**Broadribb's Introductory
Pediatric Nursing** - Nancy T.
Hatfield 2003-01-01

This full-color revision of
LPN/LVN level pediatrics text

condenses prenatal and
newborn coverage and features
expanded asthma coverage and
care of the well child. The text
is organized as follows:

chapters on developmental stages (age groups) are followed by chapters covering related and common diseases within each stage/age group. The final unit of the text includes the child with chronic health problems and the dying child. New recurring features include Web activities, pediatric triage checklists, and case studies. Connection Website: connection.LWW.com/go/lpnresources.

NCLEX-RN Questions and Answers Made Incredibly Easy - Lippincott Williams & Wilkins 2003

The second edition of NCLEX-RN Questions & Answers Made Incredibly Easy! is a completely updated NCLEX review book. Over 3,500 questions and answers with rationales are included. The book is divided into six parts: Part 1 provides studying and test-taking strategies for the test itself. Parts 2-6 cover adult care, psychiatric care, maternal-neonatal care, pediatric care, and professional issues. The professional issues

section is new to this edition, and includes chapters on management, leadership, and legal and ethical issues. Six comprehensive sample tests with 75 questions each are also included. The book continues the light-hearted approach of the Incredibly Easy! Series™, and familiar cartoon characters from the series provide support for the reader and point out vital information.

Springhouse Review for NCLEX-RN, - 2001

The ultimate study guide to prepare for the NCLEX-RN features all-new content presented in an appealing new format. Includes key facts about the exam, content review in all major clinical settings, and surefire ways to improve test-taking skills.

Accompanying CD-ROM offers 1,200 practice questions not found in the text to ensure optimum preparation. New to this edition are sections on leadership and management, cultural issues, and law and ethics. Two pretests and two comprehensive post-tests assess exam readiness. New

study features, updated case studies, and new appendices enhance this completely revised and updated Fifth Edition.

Straight A's in Pathophysiology

- Rita Breedlove 2005-11
Straight A's in Pathophysiology is an excellent review for the NCLEX® and for pathophysiology courses from the LPN through the BSN level. It follows the unique and highly visual two-column Straight A's format—an in-depth outline review in the inner column and a quick-scan key points refresher in the outer column. Other study aids include "Top 10" Lists that save students time before exams, Time-Out for Teaching tips on patient teaching, Go with the Flow algorithms, dozens of illustrations, and a 16-page full-color insert. The book and bound-in CD-ROM contain hundreds of NCLEX®-style questions—including alternate-format questions—with answers and rationales.

Medical-surgical Nursing Made

Incredibly Easy - 2003-08-01
Written in the award-winning

Incredibly Easy style, this handy reference contains the latest information on 300 medical-surgical disorders, treatments, and nursing interventions. Disorders are presented alphabetically using an easy-to-understand, lighthearted approach.

Critical Care Nursing Made Incredibly Easy! - Lippincott Williams & Wilkins 2008

This is a handy reference book in the award-winning Incredibly Easy! style--perfect for those entering or needing a refresher in critical care nursing. Critical care nursing is one of the most demanding and complex areas of nursing practice. The critical care nurse has to be "broadly specialized" with a fluency in a wide range of interconnected concepts, body system physiology, pathophysiology, and highly technical interventions, while processing data from multiple sources--all this in an environment where there is no room for error and seconds really do count.

American Nursing Review -
Phyllis F. Healy 1999

The second edition of this handbook is the perfect study tool for nursing students planning to take the National Council Licensure Examination for Registered Nurses. The text covers all clinical study areas and reflects the latest test plan. Each chapter tests the reader on nursing principles and procedures, disorders, diagnostic tests, and treatments.

Straight A's in Pediatric Nursing - Sid Karpoff

2007-10-03

This easy-to-read outline review follows the unique two-column Straight A's format that lets students choose how they study to improve test scores and final grades. The interior column outlines key facts for in-depth review; the exterior column lists only the most crucial points for quickest review. Other features include pretest questions at the beginning of each chapter; end-of-chapter NCLEX®-style questions; lists of top items to study before a test; Time-Out for Teaching patient-teaching points; Go with the Flow

algorithms; and alerts highlighted in a second color. A bound-in CD-ROM contains hundreds of NCLEX®-style questions—including alternate-item format questions—with answers and rationales.

