It will not waste your time. recognize me, the e-book will no question expose you supplementary event to read. Just invest tiny get older to right of entry this on-line declaration **succession affiliated series book 5** as well as evaluation them wherever you are now.

The Fate of Justice and Righteousness during David's Reign - Richard G. Smith

2009-12-10

This work argues that 2 Sam 8:15-20:26 is a literary unit designed to show how David and his house failed to establish "justice and righteousness" during David's reign over all Israel. After an introductory chapter and a chapter on critical methodology the rest of the work is a close reading of 2 Sam 8:15-20:26 that pays special attention to narrative ethics. Chapter 3 makes a case for reading 2 Sam 8:15-20:26 as a coherent literary unit reflecting an ethical world-view grounded in kindness and having as its main theme "the failure of justice and righteousness to be established during David's reign." Chapter 4 presents a case for reading 2 Sam 8:15-10:19 as an account of the beginnings of justice and righteousness during David's reign in which David's kindness towards Mephibosheth is presented as analogous to a Mesopotamian royal declaration and was performed as an inaugural act of charity upon David's ascent to the throne.

Practical Succession Management - Andrew Munro 2005

Succession management, often little more than an annual form-filling chore and a throwback to 'chess board' charting of 1950s multinationals, needs revitalisation to become a key driver of organisational renewal in the twenty-first century. Whilst recent corporate failings have focused attention on the difficulties of leadership succession, those organisations which have made the transition to greatness have understood the impact of strategic resourcing in

renewing their leadership capability and character. The challenge for organisations is reconciling leadership demand and supply. When it may be impossible to say what your organisation will look like in three years time, or what strategy it will be pursuing, demand becomes difficult to predict. And in an era of shifting career realities, supply management needs to be more than an analysis of the age profile of the leadership population. Practical Succession Management is a response to the increasing relevance of proactive succession management but the widespread difficulty of making it happen. The author focuses on the business realities of succession management rather than provide a conceptualisation of how it might work in principle or simply headline a series of corporate 'just so' stories. In a robust evaluation of relevant research and imaginative practice, Andrew Munro maps out the battlegrounds for succession management, with tools and techniques to guide readers from start to finish. The result is a book that will stimulate and challenge your thinking in opening up new options and provide practical methodologies to advance strategic resourcing within your organisation.

Martindale's American Law Directory - 1930

A Complete Collection of Hindu Law Books on Inheritance - 1911

The Westminster Dictionary of New Testament and Early Christian Literature and Rhetoric - David Edward Aune 2003-01-01
The Westminster Dictionary of New Testament

and Early Christian Literature and Rhetoric details the variety of literary and rhetorical forms found in the New Testament and in the literature of the early Christian church. This authoritative reference source is a treasury for understanding the methods employed by New Testament and early Christian writers. Aune's extensive study will be of immense value to scholars and all those interested in the ways literary and rhetorical forms were used and how they functioned in the early Christian world. This unique and encyclopedic study will serve generations of scholars and students by illuminating the ways words shaped the consciousness of those who encountered Christian teachings.

Second Witness: Analytical and Contextual Commentary on the Book of Mormon - Brant A. Gardner 2007-09-01

Stop looking for the Book of Mormon in Mesoamerica and start looking for Mesoamerica in the Book of Mormon! *Second Witness*, a new six-volume series from Greg Kofford Books, takes a detailed, verse-by-verse look at the Book of Mormon. It marshals the best of modern scholarship and new insights into a consistent picture of the Book of Mormon as a historical document. Taking a faithful but scholarly approach to the text and reading it through the insights of linguistics, anthropology, and ethnohistory, the commentary approaches the text from a variety of perspectives: how it was created, how it relates to history and culture, and what religious insights it provides. The commentary accepts the best modern scholarship, which focuses on a particular region of Mesoamerica as the most plausible location for the Book of Mormon's setting. For the first time, that location—its peoples, cultures, and historical trends—are used as the backdrop for reading the text. The historical background is not presented as proof, but rather as an explanatory context. The commentary does not forget Mormon's purpose in writing. It discusses the doctrinal and theological aspects of the text and highlights the way in which Mormon created it to meet his goal of "convincing . . . the Jew and Gentile that Jesus is the Christ, the Eternal God."

