The One World Schoolhouse -
Salman Khan 2012-10-02

A free, world-class education for anyone, anywhere. This is the goal of the Khan Academy, a passion project that grew from an ex-engineer and hedge funder's online tutoring sessions with his niece, who was struggling with algebra, into a worldwide phenomenon. Today millions of students, parents, and teachers use the

Khan Academy's free videos and software, which have expanded to encompass nearly every conceivable subject; and Academy techniques are being employed with exciting results in a growing number of classrooms around the globe. Like many innovators, Khan rethinks existing assumptions and imagines what education could be if freed from them. And his core idea-liberating

teachers from lecturing and state-mandated calendars and opening up class time for truly human interaction-has become his life's passion. Schools seek his advice about connecting to students in a digital age, and people of all ages and backgrounds flock to the site to utilize this fresh approach to learning. In THE ONE WORLD SCHOOLHOUSE, Khan presents his radical vision for the future of education, as well as his own remarkable story, for the first time. In these pages, you will discover, among other things: How both students and teachers are being bound by a broken top-down model invented in Prussia two centuries ago Why technology will make classrooms more human and teachers more important How and why we can afford to pay educators the same as other professionals How we can bring creativity and true human interactivity back to learning Why we should be very optimistic about the future of learning. Parents and politicians routinely bemoan

the state of our education system. Statistics suggest we've fallen behind the rest of the world in literacy, math, and sciences. With a shrewd reading of history, Khan explains how this crisis presented itself, and why a return to "mastery learning," abandoned in the twentieth century and ingeniously revived by tools like the Khan Academy, could offer the best opportunity to level the playing field, and to give all of our children a world-class education now. More than just a solution, THE ONE WORLD SCHOOLHOUSE serves as a call for free, universal, global education, and an explanation of how Khan's simple yet revolutionary thinking can help achieve this inspiring goal.

Salman Rushdie - Robert Eaglestone 2013-07-18
Sir Salman Rushdie is perhaps the most significant living

novelist in English. His second novel, *Midnight's Children*, is regularly cited as the 'Booker of Bookers' and its impact is still being felt throughout in world literature. His fourth novel, *The Satanic Verses*, led to the 'Rushdie Affair' certainly the most significant literary-political event since the Second World War. Rushdie has continued to produce challenging fiction, controversial, thought-provoking non-fiction and has a presence on the world stage as a public intellectual. This collection brings together leading scholars to provide an up-to-date critical guide to Rushdie's writing from his earliest works up to the most recent, including his 2012 memoir of his time in hiding, *Joseph Anton*. Contributors offer new perspectives on key issues, including: Rushdie as a postcolonial writer; Rushdie as a postmodernist; his use and reuse of the canon; the 'Rushdie Affair'; his responses to 9/11 and to the 'War on Terror'; and issues of more complex philosophical weight

Exploring Magic Realism in Salman Rushdie's Fiction -

Ursula Kluwick 2013-02-28

Kluwick breaks new ground in this book, moving away from Rushdie studies that focus on his status as postcolonial or postmodern, and instead considering the significance of magic realism in his fiction. Rushdie's magic realism, in fact, lies at the heart of his engagement with the post/colonial. In a departure from conventional descriptions of magic realism—based primarily on the Latin-American tradition—Kluwick here proposes an alternative definition, allowing for a more accurate description of the form. She argues that it is disharmony, rather than harmony, that is decisive: that the incompatibility of the realist and the supernatural needs to be recognized as a driving force in Rushdie's fiction. In its rigorous analysis of this Rushdian magic realism, this book considers the entire corpus—Midnight's Children, Shame, The Satanic Verses,

The Moor's Last Sigh, The Ground Beneath Her Feet, Shalimar the Clown, and The Enchantress of Florence. This study is the first of its kind to do so.

English Literature, Theology and the Curriculum -

Liam Gearon 1999-01-10

The "Theology in Dialogue" Series explores the relationship between theology and different, secular academic disciplines which appear within the degree programs of colleges and universities. Each volume begins with a chapter and a reply, providing a thoughtful justification for the interaction of theology and the particular subject. This is followed by a theoretical analysis of this interaction, and a range of case studies illustrating the situation in the classroom. "English Literature, Theology and the Curriculum" explores the nature and authority of religious writings and their influence on secular literature. What makes it distinctive is the manner in which it investigates the textual dynamic between the

