God Is Plural - Paul Veliyathil 2010-01-28

If the God who spoke to Moses on Mount Sinai 3000 years ago, does not speak to Mr. Mosley in Miami Beach in 2009, we have a theological problem. This book is the result of a deep conviction that to be effective in the 21st century, a preacher must focus one eye on the Bible and the other on the mass media. This collection of 52 sermons invites the reader to awaken to a new level of consciousness about his innate identity as a spiritual being and to affirm the divinity in others. The author beautifully blends his personal stories with the stories of God and challenges you to look beyond what you see, to experience God with your sixth sense, treat every place as holy ground and to love your neighbor as an extension of your own self. Thought provoking and non traditional, these sermons are relevant beyond the walls of churches and chapels

Breaking the Cycle - Nancy Brown Diggs 2013-10-09

Breaking the Cycle tells the inspiring story of young people whom many would write off as a lost cause but who, thanks to a remarkable school, are headed for success. We learn about their world from teens like Shawna, the daughter of a crack-addicted mother. Or Andre,

the only one in his family not on drugs. Or Daron, kicked out of his home by an abusive father. Challenged by the pernicious factors of their environment—drugs, violence, fatherless homes, and poor educational backgrounds—students at the Dayton Early College Academy are nevertheless beating the odds. All are headed for college, from which the vast majority will graduate. The book reveals how this school is succeeding when so many fail. It conveys the hopeful message that others can replicate much of what “DECA” does and save a generation mired in despair. America’s failure to educate its urban children is evidenced by our woeful statistics. If it is possible to turn around this bleak picture—and it is—this is a story well worth telling. And this is what *Breaking the Cycle* aims to do. For more information on the book, including interviews with the author please check out www.nancybdiggs.com.

Lord of the Flies - William Golding 2003-12-16

Golding’s iconic 1954 novel, now with a new foreword by Lois Lowry, remains one of the greatest books ever written for young adults and an unforgettable classic for readers of any age. This edition includes a new Suggestions for Further Reading by Jennifer Buehler. At the

dawn of the next world war, a plane crashes on an uncharted island, stranding a group of schoolboys. At first, with no adult supervision, their freedom is something to celebrate. This far from civilization they can do anything they want. Anything. But as order collapses, as strange howls echo in the night, as terror begins its reign, the hope of adventure seems as far removed from reality as the hope of being rescued.

The context of natural forest management and FSC certification in Brazil - Claudia Romero 2015-12-30

Management decisions on appropriate practices and policies regarding tropical forests often need to be made in spite of innumerable uncertainties and complexities. Among the uncertainties are the lack of formalization of lessons learned regarding the impacts of previous programs and projects. Beyond the challenges of generating the proper information on these impacts, there are other difficulties that relate with how to socialize the information and knowledge gained so that change is transformational and enduring. The main complexities lie in understanding the interactions of social-ecological systems at different scales and how they varied through time in response to policy and other processes. This volume is part of a broad research effort to develop an independent evaluation of certification impacts with stakeholder input, which focuses on FSC certification of natural tropical forests. More specifically, the evaluation program aims at building the evidence base of the empirical biophysical, social, economic, and policy effects that FSC certification of natural forest has had in Brazil as well as in other tropical countries. The contents of this volume highlight the opportunities and constraints that those responsible for managing natural forests for timber production have experienced in their efforts to improve their practices in Brazil. As such, the goal of the studies in this volume is to serve as the foundation to design an impact evaluation framework of the impacts of FSC certification of natural forests in a participatory manner with interested parties, from institutions and organizations, to communities and individuals.

Their Eyes Were Watching God - Zora Neale

Hurston 2021-11-18

One of the most important and enduring books of the twentieth century, *Their Eyes Were Watching God* brings to life a Southern love story with the wit and pathos found only in the writing of Zora Neale Hurston. Out of print for almost thirty years—due largely to initial audiences' rejection of its strong black female protagonist—Hurston's classic has since its 1978 reissue become perhaps the most widely read and highly acclaimed novel in the canon of African-American literature.

Shared Pleasures - Douglas Gomery 1992

Shared Pleasures presents the first comprehensive history of how Americans have watched their favorite movies. Douglas Gomery tells the complete story of the film exhibition business, from the humble nickelodeon to movie palaces to today's mass markets of cable TV and home video rentals. Along the way Gomery shows us how the American economy and society altered going to the movies. *Shared Pleasures* answers such questions as: How and where have Americans gone to the movies? What factors prompted the growth of specialized theaters? To what extent have corporations controlled the means of moviegoing? How has television changed the watching of motion pictures? Gomery analyzes social, technological, and economic transformations inside and outside the movie industry—sound, color (and later, colorization), television movies, cable movie networks, and home video, as well as automobiles, air conditioning, and mass transit. He traces the effects of immigration, growing urban and suburban cultures, two world wars, racial and ethnic segregation, and the baby boom on the movie theater industry, noting such developments as newsreel theaters and art cinemas. Gomery shows how the movie theater business has remained a profitable industry, transforming movie houses from storefronts to ornate movie palaces to the sticky-floored mall multiplexes of today. Contrary to some gloomy predictions, Gomery contends that movie watching is not declining as a form of entertainment. With the growth of cable TV, home movie rental, and other technical changes, more Americans are watching (and enjoying) more movies than ever before.

