[You Made Me Late Again!](#) - Pam Ayres 2013
With over 50 new poems from Britain's favorite poet, You Made Me Late Again! is an essential addition to Pam Ayres' incomparable collection of works. Pam's poems are observant, witty, and poignant

in equal measure. In "The Swifts" and "The Pyracantha Anthem," she marvels at nature, while "A Patient's Prayer" and "Litter Moron" offer wry views on Modern Britain. From the dog being afraid of the toaster to your son leaving home for university; and from the search for that perfect swimsuit to becoming a gran for the first time—Pam's poems are beautifully crafted, and her subjects the everyday and the universal. Delightfully illustrated, most of the poems are brand new, yet it also features several firm favorites from her stage shows, published for the first time, such as "The Make-up Lady" and "Tippy Tappy Feet."

Hoosiers and the American Story - Madison, James H. 2014-10-01

A supplemental textbook for middle and high school students, Hoosiers and the American Story provides intimate views of individuals and places in Indiana set within themes from American history. During the frontier days when Americans battled with and exiled native peoples from the

East, Indiana was on the leading edge of America's westward expansion. As waves of immigrants swept across the Appalachians and eastern waterways, Indiana became established as both a crossroads and as a vital part of Middle America. Indiana's stories illuminate the history of American agriculture, wars, industrialization, ethnic conflicts, technological improvements, political battles, transportation networks, economic shifts, social welfare initiatives, and more. In so doing, they elucidate large national issues so that students can relate personally to the ideas and events that comprise American history. At the same time, the stories shed light on what it means to be a Hoosier, today and in the past.

Slavery and the British Country House - Andrew Hann 2013

In 2007 English Heritage commissioned initial research into links with transatlantic slavery or its abolition amongst families who owned properties now in its care. This was part of the commitment by English

Heritage to commemorate the bicentenary of the abolition of the British transatlantic slave trade with work that would make a real difference to our understanding of the historic environment in the longer term. The research findings and those of other scholars and heritage practitioners were presented at the 'Slavery and the British Country House' conference which brought together academics, heritage professionals, country house owners and community researchers from across Britain to explore how country houses might be reconsidered in the light of their slavery linkages and how such links have been and might be presented to visitors. Since then the conference papers have been updated and reworked into a cutting edge volume which represents the most current and comprehensive consideration of slavery and the British country house as yet undertaken.

2020-03-31

This book reviews the history of the United States-Liberia relations from the early 1820s to 2015, with particular attention paid to the role of the US armed forces. Contrary to most literature on the genesis and development of Liberia, this book demonstrates how US military power has been the primary influence shaping Liberia's history. This includes the role played by the US military in the founding of Liberia, the protection of the country during the European formal colonial era, multiple covert operations in securing US-friendly administrations in Liberia, and direct military interventions when necessary

Reba Lafferty was a daughter of privilege, the only child of an adoring father. Nord Lafferty was already in his fifties when Reba was born, and he could deny her nothing. Over the years, he quietly settled her many scrapes with the law, but wasn't there for her when she was convicted of embezzlement and sent to the California Institution for Women. Now, at thirty-two, she's about to be paroled, having served twenty-two months of a four-year sentence. Her father wants to be sure Reba stays straight, stays home and away from the drugs, the booze, and the gamblers... It seems a straightforward assignment for Kinsey: babysit Reba until she settles in, make sure she follows all the niceties of her parole. Maybe a week's work. All Sagittarians are charming, intelligent, and adventure-seeking, but which day of the month you're born on can determine the way in which you use those traits to your best advantage. In this exciting new book, master astrologer Phyllis Vega gives a detailed analysis for each birthday in the year, combining astrology and numerology to paint a true picture of the characteristics, desires, and destinies of people born on that day. If you were born October 5th, you're a skilled negotiator with a gift for making money. But if you were born just four days later, you're a compassionate dreamer with

spiritual inclinations. Aries is the sign of the determined ram, but if you were born on April 7th, you are idealistic and inspiring.

