Sheepwagon - Nancy Weidel 2001

"Sheepwagon": A Home on wheels with an intriguing history, designed to house a shepherd as he follows his flocks across the grasslands and mountains. A marvel of practicality and efficiency. But on a rare occasion, as I zoom down a highway, I spot the white top of a sheepwagon -- a lonely sentinel on the endless horizon -- and it fills my imagination. This photo-intensive book gives the history of the sheepwagon and the surrounding sheep business. Here are chapters on the early days of Western sheep-raising; the origins and manufacturing of sheepwagons; traditional shepherders: their superstitions, customs and pastimes; women and families who lived in sheepwagons; the Basque influence; and modern-day herders, sheepwagons, and restorers. Author Weidel spent years interviewing sheepmen and women, shepherders, wagon builders, and experts for this, the only book on the fascinating "first mobile home." The oblong book format complements the many photographs, most never before published.

Darwin's Blade - Dan Simmons 2013-09-10

Darwin Minor travels a dangerous road. A Vietnam veteran turned reluctant expert on interpreting the wreckage of fatal accidents, Darwin uses science and instinct to unravel the real causes of unnatural disasters. He is very, very good at his job. His latest case promises to be his most challenging yet. A spate of seemingly random high-speed car accidents has struck the highways of southern California. Each seems to have been staged-yet the participants have all died. Why would anyone commit fraud at the cost of his own life? The deeper Darwin digs, the closer he comes to unmasking an international network specializing in intimidation and murder, whose members will do anything to make sure Darwin soon suffers a deadly accident of his own. "A literary thriller like no other...A hard-charging, edge-of-the-seat tale."-Milwaukee Journal Sentinel

Philip of Texas - James Otis 1913

The author of this series of stories for children has endeavored simply to show why and how the descendants of the early colonists fought their way through the wilderness in search of new homes. The several narratives deal with the struggles of those adventurous people who forced their way westward, ever westward, whether in hope of gain or in

answer to "the call of the wild," and who, in so doing, wrote their names with their blood across this country of ours from the Ohio to the Columbia. To excite in the hearts of the young people of this land a desire to know more regarding the building up of this great nation, and at the same time to entertain in such a manner as may stimulate to noble deeds, is the real aim of these stories. In them there is nothing of romance, but only a careful, truthful record of the part played by children in the great battles with those forces, human as well as natural, which, for so long a time, held a vast portion of this broad land against the advance of home seekers. With the knowledge of what has been done by our own people in our own land, surely there is no reason why one should resort to fiction in order to depict scenes of heroism, daring, and sublime disregard of suffering in nearly every form.

The Pennsylvania Barn - Robert F. Ensminger 2003-04-28

In his widely acclaimed *The Pennsylvania Barn*, Robert Ensminger provided the first comprehensive study of an important piece of American vernacular architecture—the forebay bank barn, better known as the Pennsylvania barn or the Pennsylvania German barn. Now, in this revised edition, Ensminger has continued his diligent fieldwork and archival research into the origins, evolution, and distribution in North America of this significant agricultural structure. Including an entire chapter of new material, 85 new illustrations, and updates to previous chapters, this edition of Ensminger's classic work will appeal to students and scholars in cultural and historical geography, folklore and vernacular architectural history, and American studies, as well as to general readers.

Poke Greens for Breakfast - Walta Sorrels Jennings 1999-12-17

In this book you will see life through a child's eyes, romping with a pet pig, becoming "hobbled" when you're unable to button your drawer-waist, and riding beside Grandpa in his buggy. You will survive the 1919 flu pandemic, suffer through the Great Depression, know the bitter cold of South Dakota Blizzards and discover strength and courage in the lives of isolated shepherders in the foothills of the Black Hills. Add to this a bit of humor and a lot of wit, and you'll have Poke Greens for Breakfast!

Sheep - Archer B. Gilfillan 1993

Archer B. Gilfillan was an anomaly. An Ivy League scholar with a broad knowledge of classical literature and a talent for writing, he nonetheless chose to herd sheep from 1916 to 1934 in a lonely, isolated part of the West. Out of this strange juxtaposition of expertise and experience, Gilfillan produced this classic narrative of American sheepherding. First published in 1929, *Sheep: Life on the South Dakota Range* provides a personal, informative, and entertaining account of the western sheepherder. From blizzards to predatory wolves, from grass-crazed sheep in the springtime to penny-pinching bosses, Gilfillan misses nothing. He also volunteers his trenchant opinions on modern women, cowboys, and homesteaders—many of whom were his neighbors. In his introduction, Richard W. Etulain, director of the Center for the American West at the University of New Mexico, describes Gilfillan's life and discusses the appeal of the wide-open West to an urban-industrial nation.

The Flockmaster of Poison Creek - George W. Ogden 2022-11-13

The Flockmaster of Poison Creek is a western novel by George W. Ogden. Ogden was a prolific author of western novels. He often used to do original research for his books and settings. Excerpt: "So John Mackenzie had put his foot upon the road. This after he had reasoned it out as a mathematical problem, considering it as a matter of quantities alone. There was nothing in school-teaching at sixty dollars a month when men who had to carry a rubber stamp to sign their names to their checks were making fortunes all around him in sheep. That was the way it looked to John Mackenzie the morning he set out for Poison Creek to

hunt up Tim Sullivan and strike him for a job. Against the conventions of the country, he had struck out on foot. That also had been reasoned out in a cool and calculative way. A sheepherder had no use for a horse, in the first place. Secondly and finally, the money a horse would represent would buy at least twelve head of ewes. With questioning eyes upon him when he left Jasper, and contemptuous eyes upon him when he met riders in his dusty journey, John Mackenzie had pushed on, his pack on his back..."

Portable Houses - Irene Rawlings 2004

Portable Houses features traditional movable dwellings around the world, from a houseboat in Sausalito to a gypsy wagon in the English countryside. Authors Irene Rawlings and Mary Abel provide essential information on making movable homes functional and practical, along with chapters on acquiring the necessary tools and gear for travel, problem solving with each type of portable house, and converting the dream into highway-legal reality. With photography of some of the world's most ingenious and unique portable structures, Portable Houses will inspire the migratory-minded to turn ordinary modes of transportation into creative living spaces. Rawlings proves that it really is possible for the dedicated, nomadic, do-it-yourselfer to make the road a comfortable home!
