Hard Time - Sara Paretsky

2000-09-12

NEW YORK TIMES

BESTSELLER • “When it comes to creating character, evoking place, and writing crackling and convincing dialogue, Sara Paretsky has no peer—and *Hard Time* proves it once again.”—Chicago Tribune  
“Terrific . . . expertly plotted . . . This book [is] her best.”—The New York Times Book Review

In an instant, the lives of two women collided. One was behind the wheel of a Trans Am she liked to drive too fast. The other was lying in the road, dying an agonizing death. When Chicago private eye V.I. Warshawski got out of her car to look at the woman she almost hit, she began a long, harrowing descent into a world of shadowy secrets and tangled

lives—and into the darkest heart of her city. In *Hard Time*, which heralds the triumphant return of the much-loved heroine V.I. Warshawski, Sara Paretsky revisits the gritty urban landscape she illuminates with brilliant compassion and vivid color. For as V.I. unravels the mystery of a battered and discarded woman, she moves through circles of the rich and the troubled, into the bitter home of a powerful Chicago family, into the pampered world of a TV star, and behind the razor wire of a women’s prison. What V.I. finds is a web of conspiracy—and explosive secrets hidden in the darkest places of all. . . . “You’ll feel handcuffed to this book until you’ve finished—probably at 3 a.m.”—The Denver Post

*Big Problems* - Andy Boyle

2020-03-31

A smart, funny dive into the  
weight-loss industry, from a  
journalist on a quest to master  
healthy living Like many of us,  
Andy Boyle struggled with his  
weight all his life. But it wasn't  
until one fateful pants-splitting

incident that he realized he really ought to do something about it. Since then he has lost the weight. And put it back on. And lost it again. As he fumbled through his weight-loss journey, Andy learned the hard way that there's a difference between real, effective methods and the crap that big businesses are trying to sell you. In *Big Problems*, Andy explores the reasons why we've gotten fat in the first place as well as real ways to lose those extra pounds. Through interviews with health experts, doctors, runners,

bodybuilders and more, he unpacks the truths hidden beneath the hype, including: Are superfoods really all that super? Why the heck are you so hungry all the time? Is it better to go for a run or lift weights? Does dieting work? (Spoiler alert: No) While he is by no means an expert, Andy Boyle's hands-on experience and insightful research cuts through the bullshit and gives it to you straight. This funny and useful book will have you lacing up your workout shoes and saying "no" to that second beer. (Well, maybe sometimes...)