Succession Planning - Pamela A. Gordon
2018-03-07

This book examines current research related to succession planning strategies and tactics. The authors compare and contrast the rationale and processes needed for effective and efficient succession planning. This is a comprehensive endeavor exploring succession planning across today's key disciplines: business, education, and healthcare. Succession planning is examined from the commercial, government, and non-profit lens. The book features active research, broad literature reviews, and examines conceptual frameworks. From this valuable contribution to succession planning research, readers will receive a thorough assessment of the theoretical foundations of succession planning and ethical considerations for sustainable leadership.

T&T Clark Encyclopedia of Second Temple Judaism Volume One - Loren T. Stuckenbruck
2019-12-26

The T&T Clark Encyclopedia of Second Temple Judaism provides a comprehensive reference resource of over 600 scholarly articles aimed at scholars and students interested in Judaism of the Second Temple Period. The two-volume work is split into four parts. Part One offers a prolegomenon for the contemporary study and appreciation of Second Temple Judaism, locating the discipline in relation to other relevant fields (such as Hebrew Bible, Rabbinics, Christian Origins). Beginning with a discussion of terminology, the discussion suggests ways the Second Temple period may be described, and concludes by noting areas of study that challenge our perception of ancient Judaism. Part Two presents an overview of respective contexts of the discipline set within the broad framework of historical chronology corresponding to a set of full-colour, custom-designed maps. With distinct attention to primary sources, the author traces the development of historical, social, political, and religious developments from the time period following the exile in the late 6th century B.C.E. through to the end of the Bar Kokhba revolt (135 C.E.). Part Three focuses specifically on a wide selection of primary-source literature of Second Temple Judaism, summarizing the content of key texts, and examining their similarities and differences with other texts of the period. Essays here include a brief introduction to the work and

a summary of its contents, as well as examination of critical issues such as date, provenance, location, language(s), and interpretative matters. The early reception history of texts is also considered, and followed by a bibliography specific to that essay. Numerous high-resolution manuscript images are utilized to illustrate distinct features of the texts. Part Four addresses topics relevant to the Second Temple Period such as places, practices, historical figures, concepts, and subjects of scholarly discussion. These are often supplemented by images, maps, drawings, or diagrams, some of which appear here for the first time. Copiously illustrated, carefully researched and meticulously referenced, this resource provides a reliable, up-to-date and complete guide for those studying early Judaism in its literary and historical settings.

Intestate Succession - Kenneth Reid 2015

Exploring the rules that apply when a person dies without leaving a valid will, 'Intestate Succession' delivers a comparative and historical review of the relevant law in Europe and beyond, including an analysis of legal development, justifications, and reform.

Plant Succession - D.C. Glenn-Lewin
1992-11-30

'Succession' is the term used to describe the phenomenon of changes in vegetational types in both time and space. The subject of the colonization and exploitation of 'new' areas by plants is a key one in ecology and this book summarizes the theoretical arguments currently raging about the topic.

The Hindu Code - Sir Hari Singh Gour 1923

The Risen Empire - Scott Westerfeld 2008-07-22

From the acclaimed author of *Fine Prey*, *Polymorph*, and *Evolution's Darling* (Philip K. Dick Award special citation and a New York Times Notable Book) comes a sweeping epic, *The Risen Empire*, Scott Westerfeld's dazzling hardcover debut. The undead Emperor has ruled his mighty interstellar empire of eighty human worlds for sixteen hundred years. Because he can grant a form of eternal life, creating an elite known as the Risen, his power has been absolute. He and his sister, the Child Empress, who is eternally a little girl, are worshiped as living gods. No one can touch them. Not until

the Rix, machine-augmented humans who worship very different gods: AI compound minds of planetary extent. The Rix are cool, relentless fanatics, and their only goal is to propagate such AIs throughout the galaxy. They seek to end, by any means necessary, the Emperor's prolonged tyranny of one and supplant it with an eternal cybernetic dynasty of their own. They begin by taking the Child Empress hostage. Captain Laurent Zai of the Imperial Frigate *Lynx* is tasked with her rescue. Separated by light-years, bound by an unlikely love, Zai and pacifist senator Nara Oxham must each in their own way, face the challenge of the Rix, and they each will hold the fate of the empire in their hands. *The Risen Empire* is the first great space opera of the twenty-first century. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.
The Raven and the Lark - Barbara L. Estrin
1985

The lost child plot, which appears in the work of virtually every major author of the English Renaissance, is examined in this study of a wide variety of the literature of that period.

