age, she moves to a widow's boarding house and eventually finds work as a biology teacher. But at every turn in her attempt to make a life for herself, she is faced with a fresh humiliation, until the painful contrast between the future she imagined and her daily reality ultimately drives her to a breaking point. In *This Mournable Body*, Tsitsi Dangarembga returns to the protagonist of her acclaimed first novel, *Nervous Conditions*, to examine how the hope and potential of a young girl and a fledgling nation can sour over time and become a bitter and floundering struggle for survival. As a last resort, Tambudzai takes an ecotourism job that forces her to return to her parents' impoverished homestead. It is this homecoming, in Dangarembga's tense and psychologically charged novel, that culminates in an act of betrayal, revealing just how toxic the combination of colonialism and capitalism can be.

Robert Mugabe and the Betrayal of Zimbabwe - Andrew Norman
2015-04-22

Instead of leading his people to the "promised land," Mugabe, the first prime minister of the newly-named Zimbabwe, has amassed a fortune for himself, his family and followers and has presided over the murder, torture and starvation of those who oppose him. This biography offers some explanations for Mugabe's behavior. With the death of his wife in 1992, a moderating influence was lost, and as the years go by, he continues to show himself intolerant of any

opposition as he proceeds toward the creation of a one-party state, even though evidence suggests that his country is in terminal decline.

We Need New Names - NoViolet Bulawayo
2013-05-21

A remarkable literary debut--shortlisted for the Man Booker Prize! The unflinching and powerful story of a young girl's journey out of Zimbabwe and to America. Darling is only ten years old, and yet she must navigate a fragile and violent world. In Zimbabwe, Darling and her friends steal guavas, try to get the baby out of young Chipso's belly, and grasp at memories of Before. Before their homes were destroyed by paramilitary policemen, before the school closed, before the fathers left for dangerous jobs abroad. But Darling has a chance to escape: she has an aunt in America. She travels to this new land in search of America's famous abundance only to find that her options as an immigrant are perilously few. NoViolet Bulawayo's debut calls to mind the great storytellers of displacement and arrival who have come before her--from Junot Diaz to Zadie Smith to J.M. Coetzee--while she tells a vivid, raw story all her own.

Macmillan Dictionary of Women's Biography - Jennifer Uglow 1991-06-27

The enthusiastic response to the Dictionary has prompted this second substantially enlarged, revised and updated edition. It now contains essential details of the lives of over 2000 women from all periods, cultures and walks of life - from queens to cooks, engineers to entertainers, pilots to poisoners. The new entries include women who have hit the headlines in the past five years - from Cory Aquino to Madonna - but

the historical coverage has also been broadened in response to new research and a special new feature is the extended treatment of women from Third World countries. With subsections for further reading, comprehensive subject index and bibliographical survey, the Macmillan Dictionary of Women's Biography is an invaluable reference source - and a fascinating bed-time read.

Asante Sana - Richard Mandizha 2018-02-15

This book was written in honour of His Excellency, The Former President of The Republic of Zimbabwe, Cde Robert Gabriel Mugabe. It takes stock of his achievements right from the pre-Independence era, his resignation, to present-day Zimbabwe. It presents fine details of his legacy. Things such as the vast Land Reform Program, which he was able to conduct during the last two decades, the Indigenisation program, the emancipation of women in the country, the championing of Human rights and Democracy, the Quality Education that Zimbabweans were able to receive over the years, the Unity, Peace and Development happening everywhere in Zimbabwe, our foreign and external relations, his fight against colonial and neo-colonial powers; and the way he preserved the values of the African people in the country and beyond, amongst other issues. Not only is it a book about Zimbabwe's long-winding history and the exploits of a great leader, it is also a book about the future. The book was uniquely crafted to create a sense of loyalty, dedication and commitment in the readers, taking notes from the man who has seen it all; the man who did his best for a nation and the rest of the once-colonised people of this world. This is none other than His Excellency, President Robert Mugabe.

Mugabe - Stephen Chan 2019-04-18

On 21st November 2017 Robert Mugabe resigned as President of Zimbabwe after 37 years in power. A week earlier the military had seized control of the country and forced him to step down as leader of the ruling Zanu-PF party. In this revised and updated edition of his classic biography, Stephen Chan seeks to explain and

interpret Mugabe in his role as a key player in the politics of Southern Africa. In this masterly portrait of one of Africa's longest-serving leaders, Mugabe's character unfolds with the ebb and flow of triumph and crisis. Mugabe's story is Zimbabwe's - from the post-independence hopes of idealism and reconciliation to electoral victory, the successful intervention in the international politics of Southern Africa and the resistance to South Africa's policy of apartheid. But a darker picture emerged early with the savage crushing of the Matabeleland rising, the elimination of political opponents, growing corruption and disastrous intervention in the Congo war, all worsened by drought and the HIV/AIDS crisis. Stephen Chan's highly revealing biography, based on close personal knowledge of Zimbabwe, depicts the emergence and eventual downfall of a ruthless and single-minded despot amassing and tightly clinging to political power. We follow the triumphant nationalist leader who reconciled all in the new multiracial Zimbabwe, degenerate into a petty tyrant consumed by hubris and self-righteousness and ultimately face an ignominious endgame at the hands of his own army.

Africans - John Iliffe 2017-07-13

An updated and comprehensive single-volume history covering all periods from human origins to contemporary African situations.

