**A Wrinkle in Time** - Madeleine L'Engle 2019-07-18

A Wrinkle in Time is the winner of the 1963 Newbery Medal. It was a dark and stormy night—Meg Murry, her small brother Charles Wallace, and her mother had come down to the kitchen for a midnight snack when they were upset by the arrival of a most disturbing stranger. "Wild nights are my glory," the unearthly stranger told them. "I just got caught in a downdraft and blown off course. Let me sit down for a moment, and then I'll be on my way. Speaking of ways, by the way, there is such a thing as a tesseract." A tesseract (in case the reader doesn't know) is a wrinkle in time. To tell more would rob the reader of the enjoyment of Miss L'Engle's unusual book. A Wrinkle in Time, winner of the Newbery Medal in 1963, is the story of the adventures in space and time of Meg, Charles Wallace, and Calvin O'Keefe (athlete, student, and one of the most popular boys in high school). They are in search of Meg's father, a scientist who disappeared while engaged in secret work for the government on the tesseract problem.

**Where's Wally? Across Lands** - Martin Handford 2016-06-02

**Wally and Zizza's Amazing Journey** - Louis Vanrenen 2018-11-06

Everybody has a story, but nobody's story is quite like Wally and Zizza's. Told by their son now they have passed, Wally and Zizza's Amazing Journey is more than a family history, exploring the dramatic twentieth century through the lens of his parents. Through wars, emigration and exploration, the couple took on the world together, searching for new discoveries in both outer and inner landscapes. They lived on four continents, met with great teachers, dealt with wars and passed on lessons to their children. All of this astounding adventure is illustrated throughout by the extensive use of documents and photographs Louis shares, along with personal recollections and historical research. Told with humour and great affection, Wally and Zizza's Amazing Journey chronicles the laughs, the lows and every little and large moment that

made up a spectacular life. Readers who enjoy road stories, as well as a detailed look at the events of the twentieth century, will delight in a story that examines history through an intrepid couple's eyes - and perhaps inspire a change in perspective for those open to it.

**Grown and Flown** - Lisa Heffernan 2019-09-03

PARENTING NEVER ENDS. From the founders of the #1 site for parents of teens and young adults comes an essential guide for building strong relationships with your teens and preparing them to successfully launch into adulthood The high school and college years: an extended roller coaster of academics, friends, first loves, first break-ups, driver's ed, jobs, and everything in between. Kids are constantly changing and how we parent them must change, too. But how do we stay close as a family as our lives move apart? Enter the co-founders of Grown and Flown, Lisa Heffernan and Mary Dell Harrington. In the midst of guiding their own kids through this transition, they launched what has become the largest website and online community for parents of fifteen to twenty-five year olds. Now they've compiled new takeaways and fresh insights from all that they've learned into this handy, must-have guide. Grown and Flown is a one-stop resource for parenting teenagers, leading up to—and through—high school and those first years of independence. It covers everything from the monumental (how to let your kids go) to the mundane (how to shop for a dorm room). Organized by topic—such as academics, anxiety and mental health, college life—it features a combination of stories, advice from professionals, and practical sidebars. Consider this your parenting lifeline: an easy-to-use manual that offers support and perspective. Grown and Flown is required reading for anyone looking to raise an adult with whom you have an enduring, profound connection.

**Where's the Elephant?** - Barroux 2016-04-07

Where's the elephant? Where's the parrot? Where's the snake? . . . And where are the trees? What starts as a game of jungle hide-and-seek quickly turns into something more significant in this charming, unique book by award-winning illustrator, Barroux. A touching visual narrative works on two levels, giving parents the opportunity to discuss environmental issues. The story has a beautiful, heart-warming simplicity. Where's the Elephant? has been longlisted for the Kate Greenway Medal 2016.

**The Brain That Changes Itself** - Norman Doidge 2007-03-15

"Fascinating. Doidge's book is a remarkable and hopeful portrait of the endless adaptability of the human brain."—Oliver Sacks, MD, author of *The Man Who Mistook His Wife for a Hat* What is neuroplasticity? Is it possible to change your brain? Norman Doidge's inspiring guide to the new brain science explains all of this and more An astonishing new science called neuroplasticity is overthrowing the centuries-old notion that the human brain is immutable, and proving that it is, in fact, possible to change your brain. Psychoanalyst, Norman Doidge, M.D.,

traveled the country to meet both the brilliant scientists championing neuroplasticity, its healing powers, and the people whose lives they've transformed—people whose mental limitations, brain damage or brain trauma were seen as unalterable. We see a woman born with half a brain that rewired itself to work as a whole, blind people who learn to see, learning disorders cured, IQs raised, aging brains rejuvenated, stroke patients learning to speak, children with cerebral palsy learning to move with more grace, depression and anxiety disorders successfully treated, and lifelong character traits changed. Using these marvelous stories to probe mysteries of the body, emotion, love, sex, culture, and education, Dr. Doidge has written an immensely moving, inspiring book that will permanently alter the way we look at our brains, human nature, and human potential.
