**A Shogun's Guide** - Catherine Chambers 2017-01-01

I am a fearless shogun, the military ruler of Japan. People are afraid of me—and they should be. I have even more power than the emperor. I

followed the rules to achieve my high position—and you should, too. Social classes must stay in their proper places. I will not stand for uprisings or pirates. We must all be honorable, disciplined, and respectful. I also insist on riches, fine food, and beauty throughout the land. And strong fighters and a well-guarded castle, of course. Read the rest of my rules to learn more about my great power. What could possibly go wrong?

writer follows the trail of the remarkable hummingbird all over the world. Hummingbirds are a glittering, sparkling collective of over three hundred wildly variable species. For centuries, they have been revered by indigenous Americans, coveted by European collectors, and admired worldwide for their unsurpassed metallic plumage and immense character. Yet they exist on a knife-edge, fighting for survival in boreal woodlands, dripping cloud forests, and subpolar islands. They are, perhaps, the ultimate embodiment of evolution's power to carve a niche for a delicate creature in even the harshest of places. Traveling the full length of the hummingbirds' range, from the cusp of the Arctic Circle to near-Antarctic islands, acclaimed nature writer Jon Dunn encounters birders, scientists, and storytellers in his quest to find these beguiling creatures, immersing us in the world of one of Earth's most charismatic bird families.

The first in an epic new fantasy series, introducing an unforgettable new heroine and a stunningly original dystopian steampunk world with a flavor of feudal Japan. A DYING LAND The Shima Imperium verges on the brink of environmental collapse; an island nation once rich in tradition and myth, now decimated by clockwork industrialization and the machine-worshippers of the Lotus Guild. The skies are red as blood, the land is choked with toxic pollution, and the great spirit animals that once roamed its wilds have departed forever. AN IMPOSSIBLE QUEST The hunters of Shima's

imperial court are charged by their Shogun to capture a thunder tiger - a legendary creature, half-eagle, half-tiger. But any fool knows the beasts have been extinct for more than a century, and the price of failing the Shogun is death. A HIDDEN GIFT Yukiko is a child of the Fox clan, possessed of a talent that if discovered, would see her executed by the Lotus Guild. Accompanying her father on the Shogun's hunt, she finds herself stranded: a young woman alone in Shima's last wilderness, with only a furious, crippled thunder tiger for company. Even though she can hear his thoughts, even though she saved his life, all she knows for certain is he'd rather see her dead than help her. But together, the pair will form an indomitable friendship, and rise to challenge the might of an empire.