Omar Khayyam's Secret: Hermeneutics of the Robaiyat in Quantum Sociological Imagination: Book 5: Khayyami Theology - Mohammad H. Tamdgidi 2022-05-01

Omar Khayyam's Secret: Hermeneutics of the Robaiyat in Quantum Sociological Imagination, by Mohammad H. Tamdgidi, is a twelve-book series of which this book is the fifth volume, subtitled *Khayyami Theology: The Epistemological Structures of the Robaiyat in All the Philosophical Writings of Omar Khayyam Leading to His Last Keepsake Treatise*. Each book, independently readable, can be best understood as a part of the whole series. In Book 5, to understand the theological epistemology (or, way of knowing God) framing Khayyam's *Robaiyat* as spread out in all his philosophical works, Tamdgidi further offers the texts and his updated Persian and new English translations and analyses of six primary writings that preceded Khayyam's last keepsake treatise on the universals of existence: 1: Khayyam's annotated Persian translation of Avicenna's sermon in Arabic on God and creation; 2: Khayyam's treatise in Arabic addressed to Nasawi (wrongly regarded as an Avicenna pupil)

on the created world and worship duty; 3-5: Khayyam's three treatises in Arabic (all addressed to Abu Taher, to whom Khayyam also dedicated his treatise on algebra) that are separate chapters of a three-part treatise on existence on topics ranging from the necessity of contradiction, determinism, survival, attributes of existents, and the light of intellect on 'existent' as the subject matter of universal science; and 6: Khayyam's treatise in Arabic addressed to Moshkavi (a supportive Shia intellectual) in response to three questions on soul's survival, on the necessity of accidents, and on the nature of time. The most fruitful way of understanding Khayyam's six texts is by regarding them as efforts made at defending his "succession order" thesis implicitly revealed when commenting on Avicenna's sermon and finalized in his last keepsake treatise. The texts served to offer the theological epistemology behind Khayyam's thesis, revealing his creative conceptualist view of existence that informed his poetic way of going about knowing God, creation, and himself within a unitary Islamic creationist-evolutionary worldview. Khayyam's way of knowing God and existence is non-dualistic, non-atomistic, and unitary in worldview, allowing for subject-included objectivity, probabilistic determinism, transcontinuous (or 'discontinuous') creative causality, transdisciplinarity, and transculturalism; it thus fulfils in a prescient way all the eight attributes of the quantum vision. Poetry is most conducive to unitary knowing, and subject-included objectivity must necessarily be self-reflective and thus engage intellectual, emotional, and sensible modes of knowing. This explains why Khayyam transcended scholastic learning in favor of a poetic encounter with reality. What he meant by 'Drunkenness,' calling it the highest state of mind known to him, can thus be best understood as a unitary, quantum state of mind achieved by way of his poetry as a meditative art of self-purification. The goal, metaphorically, is to move from a way of knowing things as divisible grapes to a pure and unitary way of knowing them as indivisible Wine—paralleling what we call today moving from chunky Newtonian toward unitary quantum visions of reality. The key for entering Khayyam's secret tent is realizing that what he

primarily meant by 'Wine' in his Robaiyat was self-referentially his Robaiyat itself, a key openly hidden therein thanks to his theological epistemology. For him, the Robaiyat was a lifelong work on himself, serving also human spiritual awakening to its place and duty in the succession order of God's creation. It also served his aspiration for a lasting soul. He knew the now-proven worth of his secret magnum opus, and that is why he so much praised his 'Wine.'

Plankton Ecology - Ulrich Sommer 2012-12-06

All relevant ecological aspects of plankton, especially seasonal changes in the species composition, the role of competition for limiting resources in species replacements, the role of parasitism, predation and competition in seasonal succession are treated in detail considering phytoplankton, zooplankton and bacteroplankton. In addition to its use as a valid reference book for plankton ecology, this monograph may well be used as a model for other kinds of ecological communities.

The Diary: Succession of Lies - J. C. Carpenter 2021-08-13

What if you discovered that the sins of your mother's past will forever haunt your future? That finding out the secrets she took to her grave would turn your life upside down? To the rest of the world Corynn Hayes was a brilliant writer and entrepreneur. To Karlee Jones, she was not only a mother but a best friend. Until Corynn's unexpected death, Karlee thought that she knew everything there was to know about her mother. Then Karlee receives her mother's diary as a farewell gift. The depth of the secrets within those pages end up devastating Karlee, forever changing the memory of her mother. *The Diary: Succession of Lies* is a novel that exposes the secret life of a mistress. It is a story of love, lust, loss, and redemption and takes us through the trials of two generations of women. The Diary gives a different perspective on the image of a mistress, a woman often vilified throughout literature as a harlot and a home wrecker. It tackles several questions as to why a mistress stays, is love possible in such a taboo relationship, and is love ever really enough to endure the consequences that come later.
Remembering Biblical Figures in the Late Persian and Early Hellenistic Periods - Diana V.