Henry VIII - Alison Weir
2007-12-18

For fans of Wolf Hall, Alison Weir's New York Times bestselling biography of Henry VIII brilliantly brings to life the king, the court, and the fascinating men and women who vied for its pleasures and rewards. BONUS: This edition contains an excerpt from Alison Weir's *Mary Boleyn*. Henry VIII, renowned for his command of power, celebrated for his intellect, presided over the most stylish—and dangerous—court in

Renaissance Europe. Scheming cardinals vied for power with newly rich landowners and merchants, brilliant painters and architects introduced a new splendor into art and design, and each of Henry's six queens brought her own influence to bear upon the life of the court. In her new book, Alison Weir, author of the finest royal chronicles of our time, brings to vibrant life the turbulent, complex figure of Henry VIII and the glittering court he made his own. In an age when a monarch's domestic and political lives were inextricably intertwined, a king as powerful and brilliant as Henry VIII exercised enormous sway over the laws, the customs, and the culture of his kingdom. Yet as Weir shows in this swift, vivid narrative, Henry's ministers, nobles, and wives were formidable figures in their own right, whose influence both enhanced and undermined the authority of the throne. On a grand stage rich in pageantry, intrigue, passion, and luxury, Weir records the many complex

human dramas that swirled around Henry, while deftly weaving in an account of the intimate rituals and desires of England's ruling class—their sexual practices, feasts and sports, tastes in books and music, houses and gardens. Stimulating and tumultuous, the court of Henry VIII attracted the finest minds and greatest beauties in Renaissance England—poets Wyatt and Surrey, the great portraitist Hans Holbein, "feasting ladies" like Elizabeth Blount and Elizabeth FitzWalter, the newly rich Boleyn family and the ancient aristocratic clans like the Howards and the Percies, along with the entourages and connections that came and went with each successive wife. The interactions between these individuals, and the terrible ends that befell so many of them, make Henry VIII: The King and His Court an absolutely spellbinding read. Meticulous in historic detail, narrated with high style and grand drama, Alison Weir brilliantly brings to life the

king, the court, and the fascinating men and women who vied for its pleasures and rewards. NOTE: This edition does not contain illustrations. The Happiness Project (Revised Edition) - Gretchen Rubin 2015-12-29

"This book made me happy in the first five pages." —AJ Jacobs, author of *The Year of Living Biblically: One Man's Humble Quest to Follow the Bible as Literally as Possible* Award-winning author Gretchen Rubin is back with a bang, with *The Happiness Project*. The author of the bestselling *40 Ways to Look at Winston Churchill* has produced a work that is "a cross between the Dalai Lama's *The Art of Happiness* and Elizabeth Gilbert's *Eat, Pray, Love*." (Sonya Lyubomirsky, author of *The How of Happiness: A Scientific Approach to Getting the Life You Want*) In the vein of Julie and Julia, *The Happiness Project* describes one person's year-long attempt to discover what leads to true contentment. Drawing at once

on cutting-edge science, classical philosophy, and real-world applicability, Rubin has written an engaging, eminently relatable chronicle of transformation.

Beyond the Aspen Grove - Ann Zwinger 2002

The Colorado Rockies are Ann Zwinger's subject in prose and drawing. There, 8,300 feet above sea level, summer is short and winter long and often harsh; it is a place where much of life exists on the margin. In good years the grasses are lush; in bad years, even the mice starve. But it is a land the Zwingers have lovingly explored and recorded, careful not to disrupt the balance of the land, the relationship of plant to animal and of each to its environment. These forty acres, called Constant Friendship after the Maryland land her ancestor settled in the early 1730s, are a place of all seasons, for even in winter there is a promise of spring, and in spring the foretaste of summer. The white of snow becomes the white of summer clouds, the resonant green of

spruce becomes the green
head of drake mallard ... here
part of each season is
contained in every other. In
beautiful and simple language
and with 80 illustrations,
Beyond the Aspen Grove tells
of meadow, lake, marsh and
forest, of algae and dragonflies,
of deer and jays that live in the
thin clear air of the mountain
world.

