This book, Paz's first book-length essay, is the most famous of his works and a modern classic. Published in Spanish in 1950, it is undoubtedly the most influential work that exists on problems of Mexican cultural identity. In this critical edition, Stanton introduces the work, explores the historical circumstances in which it was written, its textual genesis, sequels and its influence. This book contains questions and themes for discussion and a select bibliography.

**The Labyrinth of the Spirits** - Carlos Ruiz Zafon 2018-09-18

The internationally acclaimed, New York Times bestselling author returns to the magnificent universe he constructed in his bestselling novels *The Shadow of the Wind*, *The Angel's Game*, and *The Prisoner of Heaven* in this riveting series finale—a heart-pounding thriller and nail-biting work of suspense which introduces a sexy, seductive new heroine whose investigation shines a light on the dark history of Franco's Spain. In this unforgettable final volume of Ruiz Zafón's cycle of novels set in the universe of the Cemetery of Forgotten Books, beautiful and enigmatic Alicia Gris, with the help of the Sempere family, uncovers one of the most shocking conspiracies in all Spanish history. Nine-year-old Alicia lost her parents during the Spanish Civil War when the Nacionales (the fascists) savagely bombed Barcelona in 1938. Twenty years later, she still carries the emotional and physical scars of that violent and terrifying time. Weary of her work as an investigator for Spain's secret police in Madrid, a job she has held for more than a decade, the twenty-nine-year old plans to move on. At the insistence of her boss, Leandro Montalvo, she remains to solve one last case: the mysterious disappearance of Spain's Minister of Culture, Mauricio Valls. With her partner, the intimidating policeman Juan Manuel Vargas, Alicia discovers a possible clue—a rare book by the author Victor Mataix hidden in Valls' office in his Madrid mansion. Valls was the director of the notorious

Montjuic Prison in Barcelona during World War II where several writers were imprisoned, including David Martín and Victor Mataix. Traveling to Barcelona on the trail of these writers, Alicia and Vargas meet with several booksellers, including Juan Sempere, who knew her parents. As Alicia and Vargas come closer to finding Valls, they uncover a tangled web of kidnappings and murders tied to the Franco regime, whose corruption is more widespread and horrifying than anyone imagined. Alicia's courageous and uncompromising search for the truth puts her life in peril. Only with the help of a circle of devoted friends will she emerge from the dark labyrinths of Barcelona and its history into the light of the future. In this haunting new novel, Carlos Ruiz Zafón proves yet again that he is a masterful storyteller and pays homage to the world of books, to his ingenious creation of the Cemetery of Forgotten, and to that magical bridge between literature and our lives.

**Mornings in Mexico (Esprios Classics)** - D H Lawrence 2020-12-11

Mornings in Mexico is a collection of travel essays by D. H. Lawrence, first published by Martin Secker in 1927. These brief works display Lawrence's gifts as a travel writer, catching the 'spirit of place' in his own vivid manner. Lawrence wrote the first four of these essays at the same time as he was completing and revising his Mexican novel *The Plumed Serpent* (1926). Three of the others, about Pueblo Indians, were written earlier in 1924 in New Mexico, and the final piece "A Little Moonshine with Lemon" came later as Lawrence remembered his New Mexico ranch (Kiowa Ranch) from Italy. The Cambridge Edition, *Mornings in Mexico and Other Essays* edited by Virginia Crosswhite Hyde (2009), adds an additional twelve essays, most of them concerning American Southwestern peoples and places.

**One Hundred Years of Solitude** - Gabriel Garcia Marquez 2003-06-24

One of the 20th century's enduring works, *One Hundred Years of Solitude* is a widely beloved and acclaimed novel known throughout the world, and the ultimate achievement in a Nobel Prize-winning career. The novel tells the story of the rise and fall of the mythical town of Macondo through the history of the Buendía family. It is a rich and brilliant chronicle of life and death, and the tragicomedy of humankind. In the noble, ridiculous, beautiful, and tawdry story of the Buendía family, one sees all of humanity, just as in the history, myths, growth, and decay of Macondo, one sees all of Latin America. Love and lust, war and revolution, riches and poverty, youth and senility -- the variety of life, the endlessness of death, the search for peace and truth -- these universal themes dominate the novel. Whether he is describing an affair of passion or the voracity of capitalism and the corruption of government, Gabriel García Márquez always writes with the simplicity, ease, and purity that are the mark of a master. Alternately reverential and comical, *One Hundred Years of Solitude* weaves the political, personal, and spiritual to bring a new consciousness to storytelling. Translated into dozens of languages, this stunning work is no less than an accounting of the history of the human race.

