Mercedes and the Chocolate Pilot - Margot Theis Raven 2013-08-15

A True Story of the Berlin Airlift and the Candy that Dropped from the Sky. Life was grim in 1948 West Berlin, Germany. Josef Stalin blockaded all ground routes coming in and out of Berlin to cut off West Berliners from all food and essential supplies. Without outside help, over 2.2 million people would die. Thus began the Berlin Airlift, a humanitarian rescue mission that utilized British and American airplanes and pilots to fly in needed supplies. As one of the American pilots participating in the Airlift mission, Lt. Gail S. Halvorsen helped to provide not only nourishment to the children but also gave them a reason to hope for a better world. From one thoughtful, generous act came a lifelong relationship between Lt. Gail and the children of Berlin. This is the true story of a seven-year-old girl named Mercedes who lived in West Berlin during the Airlift and of the American who came to be known as the Chocolate Pilot. Artist Gijsbert van Frankenhuyzen's evocative paintings illuminate Margot Theis Raven's powerful story of hope, friendship and remembrance. About the Author: Margot Theis Raven has been a professional writer working in the fields of radio, television, magazines, newspapers, and children's books for thirty years. She has won five national awards, including an IRA Teacher's Choice award. Ms. Raven earned her degree in English from Rosemont College and attended Villanova University for theater study, and Kent State University for German language. Ms. Raven splits her time living in Concord, MA, Charleston, SC and West Chesterfield, NH. About the Illustrator: Born in the Netherlands, Gijsbert van Frankenhuyzen studied at the Royal Academy of Arts in Holland. He immigrated to the United States in 1976, and years later he became a children's book illustrator. Mercedes and the Chocolate Pilot is Nick's ninth children's book with Sleeping Bear Press.

Virtual Justice - Greg Lastowka 2010-10-26

Tens of millions of people today are living part of their life in a virtual world. In places like World of Warcraft, Second Life, and Free Realms, people are making friends, building communities, creating art, and making real money. Business is booming on the virtual frontier, as billions of dollars are paid in exchange for pixels on screens. But sometimes things go wrong. Virtual criminals defraud online communities in pursuit of real-world profits. People feel cheated when their avatars lose virtual property to wrongdoers. Increasingly, they turn to legal systems for solutions. But when your avatar has been robbed, what law is there to assist you? In *Virtual Justice*, Greg Lastowka illustrates the real legal dilemmas posed by virtual worlds. Presenting the most recent lawsuits and controversies, he explains how governments are responding to the chaos on the cyberspace frontier. After an engaging overview of the history and business models of today's virtual worlds, he explores how laws of property, jurisdiction, crime, and copyright are being adapted to pave the path of virtual law. Virtual worlds are becoming more important to society with each passing year. This pioneering study will be an invaluable guide to scholars of online communities for years to come.