Edelman 2013-08-29

Social memory studies offer an under-utilised lens through which to approach the texts of the Hebrew Bible. In this volume, the range of associations and symbolic values evoked by twenty-one characters representing ancestors and founders, kings, female characters, and prophets are explored by a group of international scholars. The presumed social settings when most of the books comprising the TANAK had come into existence and were being read together as an emerging authoritative corpus are the late Persian and early Hellenistic periods. It is in this context then that we can profitably explore the symbolic values and networks of meanings that biblical figures encoded for the religious community of Israel in these eras, drawing on our limited knowledge of issues and life in Yehud and Judean diasporic communities in these periods. This is the first period when scholars can plausibly try to understand the mnemonic effects of these texts, which were understood to encode the collective experience members of the community, providing them with a common identity by offering a sense of shared past while defining aspirations for the future. The introduction and the concluding essay focus on theoretical and methodological issues that arise from analysing the Hebrew Bible in the framework of memory studies. The individual character studies, as a group, provide a kaleidoscopic view of the potentialities of using a social memory approach in Biblical Studies, with the essay on Cyrus written by a classicist, in order to provide an enriching perspective on how one biblical figure was construed in Greek social memory, for comparative purposes.

Replaceable - Beth Miller 2021-05-23

Succession Law, Practice and Society in Europe across the Centuries - Maria Gigliola di Renzo Villata 2018-03-19

This book presents a broad overview of succession law, encompassing aspects of family law, testamentary law and legal history. It

examines society and legal practice in Europe from the Middle Ages to the present from both a legal and a sociological perspective. The contributing authors investigate various aspects of succession law that have not yet been thoroughly examined by legal historians, and in doing so they not only add to our knowledge of past succession law but also provide a valuable key to interpreting and understanding current European succession law. Readers can explore such issues as the importance of a father's permission to marry in relation to disinheritance, as well as inheritance transactions and private, dynastic and cross-border successions. Further themes addressed by the expert contributors include women's inheritance rights, the laws of succession for the prince in legal consulting, and succession in the Rota Romana's jurisprudence.

The Bohr Maker - Linda Nagata 2011-06

Nikko is genetically engineered to survive in the airless void of space, but the research permit allowing his existence is about to expire and his body has already begun running the program that will cause his death. His only hope for life lies in rewriting his genetic code with the help of the illegal nanotech device known as the Bohr Maker.

A Treatise on Inheritance, Gift, Will, Sale and Mortgage - Frederik Emil ELBERLING 1856

Succession - Loulou Emm 2017-03-17

Her family have never taken her seriously and Poppy only has herself to blame. She has been irresponsible in the past, but now she wants to show her family that she has matured. She keeps quiet when she gets involved in a business venture with Toni, an older woman that she recently met. So far Poppy has done nothing more taxing than managing a massage parlour, but she is about to be thrown into the front line business of the London firm. Surprisingly she shows that she is cool under pressure, and is willing to inflict severe punishment on those who underestimate her.

The Line of Succession - Harry F. Rey
2018-07-24

Families are built on secrets, but when it's the royal family, the stakes—and the secrets—can be deadly. Fifteen years ago, Prince James's father, Prince Richard, was killed in a mysterious helicopter crash, along with his secret Irish lover. The young James became heir to the British throne over his twin sister, Princess Alexandra. With Queen Victoria II turning ninety, James's personal life, now that he's thirty, has come more into the public spotlight as he's expected to marry and produce an heir. Known for his playboy lifestyle, he'd gladly accept that reputation to hide the truth that he's gay and in a secret long-term relationship with his best friend and press secretary, Andrew. His twin sister knows his secret, and plans to use it to create a scandal that will help her take the crown for herself, but her plans rely on trust, and she will soon learn her allies are not as trustworthy as she thought. Will James win his throne, while keeping the love of his life? Or will the monarchy topple in the face of naked ambition and public scandal? *The Line of Succession* is a 38,000 word erotic romantic drama. If you love TV's *The Crown* or *The Royals*, then you'll love this deliciously sly royal drama filled with sex, secrets, and lies. Buy *The Line of Succession* now and dive into a royal family of secret gay lovers, ambitious lusts for power, passions for revenge and hidden secrets that will shake the monarchy to its very core. This isn't your real-life fairy-tale wedding; this is a royal family at war.