In the Crucible of Chronic Lyme Disease -

Kenneth B. Liegner, M.D. 2015-10-08
Following completion of his medical training and a one-year stint as attending physician on Howard Champion's Surgical Critical Care Service and MedStar Unit at Washington Hospital Center in the District of Columbia, Kenneth Liegner, M.D. returned to Westchester County, home of his Alma Mater, New York Medical College, to start a private practice. Unwittingly, he had 'plunked himself down' in the heart of a burgeoning epidemic of Lyme disease. His patients confronted him with puzzling syndromes that defied 'tidy' formulations of the illness and thrust him in to a Maelstrom of medical controversy. Lyme disease, a new poorly understood disease, emerged hand in hand with the rise 'managed care'. Physicians caring for persons with Lyme disease, loyal to the Hippocratic Oath and serving what they saw as patients' best medical interests, found themselves on a collision course with a new Corporate Medical Ethic dedicated to maximizing profit. One practitioner's work over 25 years is presented here along with correspondence with many principals in the field. Documentational in nature and not written as a narrative, the materials, nonetheless, convey the intensity of the struggle to characterize the nature of Lyme disease and the desperate fight for proper diagnosis and treatment upon the outcome of which patients' very lives depended. The volume includes protocols useful as reference materials for patients and practitioners alike, as well as photographic images of many persons important in the history of Lyme disease. Foreword by Pam Weintraub, Senior Editor of *aeon* digital magazine and author of award-winning book *Cure Unknown: Inside the Lyme Epidemic*. Preface by Paul W. Ewald, Professor of Evolutionary Biology at the University of Louisville and author of *Plague Time*.

The definitive memoir of Arthur Miller—the famous playwright of *The Crucible*, *All My Sons*, *Death of a Salesman*, *A View from the Bridge*, and other plays—*Timebends* reveals Miller’s incredible trajectory as a man and a writer. Born in 1915, Miller grew up in Harlem in the 1920s and 1930s, developed leftist political convictions during the Great Depression, achieved moral victory against McCarthyism in the 1950s, and became president of PEN International near the end of his life, fighting for writers’ freedom of expression. Along the way, his prolific output established him as one of the greatest writers of the twentieth century—he wrote twenty-two plays, various screenplays, short stories, and essays, and won the Pulitzer Prize in 1949 for *Death of a Salesman* and the New York Drama Critics Circle Award in 1947 for *All My Sons*. Miller also wrote the screenplay for *The Misfits*, Marilyn Monroe’s final film. This memoir also reveals the incredible host of notables that populated his life, including Marilyn Monroe, Elia Kazan, Clark Gable, Sir Laurence Olivier, John F. Kennedy, and Mikhail Gorbachev. Leaving behind a formidable reputation in the worlds of theater, cinema, and politics, Arthur Miller died in 2005 but his memoir continues his legacy.

An Askew View 2 - John Kenneth Muir

2012-08-01

AN ASKEW VIEW 2: THE FILMS OF KEVIN SMITH REVISED AND UPDATED EDITION

The Crucible - Arthur Miller 2012-03-19

"The Crucible" is a 1952 play by the American playwright Arthur Miller. It is a dramatization of the Salem witch trials that took place in the Province of Massachusetts Bay during 1692 and 1693. Miller wrote the play as an allegory of McCarthyism, when the US government blacklisted accused communists. Miller himself was questioned by the House of Representatives' Committee on Un-American Activities in 1956 and convicted of "contempt of Congress" for refusing to identify others present at meetings he had attended. It was first performed at the Martin Beck Theater on Broadway on January 22, 1953. Miller felt that this production was too stylized and cold and the reviews for it were largely hostile (although The New York Times noted "a powerful play in a driving performance"). Nonetheless, the production won the 1953 "Best Play" Tony Award. A year later a new production succeeded and the play became a classic. It is a central work in the canon of American drama. Fuji Books' edition of "The Crucible" contains supplementary texts: * "Tragedy And The Common Man", an essay by Arthur Miller. * Excerpts from Nathaniel Hawthorne's magnum opus "The Scarlet Letter", a narrative of the Salem Witch trials. * A few selected quotes of Arthur Miller.

The Binge Watcher's Guide to The Twilight Zone: An Unofficial Journey - Jacob Trussell 2021-05-10

"You unlock this door with the key of imagination. Beyond it is another dimension—a dimension of sound, a dimension of sight, a dimension of mind." There are a lot of compendiums on *The Twilight Zone* out there, most offering a backstage peek at the ins and outs of producing this seminal genre series. *The Binge Watcher's Guide to The Twilight Zone* will offer you something these other books do not: a microscopic look into the themes and ideas that Rod Serling weaved into his landmark show to give you a deeper understanding of why *The Twilight Zone* still resonates with audiences over 60 years later. This guide will examine how the socio-political turmoil of the early 1960s, the global anxiety over nuclear power, and the looming specter of trauma in post-war America influenced Serling to use *The Twilight Zone* as a bully pulpit, pushing back against social ills, from racism and censorship to McCarthyism and totalitarianism. Whether this is your first trip to the Zone or you're an old fan returning for one more round, this retrospective is an opportunity to engage with the timeless classic in a way that can help you make sense of our here and now. "You're moving into a land of both shadow and

substance, of things and ideas. You've just crossed over into the Twilight Zone."

Remembering the Cold War - David Lowe
2014-01-21

Remembering the Cold War examines how, more than two decades since the collapse of the Soviet Union, Cold War legacies continue to play crucial roles in defining national identities and shaping international relations around the globe. Given the Cold War's blurred definition - it has neither a widely accepted commencement date nor unanimous conclusion - what is to be remembered? This book illustrates that there is, in fact, a huge body of 'remembrance,' and that it is more pertinent to ask: what should be included and what can be overlooked? Over five sections, this richly illustrated volume considers case studies of Cold War remembering from different parts of the world, and engages with growing theorisation in the field of memory studies, specifically in relation to war. David Lowe and Tony Joel afford careful consideration to agencies that identify with being 'victims' of the Cold War. In addition, the concept of arenas of articulation, which envelops the myriad spaces in which the remembering, commemorating, memorialising, and even revising of Cold War history takes place, is given prominence.