two disciplines by combining both theory and case study in a single collection of writings. It discusses interdisciplinary dialogue, offers case studies on literature and theology from Anglo-Saxon verse to the twentieth-century novel, and looks at curriculum considerations. The eminence and breadth of the contributors is outstanding. Praise for English Literature, Theology and the Curriculum: "[A] superbly rich collection...as valuable to those involved in literary studies as to theologians. It breathes life and real engagement." --Times Educational Supplement "Fascinating and scholarly collection...This is an excellent book. Though some of the chapters are better than others, none is a dud. Its contributors and editor are to be congratulated." --Journal of Beliefs and Values "These substantial essays deserve more extensive comment than a brief review permits...Liam Gearon's chapter prompted this reviewer to embark on a reading of [Brian] Moore's

work - a rewarding undertaking for which his chapter proved an invaluable guide." --International Journal of Children's Spirituality "Perhaps what is most noteworthy about Liam Gearon's edited volume is that it combines theory with practical applications and concludes with reflections on the implications for teaching....ample food for thought for instructors designing courses in literature, theology, or interdisciplinary subjects." --Teaching Theology **Missions of Interdependence** - Gerhard Stilz 2002

At the beginning of the twenty-first century it is necessary to combine into a productive programme the striving for individual emancipation and the social practice of humanism, in order to help the world survive both the ancient pitfalls of particularist terrorism and the levelling tendencies of cultural indifference engendered by the renewed imperialist arrogance of hegemonial global capital. In

this book, thirty-five scholars address and negotiate, in a spirit of learning and understanding, an exemplary variety of intercultural splits and fissures that have opened up in the English-speaking world. Their methodology can be seen to constitute a seminal field of intellectual signposts. They point out ways and means of responsibly assessing colonial predicaments and postcolonial developments in six regions shaped in the past by the British Empire and still associated today through their allegiance to the idea of a Commonwealth of Nations. They show how a new ethic of literary self-assertion, interpretative mediation and critical responsiveness can remove the deeply ingrained prejudices, silences and taboos established by discrimination against race, class and gender.

Cases on Teacher Identity, Diversity, and Cognition in Higher Education - Breen, Paul 2014-04-30

As our world becomes increasingly diverse and technologically-driven, the role

and identities of teachers continues to change. Cases on Teacher Identity, Diversity, and Cognition in Higher Education seeks to address this change and provide an accurate depiction of the teaching profession today. This thought-provoking collection of cases covers a range of educational contexts from preschool teaching in Europe to higher education in Australia and North America, and draws on expert knowledge of these diverse contexts, centered on a common theme of teacher identity. This book can be used by teacher educators and trainee teachers, as well as those who have an interest in social research into teaching.

[Synergies of English for Specific Purposes and Language Learning Technologies](#) - Milorad Tošić
2017-06-23

Bilingualism and multilingualism both make a major contribution in cross-cultural interaction, but, at the same time, improve various cognitive abilities, such as better attention and

multitasking. Meaning in the world around us is represented by means of the language that is used for communication and knowledge exchange between intelligent individuals. The phenomena of human interaction and communication are recently experiencing unprecedented influence from digital technologies. Language learning is part of the global revolution, meaning that language learning technologies are playing an increasingly important role in learning English for Specific Purposes. This volume addresses theoretical and practical aspects of learning, technology adoption and pedagogy in the context of English for Specific Purposes.

Teaching English Literature 16-19 - Carol Atherton
2013-07-18

Teaching English Literature 16 - 19 is an essential new

resource that is suitable for use both as an introductory guide for those new to teaching literature and also as an aid to reflection and renewal for more experienced teachers. Using the central philosophy that students will learn best when actively engaged in discussion and encouraged to apply what they have learnt independently, this highly practical new text contains: discussion of the principles behind the teaching of literature at this level; guidelines on course planning, pedagogy, content and subject knowledge; advice on teaching literature taking into account a range of broader contexts, such as literary criticism, literary theory, performance, publishing, creative writing and journalism; examples of practical activities, worksheets and suggestions for texts; guides to available resources. Aimed at English teachers, teacher trainees, teacher trainers and advisors, this resource is packed full of new and workable ideas for teaching all English literature courses.

The Colonial Rise of the Novel -
Firdous Azim 2002-03-11

In this challenging book, Firdous Azim, provides a feminist critique of orthodox accounts of the 'rise of the novel' and exposes the underlying orientalist assumptions of the early English novel. Whereas previous studies have emphasized the universality of the coherent and consistent subject which found expression in the novels of the eighteenth century, Azim demonstrates how certain categories: women and people of colour, were silenced and excluded. The Colonial Rise of the Novel makes an important and provocative contribution to post-colonial and feminist criticism. It will be essential reading for all teachers and students of English literature, women's studies, and post-colonial criticism.