The Hundred Thousand Kingdoms - N. K. Jemisin
2010-02-25

After her mother's mysterious death, a young woman is summoned to the floating city of Sky in order to claim a royal inheritance she never knew existed in the first book in this award-winning fantasy trilogy from the NYT bestselling author of *The Fifth Season*. Yeine Darr is an outcast from the barbarian north. But when her mother dies under mysterious circumstances, she is summoned to the majestic city of Sky.

There, to her shock, Yeine is named an heiress to the king. But the throne of the Hundred Thousand Kingdoms is not easily won, and Yeine is thrust into a vicious power struggle with cousins she never knew she had. As she fights for her life, she draws ever closer to the secrets of her mother's death and her family's bloody history. With the fate of the world hanging in the balance, Yeine will learn how perilous it can be when love and hate - and gods and mortals - are bound inseparably together. Comparative Succession Law - Kenneth Reid 2015-08-27

Intestate Succession is the second volume in the Comparative Succession Law series which examines the principles of succession law from a comparative and historical perspective. This volume discusses the rules which apply where a person dies either without leaving a valid will, or leaving a will which fails to dispose of all of the person's assets. Among the questions considered are the following: What is the nature of the rules for the disposal of the deceased's assets? Are they mechanical or is there an element of discretion? Are particular types of property dealt with in particular ways? Is there entitlement to individual assets (as opposed to money)? Do the rules operate in a parentelic system or a system of some other kind? Are spouses treated more favourably than children? What provision is made for extra-marital children, for adopted children, for step-children? Does cohabitation give rise to entitlement? How are same-sex couples treated? Broader questions also arise of a historical and comparative nature. Where, for example, do the rules in intestate succession come from in particular legal systems? Have they been influenced by the rules in other countries? How are the rules explained and how are they justified? To what extent have they

changed over time? What are the long-term trends? And finally, are the rules satisfactory, and is there pressure for their reform? As in the first volume, this book will focus on Europe and on countries which have been influenced by the European experience such as Australia, New Zealand, South Africa, the United States of America, Quebec, and the countries of Latin America. Further chapters are devoted to Islamic Law and Nordic law. Opening with a discussion on Roman law and concluding with an assessment of the overall development of the law in the countries surveyed, this book will provide a wider reflection on the nature and purpose of the law of intestate succession.

Succession - Joyce A. Graham 2016-10-26

Each predecessor leaves behind a labor of love and each successor builds upon that labor of love; bringing a uniqueness that will enhance the work of their predecessor, while making it their own. In our lifetime, we will each experience the baton being passed on to us by a predecessor or our passing of the baton on to a successor. In either scenario, this book will prove to be of infinite value in advancing the Kingdom of God; helping leaders navigate the challenging and sometimes difficult terrain of succession and mentoring with integrity.

Succession - Marshall Goldsmith 2009-02-10

A leader's greatest challenge can be knowing when it's time to step aside. A great deal has been written for corporate boards on the issue of succession planning. But most executives have few resources to help guide them through the process. How do you start preparing yourself- and your successor- for your inevitable leadership transition? In this concise book, leading executive coach and bestselling author Marshall Goldsmith offers candid advice on succession from the outgoing executive's perspective. From choosing and grooming a successor while sidestepping political minefields, to finally handing over responsibility, Goldsmith walks you through each step in the succession process. Done right, your successor can enter to applause while you gracefully bow out and start the next chapter of your life.

The Scope and Structure of Civil Codes - Julio César Rivera 2014-02-04

This detailed analysis of the content and configuration of civil codes in diverse

jurisdictions also examines their relationship with some branches of private law as: family law, commercial law, consumer law and private international law. It analyzes the codification, decodification and recodification processes illuminating the dialogue between current codes - and private law legislation in general - with Constitutions and International Conventions. The commentary elucidates the changing requirements of civil law as it shifted from an early protection of patrimony to a support for commercial and contractual law. It also explains the varying trajectories of civil law, which in some jurisdictions was merged with religious legal tenets in its codification of familial relations, while in others it was fused with commercial law or, indeed, codified from scratch as a discrete legal corpus. Elsewhere, the volume provides material on differing approaches to consumer law, where relevant legislation may be scattered across numerous statutes, and also on private international law, a topic of increasing relevance in a world where business corporations have interests in multiple jurisdictions (and often play one off against another). The volume features invited contributions from leading scholars in the field of private law brought together for an in depth analysis of the current regulatory attitude in this field of the law in jurisdictions with diverse legal systems and traditions. In current times we are witnessing the adoption of diverging regulatory solutions. Through the analysis of the past and present of private law regulation, the volume unveils the underlying trends and relevance of the codification method across the world.