**Mexico** - Enrique Krauze 2013-04-09

The concentration of power in the caudillo (leader) is as much a formative element of Mexican culture and politics as the historical legacy of the Aztec emperors, Cortez, the Spanish Crown, the Mother Church and the mixing of the Spanish and Indian population into a mestizo culture. Krauze shows how history becomes biography during the century of caudillos from the insurgent priests in 1810 to Porfirio and the Revolution in 1910. The Revolutionary era, ending in 1940, was dominated by the lives of seven presidents -- Madero, Zapata, Villa, Carranza, Obregon, Calles and Cardenas. Since 1940, the dominant power of the presidency has continued through years of boom and bust and crisis. A major question for the modern state, with today's president Zedillo, is whether that power can be decentralized, to end the cycles of history as biographies of power.

*On Poets and Others* - Octavio Paz 2014-08-05

The Nobel Prize-winning poet and man of letters Octavio Paz was also a brilliant reader of other writers, and this book selects his best critical essays from over three decades. In the sixteen pieces collected here, Paz discusses a wide range of poets and writers, both American and international, from Robert Frost and Walt Whitman to William Carlos Williams; from Fyodor Dostoevsky to Luis Buñuel to Alexander Solzhenitsyn; and from Charles Baudelaire to Jean-Paul Sartre, André Breton, and Henri Michaux. Paz writes, "I believe that a writer's attitude to language should be that of a lover: fidelity and, at the same time, a lack of respect for the beloved object. Veneration and transgression." When this original thinker meets these writers, each essay is an adventure of the mind.

**Talking to Strangers** - Paul Auster 2019-05-21

*Talking to Strangers* is a freshly curated collection of prose, spanning fifty years of work and including famous as well as never-before-published early writings, from 2018 Man Booker Prize-finalist Paul Auster. Beginning with a short philosophical meditation written when he was twenty and concluding with nine political pieces that take on such issues as homelessness, 9/11, and the link between soccer and war, the 44 pieces gathered in this volume offer a wide-ranging view of celebrated novelist Paul Auster's thoughts on a multitude of classic and contemporary writers, the high-wire exploits of Philippe Petit, how to improve life in New York City (in collaboration with visual artist Sophie Calle), and the long road he has traveled with his beloved manual typewriter. While writing for the *New York Review of Books* and other publications in the mid-1970s, young poet Auster gained recognition as an astute literary critic with essays on Laura Riding, John Ashbery, Samuel Beckett, Franz Kafka, Paul Celan, and others. By the late seventies and early eighties, as the poet was transforming himself into a

novelist, he maintained an active double life by continuing his work as a translator and editing the groundbreaking anthology, *The Random House Book of Twentieth-Century Poetry*. His prefaces to some of these books are included in *Talking to Strangers*, among them a heart-wrenching account of Stéphane Mallarmé's response to the death of his eight-year-old son, Anatole. In recent years, Auster has pushed on with explorations into the work of American artists spanning various periods and disciplines: the notebooks of Nathaniel Hawthorne, the films of Jim Jarmusch, the writings of painter-collagist-illustrator Joe Brainard, and the three-hit shutout thrown by journeyman right-hander Terry Leach of the Mets. Also included here are several rediscovered works that were originally delivered in public: a 1982 lecture on Edgar Allan Poe, a 1999 blast against New York mayor Rudolph Giuliani, and one of the funniest introductions a poetry reading ever heard in the state of New Jersey. A collection of soaring intelligence and deepest humanity, *Talking to Strangers* is an essential book by "the most distinguished American writer of [his] generation . . . indeed its only author . . . with any claim to greatness." (The Spectator)

**Alternating Current** - Octavio Paz 2011-09-15

In its front-page review of *Alternating Current*, The New York Times Book Review called Octavio Paz "an intellectual literary one-man band" for his ability to write incisively and with dazzling originality about a wide range of subjects. This collection of his essays is divided into three parts. Part 1 sets forth his credo as an artist and poet, steeped in his knowledge of world literature and Mexican art and history and buttressed by readings of writers from Mexican poet Luis Cernuda to D. H. Lawrence, Malcolm Lowry, André Breton, and Carlos Fuentes. Part 2 deals with themes such as Western individualism versus plurality and flux in Eastern philosophy, atheism versus belief, nihilism, liberated man, and versions of paradise. In Part 3, Paz writes of politics and ethics in essays on revolt and revolution, existentialism, Marxism, the third world, and the new face of Latin America. A scintillating thinker and a prescient voice on emerging world culture, Paz reveals himself here as "a man of electrical passions, paradoxical visions, alternating currents of thoughts, and feeling that runs hot but never cold" (Christian Science Monitor).