Anglophone Literature in Second-Language Teacher Education - Justin Quinn
2021-03-16

Anglophone Literature in Second Language Teacher Education proposes new ways

that literature, and more generally culture, can be used to educate future teachers of English as a second language. Arguing that the way literature is used in language teacher education can be transformed, the book foregrounds transnational approaches and shows how these can be applied in literature and cultural instruction to encourage intercultural awareness in future language educators. It draws on theoretical discussions from literary and cultural studies as well as applied linguistics and is an example how these cross-discipline conversations can take place, and thus help make Second-language teacher education (SLTE) programs more responsive to the challenges faced by future English-language teachers. Written in the idiom of literary scholarship, the book uses ideas of intercultural studies that have gained widespread support at research level, yet have not affected literature-cultural curricula in SLTE. As the first

interdisciplinary study to suggest how SLTE programs can respond with curricula, this book will be of great interest for academics, scholars and post graduate students in the fields of applied linguistics, L2 and foreign language education, teacher education and post-graduate TESOL. It has universal appeal, addressing teaching faculty in any third-level institution that prepares language teachers and includes literary studies in their curriculum, as well as administrators in such organizations.

Literature and Language Teaching - Christopher J. Brumfit 1986

Authorizing Translation -

Michelle Woods 2016-10-04

Authorizing Translation applies ground-breaking research on literary translation to examine the intersection between Translation Studies and literary criticism, rethinking ways in which analyzing translation and the authority of the translator can provide nuanced micro and macro readings of literary work and the worlds through which it moves. A substantial introduction surveys the field and suggests possible avenues for future research, while six case-study-based chapters by a new generation of Literature and Translation Studies scholars focus on the question of authority by asking: Who

authors translations? Who authorizes translations? What authority do translations have in different cultural contexts? What authority does Literary Translation Studies have as a field? The hermeneutic role of the translator is explored through the literary periods of Romanticism, Modernism, and Postmodernism, and through different cultures and languages. The case studies focus on data-centered analysis of reviews of translated literature, ultimately illustrating how the translator's authority creates and hybridizes literary cultures. Authorizing Translation will be of interest to students and researchers of Literary Translation and Translation Studies. Postmodern Paradigm and Salman Rushdie'S Fiction - Dr Shaikh Suhel Samad 2016-09-02

The book highlights postmodern fiction and more so Rushdie's fiction, which is concerned with: 1. A preoccupation with viability of systems and representations 2. The decentring of the subject and the inscription of multiple fictive selves 3. Narrative fragmentation, narrative reflexivity, and narratives which double-back on their own presuppositions 4. An open-ended play with formal divides challenging the presuppositions of literary realism 5. Abolition of the cultural divide between high and popular forms of culture, embracing all in a *mlange* 6. The displacement of the real by simulacra in Baudrillardian sense 7. Teaching Modern British and American Satire - Evan R. Davis 2019-05-01

This volume addresses the teaching of satire written in English over the past three hundred years. For instructors covering current satire, it suggests ways to enrich students' understanding of voice, irony, and rhetoric and to explore the questions of how to define satire and how to determine what its ultimate aims are. For instructors teaching older satire, it demonstrates ways to help students gain knowledge of historical context, medium, and audience, while addressing more specific literary questions of technique and form. Readers will discover ways to introduce students to authors such as Swift and Twain, to techniques such as parody and verbal irony, and to the difficult subject of satire's offensiveness and elitism. This volume also helps teachers of a wide variety of courses, from composition to

gateway courses and surveys, think about how to use modern satire in conceiving and structuring them.

Salman Rushdie - Andrew Teverson 2013-07-19

Salman Rushdie is one of the world's most important writers of politicised fiction. He is a self-proclaimed controversialist, capable of exciting radically divergent viewpoints, a novelist of extraordinary imaginative range and power, and an erudite, and often fearless, commentator upon the state of global politics today. In this comprehensive and lucid critical study, Andrew Teverson examines the intellectual, biographical, literary and cultural contexts from which Rushdie's fiction springs in order to help the reader make sense of the often complex debates that surround the life and work of this major contemporary figure. Teverson also offers detailed critical readings of all Rushdie's

novels, from Grimus through to Shalimar the Clown. This definitive guide will be of interest to those working in the fields of contemporary world writing in English, postcolonial studies, twentieth and twenty-first century British literatures, and studies in the novel.