Things Come Together - 2020-04-28

For decades, Africa was falling apart. But now it is coming together, and Africans are achieving greatness. Despite the advances, though, the twenty-first century brings challenges to match each and every major opportunity. In *Things Come Together*, Robert Rotberg brings all of contemporary Africa into a single volume, extolling the successes and explaining the struggles. Rotberg is one of the world's foremost authorities on African politics and society, and in this book he synthesizes his knowledge of the continent into a concise overview of the current state of Africa and where it is likely headed. To that end, Rotberg considers Africa's myriad peoples. The continent is currently experiencing explosive population growth and rapid urbanization. How well are African states managing this epochal shift? He looks at how Africa's nations are governed, ranging from

states with autocratic kleptocrats to democratized regimes that have made progress in achieving economic growth and battling corruption. He then turns to African economies, looking at growth levels, productivity, and persistent corruption. He concludes by filling in the picture, covering the effects of war, health care, wildlife management, varieties of religious belief, education, technology diffusion, and the character of both city and village life in this ever-evolving region. Throughout this sweeping work, Rotberg deftly moves readers across the continent, from Nigeria to South Africa, from Kenya to Senegal, to name a few. While there are undeniable cross-continental commonalities related to governance, demographics, and economic performance, he shows the unique variations of who and what is African. For anyone interested in reading a comprehensive yet pithy synthesis of a vast region possessing the world's fastest-growing population, this book is the ideal introduction.

A Prison Diary Volume I - Jeffrey Archer
2008-09-04

Hell, the first volume in Jeffrey Archer's *The Prison Diaries*, is the author's daily record of the time he spent there. The sun is shining through the bars of my window on what must be a glorious summer day. I've been incarcerated in a cell five paces by three for twelve and a half hours, and will not be let out again until midday; eighteen and a half hours of solitary confinement. There is a child of seventeen in the cell below me who has been charged with shoplifting - his first offence, not even convicted - and he is being locked up for eighteen and a half hours, unable to speak to anyone. This is Great Britain in the twenty-first century, not Turkey, not Nigeria, not Kosovo, but Britain. On Thursday 19 July 2001, after a perjury trial lasting seven weeks, Jeffrey Archer was sentenced to four years in jail. He was to spend the first twenty-two days and fourteen hours in HMP Belmarsh, a double A-Category high-security prison in South London, which houses some of Britain's most violent criminals. This is his illuminating insight into prison life.

Morgan Tsvangirai - At the Deep End - T William Bango 2012-10-01

As a founding member and leader of Zimbabwe's main opposition party, the Movement for

Democratic Change, Morgan Tsvangirai came to prominence as a political force in the late 1990s. Over the next ten years he would be harassed, tortured, charged with treason and labelled a traitor, but he would also come to be globally regarded as a courageous and indefatigable symbol of resistance in the face of brutal repression. From teenage mine worker to trade union leader to Prime Minister of Zimbabwe in a coalition government, this autobiography traces Tsvangirai's political development and activism, laying bare the challenges and frustrations of his political life, up to and including the power-sharing agreements with President Robert Mugabe. *Morgan Tsvangirai: At the Deep End* is the story of a man who through everything he has endured has remained committed to working for peace and democracy for all in his country, and in the process become a beacon of hope for a beleaguered nation. Written in collaboration with his spokesperson, veteran journalist and editor T William Bango, this book contains rich documentation of both its subject's political career and of the changing socio-historical context of Zimbabwe.

The Last Resort - Douglas Rogers 2009-09-22
Thrilling, heartbreaking, and, at times, absurdly funny, *The Last Resort* is a remarkable true story about one family in a country under siege and a testament to the love, perseverance, and resilience of the human spirit. Born and raised in Zimbabwe, Douglas Rogers is the son of white farmers living through that country's long and tense transition from postcolonial rule. He escaped the dull future mapped out for him by his parents for one of adventure and excitement in Europe and the United States. But when Zimbabwe's president Robert Mugabe launched his violent program to reclaim white-owned land and Rogers's parents were caught in the cross fire, everything changed. Lyn and Ros, the owners of Drifters—a famous game farm and backpacker lodge in the eastern mountains that was one of the most popular budget resorts in the country—found their home and resort under siege, their friends and neighbors expelled, and

their lives in danger. But instead of leaving, as their son pleads with them to do, they haul out a shotgun and decide to stay. On returning to the country of his birth, Rogers finds his once orderly and progressive home transformed into something resembling a Marx Brothers romp crossed with *Heart of Darkness*: pot has supplanted maize in the fields; hookers have replaced college kids as guests; and soldiers, spies, and teenage diamond dealers guzzle beer at the bar. And yet, in spite of it all, Rogers's parents—with the help of friends, farmworkers, lodge guests, and residents—among them black political dissidents and white refugee farmers—continue to hold on. But can they survive to the end? In the midst of a nation stuck between its stubborn past and an impatient future, Rogers soon begins to see his parents in a new light: unbowed, with passions and purpose renewed, even heroic. And, in the process, he learns that the "big story" he had relentlessly pursued his entire adult life as a roving journalist and travel writer was actually happening in his own backyard. Evoking elements of *The Tender Bar* and *Absurdistan*, *The Last Resort* is an inspiring, coming-of-age tale about home, love, hope, responsibility, and redemption. An edgy, roller-coaster adventure, it is also a deeply moving story about how to survive a corrupt Third World dictatorship with a little innovation, humor, bribery, and brothel management.