Physician's Drug Handbook - Springhouse Publishing 1993

Medical-surgical Nursing Made Incredibly Easy!. -

Lippincott Williams & Wilkins 2012

Medical-Surgical Nursing Made Incredibly Easy! Third Edition provides nurses and nursing students with the information they need to confidently provide optimal patient care. Written in the award-winning Incredibly Easy! style, which makes complex medical-surgical nursing concepts easy to understand, it is perfect for those entering or needing a refresher in medical-surgical nursing. The updated text covers nearly 300 disorders, treatments and nursing interventions across 13 body system-oriented chapters, with additional overview chapters

on the nursing process and perioperative care, end-of-life care, and obesity. Each chapter includes a summary of key points and features headings and illustrations to enhance learning. Consistently formatted chapters and disorder entries make information easy to find. Key terms, bullets, checklists, and graphics focus attention on important information. In addition, online components, including case studies and NCLEX®-style questions, provide readers with additional learning tools. Features include: NEW: Complete coverage of blood transfusion reactions, including transfusion-related acute lung injury NEW: Current NANDA nursing diagnoses NEW: Information on the evidence-based nursing process and steps NEW: New tests and treatments NEW: Online: Activities to improve study techniques and test-taking skills NEW: Online: Clinical simulation case studies to enhance critical thinking skills NEW: Online: NCLEX® tutorial

NEW: Online: Over 1,000 NCLEX®-style questions, including traditional and all 7 types of alternate-format questions NEW: Replacement of all "Weighing the Evidence" pieces to reflect current evidence-based nursing practice Coverage of collaborative management practices Glossary of terms **Nursing Procedures** - Lippincott Williams & Wilkins 2004

The newly revised Fourth Edition of this popular and widely used reference is a start-to-finish guide for nearly 400 basic and advanced nursing procedures. It provides step-by-step instructions for each procedure, explains how to use and troubleshoot equipment, and presents key information on rationales, cautions, complications, patient teaching, and documentation. The user-friendly format includes checklists, quick-scanning tables, logos that flag essential information, and more than 700 illustrations and photographs of equipment and techniques. This edition

features a brand-new chapter on psychiatric nursing procedures and new entries on prone positioning, surgical site verification, ST segment monitoring, swallowing and aspiration precautions, and bispectral index monitoring (BIS).

Frye's 3300 Nursing Bullets NCLEX-RN - Charles M. Frye 2007

With over 300 new bullets in this thoroughly updated edition, this compact, easy-to-carry review book is an invaluable preparation tool for the NCLEX-RN®. It contains easy-to-read bulleted key points of essential information in all areas of nursing practice—maternal-neonatal, pediatric, medical-surgical, psychiatric-mental health, and important nursing fundamentals concepts. Bullets in all subject areas are presented in random order to prepare students for the random-order questions on the exam. This edition includes new content on nursing management, which focuses on prioritizing care and delegation

issues. Also included are strategies for taking the Computerized Adaptive Licensing Test.

Handbook of Medical-surgical Nursing - 2006

Now in its updated Fourth Edition, this best-selling handbook is the most comprehensive pocket-sized guide to medical-surgical nursing. More than 300 disorders and treatments are covered in alphabetical order in a consistent quick-reference format, with icons, sidebars, alerts, illustrations, and tables to highlight key points. This edition covers bioterrorism-related disorders and new treatments such as enhanced external counterpulsation therapy and cardiac resynchronization therapy. A new icon highlights gender differences. Laboratory test results now include SI values. A new appendix on emergency preparedness is included.

Springhouse Nurse's Drug Guide 2004 - Springhouse 2003

This annual guide provides comprehensive information in

an easy-to-use format. Organized alphabetically for quick access, the guide covers over 750 commonly used generic drugs and more than 3,500 trade drugs. Includes student-friendly features such as a free mini-CD with a skill-building drug class game and an NCLEX-style pharmacology review self-test, full-color guide to more than 400 tablets and capsules, and much more.

American Nursing Review for NCLEX-RN - Carol J. Binger 1998

By far the most practical and complete NCLEX-RN review. Dozens of case studies help students apply knowledge to clinical situations. Two computerized practice tests let students access their knowledge and become comfortable with the exam format.

NCLEX Review 3000 - Springhouse Corporation 2000-12-01

This thoroughly updated review software mimics the actual exam! Users find more than 3,000 multiple-choice questions-including 1,000 that

are brand new - covering 29 major topic areas in five major nursing categories (fundamentals, pediatric, psychiatric and mental health, maternal, and medical-surgical). Three study modes (pretest, review, and test) give correct and incorrect answers with rationales. New features include a client -needs subcategory for every question, a "hints" button, a glossary, graphs that track results and progress, and a larger capacity CD-ROM format.