Culture Wars in British Literature - Tracy J. Prince
2012-09-07

The past century's culture wars that Britain has been consumed by, but that few North Americans seem aware of, have resulted in revised notions of Britishness and British literature. Yet literary anthologies remain anchored to an archaic Anglo-English interpretation of British literature. Conflicts have been played out over specific

national vs. British identity (some residents prefer to describe themselves as being from Scotland, England, Wales, or Northern Ireland instead of Britain), in debates over immigration, race, ethnicity, class, and gender, and in arguments over British literature. These debates are strikingly detailed in such chapters as: "The Difficulty Defining 'Black British'," "British Jewish Writers" and "Xenophobia and the Booker Prize." Connections are also drawn between civil rights movements in the U.S. and UK. This generalist cultural study is a lively read and a fascinating glimpse into Britain's changing identity as reflected in 20th and 21st century British literature.

History and National theme in the novels of Salman Rushdie - Chamsul Alom Sorowarthy
2021-02-14

As a Politicized Novelist Sir Salman Rushdie is perhaps the most prominent living writer. He emerged over the years as one of the most controversial figures of our times who

excites contrary feelings. In his comprehensive and lucid critical study the writer examines the intellectual, biographical, Historical works of Rushdie. The book is compiled works of almost all the arena of Historical, National and self deals with the problem of immigration, racial discrimination, cultural hybridity. He also deals with many allegories , political, mythological and historical allegories. He brilliantly fused the idea of post colonialism and post modernism. His novels has special flavor of post modern device like Magic Realism the award of Booker prize to Midnight's children in 1981 led Rushdie's near contemporary Kazuo ishiguru later a winner of Booker prize himself. To conclude that the publication of this novel represented a 'symbolic moment', a 'milestone' for English language authors living in Britain whose origins were not British.'

English Literature in

Context - Paul Poplawski
2017-05-18

This is the second edition of English Literature in Context, a popular textbook which provides an essential resource and reference tool for all English literature students. Designed to accompany students throughout their degree course, it offers a detailed narrative survey of the diverse historical and cultural contexts that have shaped the development of English literature, from the Anglo-Saxon period to the present day. Carefully structured for undergraduate use, the eight chronological chapters are written by a team of expert contributors who are also highly experienced teachers. Each chapter includes a detailed chronology, contextual readings of selected literary texts, annotated suggestions for further reading, a rich range of illustrations and textboxes, and thorough historical and literary overviews. This second edition

has been comprehensively revised, with a new chapter on postcolonial literature, a substantially expanded chapter on contemporary literature, and the addition of over two hundred new critical references. Online resources include textboxes, chapter samples, study questions, and chronologies.

(Post)Colonial Passages - Silvia Albertazzi 2019-01-15

While entailing a subversive revision of colonial histories, geographies, and subjectivities, the (post)colonial condition has unleashed a chain of movements, relocations, and re-writings that interrogate the globalized and neoliberal society. Ethnic, "racial", religious, gendered, and sexual identities have been called into question, and requested to (re)define, name, and re-name themselves, to find new ways to tell their stories/histories. The very term "postcolonial" has triggered well-known controversial debates: its adoption is significant of a cultural politics involving the colonial past, controversial

crisis in the present, and an open perspective toward alternative futures.

Confronting literature and the arts from a postcolonial perspective is a critical and political task involving theories and cultural productions crossing barriers amongst fields of knowledge. The essays gathered here discuss postcolonialism as a transdisciplinary field of passages that negotiate among diverse yet interrelated cultural fields.

Global Fragments - 2007-01-01

While the world seems to be getting ever smaller and globalization has become the ubiquitous buzz-word, regionalism and fragmentation also abound. This might be due to the fact that, far from being the alleged production of cultural homogeneity, the global is constantly re-defined and altered through the local. This tension, pervading much of contemporary culture, has an obvious special relevance for the new varieties of English and the literature published in English world-wide.

Postcolonial literatures exist at the interface of English as a hegemonic medium and its many national, regional and local competitors that transform it in the new English literatures. Thus any exploration of a globalization of cultures has to take into account the fact that culture is a complex field characterized by hybridization, plurality, and difference. But while global or transnational cultures may allow for a new cosmopolitanism that produces ever-changing, fluid identities, they do not give rise to an egalitarian 'global village' - an asymmetry between centre and periphery remains largely intact, albeit along new parameters. The essays collected in this volume offer readings of literary, theoretical, and filmic texts from the postcolonial world. These texts are read as attempts to articulate the global with the local from a perspective of immersion in the actual diversity of life-worlds, focusing on such issues as consumption, identity-politics,

and modes of affiliation. In this sense, they are global fragments: locally refracted figurations of an experience of world-wide interconnectedness.

