Tightwads on the Loose - Wendy Hinman
2012-03-31

Everyone dreams of tropical escape. But what happens when you escape for too long? Imagine

spending 24 hours a day with your spouse in 31 not-so-square feet . . . for years; crossing the Pacific Ocean on two gallons of fuel; and tossing spaghetti marinara around your living room, then cleaning it up while bouncing like ice in a martini shaker. Tightwads on the Loose tells the story of Wendy and Garth, lured to sea by the promise of adventure. They buy a 31-foot boat that fits their budget better than it fits Garth's large frame and set sail for an open-ended voyage, never imagining they'd be gone seven years, or cover 34,000 miles at the pace of a fast walk. They live without most "necessities" and learn that teamwork and a sense of humor matter most as they face endless "character-building opportunities." They make a long-anticipated visit to the island where Garth had been shipwrecked as a teenager, only to find it had become a penal colony. An electronic catastrophe in the Solomon Islands leaves them without navigation equipment, which forces them to trade their free-wheeling lifestyle for one that seems straight out of a '60s sitcom: jobs at a U.S. Army base in the Marshall Islands. In Asia, they dodge typhoons and ships that threaten to turn their home into kindling. Finally they endure a grueling 49-day nonstop ocean crossing. None of this prepares them for their arrival "home" to a post-9/11 America which leaves them wondering what had changed more, them or the world. Tightwads on the Loose offers a fun read to the armchair adventurer -- or anyone afflicted with wanderlust.

Firth. This new edition, updated by Geoff Crowley, continues the long-respected legacy of CCC publications for cruising sailors. Child of the Sea - Doina Cornell 2012-09-27 A Child of the Sea is the true story of Jimmy Cornell's daughter sailing around the world on the family's small yacht from the age of 7 to 14, based on Doina's diaries, letters and memories. From 1975 to 1981 the Cornell family visited 54 countries, sailed more than 68,000 miles, and travelled about the same distance overland. The story is told from Doina's point of view, although the main part of the book focuses on the family's three-year stay in the Pacific when she is aged between 10 and 13. Child of the Sea is unusual in that it gives a glimpse into a life that most young children couldn't imagine, swimming, diving and playing the days away in deserted anchorages; visiting some of the most beautiful islands in the world; falling in love with the sea in all its ever-changing moods, from balmy trade wind ocean passages to the treacherous breakers that crash onto tropical reefs, and taking a full part in sailing and handling the yacht on passage. The book also tells the story of a girl's coming of age in the South Pacific, understanding different cultures and values, and experiencing at first-hand how people judge

each other depending on the colour of their skin - from the time on Easter Island when tourists mistake Doina for a Polynesian girl, to her and her brother's hostile prejudiced reception back in an English school at the end of their journey. What do children need to grow up happy and healthy? Security with their family; an element of risk; freedom to explore the world; openness to other peoples and cultures; closeness with nature and the elements and an appreciation of the environment and our finite resources. The sailing life offers all this and more, and this book captures it all.

Island Infernos - John C. McManus 2021-11-09

From the author of *Fire and Fortitude*, the continuation of the US Army's epic crusade in the Pacific War, from the battle of Saipan to the occupation of Japan John C. McManus's award-winning *Fire and Fortitude* enthralled readers with an unforgettable and authoritative account of the US Army's evolution during the Pacific War, from the devastation of Pearl Harbor to the bloody battle for Makin Island in 1943. Now, in this second and final volume, he follows the Army as they land on Saipan, Guam, and Okinawa, climaxing with the American return to the Philippines, one of the largest, most complex operations in American history and one that would eventually account for one-third of all American casualties in the Pacific-Asia theater. Brilliantly researched and written, the narrative moves seamlessly from the highest generals to the lowest foot soldiers and in between, capturing the true essence of this horrible conflict. It is a masterful history by one of our finest historians of World War II.

Cruising Guide to the Leeward Islands - Chris Doyle 1998

Fair winds and fine cruising is author Chris Doyle's wish for readers of this popular, newly updated guide to the 10 island nations of this enchanting Caribbean chain. Doyle's background in research makes this volume rich in practical details; yet its tone is conversational. His is also an intimate knowledge, gathered from more than 20 years of live-aboard Caribbean cruising on his Carib 41 Helos, a former charterboat. The Leewards are a cultural and topographic mix, and Doyle addresses them by geographical grouping. The Renaissance Islands (St. Martin, St. Barts and Anguilla), an economically strong

bareboating enclave, offer short cruising passages and a wide choice of anchorages. The Islands That Brush the Clouds - a volcanic chain strung between Saba and Montserrat - present cruisers with a variety of channels and terrain. Most broadly strewn are the Islands of Mountains and Mangroves, a patchwork chiefly of rugged rainforest and exotic fauna, guarded in spots by spectacular reefs. The southern Leewards in particular have cried for reliable charting. Doyle provides aid throughout, using GPS coordinates, a trove of charts and color maps. All are cross-referenced with the newly released Caribbean Yachting Charts, exactly detailed and available through Cruising Guide Publications. Spectacular photographs add a visual feast. Onshore accommodations, transportation, communications, entertainment and provisioning are also addressed throughout the guide, and in an exhaustive directory by island and service type.