Springhouse Review for Medical-surgical Nursing Certification - 2007

This thoroughly updated review provides the information needed for certification in medical-surgical nursing from the credentialing arms of the American Academy of Medical-Surgical Nurses and the American Nurses Association. It covers all topics on the exam and includes review questions, posttests, and answers with rationales. This edition reflects current NANDA Taxonomy II nursing diagnoses, arranged by nursing

domain, and recent CDC infection prevention and control guidelines. The cardiovascular chapter reflects the latest information on acute coronary syndrome differential care and American Heart Association guidelines for emergency cardiovascular care. The appendix on oncology care issues and nursing implications has been expanded.

American Nursing Review for NCLEX-RN - Carol J. Binger 1998

By far the most practical and complete NCLEX-RN review. Dozens of case studies help students apply knowledge to clinical situations. Two computerized practice tests let students access their knowledge and become comfortable with the exam format.

Springhouse Review for Psychiatric & Mental Health Nursing Certification - Nancy Randolph 2002

This comprehensive review book includes all the information needed to confidently pass the psychiatric

and mental health nursing certification exam. For each psychiatric disorder, the text provides causes, signs and symptoms, nursing diagnoses, and nursing interventions. Presented in a clear outline format, the book also contains quick-reference charts, appendices, selected references, and a posttest in the same format as the actual exam. Each chapter includes a clinical situation that follows the nursing process format, with rationales for every intervention. The book also covers such key topics such as concepts, human development, role and scope of psychiatric and mental health nursing, models of human behavior, nursing research techniques, therapeutic communication, legal issues, psychiatric therapies, drug therapy, and more. Compatibility: BlackBerry(R) OS 4.1 or Higher / iPhone/iPod Touch 2.0 or Higher /Palm OS 3.5 or higher / Palm Pre Classic / Symbian S60, 3rd edition (Nokia) / Windows Mobile(TM) Pocket PC (all versions) /

**Lippincott's NCLEX-RN
PassPoint Powered by PrepU
Access Code** - Lippincott
Williams & Wilkins 2013-08-01

**Lippincott's Review for
NCLEX-RN** - Diane McGovern
Billings 2005
The thoroughly updated edition
reflects the current NCLEX
test plan and contains more
than 5,000 test questions to
help students practice taking
the exam. The book contains
more questions than any other
NCLEX-RN review and includes
more pharmacology-related
questions.

*Springhouse Nclex-Rn Review
Cards* - Springhouse
Corporation 2003-01-01
With questions on the front and
answers on the back, these
review cards are a valuable
study aid when preparing for
the NCLEX-RN. Over 300
NCLEX-style questions
presented in multiple choice as
well as the new alternate-
format provide answers with

rationales to help students
understand the reasoning
behind each answer. 384 cards.

Lippincott's Review for
Medical-surgical Nursing
Certification - Lippincott
2011-10-20

Lippincott's Review for
Medical-Surgical Nursing
Certification, Fifth
Edition provides the
information nurses need to
achieve certification in the
specialty of medical-surgical
nursing. This helpful reference
covers the broad range of
content found on the actual
examinations, including
disorders by body system, such
as coronary artery disease,
COPD, and diabetes. The
product reviews signs and
symptoms, diagnostic tests,
medical treatments, nursing
assessments, and interventions
for scores of health problems.
Concise refreshers on wound
care, perioperative nursing,
collaborative practice, nursing
research, and legal issues are
also included. Review
questions after each chapter
and an end-of-book posttest
help assess the nurse's

preparedness for the exam. The book is appropriate for exams of both major certifying bodies: the ANCC and the AMSN.

NCLEX Review 4000 -
Springhouse 2008-03-01

This comprehensive NCLEX® review program is designed for individual student NCLEX® review. The popular NCLEX® 4000 study software provides more than 4,000 NCLEX®-quality review questions covering all 29 topics in five major content areas, including fundamentals, pediatrics, psychiatric-mental health, maternal-neonatal, and medical-surgical nursing. The software delivers NCLEX®-style multiple-choice questions and alternate-format questions. Three study modes-pretest, review, and test-give correct and incorrect answers with rationales and new supporting references. NCLEX® 4000 includes important new questions on prioritizing and delegation, a key topic on the NCLEX® exam. Updated to reflect the National Council of State Boards of Nursing's

latest test plan, including all forms of alternate-format questions.