The Next CEO - Thomas Keil 2021-05-06

Every year, companies spend billions of dollars in board time and headhunter fees on CEO searches. In fact, by many accounts, the selection of the next CEO is the single most important task of the board of directors. Yet, despite the huge amount of time, money, and attention given to the task, many CEO changes fail, with disastrous consequences for all concerned. With so much at stake, it is natural to ask what companies and their boards can do to increase the odds of success. Illustrated with an abundance of real-life examples from interviews with CEOs, C-suite members, members of the boards, and headhunters supporting CEO

searches, *The Next CEO* explains how boards can improve the odds of success with CEO succession by identifying clear CEO mandates and associated CEO profiles and by selecting CEOs that are fit for purpose. It further explains how the CEOs of leading corporations effectively take charge and create results, providing a roadmap for incoming CEOs. These ideas are brought to life with case studies and interviews with well-known corporations such as ABB, Alibaba, Freudenberg, GE, Google, HNA, HP, Microsoft, Nestle, Nike, Nokia, Novartis, Roche, Sony, Tata, and Zurich Insurance. The book is invaluable practical reading for board members of medium-to-large-size firms involved with CEO succession, and for those preparing for their first CEO position. It is also relevant to headhunters who are involved in the process of CEO succession as a working tool for them and their clients. In addition, the book will be relevant to courses on corporate governance and strategic transformation at the executive and MBA levels.

Field Trip Guide Books - 2004

Succession - Joyce Carlow 2000-07-24

Clara Maria Tonelli is a woman of ideas, intelligence, and strength. Her father Agosto built a fortune in banking, lifting himself from the poverty of the Italian immigrant community to the power of Wall Street. But who would be his successor? Clara Maria is her father's daughter, but she finds herself fighting against the mores of a community constrained by male dominance. Even the other women in the family seem to stand against her, even though they all know she is better qualified than her brother. This is the story of an Italian family of ambition and fortune, of that family's daughter, and of her struggle to carry on for her father and still satisfy the man she loves. From Wall Street, to Mussolini's Italy, to California, this is a spell-binding saga of a family and its offspring.

The Risen Empire - Scott Westerfeld

2018-06-26

From Scott Westerfeld, the acclaimed author of the *Leviathan* trilogy and the *Uglies* series comes a sweeping space opera, *The Risen Empire*, book one of the *Succession* duology. Captain Laurent Zai and his pacifist lover Senator Nara Oxham, separated by lightyears,

hold the fate of the empire in their hands. They serve an Emperor who has reigned with his sister the Child Empress for sixteen hundred years as living gods. But even gods might bow to the fanaticism of the Rix, machine-augmented humans, who long for the cybernetic rule of a vast AI. Only one immortal dynasty can prevail.

The Battle for International Law - Jochen von Bernstorff 2019-10-22

This volume provides the first comprehensive analysis of international legal debates between 1955 and 1975 related to the formal decolonization process. It is during this era, couched between classic European imperialism and a new form of US-led Western hegemony, that fundamental legal debates took place over a new international legal order for a decolonised world. The book argues that this era presents in essence a battle, a battle that was fought out in particular over the premises and principles of

international law by diplomats, lawyers, and scholars. In a moment of relative weakness of European powers, 'newly independent states' and international lawyers from the South fundamentally challenged traditional Western perceptions of international legal structures engaging in fundamental controversies over a new international law. The legal outcomes of this battle have shaped the world we live in today. Contributions from a global set of authors cover contemporary debates on concepts central to the time, such as self-determination, sources and concessions, non-intervention, wars of national liberation, multinational corporations, and the law of the sea. They also discuss influential institutions, such as the United Nations, International Court of Justice, and World Bank. The volume also incorporates contemporary regional approaches to international law in the 'decolonization era' and portraits of important scholars from the Global South.