edition of the multimillion-copy New York Times bestseller by the winner of the Nobel Prize in Economics, Richard H. Thaler, and Cass R. Sunstein: a revelatory look at how we make decisions—for fans of Malcolm Gladwell’s *Blink*, Charles Duhigg’s *The Power of Habit*, James Clear’s *Atomic Habits*, and Daniel Kahneman’s *Thinking, Fast and Slow*. Named a Best Book of the Year by *The Economist* and the *Financial Times*. Every day we make choices—about what to buy or eat, about financial investments or our children’s health and education, even about the causes we champion or the planet itself. Unfortunately, we often choose poorly. *Nudge* is about how we make these choices and how we can make better ones. Using dozens of eye-opening examples and drawing on decades of behavioral science research, Nobel Prize winner Richard H. Thaler and Harvard Law School professor Cass R. Sunstein show that no choice is ever presented to us in a neutral way, and that we are

all susceptible to biases that can lead us to make bad decisions. But by knowing how people think, we can use sensible “choice architecture” to nudge people toward the best decisions for ourselves, our families, and our society, without restricting our freedom of choice.

Crown has performed as Head of State across the UK and post war Commonwealth during times of political crisis. It explores the little-known relationships, powers and imperial legacies regarding modern heads of state in parliamentary regimes where so many decisions occur without parliamentary or public scrutiny. This original study highlights how the Queen's position has been replicated across continents with surprising results. It also shows the topicality and contemporary relevance of this historical research to interpret and understand crises of governance and the enduring legacy of monarchy and colonialism to modern politics. This collection uniquely brings together a diverse set of states including specific chapters on England, Scotland, Northern Ireland, Sri Lanka, Malaysia, Brunei, Ghana, Nigeria, Zimbabwe/Rhodesia, Australia, Tuvalu, and the Commonwealth Caribbean. Viceregalism is written and conceptualised to remind that the Crown is not

just a ceremonial part of the constitution, but a crucial political and international actor of real importance.

The Last Hedgehog - Pam Ayres 2018-05-03

A special edition illustrated poem from the beloved Pam Ayres to celebrate National Hedgehog Awareness Week. To mark and celebrate National Hedgehog Awareness Week, Pam Ayres has written a less-than-fond farewell from 'the last hedgehog left on earth' - a delightful, hilarious and thought-provoking elegy to that most beloved inhabitant of the British countryside, the common hedgehog. Pam Ayres' spiky and wonderful creation reminds us that unless we take steps to prevent it, they will soon be far from 'common.' Beautifully illustrated by Alice Tait, the poem sees our hero tell of all the terrible ends his family come to at our own hands - and exactly what we can still do to keep them alive, and see them thrive once more.

Reading Song Lyrics - Lars Eckstein 2010-01-01

Reading Song Lyrics offers the first systematic introduction to lyrics as a vibrant genre of (performed) literature. It takes lyrics seriously as a complex form of verbal art that has been unjustly neglected in literary, music, and, to a lesser degree, cultural studies, partly as it cuts squarely across institutional boundaries. The first part of this book accordingly introduces a thoroughly transdisciplinary interpretive framework. It outlines theoretical approaches to issues such as performance and performativity, generic convention and cultural capital, sound and songfulness, mediality and musical multimedia, and step by step applies them to the example of a single song. The second part then offers three extended case studies which showcase the larger cultural and historical viability of this model. Probing into the relationship between lyrics and the ambivalent performance of national culture in Britain, it offers exemplary readings of a highly subversive 1597 ayre by John

Dowland, of an 1811 broadside ballad about Sara Baartman, 'The Hottentot Venus', and of a 2000 song by 'jungle punk' collective Asian Dub Foundation. Reading Song Lyrics demonstrates how and why song lyrics matter as a paradigmatic art form in the culture of modernity.