LPN to RN Transitions - Nicki Harrington 2008-01-01

Now in its Third Edition, this book meets the needs of practical/vocational nurses and nursing faculty, as they work together to smooth the transition from the LPN to the RN role. The text provides interactive student exercises and strategies to "socialize" the LPN nurse/student into an RN program, taking into consideration its philosophy and curricular framework. This Third Edition includes an expanded chapter on communication and a new chapter on the NCLEX®.

Straight A's in Fluids and

Electrolytes - Lippincott Williams & Wilkins 2007

Straight A's in Fluids and Electrolytes is an excellent review for the NCLEX® and for the fluids and electrolytes component of medical-surgical nursing courses from the LPN through the BSN level. It follows the unique, highly visual two-column Straight A's

format—an in-depth outline review in the inner column and a quick-scanning key points refresher in the outer column. Other study aids include "Top 10" Lists that save students time before exams, Time-Out for Teaching tips on patient teaching, Go with the Flow algorithms, and dozens of illustrations. The book and bound-in CD-ROM contain hundreds of NCLEX®-style questions—including alternate-format questions—with answers and rationales.

Emergency Nursing Review'
2007 Ed. -

Straight A's in Nursing Pharmacology - 2007-10-08
This easy-to-read outline review follows the unique two-column Straight A's format that lets students choose how they study for NCLEX® and course exams. The interior column outlines key facts for in-depth review; the exterior column lists only the most crucial points for quickest review. Other features include pretest questions at the beginning of each chapter; end-of-chapter

NCLEX®-style questions; lists of top items to study before a test; Time-Out for Teaching patient-teaching points; Go with the Flow algorithms; and alerts highlighted in a second color. A bound-in CD-ROM contains hundreds of NCLEX®-style questions—including alternate-format questions—with answers and rationales.

NCLEX-PN 250 New-format Questions - Lippincott

Williams & Wilkins 2005-12-29

Thoroughly updated for its Second Edition, this review guide gives students practice and confidence in answering the five types of "alternate-format" questions used on the current NCLEX-PN®—multiple-response multiple-choice questions, fill-in-the-blank items, chart/exhibit items, drag and drop, and questions based on illustrations. The book contains 250 alternate-format questions covering all the major topics on the exam—fundamentals, medical-surgical, maternal-neonatal, pediatric, and psychiatric nursing. Questions

appear in the left-hand column and answers appear in the right-hand column. Answers include rationales for correct and incorrect responses, as well as the applicable nursing process step, client needs category and subcategory, and cognitive level. Test-taking tips are also included.

Clinical Pharmacology Made Incredibly Easy! - 2009

Written in the award-winning Incredibly Easy! style, this book provides complete and clear explanations of how drugs act and interact in the treatment of disease. Focusing on mechanisms of drug action, the book details specific drugs by pharmacologic class for all body systems as well as drugs for pain, psychiatric disorders, infection, fluid and electrolyte imbalances, and cancer. Potentially dangerous drug and drug-herb interactions are highlighted. This thoroughly updated edition covers the newest drugs in each pharmacologic class and includes information on obesity drugs, a new chapter on genitourinary system drugs, a

new medication safety feature, and a new appendix on common herbal preparations and their drug interactions.

NCLEX-RN Review Made Incredibly Easy! - Candice Rome 2019-09-16

NCLEX-RN REVIEW MADE INCREDIBLY EASY, 6E is designed to help nursing students prepare to take the licensing examination. The book blends critical content review in an easy-to-follow and bulleted format, pharmacology tables that summarize core medication information, and thousands of questions covering all the Client Need categories of NCLEX and the major content areas of pre-licensure programs. The product reviews core curriculum concerns and more than 3,000 questions that prompt active learning and higher-order thinking. Questions align with the National Council of State Boards of Nursing (NCSBN) 2019 RN test plan and are written in the style used on the licensing examination. Other features include the use of all

the types of alternate-format questions found on the licensing examination, detailed rationales for both correct and incorrect answers, and information about the NCLEX-RN. An accompanying code gives student access to a 7-day free trial of Lippincott PassPoint-RN.