Teaching English Online - Dr Vasudevan Arunachalam
2022-01-16

The pandemic has made teaching English as a second language more challenging than before. A revamp of teaching strategies was warranted on the part of teachers. English teachers were pushed into adopting all new strategies with an ill-aided technical support and adapting to newer forms of learning. All pressures - social, economic, political, familial, technological, biological and psychological - were brought upon them. Playing newer roles and employing newer strategies have become inevitable. Undertaking the challenge of running online classes is inescapable. This book with 23 articles aims at addressing all challenges English teachers face while teaching online and offering

solutions.

Global Migrancy and Diasporic Memory in the work of Salman Rushdie -

Stephen J. Bell 2020-10-14

Global Migrancy and Diasporic Memory in the Work of Salman Rushdie examines Salman Rushdie's major works for the ways that they consistently affirm the power of memory to construct a concrete, rooted identity for characters and nation-states despite the prerogative of migrants to translate themselves into new creations through a dismissal of the weight of the past.

Stephen J. Bell conducts an in-depth, comprehensive postcolonial and postmodern of Rushdie's ideas as expressed through his work. If "exile is a dream of glorious return," as one of his characters reflects in *The Satanic Verses*, few diasporic writers living today rival Rushdie for the singular inspiration he draws from memories of home and the past. So vital is the idea of home and belonging to Rushdie that, notwithstanding the frequent charges of his critics

that he represents no more than a disconnected cosmopolitan, Bell would categorize Rushdie's position as one of "centripetal migrancy" (with *centrum*--"center"--and *petere*--"to seek"--forming the idea of a constant quest for the center). Rushdie thus qualifies as the quintessential "centripetal migrant," whose slippery critical location is balanced Janus-faced between the future and the past.

[Teaching Modernist Women's Writing in English](#) - Janine Utell 2021-04-25

As authors and publishers, individuals and collectives, women significantly shaped the modernist movement. While figures such as Virginia Woolf and Gertrude Stein have received acclaim, authors from marginalized communities and those who wrote for mass, middlebrow audiences also created experimental and groundbreaking work. The essays in this volume explore formal aspects and thematic concerns of modernism while also challenging rigid notions

of what constitutes literary value as well as the idea of a canon with fixed boundaries. The essays contextualize modernist women's writing in the material and political concerns of the early twentieth century and in life on the home front during wartime. They consider the original print contexts of the works and propose fresh digital approaches for courses ranging from high school through graduate school. Suggested assignments provide opportunities for students to write creatively and critically, recover forgotten literary works, and engage with their communities.

India in the World - Antonia Navarro-Tejero
2020-05-15
This volume uniquely gathers

scholarly articles dealing with very dissimilar and kaleidoscopic perspectives on India. It provides an informative overview of the country, which has wide-ranging influences reaching far from India itself, since it has criss-crossed connections with many countries around the world. If read as a collection, this volume is witness to an interlocking network of ideas, attitudes and ideologies that emerge from the contemporary social and political world. The book, thus, highlights a variety of issues and the chapters promise to treat them with adequate justice. These features mean that this book can be approached by any person interested in India, given that it offers a diverse range of interesting topics related to the country. Annotating Salman Rushdie

- Vijay Mishra 2018-05-20

How does one read a foundational postcolonial writer in English with declared Indian subcontinent roots? This book looks at ways of reading, and uncovering and recovering meanings, in postcolonial writing in English through the works of Salman Rushdie. It uses textual criticism and applied literary theory to resurrect the underlying literary architecture of one of the world's most controversial, celebrated and enigmatic authors. It sheds light upon key aspects of Rushdie's craft and the literary influences that contribute to his celebrated

hybridity. It analyses how Rushdie uses his exceptional mastery of European, Anglo-American, Indian, Arabic and Persian literary and cultural forms to cultivate a fresh register of English that expands Western literary traditions. It also investigates an archival modernism that characterizes the writings of Rushdie. Drawing on the hitherto unexplored Rushdie Emory Archive, this book will be essential reading for students of literature, especially South Asian writing, postcolonial studies, cultural studies, linguistics and history.