Medical-surgical Nursing Made Incredibly Easy! - 2008

Medical-Surgical Nursing Made Incredibly Easy!, Second Edition, is a practical, informative reference in the entertaining, award-winning Incredibly Easy! style. This thoroughly updated edition covers hundreds of disorders and includes new chapters on end-of-life care and obesity, plus sixteen pages of full-color illustrations, sidebars on evidence-based practice pointers, and a patient resources appendix. Chapters feature key points summaries, light-hearted headings, and illustrations and are formatted to help readers find information easily. Quick-scan tables, flow charts, key terms, bullets, checklists, graphic

logos, and cartoon characters highlight essential information. A bound-in CD-ROM contains over 300 NCLEX®-style questions, plus concept maps and other tools.

Pediatric Nursing Made

Incredibly Easy - Lippincott Williams & Wilkins 2014-08-05 Completely revised and updated, this book organizes those developmental concerns and childhood disorders in an intuitive way, while weaving a family-centered approach to practice throughout the material.

Pathophysiology Made Incredibly Easy! - David Moreau 2006

Pathophysiology Made Incredibly Easy! Third Edition provides up-to-the-minute, comprehensive information on pathophysiology in a practical, easy-to-understand, and entertaining manner. Chapters cover cancer, infection, immune disorders, genetics, and disorders of each body system, highlighting pathophysiologic processes, resulting signs and symptoms, diagnostic test findings, and

current treatments. Reader-friendly features include illustrations, checklists, and full-color miniguides illustrating the pathophysiology of specific disorders. This edition has new full-color miniguides on cancer pathophysiology and neuropathology. A new Focus on Genetics feature identifies gene-related discoveries and their implications for treatment or diagnosis. Review questions and answers follow current NCLEX-RN requirements and alternate-format questions are included.

Straight A's in Medical-surgical Nursing - Lippincott Williams & Wilkins 2007-10
This easy-to-read outline review follows the unique two-column Straight A's format that lets students choose how they study for NCLEX® and course exams. The interior column outlines key facts for in-depth review; the exterior column lists only the most crucial points for quickest review. Other features include NCLEX®-style questions at the beginning and end of each

chapter; lists of top items to study before a test; Time-Out for Teaching patient-teaching points; Go with the Flow algorithms; and critical information highlighted in a second color. A bound-in CD-ROM contains hundreds of NCLEX®-style questions—including alternate-item format questions—with answers and rationales.

Springhouse Review for NCLEX-RN. - 2006

The ultimate study guide to prepare for the NCLEX-RN features all-new content presented in an appealing new format. Includes key facts about the exam, content review in all major clinical settings, and surefire ways to improve test-taking skills.

Accompanying CD-ROM offers 1,200 practice questions not found in the text to ensure optimum preparation. New to this edition are sections on leadership and management, cultural issues, and law and ethics. Two pretests and two comprehensive post-tests assess exam readiness. New study features, updated case

studies, and new appendices enhance this completely revised and updated Fifth Edition.

Maternal-Neonatal Nursing Made Incredibly Easy! - Lippincott Williams & Wilkins
2014-09-29

Maternal-Neonatal Nursing Made Incredibly Easy!, Third Edition offers everything nurses need to know for optimal maternal-neonatal nursing care. This thoroughly updated edition includes new information on bed rest, postpartum depression, alternative therapies, substance abuse, and complex psychosocial disorders, plus a new icon highlighting evidence-based practice. The book is written in the entertaining, award-winning *Incredibly Easy!* style, with numerous charts and illustrations, two four-page full-color inserts, humorous cartoons, icons emphasizing key information, memory joggers, and end-of-chapter quick quizzes.

Springhouse Review for NCLEX-PN. - Lippincott

Williams & Wilkins 2003
The completely redesigned fourth edition of this comprehensive study guide for nursing students offers extra content, updated case studies, and a CD-ROM with 750 NCLEX-style practice questions. It also helps with optimum exam preparation with the inclusion of key facts key study points in shaded boxes, spot check questions posed randomly throughout the book to verify understanding, and quick study text boxes with memory tips such as mnemonic devices and limericks. Also included are numerous charts and illustrations, as well as handy appendices covering topics such as patient positioning, recommended childhood immunization and NANDA taxonomy of nursing diagnoses.

Nurse's Rapid Reference -
2008-04-01

Organized for quick reference, this all-in-one portable handbook presents the most important information on 125 diseases, 48 treatments, 48 diagnostic tests, 42

procedures, 75 signs and
symptoms, and 75 drugs.
Current Catalog - National

Library of Medicine (U.S.) 1993
First multi-year cumulation
covers six years: 1965-70.
